ADJOURNED SPECIAL TOWN MEETING

Randolph, Mass., April 27, 1938.

Voted: To take up Article 7.

**Article 7. Voted:** One hundred seventy-six in the affirmative and thirty-six in the negative, that the Town authorize and direct the Town Treasurer, with the approval of the Selectmen, on behalf of the Town of Randolph, to petition the Emergency Finance Board to approve of its borrowing from the Commonwealth for ordinary maintenance expenses and revenue loans the sum of thirty-five thousand dollars.

# ONE HUNDRED AND THIRD ANNUAL REPORT

## SPECIAL TOWN MEETING

Randolph, Mass., Sept. 6, 1938.

**Article 1.** Under this article a motion was made that we proceed to vote by ballot as to whether the Town would vote to accept Article 1. Much discussion was had for the article by Theodore S. Luddington, Frank M. Downes, John R. Luddington, Timothy Lyons, Jr. and George N. Welch, and against the article by William J. Good, William S. Condon and Henry V. Morgan. At 10.20 o'clock a ballot was taken on Article 1.

“Article 1. To see if the Town will vote to construct, purchase or lease, and maintain within its limits a plant for the manufacture or distribution of electricity for municipal use or for the use of its inhabitants, which plant may include suitable land, structures and machinery and other apparatus and appliances for manufacturing, using and distributing electricity for said purpose, in accordance with the provisions of Chapter 164 of the Massachusetts General Laws (Tercentenary Edition), as petitioned for.”

Yes		
-----	--	--

No		
----	--	--

The following were appointed tellers by the Moderator: Marion L. Bailey, John E. Kelley, Elmer L. Burchell, James G. Hoyer, Joseph O'Mahoney, Orrin E. Reynolds, Edward Fahey, and Lillian M. Kilcoyne, to distribute ballots, check voting lists, take the ballots from the ballot box, sort them and count them.

On motion the meeting continued in session while the tellers were getting the count.

## TOWN OF RANDOLPH, MASS.

The committee reported with the following results:

Yes	360
No	259
Blanks	3
<hr/>	
Total Vote	622

This being less than a two-third's vote it was not carried.

**Article 2.** Under Article 2 the following motion was passed. That the town vote to raise and appropriate a sum of money for:

Old Age Assistance	\$2,000.00
Public Welfare	6,000.00
W. P. A. Material and Expense	12,000.00

and that the sum of \$5,500.00 of the amount appropriated for W. P. A. materials be allocated to the Highway Department for the continuance of the sidewalk and street W. P. A. projects, and that the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow said amount of \$20,000.00 under the authority of and in accordance with the provisions of Chapter 58 of the Acts of 1938. Said loan shall be due and payable in not more than ten years or at such earlier date as the Treasurer and Selectmen shall determine. Voted, two hundred thirteen in the affirmative and seventeen in the negative.

**Article 3. Unanimously Voted:** That the town appropriate the sum of \$2,000 from the Employment Fund to the Public Welfare account.

**Article 4.** Defeated.

**Article 5.** After some discussion under Article 5 it was voted that the meeting adjourn for one week.

# ONE HUNDRED AND THIRD ANNUAL REPORT

## ADJOURNED SPECIAL TOWN MEETING

Randolph, Mass., September 13, 1938.

**Article 5. Voted:** That the Sewerage Committee continue their investigation as to the best possible plan for the Town of Randolph to construct a sewerage system and report their findings at a future Town Meeting.

A true record.

Attest:

JOHN B. McNEILL, Town Clerk.

## NOTICE

The attention of parents is called to the law relating to the registering of births. The present requirement is as follows:

Chapter 29, Sec. 6, of the Revised Laws. Parents within forty days after the birth of a child . . . shall cause notice thereof to be given to the clerk of the town or city in which such child is born.

Section 8. A parent . . . who neglects to do so for ten days after the time limited therefor . . . shall forfeit not more than five dollars for each offense.

Attention of PHYSICIANS and MIDWIVES is called to Chapter 280, Section 1, Acts of 1912: Section 1. Physicians and midwives shall, within forty-eight hours after the birth of every child in cases of which they are in charge, mail or deliver to the clerk or registrar of the city or town in which the birth occurred, a notice stating the date and place of the birth, giving the street number, if any, the number of the ward in a city and the family name. Failure to mail or deliver the said notice shall be punished by a fine not exceeding twenty-five dollars for each offense.

In accordance with the provisions of the law, the Town Clerk is prepared to furnish to parents, physicians and midwives applying therefor, blanks for return of births as required by law.

## Report of the Selectmen and Overseers of Public Welfare

---

In submitting the annual report of the town for the year ending December 31, 1938, your Selectmen wish to express their appreciation for the cooperation given by the citizens and of the various elective and appointive officers.

While economic conditions are still in a very unstable and confused state it is confidently hoped that the ensuing year will show sufficient improvement as to warrant reduced expenditures in the expense of conducting your town government.

With approximately 300 men employed under W.P.A., and expenditures for the various catagories of relief running on the basis of the average expenditures for the past year, it will be impossible to get any financial relief from this source.

It is recommended that authorization be given to establish a Board of Public Welfare under an article to be presented at the annual town meeting, which would be operative after the annual election of 1940. The work in connection with Welfare and Old Age Assistance has increased to the point where it is not advisable to continue to have the Selectmen act as such any longer. More time is needed by the Selectmen for the work connected with that office because of the many new problems continually arising which should have their entire attention.

Because of an increase of valuation of real estate made necessary by the great increase in expenditures

## ONE HUNDRED AND THIRD ANNUAL REPORT

made at the last annual town meeting and subsequent special meetings, it would be to the advantage of the taxpayer to give serious consideration to the recommendations of your Finance Committee who will have a most intimate knowledge of the financial condition of the town, and is composed of qualified and respected gentlemen, who serve you without compensation.

CHARLES F. BLAKELY,  
HAROLD W. MACAULEY,  
Selectmen of Randolph.

TOWN OF RANDOLPH, MASS.

## Assessor's Report, 1938

December 31st, 1938.

To the Honorable Board of Selectmen:

We herewith submit the report of this department for the year 1938.

On March 7th, Mr. James P. Duffy was re-elected for a three-year term, and on March 14th the board was organized with Mr. Raymond E. Lyons, Chairman, and Mr. James P. Duffy, Clerk.

The tax rate for the year was computed on the following basis of expenses and receipts:

### Expenses

Town appropriations (Balances transferred at town meeting Oct. 11, 1937, authorized by the Commissioner)	\$16,750.00	
Town appropriations, Mar. 1938	404,555.47	
Overlay deficit, 1933	13.52	
Overlay deficit, 1934	407.40	
Overlay deficit, 1935	1,852.10	
Overlay deficit, 1936	1,102.32	
Overlay current year	7,673.66	
State tax, 1938	9,040.00	
State tax 1937 (deficit)	712.50	
County tax 1938	6,867.74	
County tax 1937 (deficit)	7.51	
State Audit	599.59	
Parks and Reservations, 1938	238.57	
Parks and Reservations, 1937 (deficit)	65.37	
Land damages	228.00	
		<hr/>
		\$450,113.75

TOWN OF RANDOLPH, MASS.

PUBLIC LIBRARY

To the Citizens of Randolph:

Pursuant to the provisions of Article 3 of the By-Laws of The Turner Free Library, this report, for the calendar year 1938 and being the sixty-third annual report, is submitted, showing the condition of the trust consisting of the building, library, and funds, together with the reports of the Librarian and Treasurer and so much of the reports submitted to the Trustees by the various committees as seems of general interest.

The Library Committee reports that the books, charts and furnishings are in good condition and that all books belonging to the library are accounted for by the Librarian.

The Building Committee reports a number of more or less routine repairs, including painting, made during the year and the installation of a new skylight in the roof made necessary by the blowing off of the old one during the hurricane of September 21. In the light of experience as to the necessity of ordinary repairs; as well as the recurrence of emergencies which cannot be foreseen, the trustees ask an appropriation of \$500.00 for the current year to cover the cost of such repairs to the exterior and interior of the building and to its furnishings and fixtures as may from time to time be necessary. The improvement of the grounds has been carried forward by the grading and seeding of the grass plots and the planting of shrubbery, the materials having been provided and the work done under a Works Progress Administration appropriation.

While the Librarian's report shows a falling off in circulation, it is gratifying to know that this is accounted

## ONE HUNDRED AND THIRD ANNUAL REPORT

for by the existence of the Stetson High School's excellent library. The trustees desire to record again their appreciation of the very substantial and valuable addition to the library's resources for service made possible through the purchase of magazines out of the income of the gift of Mr. Erskine H. Cox in memory of Mrs. Ethelwyn M. C. Cox.

Miss Ellen P. Henry resigned as assistant librarian as of November 30, 1938 after many years of loyal and efficient service and, in deference to her wishes, the trustees accepted her resignation, although with deep regret.

The trustees take this opportunity to express their appreciation of the loyalty and effective cooperation of the Librarian, Mrs. Eunice B. Martin, and of her assistants, Miss Barbara Hill, Mrs. Mary B. Frederickson, and Mrs. Mollie F. Howard, and of the janitor, Mr. John T. Moore.

A copy of each of the following reports is hereunto subjoined: the report of the Librarian; the report of the Treasurer showing the investment of the funds and the receipts and expenditures of the library; and the report of the Finance Committee.

Respectfully submitted,

SETH T. CRAWFORD,  
President, Board of Trustees.

Randolph, Mass., January 25, 1939.

TOWN OF RANDOLPH, MASS.

**REPORT OF LIBRARIAN  
of  
TURNER FREE LIBRARY**

To the Trustees of the Turner Free Library:

I have the honor to submit the annual report of the Librarian for the year ending December 31, 1938.

The Library has been open to the public 302 days.

There have been 319 books added making the accession number 34,716.

Borrowers' cards issued, 288.

The circulation has decreased the past year owing to the students not borrowing as many books, as the Stetson High School have a large Library of their own.

Number of books loaned 26,104. Number of magazines loaned 1,267. We have borrowed many books from the Inter-Library loan for teachers, students, and Child Study Club.

In Miss Henry's resignation, November 30, we lost a valuable and faithful helper.

The Librarian wishes to thank Miss Henry, Miss Hill, Mrs. Frederickson and Mrs. Howard for their loyal service during the past year; also the Trustees for their cooperation.

Respectfully submitted,

EUNICE B. MARTIN,  
Librarian.

TOWN OF RANDOLPH, MASS.

REPORT OF FINANCE COMMITTEE

To the Trustees of the Turner Free Library:

Your Committee on Finance submits the following report:

The Committee has audited the accounts of the Treasurer for the year 1938 and found them correct. All moneys received have been duly accounted for and no moneys have been paid out except upon vouchers properly approved. The Committee has examined also the securities representing the investment of the funds of the Library and has found them to be intact and as represented.

Respectfully submitted,

RAYMOND L. MASON,

January 18, 1939.

Chairman.

## Report of the Board of Health

---

The Board of Health respectfully submits its report and the report of its respective agents for the year ending December 31, 1938.

The Board of Health has inspected all stores and places wheres food and other goods are distributed, and has found them clean and safe for the sale of their goods. Sanitary conditions were up to the regulations of the Board.

### Diphtheria

No cases of this disease occurred in Randolph during the year 1938.

This experience of having no cases of what used to be a prevalent and contagious disease is traceable directly to immunization clinics conducted by the Board of Health during the past several years. By this means the number of susceptible children was so reduced that the disease could not get a foothold. The absence of cases of a disease is prone to cause us to neglect provision for measures to combat the disease, but in dealing with diphtheria it is important to remember that the germs which cause diphtheria are more or less constantly present in the respiratory passages of many otherwise healthy persons and that the transfer of these germs to a child who has not been protected will cause that child to get the disease.

Your Board of Health accordingly, strongly urges that all children who have not been immunized be given the protective inoculations. No child is too young to catch diphtheria and the younger the patient is, the

## TOWN OF RANDOLPH, MASS.

greater is the likelihood of a fatal outcome. To wait until a child reaches school age before having it immunized is needlessly hazardous as it thus is allowed to go unprotected through the years during which it is most in need of protection and during which it is most likely to succumb if it should be infected.

Your Board of Health is proud of the record of no cases of diphtheria in a year and realizes that this record can be kept perfect only with the cooperation of the parents and it is hoped that they will see to it that their children do not miss the opportunity of being protected from the ravages of what is a dangerous and often fatal disease.

### **Typhoid Fever**

One case of this disease was reported during the year. The source of this infection was not our common water supply. Extensive investigation failed to throw any light on the source of this infection.

### **Scarlet Fever**

Twenty-seven cases of scarlet fever were reported to the Board of Health, of which one required hospitalization. The disease in its present form is very mild and often its existence is not suspected until peeling occurs. This state of affairs allows the disease to become fairly widespread and precludes the possibility of tracing its origin. It is exceedingly fortunate that all cases have been very mild.

### **Lobar Pneumonia**

Five cases of lobar pneumonia occurred during 1938.

The Board of Health is pleased to report that the State Department of Public Health has placed at the dis-

## ONE HUNDRED AND THIRD ANNUAL REPORT

posals of physicians, specific antisera used in the treatment of this killing disease. Serum is not of value in all types of pneumonia but is useful in about 80 per cent of the types that occur in Massachusetts. The early use of serum will reduce the death rate by as much as 50 per cent in some types of the disease. A supply of this serum is kept at the Brockton Hospital.

### Tuberculosis

The work of the Chadwick Clinic has been taken over by the Norfolk County Hospital and its splendid work must again be acknowledged, and its importance recognized. Due to the efforts of our visiting nurse and also our school nurse, the children are receiving tests and attention that usually arrest tuberculosis at the onset. It is the old people who do not have this constant attention that fall ill with this dread disease, and it is this class upon whom is spent a large part of our appropriation.

### Dental Clinic

The dental clinic was very ably conducted through the efforts of Dr. Maguire and Dr. Smith, assisted by Miss Helen Conlon, school nurse. Examinations are made yearly in the various schools and a report sent to the parents of the children needing attention.

We strongly recommend the continuance of this clinic, as it is one of the most deserving expenditures in the town budget.

The Board of Health with the cooperation of the Selectmen were able to conduct and supervise clean-up days this year. We feel that the Town should recognize the importance of clean-up days and should avail themselves of the opportunity of getting rid of rubbish and refuse that accumulate during the course of a year.

## TOWN OF RANDOLPH, MASS.

We have been untiring in our efforts to eliminate many of the so-called private dumps. We wish to enlist the cooperation of the people of the town in regard to this matter, and within the next few years hope to entirely eliminate these conditions.

The Board of Health wishes to call your attention to an article in the Town Warrant in regard to the purchase of what is termed the latest and most modern type of inhalator and resuscitator.

After witnessing a demonstration of this apparatus, we feel that the Town of Randolph cannot afford to be without such a valuable piece of life saving equipment. This inhalator is far superior to the one owned by the Town at the present time. At present the Schaffer Prone Pressure method is being used, while this machine eliminates its use entirely.

In emergency it is especially valuable in cases of pneumonia, infantile paralysis, asthma, asphyxia, monoxide poisoning, drowning, also in cases of child birth.

The Board has every reason to feel that this particular piece of equipment will prove of inestimable value to the medical profession of this town.

We would indeed be ungrateful if we omitted an expression of gratitude to our health nurse, Miss Beatrice Scannell, and also our school nurse, Miss Helen Conlon, for their fine cooperation with this board during the past year. There was no limit to their services during our diphtheria clinic held in May. They were also instrumental in helping us to choose those children who most need the benefits of the summer health camp at the Norfolk County Hospital. We feel the Town of Randolph should be very proud of having such intelligent young women in their employ.

## ONE HUNDRED AND THIRD ANNUAL REPORT

At this time I wish to express our gratitude to Dr. Henry M. DeWolfe, of the State Department of Public Health, who was willing at all times to give this department any advice needed.

In closing we wish to express our thanks to the Selectmen, and other town officials, for the courtesy and cooperation shown us during the past year.

Communicable diseases during the year 1938 were as follows:

Scarlet Fever	27
Typhoid Fever	1
Pul. Tuberculosis	3
Whooping Cough	8
Lobar Pneumonia	5
Chicken Pox	5
Dog Bite	19
Mumps	2
Measles	7

The following is a list of licenses granted during the year 1938:

Milk	41
Alcohol	15
Ice Cream	1
Undertakers	3
Piggeries	4
Cess-Pool Cleaning	3
Tallow and Garbage	2
Hair-dressing	1

Respectfully submitted,

FRANK A. FORREST, Chairman,  
GEORGE H. HENEY, Secretary,  
WILLIAM E. BUCK, M. D.,  
Board of Health.

TOWN OF RANDOLPH, MASS.

REPORT OF THE PLUMBING INSPECTOR

---

Randolph, Mass.

To The Board of Health of the Town of Randolph—  
Sirs:

I hereby submit my report as Plumbing Inspector  
for the year ending December 31, 1938.

Sixty-eight permits were issued. The approximate  
value being \$22,466.00.

The following fixtures have been installed: 74  
washbowls, 50 sinks, 76 water-closets, 56 bathtubs, 16  
shower-baths, 16 wash-trays, 3 slop-sinks, 24 urinals, 7  
floor-drainers, 5 drinking fountains, 2 roof leaders and  
13 pressure boilers.

The records show an increase of plumbing permits  
over 1937.

Respectfully submitted,

THOMAS O'RILEY,  
Plumbing Inspector.

ONE HUNDRED AND THIRD ANNUAL REPORT  
REPORT OF THE INSPECTOR OF SLAUGHTERING

---

To the Board of Selectmen, Randolph, Mass.

During my term of Slaughtering Inspector I examined the following:

Swine	125
Cows	7
Calfs	2
Bull	1

One swine head condemned.

Respectfully submitted,

WILLIAM H. CARROLL,  
Inspector of Slaughtering.

TOWN OF RANDOLPH, MASS.

REPORT OF INSPECTOR OF MILK

---

The Board of Health, Town of Randolph—  
Gentlemen:

As Inspector of Milk I wish to submit my report for the year of 1938.

Forty-three licenses were issued for the sale of milk and cream.

The standard of milk delivered in Randolph passed all Town and State regulations.

Respectively submitted,

HENRY W. MERRILL,  
Milk Inspector.

ONE HUNDRED AND THIRD ANNUAL REPORT

REPORT OF ANIMAL INSPECTOR

---

Randolph, Mass., Jan. 23, 1939.

To the Honorable Board of Selectmen—  
Gentlemen:

I herewith submit my report as Inspector of Animals  
for the year ending Dec. 31, 1938.

Cattle	170
Swine	1860
Goats	13
Sheep	1

The stable housing these animals were inspected and found to be in satisfactory order. All the cattle in the Town are under the Supervision of the Division of Livestock Disease Control.

There were also 15 dogs quarantined by this department.

Respectfully submitted,

CHARLES H. TRUELSON,  
Inspector of Animals.

## Report of Water Commissioners

---

To the Citizens of the Town of Randolph:

The fifty-third annual report of the Water Commissioners is herewith submitted for the year ending December 31, 1938.

Organization of the Board of Water Commissioners for the year 1938 was effected as follows:

John B. McNeill ..... Chairman and Collector

Richard F. Forrest ..... Superintendent

Frederick D. Driscoll

Clerk and Meter Reader

During the year, 34 new services were connected; 18 services were cleaned by pump; 51 services metered; 22 services repaired and renewed; 3 hydrants repaired because of leaking; 2 hydrants moved to new location; 4 hydrants broken by automobiles.

### New mains extended:

Lillian Street—1700 feet of 8-in. cast iron pipe; 4 8-in. gates; 3 hydrants; 1 8-in. tee; 3 6-in. tees.

Emeline Street—550 feet of 6-in. cast iron pipe; 2 hydrants; 2 6-in. gates; 2 6-in. tees; 2 boxes.

Pauline Street—700 feet 6-in. cast iron pipe; 2 hydrants; 3 6-in. gates; 1 6-in. tee; 3 boxes.

Marion Street—400 feet 6-in. cast iron pipe; 1 hydrant; 2 6-in. gates; 2 6-in. tees; 2 boxes.

Bartlett Road—550 feet cast iron pipe; 1 6-in. sleeve; 1 hydrant; 2 6-in. gates; 2 6-in. tees; 1 box.

## ONE HUNDRED AND THIRD ANNUAL REPORT

Orchard Street—500 feet 6-in. cast iron pipe; 1 6-in. gate; 1 6-in. sleeve; dead end eliminated; circulation main through Orchard to Oak Street.

North Main Street—550 feet of 8-in. cast iron pipe to Vernon Street; 1 hydrant; 7 gate boxes; 1 8-in. gate; 1 6-in. gate; 1 8-in. sleeve; 1 8-in. tee; 1 6-in. tee.

Vine Street—300 feet 6-in. cast iron pipe; 1 box; 1 6-in. gate; 1 6-in. sleeve; 1 1 ¼-in. blow off.

High Street from Chestnut Street north, to Canton Street, 400 feet of 8-in. cast iron pipe; 1 8-in. gate; 1 6-in. by 8-in. increaser; 1 6-in. tee; 1 6-in. sleeve; 1 8-in. cast iron plug.

18 services renewed on Lillian Street from new 8-in. main to line.

11 services renewed on Emeline Street from new 6-in. main to line.

8 services renewed on Pauline Street from new 6-in. main to line.

8 services renewed on Marion Street from new 6-in. main to line.

7 services renewed on Bartlett Road from new 6-in. main to line.

All have been renewed with new  $\frac{3}{4}$  copper pipe, curb cocks and service boxes.

The compressor purchased by this Department has proved to be a valuable asset to all the departments needing its use in drilling large rocks and breaking frost. It also proved its worth in the breaking of concrete roads when installing new services and making repairs.

## TOWN OF RANDOLPH, MASS.

A large amount of work was done at the pumping station during the past year. It was necessary to waterproof the basement due to the raising of the waters of the pond.

The pumping station has been painted inside and outside and is now in good condition.

A retaining wall was constructed along the shore of the pond side of the station.

The Holbrook stand pipe was painted outside and treated with hot coating inside.

Several breaks occurred on the pipe line and were promptly repaired.

We wish to call your attention to the large amount of money collected this year, which is the largest amount ever collected, and shows there has been \$10,274.54 more turned into the town than the total amount appropriated this year for expenses of the Water Department.

The expenditures of the Water Department will be found in the Town Accountant's report.

Collections and outstanding water rates will be found in the report of the Water Collector.

---

	<hr/> 211,548,000	<hr/> 579,257	<hr/> 703,075	<hr/> 1,925	<hr/> 24,562

The largest day's pumping was on August 16th, 1938 when 1,530,700 gallons were pumped.

The largest week's pumping was the week ending June 12th, 1938 when 5,599,700 gallons were pumped.

Respectfully submitted,

JOHN J. McNEIL, Engineer.

## RULES AND REGULATIONS

---

The following regulations, until further notice, shall be considered a part of the contract with every person who uses water:

1. All applications for use of water must be made at the office of the Water Commissioners, and state fully the purposes for which it is intended to be used. Water will not be introduced to premises except on the written application of the owner thereof, or by a duly authorized agent. The property will in all cases be held responsible for the water rates.

2. All persons taking water must keep their water pipes and fixtures in good repair and protected from the frost at their own expense. They will be held liable for all damages resulting from their failure to do so. They shall prevent all unnecessary waste, and water shall not be left running to prevent freezing. The Water Commissioners or their agents may, from time to time, ascertain the quantity of water used, the manner of its use, and whether there is unnecessary waste. They and their agents shall have free access to the premises supplied, to examine the apparatus, and if any fixtures are found not to be in good order, they shall direct them repaired, and if not repaired within two days the water shall be shut off and not let on again until such repairs are made, and the sum of two dollars paid for shutting off and turning on the water.

3. The occupant of any premises, when unnecessary waste of water occurs, shall be liable to a fine of two dollars for the first offense, and four dollars for the second offense during the same year, and shall be

## TOWN OF RANDOLPH, MASS.

notified thereof in writing; and if such waste is not prevented and the aforesaid fines paid within two days from the time when the said notice is given, the water shall be shut off the premises, and shall not be again let on for the same occupant until waste be stopped and the fine paid, together with an additional sum of two dollars for shutting off and letting on the water, and in case of a third or subsequent offense the water shall be shut off, and shall not again be let on except by a vote of the Water Commissioners and the payment of such fine, not exceeding ten dollars, as the Water Commissioners may impose.

4. Any person supplied with water shall not allow another to take water from his fixtures without the written permission of the Water Commissioners. If a tenant has no fixtures, he will be charged full rates for any use which he makes of the fixtures of another.

5. All parties using water in stables, for horses or other animals, will be charged scheduled rates for the same, whether it be carried by hand or through hose.

6. All persons using water for building purposes are required to obtain a permit from the Water Commissioners before taking water from any faucet or fixtures connected with the water works, and all water takers are warned not to let any party take water from their premises until they show a permit from the Water Commissioners. Any person furnishing water in violation of this section will be subject to a fine of not less than five nor more than twenty dollars, and if the same when levied is not paid within three days from the time when the notice thereof is given, the water will be shut off from the premises and will not be let on again until such fine is paid.

7. All fixtures and water closets and urinals must be of a kind and quality approved by the Water Com-

## ONE HUNDRED AND THIRD ANNUAL REPORT

missioners, also a vacuum valve must be installed on all pressure range boilers connected with the system.

8. No person shall in any case be allowed to open any fire hydrants except by a written permit from the Water Commissioners; but the Engineers of the Fire Department shall in all cases have control of hydrants at fires and for practice.

9. The Commissioners reserve the right to restrict the use of hose or fountain, to shut off the water in all cases when it becomes necessary to make extensions or repairs, or for violations of any of the regulations, or whenever they deem it expedient.

10. The regular rates for the use of water shall be payable in advance on the first days of January and July of each year, except where water is supplied to manufacturers by special agreement. In all cases of non-payment of the water rates within ten days after same is due as well as for violations of these rules and regulations, the supply will be shut off, and payment of the amount due, and payment of two dollars for shutting off and letting on the water, shall be made.

11. The Water Commissioners reserve the right to change the water rates at any time except in cases of dwelling houses and established special rates.

12. For business requiring large quantities of water, and all supplies not enumerated in the tariff of rates, special rates will be made.

13. Parties using water for manufacturing or domestic purposes can erect hydrants on their grounds or standpipes in their buildings to be used only as a protection against fire without additional charges for water.

## TOWN OF RANDOLPH, MASS.

14. All applicants for the introduction of service pipes to premises are required to make written application therefor at the office of the Water Commissioners.

And in no case will the main be tapped more than once for the same premises, unless the additional expense is borne by the owner.

Charged as follows:

The following water rates are established until further notice:

No connection made with the main for any purpose for less than .....	\$6.00
--	--------

### Dwelling Houses

Occupied by one family, for the first faucet.....	6.00
Each additional faucet to be used by the same family .....	2.00
Two or more families occupying one house, one faucet for all, each family .....	5.00
One faucet for each family .....	6.00
For first bathtub .....	5.00
If used by more than one family in same house, each family .....	4.00
Each additional bathtub .....	2.00
For first pan or self-acting water-closet .....	5.00
If used by more than one family in the same house, each family .....	4.00
Each additional pan or self-acting water-closet..	2.00
Where two faucets are used, one for hot and one for cold water, emptying into the same basin, only one charge will be made for both.	
Laundry tub .....	3.00

## ONE HUNDRED AND THIRD ANNUAL REPORT

### Hose

For sprinkling streets, washing windows and similar uses,  $\frac{1}{4}$ -inch nozzle, to be used only on premises and street opposite, not exceeding two hours per day for six months in the year ..... 5.00

For any use not herein enumerated, special rates will be made.

Meter Rates payable at Time of Reading.

For not over 133 cubic feet average per day, per 100 cubic feet ..... .23

For over 133 cubic feet and not exceeding 266 cubic feet average per day, per 100 cubic feet ..... .19

For over 266 cubic feet average per day ..... .15

Provided that in no case where a meter is used shall the annual charge be less than \$7.00.

Meters may be supplied by the Water Commissioners for which annual rental will be charged as follows:

Size $\frac{5}{8}$ -inch .....	\$1.00 per year
Size $\frac{3}{4}$ -inch .....	\$1.00 per year
Size 1-inch .....	\$4.00 per year
Size 2-inch .....	\$6.00 per year

All needed repairs, damages by frost and heat excepted, will be made at the expense of the town.

JOHN B. McNEILL,  
RICHARD F. FORREST,  
FRED D. DRISCOLL,  
Water Commissioners.

## Report of the Planning Board

---

As recommended by the board last year, many sidewalks have been made, Stop and Enter signs installed, and the rotary traffic islands placed in Crawford Square.

During the past year your Board has made many recommendations which we feel would be very beneficial to the Town, such as:

A project for putting signs on the streets all over town.

That the necessary steps be taken to give Randolph an entrance to Ponkapog, thereby supplying us with a playground and a place to swim.

That "No Parking" signs be placed on the south side of Cottage Street from North Main Street to St. Mary's Parish Hall.

That a cement driveway with curbing be erected at the Stetson High School.

That School Lane from North Main Street to Belcher Street be filled in and re-surfaced.

That to enable us to have our sidewalks plowed out quicker in the winter, the Town purchase a Baby Tractor and use the same in the Highway Department on general road work.

Installation of a traffic light at Pond Street, which we understand is now being cared for by the Department of Public Works.

## ONE HUNDRED AND THIRD ANNUAL REPORT

We believe the improvement of the lighting of our Main Street has been responsible for less accidents, but feel there is still much more can be done. We would like to see Crawford Square better lighted and also advocate alternating the lights all along the Main Street with increased candle power from Pond Street to the Quincy line where most of our accidents occur.

In regards to the proposed over-pass at the Holbrook depot, the matter is still under investigation, with no promising developments as yet.

We have continued the efforts of previous boards in trying to get a new post office. In a recent communication from our Representative Richard B. Wigglesworth, he states, "Randolph is on the list for allocation of funds for a post office, but to date new buildings have been constructed at the rate of about one to a Congressional District, selection being made on the basis of comparative need as determined by the authorities in charge of the program in Washington."

To all those who have co-operated with our efforts to be of service to the Town of Randolph and fulfill our obligations as members of the Planning Board, we extend our most sincere appreciation.

WM. DOLAN, Chairman,  
EDGAR B. COLE, Vice-Chairman,  
DR. WILLIAM F. COLBY, Secretary,  
THOMAS F. SCANNELL, Treasurer,  
EUGENE L. McAULIFFE, Member,  
Randolph Planning Board.

## Report of the Highway Surveyor

---

To the Citizens of the Town of Randolph:

The year 1938 was an eventful one. The unusual spring floods, and the hurricane in September did much damage to our roads. Construction was at a standstill for six or seven weeks until the worst of the damage had been repaired.

The following streets were rebuilt in whole or in part by the Highway Department, and treated with two coats of tar: Woodlawn, Fowler, Plain, Vesey Road, Mt. Pleasant Square, Allen, Cole Terrace and extension, West, Waldo, Park, Alden, South, Highland Avenue, Norfolk Road, High, Fairmount and Norroway Avenue.

Catch basins and pipe drainage were installed on Waldo Street, Fowler Street and South Street, to relieve conditions which have been troublesome for years. A culvert constructed with 36-inch pipe was installed on Mill Street, and has satisfactorily taken care of flood conditions on this street, and the Wilmarth Road section where much damage had been done by spring floods.

### CHAPTER 90 WORK

Considerable work was done on Pond Street, including curbing, widening and tarring of shoulders. In several places the road had to be rebuilt. All catch basins were cleaned out and approaches repaired. All fences were painted and brush removed. Gutters in several places were constructed with bituminous material.

Several sections of Warren Street had to be rebuilt where the road had settled. All fences on Warren and

## ONE HUNDRED AND THIRD ANNUAL REPORT

West Streets were repaired and painted and brush removed.

On Union Street much damage was done to the gravel shoulders when hydrants were broken off in automobile accidents. Catch basins were cleaned out and all fences repaired and painted.

On Canton Street catch basins were cleaned out and all brush removed.

### W. P. A. PROJECTS

Under W. P. A. the following streets were constructed and treated with two coats of tar: Emmeline, Pauline, Fencourt and Bartlett Road.

Work on these streets was difficult as there was a great deal of excavation and much backfill with gravel was necessary. A great deal of blasting was required as much ledge was uncovered, especially on Bartlett Road.

Wilmarth Road is now under construction and a great deal of work has been done there.

The widening and rebuilding of Lafayette Street is also under construction. This project will supply work for many months, as a drainage system is to be installed with 800 feet of pipe to be laid and six catch basins are to be built. Walls must be removed and rebuilt.

The following sidewalks have been completed: Mt. Pleasant Square, Belcher Street, North Main Street at Baptist Church, School, Cottage, Moulton, Ward, Short, Howard, Plain, Mill, Pleasant, West, Abby, Silver, Pond, Canton to Old Street, Liberty and South Streets.

## TOWN OF RANDOLPH, MASS.

A retaining wall is under construction on Canton Street sidewalk which will have to be completed before further work is done on the sidewalk.

The West Street sidewalk and retaining wall has been completed and has been rated as an excellent piece of construction by W. P. A. engineers.

The culvert constructed on South Street has satisfactorily relieved a dangerous condition.

The pipe drainage on Old Street is nearly completed and will correct a very bad condition in that area for all time.

## HURRICANE

Much credit is due the men on the W. P. A. and the Highway Department for their excellent work during and after the hurricane of September 21. These men worked through the night under extremely dangerous conditions and by morning all streets were passable. The Auto Patrol proved invaluable and quickly cleared away the heavy elm trees which completely blocked traffic on Main Street.

A great deal of damage to streets was caused by the uprooting of trees and the removal of heavy stumps. The repairing of this damage necessitated the postponement of some work that had been planned.

## EMPLOYMENT FUND

Much work was done with labor from the Employment Fund, under supervision of the Highway Department, which otherwise could not have been attempted. The building of walks and drive, and the grading around the Tower Hill School was done entirely with Employment Fund labor. Many other worthwhile projects were also

## ONE HUNDRED AND THIRD ANNUAL REPORT

completed with this labor, and this department wishes to thank the Selectmen for their co-operation.

Every endeavor has been made to apportion the work, both in labor and the hiring of trucks, as equitably as possible.

To all town officials, and to the men who have been employed under the supervision of the Highway Department, and all who have co-operated with me during the year, I wish to express my sincerest appreciation.

Respectfully yours,

LOUIS J. COURTNEY,  
Highway Surveyor.

## Report of the Tree Warden

January 15, 1939.

To the Citizens of the Town of Randolph:

The Street Trees of our town have been badly damaged and many destroyed in the past year.

The hurricane, in September, destroyed many old and valuable trees, which will take years to replace. Some trees will have to be removed as they are in a badly weakened condition.

The town should plan to plant some trees this coming year to replace a few of the damaged ones.

If it is at all possible I would like the town to appropriate the sum of \$100.00 so that it will be possible to replace a few trees.

The loss to the town in shade tree damage will run into thousands of dollars.

I would like to have all the tree lovers in the town take immediate action in this matter.

If the town would start a nursery on some of the land at the Poor Farm it would be of great advantage to the town. We could plant young trees to raise for street planting.

Our town has always been well spoken of in regard to our beautiful trees, therefore it is up to the citizens of Randolph to do their part in maintaining this high standard.

Let our motto be: "Plan to Plant Another Tree".

Respectfully submitted,

JOHN T. MOORE,  
Tree Warden.

## Report of the Local Moth Superintendent

---

January 15, 1939.

To the Honorable Board of Selectmen:

The Moth situation in the town at the end of the year was very bad.

The woodlands and many of your street trees are very badly infested.

The hurricane in September has left the woodlands in a bad condition for affective work of creosoting. Many egg clusters have been brushed off the fallen trees, which contain the eggs of the moth. It will be hard to locate many of the nests.

A project was started with the W. P. A. on January 3 for creosoting as far as possible the woodlands.

The town needs a new spraying outfit badly. The old machine is just about worn out. More spraying will have to be done this summer.

Spraying was carried on last year as much as possible in all parts of the town.

If we can keep the caterpillars out of the residential sections of the town it will help the situation a lot.

The Elm tree beetle situation in the town was very serious. Spraying for this pest must be carried on this

TOWN OF RANDOLPH, MASS.

year in order to keep it under control and save our fine old Elms.

The town should raise more money for this work.

The new sidewalk project that has been going on for the past year has been quite a problem in regard to taking down a number of trees, which I have tried to save as far as possible.

Respectfully submitted,

JOHN T. MOORE,  
Tree Warden.

# Report of Police Department

Randolph, Mass., Jan. 18, 1939.

To the Board of Selectmen—

Gentlemen:

I herewith submit report of the work done by the Police Department of the Town of Randolph for the year ending December 31, 1938:

Calls answered and investigations made	3,558
*Summons served	137
*Arrests	293
Arraignments in Court	270
Bound over to Grand Jury	0
Pending in District Court	8
Found guilty in District Court	226
†Dismissed for want of Prosecution	12
Appealed to Superior Court	16
Found guilty in Superior Court	11
Nol Prossed in Superior Court	0
Pending in Superior Court	4
Acquitted	16
Filed	72
Probation	19
Fined	139
Released	2
Committed to House of Correction	4
Committed to State Hospital	8
Committed to State Prison	2
Committed to Shirley	1
Put up for the night	6
Stolen property recovered	\$2,254.75

TOWN OF RANDOLPH, MASS.

Notices posted	221
Net returns paid to Town Treasurer from fines over and above expenses of prosecution	\$283.18
Fines taken in by District and Superior Courts	\$2,000.00
Total number of warnings on Motor Violations	559
Total number of suspensions of licenses	40
Total number of miles covered by Police car	57,942
Total number of miles covered by motorcycles	18,338

\* Some arrests and summonses were served for out of town police.

† Of the 12 cases dismissed for want of Prosecution the police were complainant on 3.

Respectfully submitted,

PATRICK T. McDONNELL,  
Chief of Police.

## Report of Fire Department

---

Randolph, Mass., Jan. 24, 1939.

Honorable Board of Selectmen,  
Town Hall,  
Randolph, Massachusetts.

Gentlemen:

I respectfully submit my report of the Fire Department for the year ending December 31, 1938.

The Department responded to 119 bell alarms and 72 still alarms during the year classified as follows:

- 32 Building Fires
- 117 Wood and Grass Fires
- 9 Automobile Fires
- 17 False Alarms
- 3 Aid Calls
- 4 Inhalators
- 7 Miscellaneous
- 10,800 ft. of hose was laid and 495 ft.  
of ladders used
- Assessed value of buildings involved in  
fire, \$413,500.00.
- Insurance on property, \$303,350.00
- Damage to property, \$10,227.25
- Insurance paid, \$8,930.25
- Loss not covered by insurance, \$1,297.00

The apparatus and buildings of the Department are in good condition at the present time.

TOWN OF RANDOLPH, MASS.

The severe storm of last September caused serious damage to the Fire Alarm system, breaking down over 4,000 ft. of wire. This was repaired as soon as possible by the men of the Department.

The condition of the woods throughout the town are such that if we have a dry season we will be confronted with a severe fire hazard. Any fire seen should be reported at once, even though seen at a distance.

Respectfully submitted,

HAROLD L. BAILEY,  
Chief of Fire Department.

## Report of the Park Commission

---

During the past year there has not been a great deal of work done in the Park.

The hurricane in September caused a great damage to our trees and through a special project the broken and uprooted trees were cleaned up, the wood being distributed among the needy families of the Town.

Permission was asked by the local Girl Scouts to plant wild flowers and install feeding stations for the birds. We felt this a very good undertaking both for the betterment of the Park and for the birds, as well as the nature study for the girls, therefore we didn't hesitate to grant this small favor.

A number of offers have come to us to buy trees for the beautification of the Town, and as soon as possible we intend to take advantage of them. We have written both State and Federal Departments of Agriculture, Forest Service, for some information as to how we procure trees at no expense to the Town. We have had no reply as yet but we are quite sure these can be obtained at a minimum cost if any.

Respectfully submitted,

WILLIAM F. DOLAN, Chrm.,  
Randolph Planning Board and  
Park Commission.

TOWN OF RANDOLPH, MASS.

# Sealer of Weights and Measures

---

Randolph, Mass., Jan. 20, 1939.

To the Board of Selectmen, Randolph, Mass.

Gentlemen:

During the year 1938 I have sealed:

Scales	127
Weights	120
Liquid measures	65
Gasoline pumps	87
Oil jars	14
Kerosene pumps	12
Grease pumps	24
Yard sticks	11
Taxi meters	6
Oil measuring pumps	89

Re-sealed and tested:

Gasoline pumps	40
Scales	40

Inspections made:

Pedlars licenses	25
Pedlars scales	25

Fees collected and turned over to the Town

Treasurer		\$106.43
Salary of Sealer	\$150.00	
Transporting weights	50.37	
Purchase of equipment	9.63	

---

\$210.00

Appropriation                      \$210.00

Respectfully submitted,

DANIEL P. LYONS,  
Sealer of Weights  
and Measures.

TOWN OF RANDOLPH, MASS.

# Report of Randolph Municipal Light and Power Plant Committee

---

To the Citizens of the Town of Randolph:

Your Committee organized and held its first meeting on April 5, 1938 and, to date, has met twenty-four times, during which attendance averaged better than 50% of the seventeen members comprising the Committee.

In an endeavor to fully and fairly investigate the acknowledged exorbitant rates now charged for electric current in Randolph and to seek a solution we had before us managers of municipally owned plants at Middleboro, Braintree, Reading and Hudson; and representatives of the New England Power Association, which now supplies Randolph with electric current, through its affiliate the Weymouth Light and Power Company.

Your Committee cannot be too vehement in telling you that which you already know, that you are being grossly overcharged and without reason. By way of illustration and comparison the Town of Hingham, of approximately the same population and type of user, charges its users \$1.00 for 25 KWH; \$3.70 for 100 KWH; and \$6.70 for 250 KWH, whereas, for the same quantity the users in Randolph are charged \$2.00; \$5.40 and \$9.90. Although both towns are supplied by the Weymouth Light and Power Company, the Town of Hingham distributes by a municipal department over its own lines, whereas, Randolph is supplied through privately owned lines. In addition, the Hingham Municipal Light Board made a net profit of \$16,400.00 in 1937 after turning over to the Town

## ONE HUNDRED AND THIRD ANNUAL REPORT

Treasurer \$4,000.00 and providing for depreciation and replacement, as required by law. The Town of Braintree, a municipally owned plant generating its own power, furnished 100 KWH to its customers for \$2.93, which is twenty-five cents less than this quantity can be bought for in any other town or city in the Commonwealth. The Town of Middleboro, which has a very low population density and difficult to supply, and which operates a municipal plant, makes a sizeable annual profit in the operation of its electric department which it turns back to the Town to relieve general taxation. The prices paid for 25, 100 and 250 KWH in that town are \$1.25, \$4.40 and \$8.40 respectively. Rates in towns operating municipal plants are uniformly lower than the towns serviced by private companies.

Committees such as ours are always handicapped by lack of technical knowledge of electricity and its distribution. The experience of prior committees which sought rate reductions through the medium of a petition to the Massachusetts Department of Public Utilities indicates the futility of such a petition, unless the petitioner is prepared to meet the opposition of technically trained counsel and rate experts with the same type of ammunition and information. We are confident that a wrong is being done which ought to be and can be remedied.

In order to fight your battle we must employ engineering assistance to serve a two-fold purpose; to secure information as to values in support of a rate reduction which the Weymouth Light and Power Company will not give us, and to prove beyond a doubt that Randolph can own and operate a municipal electric plant and pay for it entirely out of operating revenues within a period of from eight to ten years, as two hundred sixty other towns and cities in the United States have done.

TOWN OF RANDOLPH, MASS.

The primary purpose of your Committee is to save money for the town and its citizens. The first method of doing so is by a substantial reduction in rates. Your Committee feels that the appropriation of a sufficient sum of money to employ competent engineering assistance will assure such a saving and that the cost will be minute.

In the words of a former Mayor of Auburn, New York, which community experienced the same difficulties with excessive electric rates and successfully coped with it—"Auburn is no different from other cities in the State—whether you know it or not, you are all being robbed, and there is one way and only one to get electric rates down—START A VIGOROUS FIGHT FOR A MUNICIPAL LIGHT PLANT".

Respectfully submitted,

THEODORE S. LUDDINGTON,  
Chairman,

CARL S. GOVE, Secretary.

January 31, 1939.

## Report of the School Committee

---

The School Committee herewith submits its annual report for the year 1938. It should be borne in mind that the definite function of the School Committee is to act as a board of directors for the public school system. The superintendent of schools is the executive officer of that board. We earnestly recommend that you read his report, together with the reports of the various departments which are appended hereto.

It is no longer necessary to prove that an efficient public school system is the corner stone of civilization and necessary to the democratic form of government. During the years of depression education has faced a severe crisis. That crisis has not passed and cannot be met by the individual efforts of those who control and operate the schools. The problems facing education today, can only be met by the intelligent cooperation of the school officials, the parents, and the citizens of the town, who, through their appropriations finance the public school system and share the responsibility for its continued success. It is by intelligent foresight and by free expression of opinion, without thought of personal, selfish interests that progress can be made. Education is the most valuable form of capital. No industry can be more productive than an effective public school system.

## TOWN OF RANDOLPH, MASS.

It has been the earnest endeavor of the School Committee during the past year to operate the schools economically and at the same time to meet the needs of the citizens and to keep the school property in a healthy state of repairs. Your committee has honestly and sincerely endeavored to operate the schools within the total budget appropriated by the town. There will always be the thoughtless critic who tries to make the public believe that the schools are not operated efficiently or economically. While it is impossible to substantiate these charges it is true that thoughtless criticism needs no proof; only the sincere constructive critic needs to marshal his facts and present his proofs. Every interested citizen and tax payer should feel justified in seeking to know the real facts.

The influences that inevitably increase the cost of schools are the demand of parents that their children be given the same educational opportunities that are enjoyed by the children of other communities; the increased number of children who are taking advantage of the four year high school course, which course is the most costly in our school organization; the increased cost of teaching service, because more teachers must be added in proportion to the increased enrollment; and finally the desire for a more diversified curriculum.

The schools of Randolph are being operated at a per capita cost which is surprisingly low. Of the eighty-three towns over five thousand population and operating high schools in the Commonwealth, the town of Randolph shows a per capita cost lower than eighty-one of these towns. Randolph is number eighty-two and Saugus eighty-three.

## ONE HUNDRED AND THIRD ANNUAL REPORT

During the school year of 1936-37 the cost per pupil in our high school was \$77.75 and in the grade school \$52.12. These figures dropped for the school year of 1937-38 to \$62.08 for the high school and \$48.46 for the grades.

The cost of operating the schools of Randolph as compared with some of the surrounding towns for the school year of 1937-38 as taken from the last published State Report of that year, is shown in the following table:

### ONE HUNDRED AND THIRD ANNUAL REPORT

<i>Town</i>	<i>High</i>	<i>Grades</i>	<i>All Grades</i>
Randolph	\$73.06	\$48.46	\$62.08
Holbrook	128.82	64.94	89.33
Avon	107.98	56.14	95.03
Hingham	115.97	84.14	100.91
Abington	105.47	70.84	85.56
Canton	109.41	101.26	119.85
Wareham	130.13	83.83	99.63
Whitman	89.73	67.79	89.80
Stoughton	76.36	64.29	71.96

As compared with the cost of all the cities and towns in the Commonwealth, (355 cities and towns), the town of Randolph ranks 349, that is only six towns in the whole state of Massachusetts operate at a lower per capita cost than the Town of Randolph. These figures are taken from the State Report of 1936-37.

The public school registration this year, as formerly, fluctuates slightly from month to month. The November registration for 1938 was 1839 pupils, approximately the same as for the school year for 1937. A comparison of size and change in membership over a period of years, is indicated in the following table:

# TOWN OF RANDOLPH, MASS.

## HIGH SCHOOL

## GRADE SCHOOL

Year	Teachers	Pupils	<i>Pupils</i>	Teacher	Teacher	<i>Pupils</i>	<i>Pupils</i>	Total Regis- tration
			<i>per</i> <i>Teacher</i>			<i>per</i> <i>Teacher</i>	<i>per</i> <i>Teacher</i>	
1920	7	156	22.29	18	759	42.17		915
1921	7	182	26.	18	808	44.09		990
1922	7	194	27.7	21	869	41.38		1063
1923	8	215	26.88	23	925	41.39		1167
1924	10	215	21.5	24	962	40.08		1177
1925	10	227	22.7	27	958	35.48		1185
1926	10	230	23.	27	1027	38.04		1257
1927	10	214	21.4	28	1084	38.71		1295
1928	10	252	25.2	28	1116	39.86		1368
1929	10	252	25.2	32	1201	37.53		1453
1930	10	288	28.8	35	1256	35.71		1544
1931	13	338	26.	38	1335	37.76		1673
1932	13	393	30.02	37	1327	35.86		1720
1933	14	417	29.8	38	1378	36.3		1795
1934	16	440	27.5	38	1362	35.84		1802
1935	17	425	25.	38	1370	36.05		1795
1936	17	429	25.24	38	1368	36.		1797
1937	18	490	27.22	38	1348	35.5		1838
1938	20	533	26.65	38	1306	34.37		1839

Although the school registration for this year is about the same as for the school year of 1937, there is a continued increase in the high school enrollment which will, judging from the present enrollment in the various grades, continue to increase at approximately the same ratio until the year 1942. During this year there would be no increased enrollment in the high school but the following year would again show a return to the normal increase. These facts concerning the most expensive unit of our school system are significant with relation to the amount of money spent for schools. It is evident that if our present per capita cost were to remain stationary, the increased enrollment in the high school would naturally increase the total amount of money spent.

No doubt it will be seen from the foregoing tables that the high school is being crowded beyond the limit of

## ONE HUNDRED AND THIRD ANNUAL REPORT

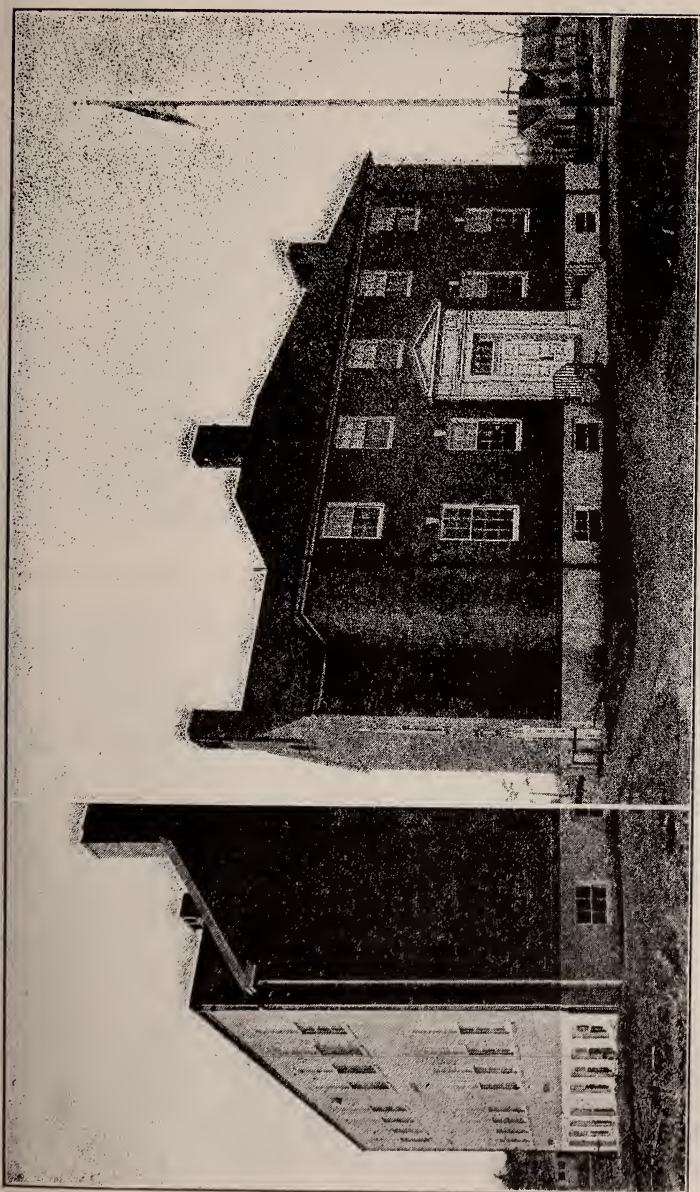

elasticity. The building was designed to accommodate, at the most, 380 to 400 pupils. That the building should be called upon to house this year 533 pupils and next year approximately 580, is evidence that concern must be felt for the adequacy of the housing. The difficulty may be solved temporarily by the adoption in our public school system, of the six, three, three plan which would give us a three year junior high and a three year senior high school system. Much thought has been given to this difficult problem and it seems advisable to recommend that serious consideration be given to the addition of six rooms at the rear of the high school building, with a consequent addition to the lunch room and auditorium. It is the intention of this committee to sponsor an article in the Town Warrant, asking for the appointment of a committee to report at a later meeting. We sincerely hope the article will be acted upon favorably.

DEDICATION EXERCISES—TOWER HILL SCHOOL

TOWN OF RANDOLPH, MASS.

TOWER HILL SCHOOL

## ONE HUNDRED AND THIRD ANNUAL REPORT

The new Tower Hill School will serve to relieve any crowding in the grades for a few years to come. The building was opened to the children in March 1938 and was dedicated with appropriate services. Much credit was due the G. A. R.; the American Legion; the Veterans of Foreign Wars and other patriotic organizations for their help and assistance at these dedication exercises.

The grading and the driveway and walks at the front of the building were built under the direction of the highway surveyor, Mr. L. Courtney, ably assisted by his superintendent Mr. J. Lynch. We wish to thank them for their intelligent and willing cooperation. We are indeed indebted to them for a splendid job. To the Tower Hill Improvement Association, the School Department wishes to extend a most heartfelt thanks for the flag pole which they donated for use at the Tower Hill school.

The new household arts class which was authorized by a vote of the town at the last annual election, has been established and is operating successfully. Next year this course will be crowded beyond capacity. In connection with this course the School Committee was enabled to secure an allotment of federal money from the George Dean Fund, which is approximately sufficient to pay the salaries of the teachers in this department. This Fund will continue over a period of three years and at the end of that time, will be reduced at the rate of 25% per year until it is entirely eliminated. The town of Randolph will receive a 50% reimbursement from the Commonwealth for all money spent, both for salaries and expense, in this department, for all time.

At the last annual town meeting, an appropriation of \$1,000.00 was given the School Committee for the purpose of correcting the water seepage through the parapet of the high school. This was one-half of the amount asked for by the committee and was insufficient to make a

TOWN OF RANDOLPH, MASS.

FOODS LABORATORY—STETSON HIGH SCHOOL

SEWING ROOM—STETSON HIGH SCHOOL

## ONE HUNDRED AND THIRD ANNUAL REPORT

thorough job. Your committee, therefore, decided to do one-half of the work and do that half properly. Contracts were let to Mr. G. Mellon and Mr. J. Cotter covering the total amount of the appropriation and calling for the removal and rebuilding of the parapet on the southerly side and front of the building. The work was satisfactorily completed and a permanent cure has been effected. The School Committee has included in their regular budget for the year, the sum of \$600.00 to complete the work on the north side of the building, it being thought advisable not to do any work on the rear, as a possible future addition would eliminate any difficulties in that area.

We hereby submit the annual budget of the School Department:

### COST OF INSTRUCTION

	<i>Salary</i>	<i>Expense</i>	<i>Total</i>
Salaries of teachers, principals and Supervisors	\$85,277.00		
Less Dean Fund	2,194.59

School Committee.

## Report of the Superintendent of Schools

---

To the School Committee, Randolph,

Mr. Chairman and Members:

### Proposed Legislation Increasing State Aid for Schools

Nine-tenths of the cost of public schools is borne by taxation on real and personal property in the various cities and towns throughout the State.

In a recent survey, the annual cost of the public schools in Massachusetts was stated to be in the neighborhood of \$73,000,000.00 of which \$66,000,000.00 was raised by local taxation and the remaining \$7,000,000.00 distributed by the Commonwealth. These figures show clearly that real estate is unquestionably bearing more than its just share of the school cost. The survey shows further that there are 35 states in the Union that distribute more to their schools than the \*10% now furnished by the Commonwealth of Massachusetts, our State, the home of the public school system in America.

On the basis of ability to pay, Massachusetts has taxable resources to rank 7th among the 48 states and not 23rd as it now does. With such wealth at its disposal, it should be entirely unnecessary for real estate to be taxed \$12.00 to \$20.00 per \$1,000.00 for the support of schools as is the case of one-fifth of the towns in the State.

To lighten this burden on home-owners and to make for greater educational opportunities throughout the state, the Massachusetts School Superintendents' Association has proposed legislation which, if adopted, will pro-

## TOWN OF RANDOLPH, MASS.

vide for an additional distribution of about \$16,000,000.00 annually from an Equalization School Fund. This money will in no way affect the present state aid now received under Parts 1 and 2 of Chapter 70, General Laws. According to a proposed formula for allocation, Randolph would be eligible to receive \$46,711.00, whereas the town now receives about \$24,000.00. Whether or not these figures would be the actual sum established, they would, in effect, be substantially large enough to bring about an actual and noticeable reduction in local taxation. They would represent a more equitable distribution of state wealth and enable the smallest or poorest town to raise its school standards. The proposed legislation is constructive and far-reaching; a real investment in human resources and should, therefore, have our support.

\* The median (average) for the 48 states was 21%.

### Enrollment

There has been little or no perceptible drop in the school enrollment. There were 1830 registered last October and a slight increase since then.

The crowded situation in the high school has reached a point where some definite measure of relief must be taken. The Principal's report indicates the many trying and disturbing factors which greatly hinder his work and classroom results. If our high school at present is over-crowded with an enrollment of 533 pupils, it is needless to say that it will be worse next September when we must accommodate about fifty pupils more. Whatever "grouping" plan studied to relieve the situation, the fact remained, the absorption point has been reached. We have not the accommodations.

I recommend, therefore, that the Committee with a Committee of Citizens study this problem with a view to high school enlargement.

## ONE HUNDRED AND THIRD ANNUAL REPORT

### School Tests

The use of tests to determine the progress of pupils has been observed in the various schools. I feel the need, however, of a testing program which will cover the fundamental subjects in both high and grade schools. The value of such tests is far-reaching for they show not only progress made but they make for uniformity of work; reveal individual weaknesses; diagnose difficulties and assist in remedial work.

### Arbor Day

The recent destruction of so many of our beautiful trees in town will be an added incentive for school children to observe Arbor Day next Spring. It is our plan to plant trees and shrubs on school grounds, in home gardens and on our public streets where such will meet with the interest and approval of citizens and town officials.

### Hallowe'en Activities

The interest which the teachers manifested in the Hallowe'en activities in the various schools is commendable. A large number of pupils attended. The evening was well spent with games, stunts and appropriate plays. Chief of Police, McDonnell and Chief Bailey of the Fire Department were high in their praise of teachers and children of the town.

### Rural School Survey

An interesting as well as instructive grade survey was submitted to the Massachusetts Department of Education this year. Very likely the information will be used as a basis for the establishment and organization of a minimum course of study for all grade schools throughout the state.

## TOWN OF RANDOLPH, MASS.

The report gave a good and satisfactory cross section of our community, schools and their general activities although it exposed the fact that we could improve in the matter of more and better library books for schools, reference books, modern wall maps and physical education.

### Extension of Vocational Training

The study now being made by the Norfolk County School Committee Men's Association with Robert O. Small, Director of Vocational Education, State Department of Education, is worthy of our attention and cooperation.

Our present vocational schools are crowded, partially with respect to certain courses. They are too remote and scattered. Their heavy local enrollment has a tendency to crowd out the non-local boys. This is not fault finding but an excellent example of what boys want when they find the school they want near their homes. In order, therefore, that this type of education may be available to a larger number of boys in their respective communities, the Association is working for a better distribution of such institutions in the county. These schools could be set up as "branch" schools, conveniently located in a district and would not necessarily entail a heavy cost of construction and upkeep for idle shops. Certain types of buildings, not in use, could be refitted and reconditioned and made into very respectable trade schools for boys.

### Our School Endowment

This heading is misleading if one thinks of money and wealth. There are other forms of endowments.

A School Superintendent might well omit, once in a while, his dry, statistical report of figures and things and give it over to a study of boys and girls or the social

## ONE HUNDRED AND THIRD ANNUAL REPORT

and human background of our schools. I fear sometimes that too often the schools give the impression that they are doing it all. They do not mean to monopolize this achievement, merely a happy expression of pride as an agency in the achievement. But what are the other agencies? They are the Homes, Churches and Organizations in Randolph. It is to them I humbly extend my deepest appreciation for their many-sided educational cooperation. Without their help and high ideals of life and service, character building and applied citizenship, no school could hope to function, much less exist. They constitute our school endowment and happy is the community that can boast of such wealth.

I am pleased, therefore, to list below such organizations or social agencies as have come to my attention. If I have omitted any, I wish to be informed of it. Some of these organizations were formed for other objectives than direct education, but within their own busy circles they have always had the time and interest to do something for our schools.

The greatest qualities come from our American Homes and Churches. The sum total of their labors and sacrifices has never been told nor ever will be told. Perhaps it is well that it is so for their dignity of silence and unrewarded praise contribute the more to their greatness.

### IN MEMORIAM

#### ROSE G. HAND

Music Supervisor, Randolph Public Schools

---

This year we lost by retirement, Mrs. Florence E. Caples, a member of our teaching staff in the Devine school. Mrs. Caples was a teacher of refined qualities, patient and sympathetic and was always found on the side of the child who had difficulties with his lessons.

This year also we lost by death our Music Supervisor, Rose G. Hand, who served this town as music instructor for many years. A beautiful bronze plaque was placed in the high school by the Randolph Teachers' Club in memory of her long, faithful service to the schools of this town.

In conclusion, I wish to express my thanks for the wholehearted support and cooperation given by the School Committee, School Doctor, Nurse and teaching staff. They with our pupils and their parents make for good and successful schools.

Respectfully submitted,

A. O. CHRISTIANSEN,  
Superintendent of Schools.

TOWN OF RANDOLPH, MASS.

REPORT OF PRINCIPAL OF STETSON HIGH SCHOOL

Mr. A. O. Christiansen—

I wish to submit to you my seventh annual report as principal of Stetson High School.

First, consideration should be given to the school population so as to give some insight into the difficulties presented from a strictly physical point of view. The high school enrollment, therefore, is as follows:

Grade 9	Grade 10	Grade 11	Grade 12	P. G.	Total
168	150	107	105	3	533

This total is of October 1, 1938. To show quickly what is happening to the high school population I would like to compare this year's enrollment with that of other years.

1931	1932	1933	1934	1935	1936	1937	1938
334	393	418	440	425	429	490	533

With the exception of 1935 when there was a drop, there has been a steady growth. Naturally, the large influx of pupils last September taxed our building to capacity. Our auditorium seats 300, so we must have two assemblies when we have them every two weeks; our lunchroom seats less than one-third of our enrollment, at one time, and due to our limited kitchen facilities, we can have but one lunch period. Every room in the building is used for classrooms and study rooms including the lunch room sewing room and laboratory. Our science laboratory had to be partitioned off by means of a temporary curtain to make places for General Science classes and drawing classes. The Science classes meet on one side of the curtain every day of the week, drawing classes meet on Thursdays and Fridays on the other side of the curtain, while Physics and Chemistry experimentations are carried on during the first three days of the week. This situation is very undesirable and very unsatisfactory, but

## ONE HUNDRED AND THIRD ANNUAL REPORT

the best that could be arranged under the circumstances. A shortage of desks was anticipated during the summer so approximately thirty portable chairs were purchased and placed in any room where there was possible space in which to put them. As a result we have one room housing forty-six pupils, several seating thirty-eight and the others ranging in numbers down to twenty-five. This includes both recitation and study pupils. For example, one teacher's program is as follows for five classes: First—28 recitation, 18—study; second—27 and 18; third—22 and 24; fourth—25 and 19; fifth—28 and 18. The same situation prevails in all other rooms in proportion to the size of the room and presents the teacher with a double problem each period of teaching her classes and supervising the study pupils, and with this system it would seem that all concerned suffer to some extent.

What to do about this situation is a subject which should be given deep thought. There is first the question whether or not the present high school enrollment will continue or drop. A study of the enrollment by grades given in your last report shows these figures:

Grade 1	Grade 2	Grade 3	Grade 4	Grade 5	Grade 6
167	177	152	179	164	158
		Grade 7	Grade 8		
		161	179		

From these figures we venture to say next year will see a substantial increase in the Freshman class. In the succeeding years the enrollment will show no let-up with the exception of one year, after which increases will again be apparent. There is an urgent need of immediate alleviation of this situation. We wish, then, to present two remedial suggestions for your consideration. First, new and larger quarters, or, second an addition to the present building. In connection with the latter we might suggest an addition to the west side of the building, which

## TOWN OF RANDOLPH, MASS.

addition would provide larger facilities both for the auditorium and lunchroom, and, at the same time, make possible six more classrooms, one on each floor on both sides of the auditorium. We realize that this means a considerable outlay of money and for that reason we previously mentioned that much deep thought be given to the subject.

A valuable addition to the curriculum of the school was made during the past year with the introduction of a state aided vocational Household Arts course. The work of this course has worthwhile and practical objectives. The vocational phase of the course takes up fifty per cent of the allotted school time. During this time, attention is given to marketing, preparing, serving, and caring for the home; buying, making, repairing and caring for the clothing; child care and home nursing. Thirty per cent of school time is devoted to related work such as dietetics, textiles, color and design, and on economic valuation of work accomplished. The rest of the time is given to regular academic subjects, particularly those required by law.

There are at present thirty-six girls enrolled in the course; eight Freshmen, twenty-one Sophomores, five Juniors, one Senior, and one P. G. This year's class will continue with an advanced course in homemaking and related arts next year, and another beginning class will be enrolled, making a two-year Vocational Household Arts course. The foods laboratory has been newly and fully equipped with modern conveniences and appliances. The sewing room has been improved by the addition of two new sewing machines. However, to meet fully the requirements, a corner of the sewing room should be partitioned off as a fitting room, and a disappearing bed should be provided for use in the home nursing and first aid work. With the adoption of these suggestions, we would then

## ONE HUNDRED AND THIRD ANNUAL REPORT

have a complete layout for a Household Arts course approved by the state department of education.

The instrumental music groups are still functioning, but as each year passes it becomes more and more apparent that it will be increasingly difficult to keep these activities alive. We believe the trouble lies in the fact that there is but one group in the lower grades attempting to furnish opportunities for learning to play a musical instrument, and since there are no more "feeding" organizations in the lower grades to prepare young players so that they can take their places at once in the high school band and orchestra, this work must be done with high school pupils. By the time they have mastered their instruments well enough to be of use to the band or orchestra, they are graduated and the process must be carried out all over again. We believe that if a system were adopted teaching pupils in the lower grades to play musical instruments, it would give many young people the satisfaction and pleasure of being able to play some instrument and not to depend entirely on "canned music" as is so common in these days.

We cannot stress too much the need of greater co-operation between the home and the school on the matter of punctuality and regularity of attendance. It is not generally appreciated that when a pupil is absent one day he usually misses the work of two because the classwork is lost for the day of actual absence, and as a rule the pupil comes to school the next day unprepared for the second day. It is true that pupils are required to make up all work lost through absence, but this work is usually not as satisfactory as if done in a regular class period. We hope that absence caused by reasons other than sickness will not be approved by parents and that all concerned may work together for the good of the student.

Recently a branch Parent-Teacher Association group, allied with the National Association, was formed in the

## TOWN OF RANDOLPH, MASS.

town. There is no question in our mind that such a movement is found to fill a long-felt need because it cannot help but bring a closer association and understanding between parent and teacher. So much good can be accomplished by the effective functioning of this group that it is our sincere wish that the Randolph Parent-Teacher Association will find its proper place among the worthwhile activities of the town.

In one of our previous reports it was stated that about seventy per cent of the students were in the commercial course and this figure remains approximately the same, and because so many of our pupils are engaged in this work it is necessary to give a little thought to this course. Colleges set up the requirements for college entrance and so much attention is concentrated on this group that little consideration is given to the group whose education ceases with the high school. It is with this group we believe that we can do much to make more effective the work of our school. Times change and with the times the customary point of view regarding commercial education. It used to be a matter of merely training pupils in the skills of bookkeeping, stenography, and typewriting. While many of our commercial students are enrolled in these courses, we believe that some consideration should be given to anything that would contribute to the total back ground and experiences of these pupils. There are still positions for stenographers, secretaries, and bookkeepers, but there are also opportunities for filing clerks, office machine workers, stock record clerks, copyists, as well as numerous others, and a stenographer who can do filing or operate office machines will be of greater worth to a prospective employer. We believe that there is a need of such a type of trainings and that the sooner we realize that the commercial course is not, and should not be the dumping ground of the school, the sooner we are going to appreciate the fact that much

## ONE HUNDRED AND THIRD ANNUAL REPORT

more can be done with and for this group than is being done at present.

One of the most potent teaching devices is the moving picture. Tests made have proved that when films have been used as a teaching tool, they have imparted, roughly speaking, about twenty-five per cent more facts into the minds of young people than the usual methods and what is more, these facts usually stuck. Visual education is not new because for years schools have been using maps, charts, pictures, and even the stereoptican. The moving picture brings the setup into a more vitalizing spot because it approaches nearer to reality. We believe that we are losing a valuable teaching aid because we have no place to use the moving picture machine the school owns. We can and have used the machine in the classrooms but we could reach only a comparatively few pupils by this method. We wish to suggest that the skylight in the assembly hall be rigged up with a curtain or some other suitable means of darkening the hall, and we feel that the small expense entailed would be more than offset by the results obtained.

We wish at this time to express the appreciation of the faculty of Stetson High School to you and the members of the school board for the helpful and understanding attitude which has characterized our past contacts and we hope that this pleasant relationship will continue in the future to the benefit of the purpose for which we are all working—the pupils in our school.

Very truly yours,

HUBERT F. GILGAN.

## TOWN OF RANDOLPH, MASS.

### REPORT OF THE SUPERVISOR OF MUSIC

---

Mr. A. O. Christiansen

The following is my report as Supervisor of Music in the public schools of Randolph, from the first grade through the Senior High School.

Music is one of the greatest factors in life, and the foundation of all music is appreciation. Comparatively few children are gifted with an extraordinary voice, but all children can be taught to love and appreciate music, and 90% can sing. Therefore, from the primary grades through the High School we are endeavoring to instill into the heart of every child, a love of music and a desire to participate in the singing classes.

Generally speaking, the music in our schools is progressing very favorably. Lack of suitable material in our primary grades has made the reading of music rather difficult. But with the introduction of a series of small seven note charts, which are used as flash cards, the reading has improved. The daily ear training drills in the lower grades will eventually make the work in the upper grades much easier.

Written examinations in theory, in grades 4 to 7 have been instrumental in gaining the attention of every child. Many pupils who are unable to sing well and have received a low mark on an otherwise good card, now have an opportunity of receiving a high mark, by being attentive in class and passing the theory examination.

In December the Belcher School presented a very fine concert. This little concert was enthusiastically received and well supported financially. With the pro-

## ONE HUNDRED AND THIRD ANNUAL REPORT

ceeds we were able to purchase a piano, which was greatly needed, particularly in the Junior High. We also purchased some records for the Grades 1, 2 and 3. These will be of great value in these grades.

The little orchestra in the Prescott School deserves special mention. The class is small but the interest is genuine. Many of the members of the High School orchestra received their first lesson at the Prescott School. The success of the orchestra there is due to the efforts of the principal, Mr. Dillon. I would like very much to have records and instruments for a toy orchestra in this building, to stimulate an interest so that in later years more children would be anxious to learn to play the real orchestra instruments.

The interest in chorus singing in the High School is very gratifying. Through the splendid cooperation of Mr. Gilgan we have two classes, one for singing and one for theory. A Girls' Glee Club was formed in January and we hope for a large attendance in a short time.

I wish to take this opportunity to thank the School Committee, Mr. Christiansen, principals and teachers for their support and cooperation with me in my work.

Respectfully submitted,

MARY J. LEAHY,  
Supervisor of Music.

TOWN OF RANDOLPH, MASS.

REPORT OF THE DRAWING SUPERVISOR

---

I herewith submit my report of a year's work as drawing supervisor of Randolph.

The aim in drawing during this past year has been first of all to teach the child the pleasure of self-expression, to develop the power of observation, the sense of proportion and bring about a coordination of the muscles, and hand and arm control, and to teach the child to understand and recognize the beauty in the world about him. I have tried to accomplish these results by carefully planned lessons covering Design, Representation, Construction and Color Theory.

The child should learn to express himself and use his own imagination and creative powers, but before he can do this he must learn the rules and the methods. Self-directed work is excellent but it must follow the basic lessons. A child cannot create something from nothing anymore than he can read without being taught how. I have tried to plan a year's course for each grade that will teach the fundamentals and develop the imagination at the same time.

Each grade has a carefully planned syllabus based on the age and mentality of the pupil. The course changes each year as the child advances from the first grade to the high school. Holiday projects are done to give practise in handwork.

Freehand Drawing is an elective subject in the High School. Here too, there are stages of advancement for each grade. Poster work, commercial design and advanced design, and illustration are the major subjects.

## ONE HUNDRED AND THIRD ANNUAL REPORT

Mechanical Drawing is also an elective subject. The course starts with a study of the use of the instruments and applied Geometry, and then goes into Orthographic Projection and working drawings.

In closing I wish to thank all the teachers and principals who have so willingly cooperated with me and assisted me in the past year.

Sincerely,

GERTRUDE DODD.

TOWN OF RANDOLPH, MASS.

REPORT OF THE SCHOOL NURSE

---

Mr. A. O. Christiansen

Following is the report of my work for the calendar year 1938.

Number of schools visited	437
Number of inspections	8,326
Number of visits made to and in behalf of children	357
Number of children X-Rayed at Norfolk County Hospital	10
Number of children given Toxin- Antitoxin	190
Number of children examined by the Taunton Traveling Clinic	9

All grade children were weighed and measured three times. Those on the follow-up list were weighed each month.

The Norfolk County School Clinic was held in January in grades seven, nine and eleven.

Number of children given skin test	211
Number of children X-Rayed	92
Number of children recommended for Summer Camp	10

Five children were able to go to the Norfolk County Health Camp through the financial aid of the Christmas Seal Sale Fund and our local Board of Health. All the children returned with added weight and greatly benefited by their summer at camp.

## ONE HUNDRED AND THIRD ANNUAL REPORT

Our school dentists, Dr. Maguire and Dr. Smith, inspected the teeth of all children in grades one through eight.

Number of children inspected	1,235
Number of children receiving Dental certificates at time of inspection	146
Number of children needing dental treatment	1,089

Much credit should be given to Dr. Smith and Dr. Maguire for the many hours they have devoted to the school clinic.

Many children have been examined and fitted with glasses through the generosity of the Red Cross and the co-operation of Mr. James J. Kelliher.

I would like to take this opportunity to thank the Chamber of Commerce for milk which they supplied to our under-privileged children during the past two and one-half years.

In closing my report I should like to thank Mr. Christiansen, the School Board, Dr. Higgins and the teachers for their splendid co-operation during the past year.

Respectfully submitted,

HELEN L. CONLON, R. N.,  
School Nurse.

TOWN OF RANDOLPH, MASS.

REPORT OF SCHOOL PHYSICIAN

---

Due to my long absence on account of illness my report for 1938 must be brief. During my enforced idleness the work of school physician was carried on under the very excellent guidance of Dr. Charles E. Wells.

As in former years no outbreak of a contagious nature occurred. We had the usual number of Measles, Whooping Cough and Scarlet Fever cases.

Minor accidents in playgrounds were far less than in previous years. This is due, no doubt, to the better supervision of the various playground teachers.

GEORGE V. HIGGINS, M. D.,  
School Physician.

Schools will close on the following days: Good Friday, April 7th; Memorial Day, May 30th; Columbus Day, Oct. 12th and Thanksgiving Day and Friday following, Nov. 30th and Dec. 1st.

TOWN OF RANDOLPH, MASS.

NO-SCHOOL SIGNALS

Three blows repeated at

7:15 A. M. No session for Senior and Junior High Schools.

8:15 A. M. No morning session for the first six grades.

12:30 P. M. No afternoon session for the first six grades.

By courtesy of the WNAC Broadcasting Station, no-school announcement will be given out over the radio as near to the local hours as is convenient and possible for the station announcer.

There will be days when schools are in session because weather conditions are not severe enough to cause complete shut-down of all activities. On such days, parents, as in former years, determine whether their children shall attend. No excuse will be required of pupils for absence on such days unless the parent so wishes. Consideration will be given pupils striving for perfect attendance.

## Report of Trustees of Stetson School Fund

---

### THE TRUSTEES IN ACCOUNT WITH STETSON SCHOOL FUND

---

#### Receipts

Balance, January 20, 1938	\$8.23
Income, 1938:	
Randolph Co-operative Interest	\$70.00
Randolph Trust Company Int.	306.55

Trustees and Secretary	20.00
E. and F. King	2.10
Warren Lutz	4.00
	<hr/> \$649.82
Balance, January 12, 1939	.46
	<hr/> \$650.28

TOWN OF RANDOLPH, MASS.

The Stetson School Fund is invested as follows:

Ten shares Randolph Co-operative Bank	\$2,000.00
One Boston & Albany Bond	1,000.00
Deposit in Randolph Trust Company	8,141.58
Deposit in Randolph Savings Bank	826.35
	<hr/>
	\$11,967.93

Also a deposit of \$1,030.23 in Randolph Savings Bank to  
Credit of Turner Reference Library Fund.

GEORGE V. HIGGINS, M. D.,  
Secretary.

Examined January 12, 1939 and found correct.

W. J. McLAUGHLIN,  
Town Accountant.

The discontinuance of Motion Pictures in Stetson Hall has greatly diminished our source of income.

If in the future, any alterations or repairs of a serious nature are to be made, the expense must be paid by the town out of a general fund, or through a special appropriation made at town meetings.

GEORGE V. HIGGINS, M. D.,  
Secretary.

## 1939 Town Meeting Warrant

---

Commonwealth of Massachusetts: Norfolk, ss.

To Either of the Constables of the Town of Randolph,  
in said County, Greeting:

spector of Slaughtering, Moth  
Superintendent, Tree  
Warden

and

Planning Board, Park Commission

for the

Year Ending December 31, 1939

## JOHN B. McNEILL

---

On August 24, 1939, with the passing of John B. McNeill, Randolph lost one of its best known and highly respected citizens. He was born in Prince Edward Island on October 27, 1866 and came to Randolph in 1888, being a blacksmith by trade.

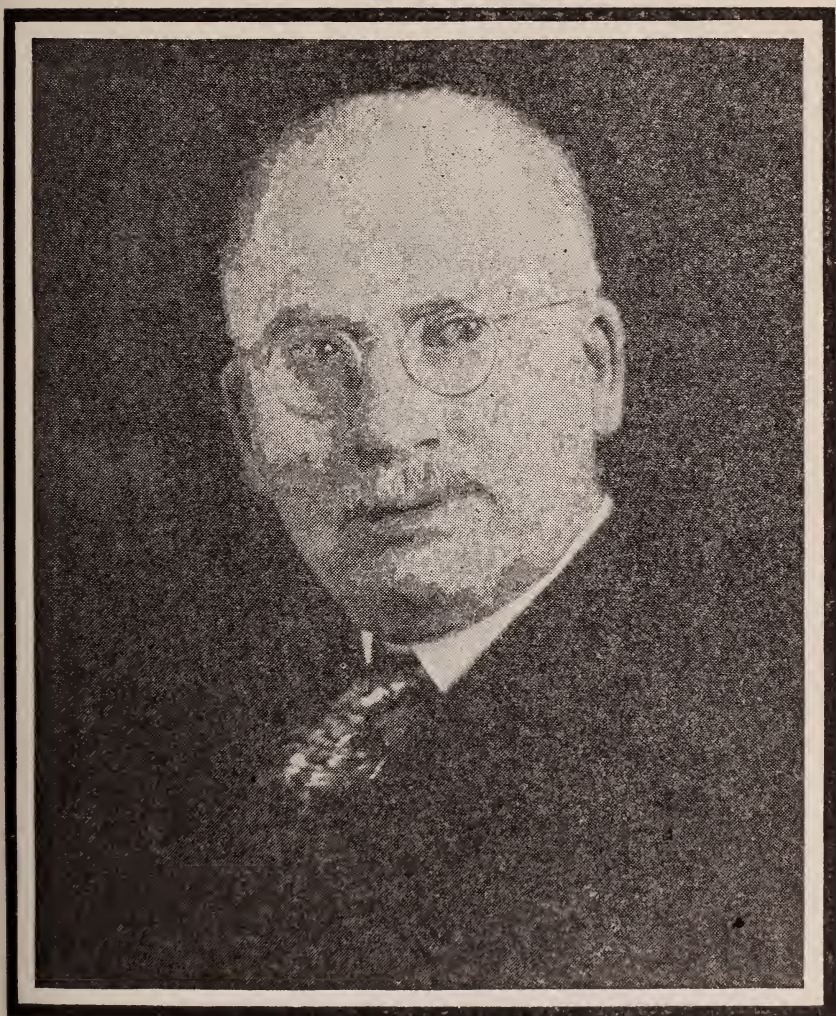

In 1913 he was elected a Water Commissioner, for many years serving as Chairman of the Board, and held this position until his death.

In 1919 he was elected Town Clerk and Treasurer, which position he also held until his death.

The last twenty-six years of his life were spent faithfully serving the public and his knowledge of municipal affairs was ever at the command of his associates. Of a kindly nature he endeared himself in the hearts of all with whom he came in contact and his memory will ever be perpetuated in the annals of the history of Randolph.

MAY 14 1963

JOHN B. McNEILL

## TOWN OFFICERS, 1939

---

**Voted:** That the meeting adjourn until Monday, March 20, 1939, at 7.30 o'clock P. M.

Meeting adjourned at 11.30 o'clock P. M.

A true record,

Attest:

MARION L. BAILEY,  
Assistant Town Clerk.

TOWN OF RANDOLPH, MASS.

ADJOURNED ANNUAL TOWN MEETING

March 20, 1939

**Article 12. Voted:** That the sum of \$14,000.00 be raised and appropriated for General W. P. A. Expenses, \$6,000.00 for a W. P. A. project for increasing the size of the Water Main on South Main Street and \$660.00 for sewer pipe in conjunction with the South Main Street water project.

**Article 13. Voted:** That the sum of \$300.00 be raised and appropriated for Memorial Day Expenses, to be expended under the direction of Lieut. William Palmer Camp, Sons of Union Veterans of the Civil War.

**Article 14. Defeated.**

**Voted:** To reconsider Article 12.

**Article 12. Voted:** That the sum of \$38,000 be raised and appropriated under this article for W. P. A. expenses, to be allocated as follows:

\$14,000.00 under the direction of the Selectmen for W. P. A. General Expenses

14,000.00 for water projects under the direction of the Water Department; at least \$6,000.00 of which shall be used for increasing the size of the Water Main on South Main Street.

10,000.00 under the Highway Department

The question of a future town meeting being held was brought up, regarding the borrowing of money, and it was the sense of the meeting that this special town meeting be called.

## ONE HUNDRED AND FOURTH ANNUAL REPORT

**Article 15. Voted Unanimously:** That the town raise and appropriate the sum of \$8,000.00 for an Employment Fund, to provide work instead of Public Welfare, and that men eligible for welfare have preference over all others, and that this fund be under the direct control of the Selectmen.

**Article 16. Voted:** Indefinite postponement.

**Article 17. Voted:** That this land be accepted by the Town for School Purposes.

**Article 18. Voted:** That the sum of \$750.00 be raised and appropriated to provide for the lease of quarters for the Lieut. Thomas W. Desmond Post No. 169 of the American Legion; and that some arrangement be made so that the American Legion and the Veterans of Foreign Wars occupy the same quarters.

**Article 19. Voted:** That the sum of \$750.00 be raised and appropriated for the leasing of a building for headquarters for the Veterans of Foreign Wars Post No. 3389; and that some arrangement be made so that the American Legion and the Veterans of Foreign Wars occupy the same quarters.

**Article 20. Voted Unanimously:** That the report of the Zoning Committee be accepted and adopted as an amendment to the By-Laws of the town.

**Article 21. Voted:** That a Committee of five citizens be appointed by the Moderator to work with the School Committee and make recommendations to the next Annual Town Meeting, or to a Special Town Meeting called for the purpose, concerning the crowded conditions in the Stetson High School.

**Article 22. Defeated.**

## TOWN OF RANDOLPH, MASS.

**Article 23. Voted:** That the sum of \$2,900.00 be raised and appropriated, this money to be spent for an expert appraisal of the property of the Weymouth Light and Power Company in the Town of Randolph, also for the expenses of defending and prosecuting the case before the Department of Public Utilities, such money to be spent only under contract with a recognized expert Engineering Concern under the direction of and with the approval of the Board of Selectmen; and that no member of the Committee be paid for personal or professional services in the performance of his duties as Committeeman.

### Water Mains

**Article 24. Voted:** Indefinite postponement.

**Voted:** To take up Article 37.

**Article 37. Voted:** That the Town accept Woodland Parkway for a distance of 450 feet.

**Article 25.** Under this Article the Superintendent of the Water Works stated that he would lay the water main from the money provided under Article 12.

**Article 26. Voted:** Indefinite postponement.

### Street Layouts

**Article 27. Voted:** That the Town instruct the Selectmen to lay out Patterson Avenue, from Centre Street in a westerly direction for a distance of 500 feet, and raise and appropriate \$100.00 therefor.

**Article 28. Voted:** That the Town instruct the Selectmen to lay out State Street, from North Street, a distance of 600 feet and raise and appropriate \$100.00 therefor.

## ONE HUNDRED AND FOURTH ANNUAL REPORT

**Article 29. Voted:** That the Town instruct the Selectmen to lay out Eugenia Street, from North Main Street to High Street, and raise and appropriate \$100.00 therefor.

**Article 30. Voted:** Indefinite postponement.

### Street Acceptances

**Article 31. Voted:** To accept Tileston Road as laid out by the Selectmen.

**Article 32. Voted:** To accept Amelian Road from Linden Street, a distance of 1,400 feet, as laid out by the Selectmen.

**Article 33. Voted:** To accept Mitchell Street, from Stacy Street to Reed Street, as laid out by the Selectmen.

**Article 34. Voted:** To accept Ballard Street as laid out by the Selectmen.

**Article 35. Voted:** To accept "Thomas-Linden" Streets from Pond Street to Newcomb Avenue, as laid out by the Selectmen. (Naming of streets is covered by Statutes.)

**Article 36. Voted:** To accept Jane Street for a distance of 600 feet from North Main Street as laid out by the Selectmen.

### Street Construction

**Article 38. Voted:** That the sum of \$3,250.00 be raised and appropriated under this article for road construction and repairs and that the sum of \$1,250.00 (of the above \$3,250.00) be used in the construction, or repairs, named under Articles 31 to 37 inclusive; and that under the expenditure of the \$3,250.00 the Highway Sur-

TOWN OF RANDOLPH, MASS.

veyor be instructed to complete Liberty and Canton Street sidewalks which are now under construction.

**Article 39. Voted:** That this article be taken care of under Article 38.

**Article 40. Voted:** That the Highway Department make the necessary repairs out of the General Maintenance money.

**Article 41. Voted:** Indefinite postponement.

**Sidewalk Construction**

**Article 42. Voted:** That the sum of \$1,750.00 if necessary, for materials for a cement sidewalk from Crawford Square to the Masonic Block on the west side of Main Street, be taken out of the sum of \$10,000.00 allocated to the Highway Department under Article 12.

**Article 43. Voted:** That the sum of \$140.00 be raised and appropriated for eight electric lights on Canton Street, westerly from Irving Road, to the residence of Henry W. Merchant.

**Article 44. Voted:** That the sum of \$35.00 be raised and appropriated for installing two electric lights on Woodland Parkway.

**Voted:** That the meeting adjourn until Monday, April 3, 1939 at 7.30 o'clock P. M.

Five hundred and eighty-two names checked on voting list as being present.

Meeting adjourned at 10.45 o'clock P. M.

A true record,

Attest:

MARION L. BAILEY,  
Assistant Town Clerk.

# ONE HUNDRED AND FOURTH ANNUAL REPORT

## SPECIAL TOWN MEETING

Randolph, Mass., April 3, 1939

**Article 1. Voted:** Two hundred and three in the affirmative to forty-one in the negative, that the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow, under authority of and in accordance with the provisions of Chapter 72 of the Acts of 1939, the sum of \$20,000.00 and to issue bonds or notes of the town therefor, said bonds or notes to be paid in not more than ten years from their dates as shall be fixed by the Emergency Finance Board named in Chapter 49 of the Acts of 1933.

The proceeds of the loan are hereby appropriated for meeting appropriations made for W. P. A.

**Article 2. Voted:** One hundred and twenty-one in the affirmative to fifty-five in the negative, that the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the sum of \$15,000.00 in accordance with the provisions of Chapter 49 of the Acts of 1933, as amended, for the purpose of providing funds to meet ordinary maintenance expenses and revenue loans, such borrowing in no event to exceed the amount of the tax titles held in excess of the amount owing to the Commonwealth for similar loans previously made.

**Article 3. Voted:** That the Town accept Royal Street, as laid out by the Selectmen, and that the necessary work be done under Article 12 of the Annual Town Meeting Warrant, under the supervision of the Highway Department, provided that the persons having any claim for damages arising out of taking and constructing of same, waive their rights of damages within three months of this date.

**Voted:** To take up Article 5.

TOWN OF RANDOLPH, MASS.

**Article 5. Voted:** That the Town instruct the Selectmen to lay out Wyman Road from Fairfield Road, to Lancaster Road, approximately 240 feet, and raise and appropriate \$50.00 therefor.

**Article 4. Voted:** That the Town instruct the Selectmen to lay out Lancaster Road from Wyman Road, for a distance of 425 feet, and raise and appropriate \$50.00 therefor.

**Article 6. Voted:** That the Board of Selectmen sell West Corners School building and land, at public auction.

**Article 7. Voted:** That the sum of \$100.00 be raised and appropriated to lay out Oliver Street from North Main Street to the end of Oliver Street, a distance of approximately 250 to 300 feet.

**Voted:** That the meeting be dissolved.

Meeting dissolved at 9.20 o'clock P. M.

A true record,  
Attest:

MARION L. BAILEY,  
Assistant Town Clerk.

**ADJOURNED ANNUAL TOWN MEETING**

**April 3, 1939**

**Article 46. Voted:** That the sum of \$405.00 be raised and appropriated for the purchase of an E. & J. Combination Inhalator and Resuscitator.

**Article 47.** No action taken. Naming of streets is covered by Statutes.

ONE HUNDRED AND FOURTH ANNUAL REPORT

**Article 48. Voted:** Indefinite postponement.

**Article 49. Voted:** That this article be taken care of under Article 38.

**Article 50. Voted:** Indefinite postponement.

**Article 51. Voted:** Indefinite postponement.

**Article 52. Voted:** Indefinite postponement.

**Article 53. Voted:** Indefinite postponement.

**Article 54. Voted:** That the Town fill and grade the Belcher School play yard on the northern side of School Lane, filling to be obtained from the Highway Surveyor's Surplus excavation.

**Article 55. Voted:** That the readjusting of the lighting of Crawford Square to be left in the hands of the Selectmen and Police Department.

**Article 56. Voted:** Indefinite postponement.

**Article 57. Voted:** Indefinite postponement.

**Article 58. Provided for under Article 2.**

**Article 59. Voted:** That the matter of using some piece of Tax Title Property for a Town Dump be placed in the hands of the Selectmen.

**Article 60. Voted:** Indefinite postponement.

**Article 61. Voted:** That favorable action be taken on this article provided there be no expense to this Town.

## TOWN OF RANDOLPH, MASS.

**Article 62. Voted:** That the sum of \$50.00 be raised and appropriated to buy trees for the Park and School grounds, provided the cost does not exceed two cents per tree and that they be set out under the supervision of a State Nurseryman as outlined by a member of the Planning Board, labor to be furnished by the Welfare Department.

**Voted:** To reconsider Article 14.

**Article 14. Voted:** That the Board of Selectmen be authorized to appoint one of their members to the position of "Sponsor's Agent" at a salary of twenty-five (\$25.00) Dollars per week, in accordance with the provisions of Chapter 36, Acts of 1929.

A motion to reconsider Article 15 was defeated.

Meeting dissolved at 8.30 o'clock P. M.

A true copy,

Attest:

MARION L. BAILEY,  
Assistant Town Clerk.

## ADJOURNED SPECIAL TOWN MEETING

Randolph, Mass., July 10, 1939

**Article 1. Unanimously Voted:** That the sum of \$8,500.00 be raised and appropriated to provide employment for Randolph settled cases, that men eligible for Public Welfare have preference over all others and that \$500.00 of this money be used to purchase materials for a sidewalk on Highland Avenue from the Estate of Dr. Maguire to the Estate of Hubert Gilgan; to be under the direct control of the Board of Selectmen.

ONE HUNDRED AND FOURTH ANNUAL REPORT

**Article 2. Voted:** To appropriate \$37.50 for unpaid bill in the Board of Health.

Meeting dissolved at 9.00 P. M.

A true copy,

Attest:

JOHN B. McNEILL, Town Clerk.

**ADJOURNED SPECIAL TOWN MEETING**

**Randolph, Mass., October 4, 1939**

**Article 1. Voted Unanimously:** That the Town vote to raise and appropriate for

Old Age Assistance	\$4,000.00
Public Welfare	8,000.00

and authorize the Treasurer, with the approval of the Selectmen, to borrow under authority of and in accordance with the provisions of Chapter 72 of the Acts of 1939.

**Article 2. Voted:** That the sum of \$50.00 be transferred from the Street List Printing account to the expense account of the Board of Registrars.

**Article 3. Voted:** Two hundred five in the affirmative to twelve in the negative that the sum of \$2,900.00 be transferred from the Electric Light Committee Expense of Survey Account, to the Employment Fund, to provide work instead of Public Welfare.

**Voted:** That the meeting be dissolved.

Meeting dissolved at 9.45 o'clock P. M.

A true record,

Attest:

MARION L. BAILEY, Town Clerk.

## ONE HUNDRED AND FOURTH ANNUAL REPORT

### NOTICE

The attention of parents is called to the law relating to the registering of births. The present requirement is as follows:

Chapter 29, Sec. 6, of the Revised Laws. Parents within forty days after the birth of a child . . . shall cause notice thereof to be given to the clerk of the town or city in which such child is born.

Section 8. A parent . . . who neglects to do so for ten days after the time limited therefor . . . shall forfeit not more than five dollars for each offense.

Attention of PHYSICIANS and MIDWIVES is called to Chapter 280, Section 1, Acts of 1912: Section 1. Physicians and midwives shall, within forty-eight hours after the birth of every child in cases of which they are in charge, mail or deliver to the clerk or registrar of the city or town in which the birth occurred, a notice stating the date and place of the birth, giving the street number, if any, the number of the ward in a city and the family name. Failure to mail or deliver the said notice shall be punished by a fine not exceeding twenty-five dollars for each offense.

In accordance with the provisions of the law, the Town Clerk is prepared to furnish to parents, physicians and midwives applying therefor, blanks for return of births as required by law.

TOWN OF RANDOLPH, MASS.

# Zoning By-Laws for the Town of Randolph

---

## PREAMBLE

In pursuance of the authority conferred by Sections 25 to 30A, inclusive, of Chapter 40 of the General Laws (Ter. Ed.), and for the purpose of promoting the health, safety, convenience, morals or welfare of the inhabitants of Randolph by lessening congestion in the streets; securing safety from fires, panic and other dangers; providing adequate light and air; preventing the overcrowding of land; avoiding undue congestion of population; facilitating the adequate provision of transportation, water, sewerage, schools, parks and other public requirements; and by other means, in accordance with a comprehensive plan; now, therefore,

The By-Laws of the Town of Randolph are hereby amended by adding the following:

## ARTICLE —: ZONING

### SECTION 1. *Definitions.*

A. "Lot"—A lot is a parcel of land occupied or intended to be occupied by one main building or use, with its accessories, and including the open spaces accessory to it, which is defined in a deed or plan recorded with Norfolk Deeds or registered with the Norfolk Registry District. No land which is within the boundaries of a street, accepted, proposed or dedicated, shall be included in determining lot areas.

B. "Erected" shall include altered, rebuilt, remodelled, moved.

## ONE HUNDRED AND FOURTH ANNUAL REPORT

C. "Frontage" is that distance between the side lines of a lot, measured along the set-back established in Section 5 B. On corner lots the owner may elect on which street the same shall front.

### SECTION 2. *Districts.*

A. The Town of Randolph is hereby divided into three districts as follows:

- (1) Residential
- (2) Business
- (3) Industrial

B. Districts shall be bounded as shown on a map called "Zoning Map of the Town of Randolph, Massachusetts, dated 1938" which map, is hereby specifically referred to and made a part hereof, and which shall be in the charge of and safely kept by the Building Inspector of the Town of Randolph, appointed hereunder.

For the purpose of general designation only, the Districts may be named as follows:

(1) Residential: All the land in Randolph not set off and included in a Business or Industrial District or zone.

(2) Business: Business Districts or zones at or near the following:

- (a) The Quincy Line
- (b) Pond Street
- (c) West Corners
- (d) Liberty Street
- (e) East Randolph No. 1 and No. 2
- (f) The Central area

(3) Industrial: There are two areas adjoining the rights of way of the N. Y., N. H. & H. R. R. at or near the following:

- (a) The Randolph Depot
- (b) The Holbrook Depot

TOWN OF RANDOLPH, MASS.

SECTION 3. *Use Regulations*

A. RESIDENTIAL DISTRICTS

No building nor structure shall be erected which is designed or intended to be used for mercantile, mechanical, manufacturing or other commercial use on land situated in a Residential District or Zone, except as hereinafter provided.

(1) Permitted uses.

The following uses are permitted in a Residential District:

Private dwelling house; municipal, educational, religious uses; agricultural, greenhouse or nursery, including the sale of produce similar to that raised on the premises; cemetery; charitable, philanthropic, hospital, sanatorium; club not conducted for a profit; public utility buildings and structures; licensed inns; dwelling houses wherein an incidental use is the manufacture, processing and sale, or any of them, of services performed or articles made or processed upon the premises; and accessory uses on the same lot with and customarily incidental to any of the above permitted uses, except as provided below:

(a) Limitations on accessory uses.

The following are expressly declared not to be accessory uses in Residential Districts or zones and are forbidden therein;

1. Furnishing, advertising or maintaining accommodations for more than four boarders, lodgers or paying guests, except as a licensed innholder.

11. Erecting or maintaining any advertising sign, except a real estate sign advertising for sale or rent the premises on which it is placed; or except a sign not over six square feet in area bearing the name and occupation of the owner or occupant of the premises on which it is placed.

*Rejected by Attorney General.*

## ONE HUNDRED AND FOURTH ANNUAL REPORT

### B. BUSINESS DISTRICTS.

No building nor structure shall be erected which is designed or intended to be used for manufacturing, mechanical or other industrial use in a Business district or zone, except as hereinafter provided:

#### (1) Permitted uses.

The following uses are permitted in a Business District:

(a) Any use permitted in a Residential district or zone, and

(b) Retail or wholesale stores and any and all establishments wherein goods and services, or either of them, are sold, rented or offered directly to the consumer, customer or other patron, including, among others, garages, tailor shops, plumbing and heating establishments, professional offices, restaurants, and the like.

### C. INDUSTRIAL DISTRICTS.

No building nor structure shall be erected which is designed or intended to be used for any injurious, noxious or offensive trade or industry in an Industrial district or zone.

#### Permitted uses.

The following uses are permitted in an Industrial District:

(a) Any use permitted in a Residential or Business District, and

(b) Any manufacturing, mechanical or other industrial use not injurious, noxious or offensive.

SECTION 4. *Non-Conforming Uses.*

## TOWN OF RANDOLPH, MASS.

Any building or use of a building or use of land or part thereof lawful at the time this by-law is adopted may be continued, unless and until abandoned, although such building or use does not conform to the provisions hereof. No increase in the extent of the non-conforming use of a building or land may be made except that any such non-conforming building may be added to, enlarged, reconstructed or replaced, and such addition, enlargement, reconstruction or replacement used for the purpose, or for a purpose substantially similar to the purpose, for which the original building may lawfully be used if authorized by the Board of Appeals and subject to appropriate conditions, limitations and safeguards stated in writing by the said Board and made a part of the permit. As a basis for such permit the said Board must be satisfied only that such addition, enlargement, reconstruction or replacement and the use to be made thereof will not substantially increase any detrimental or injurious effect of the building or use on the neighborhood.

### SECTION 5. *Area Regulations.*

#### A. MINIMUM LOT AREA.

In a residential district or zone no dwelling shall be erected or maintained except on lots containing not less than 7,500 square feet each and having a frontage of not less than 75 feet and not more than one dwelling shall be erected on each such lot. The foregoing provision shall not apply to lots recorded as such with Norfolk Deeds or registered as such in Norfolk Registry District on the effective date of this By-Law.

Notwithstanding the above provision, where the literal enforcement of this section would substantially diminish the value of the land, because of the conformation of the land, the shallowness or other irregularity of the lot boundaries, or the curved or other peculiarity of street location, or other valid reason, the owner thereof may apply to the Board of Appeals for relief and the said

## ONE HUNDRED AND FOURTH ANNUAL REPORT

Board shall grant, upon equitable terms and conditions, such relief as will carry out the intent of this By-Law, but in no event to reduce the frontage to less than 60 feet.

### B. FRONT YARDS.

(1) In a Residential district no building shall be erected within 25 feet of the side line of any street; except as follows:

- (a) No building shall be erected within 45 feet of the center line of any street which is less than 40 feet in width.
- (b) No building shall be erected within 40 feet of the side lines of South Main Street or of the side lines of that part of North Main Street south of the Pond Street business area.

PROVIDED: That no building in a residence district need be set back more than the average set-back of the residence buildings on the abutting lots. A vacant lot, a lot occupied by a non-conforming use, or a building set back more than the required distance, shall be counted as though occupied by a building set back at the prescribed distance for the purpose of determining said average.

(2) In Business and Industrial districts, no building shall be erected within 15 feet of the side line of any street, excepting that part of the east side of North Main Street within the Central Business district.

### C. SIDE YARDS.

(1) In a Residential district no building except a fire-proof one-story building of accessory use shall be erected within 6 feet of a side lot line, unless more than 40 feet from the side line of any street.

## TOWN OF RANDOLPH, MASS.

(2) In Business and Industrial districts no building shall be erected within 6 feet of a side lot line unless the wall adjoining such side lot line be either a party wall of a wall with its outer face coincident with the said side lot line.

### D. REAR YARDS.

(1) In all districts no building shall be erected within 3 feet of any rear lot line unless the said building be of fire-proof construction and the wall adjoining said rear lot line be either a party wall or a wall with its outer face coincident with the said rear lot line.

### E. PROJECTIONS.

Nothing herein shall prevent the projection of steps, porches, eaves, chimneys, cornices or windowsills into any required yard or open space.

### F. CORNER CLEARANCE.

On lots in Residential districts no building, fence nor any other thing which shall obstruct the view shall be permitted to be erected or maintained which prevents an unobstructed view through the space between 4 feet and 8 feet above the ground within the area formed by the intersecting side lines forming the corner of intersecting streets and a line joining points on such lines 20 feet distant from the point of intersection, provided, however, that where the junction of the side lines of two streets forms a curve, the clearance area shall be determined and certified by the Chief of Police as nearly as may be in accordance with the foregoing and having regard to the safety of the public, and the foregoing provisions shall apply to the area thus determined.

## SECTION 6. *Administration.*

### A. INSPECTOR OF BUILDINGS.

(1) The Board of Selectmen, forthwith upon

## ONE HUNDRED AND FOURTH ANNUAL REPORT

the adoption of this By-Law, shall appoint the Chief of the Fire Department or some other suitable person to be Inspector of Buildings. Such appointee shall hold office at the pleasure of the Board of Selectmen and until his successor is appointed and accepts office.

(2) The Inspector of Buildings shall enforce the provisions of this By-Law and exercise the powers and duties as provided in Section 29 of Chapter 40 of the General Laws (Ter. Ed.), as amended.

(3) All Applications for building permits shall be in writing and shall be accompanied by a plan drawn to scale showing the size and dimensions of the lot or lots to be built upon, the streets and other premises upon which it abuts, the size and location of the buildings to be erected or altered. The application shall set forth the use or uses proposed or intended and such other information as requested by the Inspector of Buildings.

(4) No building nor structure shall be erected or altered, and no land, building nor structure shall be used for a new, different, changed or enlarged use without a building permit therefor first having been obtained from the Inspector of Buildings, or, in case no building permit is required, unless a certificate of occupancy be issued by said Inspector certifying that the use proposed is in conformity with the provisions of this By-Law.

### B. BOARD OF APPEALS.

(1) The Board of Selectmen forthwith upon the adoption of this By-Law shall appoint a Board of Appeals, as provided in Section 30 of Chapter 40 of the General Laws (Ter. Ed.), as amended.

(2) The Board of Appeals shall exercise all the powers and duties set forth in said Section 30 of

TOWN OF RANDOLPH, MASS.

Chapter 40 of the General Laws (Ter. Ed.), as amended, and may, in appropriate cases and subject to appropriate conditions and safeguards, make special exceptions to the terms of this By-Law in harmony with its general intent and purpose, particularly with reference to the provisions of Sections 4A and 5A hereof, and with reference to the use of lots located in two or more districts.

(3) At the time of filing an appeal, application or petition with the Board of Appeals the applicant shall deposit with the said Board the sum of Five Dollars for the expense of notice, as provided in the said Section 30 of Chapter 40 of the General Laws (Ter. Ed.), as amended. Any balance thereof unexpended for such notice shall be returned to such applicant at or before the filing of the decision by the said Board.

(4) Appeals, applications and petitions to the Board of Appeals shall be in writing and shall present the facts, reasons and arguments supporting the request for relief sought and shall be filed with the Town Clerk who, upon receipt, shall notify the said Board.

SECTION 7. *Separability.*

If any provision of this By-Law, or the application thereof to any person or circumstance is held invalid, the remainder of the By-Law, and the application of such provision to other persons or circumstances shall not be affected thereby.

A true copy of by-laws submitted by the Zoning Committee on March 13, 1939 and accepted by the Town on March 20, 1939.

Attest:

JOHN B. McNEILL,  
Town Clerk of Randolph.

ONE HUNDRED AND FOURTH ANNUAL REPORT

Boston, Mass., June 29, 1939.

The foregoing by-laws are hereby approved with the exception of section 3, which is disapproved as indicated.

PAUL A. DEVER,  
Attorney General.

Randolph, Mass., July 28, 1939.

I hereby certify that these by-laws were published in the Randolph-Sentinel News on July 14th, July 21st and July 28th, 1939.

Attest:

JOHN B. McNEILL,  
Town Clerk.

## Report of the Selectmen and Overseers of Public Welfare

---

In making its report for the past year the Board of Selectmen feel that except for W. P. A. and welfare activities this has been a normal year.

We have been confronted with increasing difficulties under the W. P. A. program, due mostly to the action taken by Congress, making it mandatory for every man who had worked continuously for eighteen months to be laid off for thirty days. Many men have had ten to fifteen weeks of unemployment because of this law, and the payroll for the year 1939 has amounted to \$168,938.00 compared with \$193,239.00 in 1938. Because of a reduction the past year of over \$25,000.00 in wages to W. P. A. workers in the town we have had to provide other means of assistance in necessitous cases. The number of Randolph people employed on W. P. A. during the year went from a high in January of 325 to a low in August of 168.

Every effort has been expended to secure from the Surplus Commodity Division allotments of food and clothing to the extent that value of food distributed in the town was \$16,201.65, and in addition clothing at a value of \$8,352.65. Through the cooperation of Captain Rooney over 100 cords of wood have been secured from the Blue Hills Reservation.

Complying with the vote of the citizens at the 1939 Annual Town Meeting, this Board sold the West Corners School building and land on June 3rd, for the bid amount of \$501.00.

## ONE HUNDRED AND FOURTH ANNUAL REPORT

During the year at the request of civic organizations within the town, parallel parking instead of angle parking was established on the easterly side of North Main Street, from Crawford Square to Short Street, and two hour parking on both sides of North Main Street, from Crawford Square to Warren Street. This change has caused much favorable comment.

In order to preserve to Randolph citizens what limited service is now being obtained from the New Haven railroad, and to secure any possible better and further service including the re-establishment of the Randolph station, this Board appointed a Railroad Service Committee on November 6th comprising Timothy Lyons Jr., Francis Curran, Lawson Wright, John J. Rose, George N. Welch, and Edgar B. Cole, to work with a similar committee appointed by the Governor and the Attorney General.

After considerable effort and favorable sentiment during the past few years, Zoning By-Laws were adopted by the Town at its Annual Town Meeting on March 20, 1939, and became effective on July 28, 1939. In compliance with the Zoning Laws the Board appointed a Board of Appeals comprising George N. Welch, G. Henry Tangen, Dennis Murphy, George Taylor, and John E. Kelley, and appointed Harold L. Bailey, Inspector of Buildings.

During the year, several easements were secured to provide proper drainage of Town streets and to prevent their flooding and erosion, among which were an easement taken in the vicinity of the old Tower Hill School on Lafayette Street, and through properties opposite Saint Bernardette's Church.

On the recommendations of the Insurance Committee, a review of the fire protection facilities in Randolph, as they apply to Town owned and insured property, was

## TOWN OF RANDOLPH, MASS.

obtained by the Board of Selectmen from the New England Fire Insurance Rating Association, without expense to the Town. On November 21st we received the result of the survey and because of the enormous cost of complying with recommendations of the Association which were disproportionate to the benefits which would be received by the Town by way of reduced fire rate premiums, no action was taken.

To Senators David I. Walsh and Henry Cabot Lodge, Jr., Congressman Richard B. Wigglesworth, Captain Rooney of the Blue Hills Reservation and to all Town officials who have given their cooperation, we extend our appreciation.

THEODORE S. LUDDINGTON,  
CHARLES H. McGRATH,  
CHARLES F. BLAKELY,  
Selectmen of Randolph.

ONE HUNDRED AND FOURTH ANNUAL REPORT

## Assessor's Report, 1939

December 31st, 1939.

To the Honorable Board of Selectmen:

We herewith submit the report of this department for the year 1939.

On March 6th, Mr. Raymond E. Lyons was re-elected for a three-year term, and on March 13th the board was organized with Mr. Raymond E. Lyons, Chairman; Mr. James P. Duffy, Clerk; and Mr. Frank F. Teed, Associate Member.

The tax rate for the year was computed on the following basis of expenses and receipts:

### EXPENSES

Town appropriations (Balance transferred at Town Meeting Sept. 6, 1938, authorized by the Commissioner)	\$22,000.00	
Town appropriations, March 1939	420,176.54	
Overlay deficit, 1934	19.00	
Overlay deficit, 1935	20.70	
Overlay deficit, 1936	2,913.02	
Overlay deficit, 1937	2,756.44	
Overlay, current year	4,209.65	
State tax, 1939	20,340.00	
State tax, 1938 (deficit)	10,170.00	
County tax, 1939	7,051.75	
County tax, 1938 (deficit)	36.66	
State Audit	696.79	
Parks and Reservations, 1939	405.23	
Parks and Reservations, 1938 (deficit)	24.52	
Land damages	108.00	
		<hr/>
		\$490,928.30

# TOWN OF RANDOLPH, MASS.

TOWN OF RANDOLPH, MASS.

PUBLIC LIBRARY

To the Citizens of Randolph:

Pursuant to the provisions of Article 3 of the By-Laws of The Turner Free Library, this report, for the calendar year 1939 and being the sixty-fourth annual report, is submitted, showing the condition of the trust consisting of the building, library, and funds, together with the reports of the Librarian and Treasurer and so much of the reports submitted to the Trustees by the various committees as seems of general interest.

The Library Committee reports that the books, charts and furnishings are in good condition and that all books belonging to the library are accounted for by the Librarian.

The Building Committee reports a considerable amount of repair work done. As in the case of all buildings it must be expected that repairs will be necessary during each year and in the light of past experience the trustees ask for the current year an appropriation of \$500.00 to cover the cost of such repairs to the exterior and interior of the building and to the furnishings and fixtures as may from time to time be necessary.

The Librarian's report sets forth in some detail the continuance and extent of the library's service to the community. The trustees again record their sincere appreciation of the value and helpfulness of the magazines purchased out of the income of the fund given by Mr. Erskine H. Cox in memory of Mrs. Ethelyn M. C. Cox.

There have been a number of changes in personnel during the year. From time to time the trustees were forced to accept the resignations of Miss Barbara Hill,

## ONE HUNDRED AND FOURTH ANNUAL REPORT

Mrs. Mollie F. Howard and Miss Lilli Fischer as assistants. In each instance the resignation was accepted with regret and a deep sense of faithful and efficient service.

The trustees express their thanks for the loyalty and efficiency of the Librarian, Mrs. Eunice B. Martin and of her present assistants, Miss Pearl Massie and Miss Virginia Baker, and of the janitor, Mr. John T. Moore.

A copy of each of the following reports is hereunto subjoined: the report of the Librarian; the report of the Treasurer showing the investment of the funds and the receipts and expenditures of the library; and the report of the Finance Committee.

Respectfully submitted,

SETH T. CRAWFORD,  
President, Board of Trustees.

Randolph, Mass., January 19, 1940.

TOWN OF RANDOLPH, MASS.

REPORT OF LIBRARIAN  
of  
TURNER FREE LIBRARY

To the Trustees of the Turner Free Library:

I have the honor to submit the annual report of the Librarian for the year ending December 31, 1939.

The Library has been open to the public: Monday, Wednesday and Saturday afternoons, from 2.00 - 4.30, and every evening from 7.00 until 9.00, with the exception of Sundays and holidays.

During July and August we were open evenings only from 7.00 - 9.00. 322 books have been added, making the accession number 35,038. 239 books were purchased and 73 were gifts.

Circulation for the year, 24,024.

The largest circulation for one month was in November when 2,341 books were given out. Number of magazines loaned, 1,256.

Owing to so many unused borrowers' cards in our file, the Trustees voted to have a new registration. From August 14th, 1939 until January 1, 1940, 1,181 cards have been issued.

Miss Hill resigned in June to take a position with a local bank.

Mrs. Howard resigned in August.

Miss Fischer resigned in October to take a position in a local school.

We are fortunate to have secured Miss Massie and Miss Baker who are proving very efficient.

The Librarian wishes to thank them all for their help and loyalty; also the Trustees for their cooperation.

Respectfully submitted,

EUNICE B. MARTIN, Librarian.

REPORT OF FINANCE COMMITTEE

To the Trustees of the Turner Free Library:

Your Committee on Finance submits the following report:

The Committee has audited the accounts of the Treasurer for the year 1939 and found them correct. All moneys received have been duly accounted for and no moneys have been paid out except upon vouchers properly approved. The Committee has examined also the securities representing the investments of the funds of the Library and has found them to be intact and as represented.

Respectfully submitted,

RAYMOND L. MASON, Chairman.

January 15, 1940

## Report of the Board of Health

---

Randolph, Mass., Jan. 20, 1940.

Board of Selectmen,  
Randolph, Mass.  
Gentlemen:

The Board of Health respectfully submits its report, and the report of its respective agents for the year ending December 31, 1939.

The Board of Health has inspected all stores and places where food and other goods were distributed, and found them clean and safe for the sale of goods. Sanitary conditions were up to the regulations of the Board.

The Dental Clinic was very ably conducted through the efforts of Dr. Maguire and Dr. Smith. Examinations were made yearly in the various schools, and a report sent to the parents of children needing attention. We wish to recommend the continuance of this Clinic as it is one of the most deserving expenditures in the Town budget.

In regard to the health conditions of the Town, there were not as many contagious cases as in the year previous. Apparently this is due in some respect to the diphtheria clinic held each year.

The Work of the Chadwick Clinic recently taken over by the Norfolk County Hospital must again be acknowledged, and its importance recognized. Due to the efforts of our visiting nurse, and school nurse, the children are receiving tests and attention that usually arrests tuberculosis at the onset.

## TOWN OF RANDOLPH, MASS.

With the cooperation of the Selectmen we were able to conduct and supervise clean up days this year. At this time we wish to stress the importance of our clean up days. If the people would take advantage of the opportunity this affords them, we would have less so-called private dumps in the Town. During the past year we have had many complaints regarding the dumping of rubbish, etc., on private property. After careful investigation we find only one solution. According to our rules and regulations this can be termed a nuisance, or a menace to public health, and action may have to be taken. We hope that with the cooperation of the citizens of the town during the coming year, this can be avoided.

The new combination Inhalator and Resuscitator which the Town voted to purchase has been received and is now located at the Central Fire Station. The Board has every reason to feel that this particular piece of equipment will prove of inestimable value to the medical profession of the town. We wish to express our gratitude to our Health nurse, Miss Beatrice Scannell, also our School Nurse, Miss Helen Conlon, for their fine cooperation with this Board during the past year.

In closing we wish to express our thanks to the Selectmen and other Town officials for the courtesy and assistance given us during the past year.

Communicable diseases during the year 1939 were as follows:

Scarlet Fever	14
Pulmonary Tuberculosis	1
Lobar Pneumonia	5
Mumps	3
Measles	72
Dog Bites	20

## ONE HUNDRED AND FOURTH ANNUAL REPORT

The following is the list of licenses granted during the year 1939.

Ice Cream	1
Milk	66
Alcohol	14
Undertakers	4
Piggeries	1
Cess Pool Cleaning	1

Respectfully submitted,

FRANK A. FORREST, Chairman  
GEORGE H. HENEY, Secretary  
WILLIAM E. BUCK, M. D.

Board of Health.

TOWN OF RANDOLPH, MASS.

REPORT OF THE PLUMBING INSPECTOR

---

Randolph, Mass., January 22, 1940.

Board of Selectmen,  
Town Hall,  
Randolph, Massachusetts

Gentlemen:

I hereby submit my report as Plumbing Inspector  
for the year ending December 31, 1939.

There have been seventy-five permits issued.

The following fixtures have been installed:

- 56 Water Closets
- 53 Sinks
- 46 Wash Bowls
- 47 Bath Tubs
- 19 Wash Trays
- 6 Slop Sinks
- 3 Urinals
- 1 Floor Drainer
- 3 Refrigerators
- 36 Pressure Boilers

The estimated cost about \$7,500.00.

Respectfully submitted,

THOMAS O'RILEY,  
Plumbing Inspector.

ONE HUNDRED AND FOURTH ANNUAL REPORT  
REPORT OF THE INSPECTOR OF SLAUGHTERING

---

Randolph, January 1st, 1940.

To the Board of Health,  
Randolph, Mass.

This is to certify that I have inspected 265 animals.

Hogs	248
Neat Cattle	4
Calves	12
Sheep	6
Goats	5
	<hr/>
	265

Condemned 4 animals.

WESTON L. MANN,  
Inspector of Slaughtering.

TOWN OF RANDOLPH, MASS.

**REPORT OF INSPECTOR OF MILK**

---

Randolph, Mass.

To the Board of Health of the Town of Randolph,

Sirs:

I hereby submit my report as Milk Inspector for the year ending December 31, 1939.

Licenses issued were:

Sixty-six Milk Licenses

Ten Milk Permits

One Pasteurization License

Four Oleomargarine Licenses

Milk tested averaged 4.5 % butterfat content.

Respectfully submitted,

HENRY MERRILL,  
Milk Inspector.

ONE HUNDRED AND FOURTH ANNUAL REPORT

REPORT OF ANIMAL INSPECTOR

---

Randolph, Mass., Jan. 19, 1940.

To the Honorable Board of Selectmen:

I herewith submit my report as Inspector of Animals for the year ending December 31, 1939:

Cattle	161
Swine	1935
Goats	28
Sheep	2

The stables housing these animals were inspected and found to be in satisfactory order.

There were also 13 dogs quarantined by the department.

Respectfully submitted,

CHARLES H. TRUELSON,  
Inspector of Animals.

# Report of Water Commissioners

---

To the Citizens of the Town of Randolph:

The fifty-fourth annual report of the Water Commissioners is herewith submitted for the year ending December 31, 1939.

Organization of the Board of Water Commissioners for the year 1939 was effected as follows:

John B. McNeill . Chairman and Collector  
Richard F. Forrest . . . Superintendent  
Frederick D. Driscoll  
Clerk and Meter Reader

Due to the death of John B. McNeill, Chairman and Collector, last August, the Water Department has functioned under the supervision of the two remaining members, with Frederick D. Driscoll carrying out the duties of Collector and Richard F. Forrest acting as Chairman.

During the year, 40 new services were connected; 20 services were pumped and cleaned; 55 services metered; 32 services were repaired; 5 hydrants were broken by automobiles; 10 services renewed.

Boxes were raised to grade because of new construction on Maple Street, North Main Street, Canton Street, Liberty Street and Roel Street.

On Lafayette Street three new hydrants were moved to new locations and three new gates installed.

Seven new hydrants were moved and raised because of sidewalk construction.

## ONE HUNDRED AND FOURTH ANNUAL REPORT

The department has completed the installation of 2000 feet of 8-in. cast iron main on Pond street, with six 6-in. gates and two 8-in. gates and have connected eight services to same.

On July 6th we started trenching to install a new 12-in. cast iron main from the standpipe entrance on South Main street to the Avon Line, with new gates, hydrants, services and connections, which will possibly be completed in February of 1940.

This new construction will not only give the residents along the South Main street section better house service, but will also prove to be a great asset as to fire protection for that part of the town.

The expenditures of the Water Department will be found in the Town Accountant's report.

Collections and outstanding water rates will be found in the report of the Water Collector.

---

October	18,517,600	597,342	55,490	1,790	2,209
November	19,238,200	641,273	54,493	1,783	2,209
December	20,517,700	661,861	55,780	1,799	2,200
	<hr/>	<hr/>	<hr/>	<hr/>	<hr/>
	255,904,600	699,512	744,797	2,036	30,710

The largest day's pumping was on August 1, 1939, when 1,476,000 gallons were pumped.

The largest week's pumping was the week ending August 20, 1939 when 10,031,600 gallons were pumped.

Respectfully submitted,

JOHN J. McNEIL, Engineer.

## ONE HUNDRED AND FOURTH ANNUAL REPORT

### RULES AND REGULATIONS

The following regulations, until further notice, shall be considered a part of the contract with every person who uses water:

1. All applications for use of water must be made at the office of the Water Commissioners, and state fully the purposes for which it is intended to be used. Water will not be introduced to premises except on the written application of the owner thereof, or by a duly authorized agent. The property will in all cases be held responsible for the water rates.

2. All persons taking water must keep their water pipes and fixtures in good repair and protected from the frost at their own expense. They will be held liable for all damages resulting from their failure to do so. They shall prevent all unnecessary waste, and water shall not be left running to prevent freezing. The Water Commissioners or their agents may, from time to time, ascertain the quantity of water used, the manner of its use, and whether there is unnecessary waste. They and their agents shall have free access to the premises supplied, to examine the apparatus, and if any fixtures are found not to be in good order, they shall direct them repaired, and if not repaired within two days the water shall be shut off and not let on again until such repairs are made, and the sum of two dollars paid for shutting off and turning on the water.

3. The occupant of any premises, when unnecessary waste of water occurs, shall be liable to a fine of two dollars for the first offense, and four dollars for the second offense during the same year, and shall be notified thereof in writing; and if such waste is not prevented and the aforesaid fines paid within two days from the time when the said notice is given, the water shall

## TOWN OF RANDOLPH, MASS.

be shut off the premises, and shall not be again let on for the same occupant until waste be stopped and the fine paid, together with an additional sum of two dollars for shutting off and letting on the water, and in case of a third or subsequent offense the water shall be shut off, and shall not again be let on except by a vote of the Water Commissioners and the payment of such fine, not exceeding ten dollars, as the Water Commissioners may impose.

4. Any person supplied with water shall not allow another to take water from his fixtures without the written permission of the Water Commissioners. If a tenant has no fixtures, he will be charged full rates for any use which he makes of the fixtures of another.

5. All parties using water in stables, for horses or other animals, will be charged scheduled rates for the same, whether it be carried by hand or through hose.

6. All persons using water for building purposes are required to obtain a permit from the Water Commissioners before taking water from any faucet or fixtures connected with the water works, and all water takers are warned not to let any party take water from their premises until they show a permit from the Water Commissioners. Any person furnishing water in violation of this section will be subject to a fine of not less than five nor more than twenty dollars, and if the same when levied is not paid within three days from the time when the notice thereof is given, the water will be shut off from the premises and will not be let on again until such fine is paid.

7. All fixtures and water closets and urinals must be of a kind and quality approved by the Water Commissioners, also a vacuum valve must be installed on all pressure range boilers connected with the system.

## ONE HUNDRED AND FOURTH ANNUAL REPORT

8. No person shall in any case be allowed to open any fire hydrants except by a written permit from the Water Commissioners; but the Engineers of the Fire Department shall in all cases have control of hydrants at fires and for practice.

9. The Commissioners reserve the right to restrict the use of hose or fountain, to shut off the water in all cases when it becomes necessary to make extensions or repairs, or for violations of any of the regulations, or whenever they deem it expedient.

10. The regular rates for the use of water shall be payable in advance on the first days of January and July of each year, except where water is supplied to manufacturers by special agreement. In all cases of non-payment of the water rates within ten days after same is due as well as for violations of these rules and regulations, the supply will be shut off, and payment of the amount due, and payment of two dollars for shutting off and letting on the water, shall be made.

11. The Water Commissioners reserve the right to change the water rates at any time except in cases of dwelling houses and established special rates.

12. For business requiring large quantities of water, and all supplies not enumerated in the tariff of rates, special rates will be made.

13. Parties using water for manufacturing or domestic purposes can erect hydrants on their grounds or standpipes in their buildings to be used only as a protection against fire without additional charges for water.

14. All applicants for the introduction of service pipes to premises are required to make written application therefor at the office of the Water Commissioners.

## TOWN OF RANDOLPH, MASS.

And in no case will the main be tapped more than once for the same premises, unless the additional expense is borne by the owner.

Charged as follows:

The following water rates are established until further notice:

No connection made with the main for any purpose for less than .....	\$6.00
--	--------

### Dwelling Houses

Occupied by one family, for the first faucet ....	6.00
Each additional faucet to be used by the same family .....	2.00
Two or more families occupying one house, one faucet for all, each family .....	5.00
One faucet for each family .....	6.00
For first bathtub .....	5.00
If used by more than one family in same house, each family .....	4.00
Each additional bathtub .....	2.00
For first pan or self-acting water-closet .....	5.00
If used by more than one family in the same house, each family .....	4.00
Each additional pan or self-acting water-closet .....	2.00
Where two faucets are used, one for hot and one for cold water, emptying into the same basin, only one charge will be made for both.	
Laundry tub .....	3.00

### Hose

For sprinkling streets, washing windows and similar uses, 1/4-inch nozzle, to be used only on premises and street opposite, not exceeding two hours per day for six months in the year .....	5.00
--	------

## ONE HUNDRED AND FOURTH ANNUAL REPORT

For any use not herein enumerated, special rates will be made.

Meter Rates payable at Time of Reading.

For not over 133 cubic feet average per day, per 100 cubic feet .....	.23
---	-----

For over 133 cubic feet and not exceeding 266 cubic feet average per day, per 100 cubic feet .....	.19
--	-----

For over 266 cubic feet average per day .....	.15
---	-----

Provided that in no case where a meter is used shall the annual charge be less than \$7.00.

Meters may be supplied by the Water Commissioners for which annual rental will be charged as follows:

Size $\frac{5}{8}$ -inch .....	\$1.00 per year
Size $\frac{3}{4}$ -inch .....	\$1.00 per year
Size 1-inch .....	\$4.00 per year
Size 2-inch .....	\$6.00 per year

All needed repairs, damages by frost and heat excepted, will be made at the expense of the town.

RICHARD F. FORREST,  
FRED D. DRISCOLL,  
Water Commissioners.

## Report of the Planning Board and Park Commission

---

The following is a combined report of the Planning Board and the Park Commission for the year 1939.

Many families were supplied with wood during the past year as a result of cleaning up the Park after the hurricane. No new trees have been set out as yet, but we intend to use the \$50.00 which was appropriated last year to buy some trees early this spring.

Permission was granted the local Girl Scouts to use a portion of land in the Park to erect a building on. **This** building to be erected at their expense and used for their various functions. We feel that we have acted wisely in granting this request as the girls have no place of their own in which to meet. During the past few years they have used the park for their wild life study and have helped by planting flowers there also. It is clearly understood that the erection and maintenance of this building will bring no added expense to the town.

Your board recommends continuation of sidewalk construction, the placing of signs on streets that are now without them, the straightening of West Street from Cross Street to the Stoughton line, the re-surfacing of Grove Street, the investigation of the possibilities of a new Fire Station with the aid of Government funds, the proper drainage of the Park so as to provide skating place without causing any upset with abutters.

To all those who have co-operated with our efforts to be of service to the Town of Randolph and fulfill our obligations as members of the Planning Board and Park Commission, we extend our most sincere appreciation.

Respectfully submitted,

WILLIAM F. DOLAN, Chairman.

# Report of the Highway Surveyor

---

January 22, 1940.

To the Citizens of Randolph :

I respectfully submit the following report for the year ending December 31, 1939.

During the past year many improvements in streets, sidewalks and drainage have been made.

## GENERAL

Tar treatment was applied to Howard Street, Plain Street, Short Street, Moulton Street, and School Street.

The following gravel roads were graded and gravelled : Grove Street, High Street, Oak Street, Russ Street, Highland Avenue, and Vine Street.

The Town grader was of great assistance in this type of work.

Catch basins and outlets were cleaned thoroughly as were drains and brooks.

The shoulders on North Street were gravelled from Liberty Street to the Braintree line.

Patching where necessary was taken care of during the year and streets were cleaned of sand and refuse.

One Town Truck was turned in and a new truck purchased in accordance with vote at Annual Town Meeting.

## TOWN OF RANDOLPH, MASS.

### CHAPTER 90

Five streets are included under this heading, Union, Warren, Pond, Canton and North Main Street, from Crawford Square to Railroad Bridge.

Due to the poor condition of Pond Street it was necessary to resurface it with a mixed in place of Asphaltic crushed stone mix. This was done from Braintree line to Lillian Street, a distance of approximately 4000 ft. There is approximately 400 feet still to be done to complete the entire length.

In addition, catch basins and outlets were cleaned, brush removed, shoulders repaired, gutters reshaped, fences rebuilt and other necessary repairs were made on all other "Chapter 90" streets.

### EMPLOYMENT FUND

A sidewalk with curbing was constructed on Highland Avenue, and many other projects were completed with the aid of the Employment Fund and I wish to thank the Board of Selectmen for their co-operation in making this work possible.

### W. P. A. SIDEWALKS

With the aid of labor paid by the Works Progress Administration the center of the town has been improved through the construction of a concrete sidewalk on the West side of Main Street from Crawford Square to Warren street. The granite curbing had to be removed because it was not uniform in size and a concrete curbing was constructed to replace it.

Other bituminous mix sidewalks were completed on Roel, Liberty, Canton and Maple Streets.

A retaining wall was also constructed on Canton Street.

## ONE HUNDRED AND FOURTH ANNUAL REPORT

### W. P. A. STREETS

Gravel was spread on Highland Avenue, from Cole Terrace to Fitch Terrace and a tar treatment applied. Wilmarth Road was widened, drainage repaired, gravel spread and tar treatment applied. This project was also aided by labor paid from "Employment Fund."

A great deal of work was done on Lafayette Street from High to Grove Street. Stumps were removed, stone walls with concrete capping were constructed, fences were replaced, ledge was blasted, inferior base was removed and hauled away, new gravel base and surface treated with tar was substituted.

Work is now being done on Royal Street but due to heavy frost condition, a delay in actual construction is necessary, but as soon as weather permits loam and stone will be removed and street will be properly graded, gravel will be rolled and tar treatment will be applied. Included in this same project is, Tileston Road, Woodlawn Road, Belcher Lane and Fairfield Road.

### W. P. A. FUNDS

There is a balance of funds left in the W. P. A. "Town-wide Street Project" and as soon as weather permits it is planned to use this balance in improving the following streets: Amelian Road, Mitchell Street, Ballard Street, Thomas and Linden Streets and Pond Lane.

### DRAINAGE

Drainage was completed on Druid Hill Avenue and drainage on Old Street was completed as far as North Main Street. The balance will be done under a new project which has been approved in Washington. Also included in this project for 1940 are, Howard, Plain, Liberty and Cottage Streets, Maitland Avenue and Vesey Road.

## TOWN OF RANDOLPH, MASS.

Additional sidewalk and drainage projects are sponsored by the Highway Department and some of the locations to be included are: Sidewalks on Center, Cross, Grove, Woodlawn and Fairmount Streets, Wales and Fairview Avenues and Norfolk Road. Drainage on Woodlawn, Fairmount and Lafayette Streets, Norfolk Road, Fairview Avenue and Cole Terrace.

As it would be impossible to attempt this type of work without the aid of W. P. A. due to the labor cost, it is planned to have these projects approved and on file to insure against layoffs during the coming year.

I wish to thank the Town Officials and the citizens for their co-operation and assistance during the past year.

Respectfully submitted,

JOHN A. FREDERICKSON,  
Highway Surveyor.

## Report of the Tree Warden

---

January 20, 1940.

To the Citizens of the Town of Randolph:

The public shade trees of any community are an asset and ornament to the lovers of nature.

Your trees, many of them are years old and can never be replaced if removed. Conditions under which some of these trees are growing are against the life of them, owing to the cement highways and the want of proper nourishment. The trees should be fertilized if they are to be preserved.

No money was raised last year for the planting of new shade trees. I would recommend that some money be raised this year for they are needed very badly. We lost a great many of our lovely trees two years ago in the hurricane.

It would be a very good idea to establish a nursery so that young trees could be transplanted and raised for street tree planting.

Respectfully submitted,

JOHN T. MOORE,  
Tree Warden.

## Report of the Local Moth Superintendent

---

January 20, 1940.

To the Honorable Board of Selectmen:

The Gypsy and Brown Tail Moth situation for the year ending December 31, 1939 was fairly satisfactory.

Very little creosoting was done the past year due to lack of money. Spraying was carried on during the Spring and early Summer as far as our appropriation lasted.

The Elm Tree Beetle situation in the town was very serious. Spraying for this pest must be carried on this year in order to keep it under control and save our fine old elms.

The Tent Caterpillar and Fall Webworms were bad; more work should be done in regard to this evil.

More money should be raised this year for the work that has to be done and unless it is the town will become infested.

It will be necessary for the town to appropriate money for a new truck for the spraying apparatus. For the past two years it has cost the town a great deal of money for repairs on the old truck that should have been spent on the purchase of a new one.

Respectfully submitted,

JOHN T. MOORE,  
Local Moth Superintendent.

ONE HUNDRED AND FOURTH ANNUAL REPORT

# Report of Police Department

---

Randolph, Mass., Jan. 19, 1940.

To the Board of Selectmen,  
Randolph, Mass.

Gentlemen:

I herewith submit report of the work done by the Police Department of the Town of Randolph for the year ending December 31, 1939:

Calls answered and investigations made	4,918
*Summons served	158
*Arrests	290
Arraignments in Court	277
Bound over to Grand Jury	14
Pending in District Court	13
Found Guilty in District Court	200
†Dismissed for want of Prosecution	19
Appealed to Superior Court	8
Found guilty in Superior Court	18
Nol Prossed in Superior Court	5
Pending in Superior Court	0
Acquitted	19
Filed	89
Probation	22
Fined	97
Released	6
Committed to House of Correction	9
Committed to State Hospital	4
Committed to Concord Reformatory	1
Put up for the night	3

Total number of miles covered by motorcycles	17,624

\* Some arrests and summonses were served for out of town police.

† Of the 19 cases dismissed for want of Prosecution, the police were complainant on 5.

Respectfully submitted,

PATRICK T. McDONNELL,  
Chief of Police.

ONE HUNDRED AND FOURTH ANNUAL REPORT

# Report of Fire Department

---

Randolph, Mass., January 15, 1940.

To the Board of Selectmen :

Gentlemen :

I herewith submit my report of the Randolph Fire Department of the Town of Randolph for the year ending December 31, 1939.

The Department responded to 293 calls during the year, classified as follows :

38	Building Fires
156	Wood and Grass Fires
15	Automobile Fires
11	False Alarms
2	Aid Calls
1	Inhalator
60	Ambulance
10	Miscellaneous

8700 feet of hose and 279 feet of ladders were used during the year.

Assessed value of buildings damaged by fire	\$49,100.00
Insurance on property	\$65,400.00
Damage to property	\$7,348.85
Insurance paid	\$5,675.85
Loss not covered by Insurance	\$1,675.00

At a recent examination of the Fire Department conducted by the New England Fire Insurance Exchange

TOWN OF RANDOLPH, MASS.

our pumping engines passed a satisfactory test. The Forest Fire Engine is not in very good condition at the present time. The power plant in this machine is badly worn and will have to be replaced at once.

The Fire Alarm System is in good condition with the exception of a short section of wire on South Main Street which I shall replace this coming year.

Respectfully submitted,

HAROLD L. BAILEY,  
Chief of Fire Department.

ONE HUNDRED AND FOURTH ANNUAL REPORT

Report of the  
Sealer of Weights and Measures

---

Randolph, Mass., Jan. 8, 1940.

To the Board of Selectmen, Randolph, Mass.  
Gentlemen:

During the year 1939 I have sealed:

Scales	120
Weights	103
Liquid measures	72
Gasoline pumps	73
Oil jars	32
Kerosene pumps	9
Grease pumps	21
Yard sticks	13
Taxi meters	8
Oil measuring pumps	69
Re-sealed and tested:	
Gasoline pumps	20
Scales	10
Inspections made:	
Pedlars' licenses	12
Pedlars' scales	6

Fees collected and turned over to the Town:

Treasurer	\$91.88
-----------	---------

Salary of Sealer	\$150.00
------------------	----------

Transporting weights	50.80
----------------------	-------

Purchase of equipment	9.20
-----------------------	------

---

	\$210.00
--	----------

Appropriation	\$210.00
---------------	----------

Respectfully submitted,

DANIEL P. LYONS,

Sealer of Weights and Measures

TOWN OF RANDOLPH, MASS.

## Report of the Board of Appeals

---

January 22, 1940.

Board of Selectmen,  
Town of Randolph,  
Randolph, Mass.

Gentlemen:

It is requested that the following brief report of The Board of Appeals be incorporated in the town report.

The Board of Appeals which was appointed by the Board of Selectmen in accordance with the Zoning laws adopted by the town and approved by the Attorney General, wishes to report that no appeals have been received since the organization of the Board in September 1939. The procedure by which an appeal may be taken from an adverse decision of the Building Inspector is set forth in the Zoning Laws. Arrangements are being made for the printing of a number of copies of the Zoning Laws and these will shortly be available for distribution at the Town Hall.

Respectfully submitted,

GEORGE N. WELCH, Chairman  
HENRY TANGEN, Secretary  
JOHN E. KELLEY  
GEORGE TAYLOR  
DENNIS MURPHY

## Report of the Investigating Committee for Stetson High School

---

Under article 21 of the warrant for the annual town meeting for March 13, 1939, a committee of five members: Dr. George V. Higgins, Martin Young, Carl Reichert, Harold Macauley and Leslie A. Claff, was appointed to work in conjunction with the school committee to investigate the over-crowded conditions at the Stetson High School and to make recommendations for relieving these conditions.

This committee organized on May 10, 1939, with Mr. Leslie A. Claff as permanent chairman and Mrs. George W. Brewster as secretary. At this meeting the principal of the high school reported conditions existing as follows:

1. The lunch room, laboratory and sewing room are being used for home rooms.
2. The science laboratory is being used for classes in general science and drawing; as well as for chemistry and physics laboratory experimental work. The use of the laboratory for other purposes curtails the amount of usage that can be given to the room for the purpose for which it was originated.
3. Due to the inadequacy of the lunch-room facilities, the laboratory and sewing room are being used for lunch rooms.
4. Study pupils are placed in the rear of every recitation room and are so distracted by what is

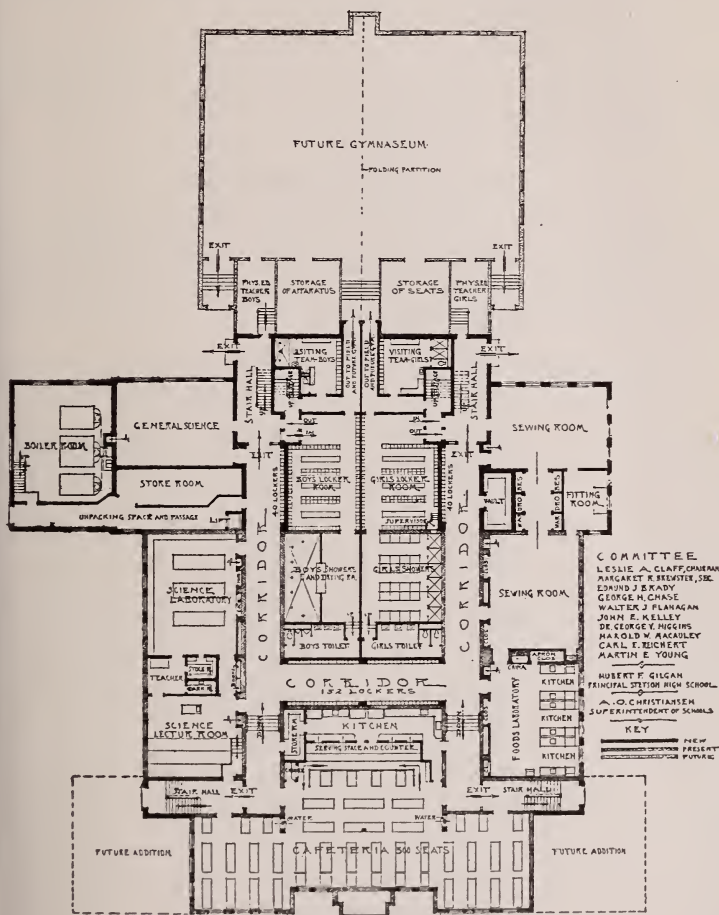

## ONE HUNDRED AND FOURTH ANNUAL REPORT

being said and done in the room that they cannot concentrate on their studying. On the other hand, so many study pupils in a room constitute a problem for the teacher who must divide her time between study pupils and recitation to the detriment of the recitation.

5. Room 28, a room made by partitioning off one large room into 3 rooms, has to be used for study and recitation, although in its present setup, heat, light and ventilation are not satisfactory.
6. Due to the inadequacy of the assembly hall, the school has to be divided into two assembly periods as state law limits the audience to 350—the enrollment at present is over 500.

At the second meeting held May 24, 1939 at the school committee rooms, printed data prepared by the superintendent of schools, was submitted, showing the seating capacity of each room and the present enrollment in the entire school system. This data was submitted with the thought of relieving the high school congestion by using space in the junior high schools. Upon investigation there was found to be no available space in the Devine School and so little at the Prescott School that such a plan would be inexpedient.

At later meetings of this committee all the school buildings were visited and on several occasions the high school building was visited both in and out of session so that your committee might report its findings from actual experience. We report finding conditions existing in the high school exactly as outlined to us by the principal at our first meeting. The assembly hall is licensed by the State to accommodate 350; the enrollment as of October 1, 1939 was 523. With this excessive enrollment, facilities for passing from one room to another between

BASEMENT PLAN

 FROM THE OFFICE OF JOHN EDWARD KELLEY ARCHITECT 39 CHURCH ST. BOSTON MASS 02101

## ONE HUNDRED AND FOURTH ANNUAL REPORT

periods are entirely inadequate. Recent fires in Providence, Rhode Island and Sanford, Maine have deeply impressed upon the committee the necessity for eliminating the existing corridor traffic conditions at the Stetson High School.

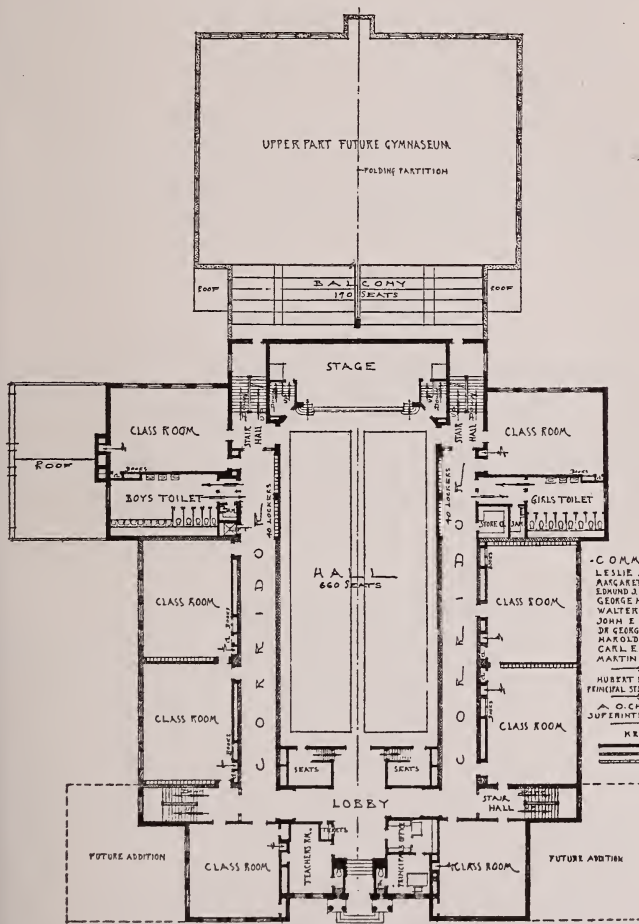

Every parent whose children attend the high school should be deeply concerned in the matter of sanitation and ventilation in the school.

### Causes for this Condition

Figures relative to the increase in the number of pupils attending the high school, as taken from the records of the superintendent of schools, from the year 1920 to 1939, are as follows:

Year	High School Pupils	Grade School	
		Pupils	Total Registration
1920	156	759	915
1921	182	808	990
1922	194	869	1063
1923	215	925	1167
1924	215	962	1177
1925	227	958	1185

## ONE HUNDRED AND FOURTH ANNUAL REPORT

Likewise we call to the attention of the citizens the fact that from 1920 to 1930 the population of Randolph, according to census figures, increased from 4,756 to 6,553 and a 1935 State report shows an additional increase to 7,580. A new state law relative to the employment of children under 16 years of age, Chapter 461, Acts of 1939, Section 3, adopted by the last legislature and supplemented by present economic conditions, has a tendency to increase the enrollment in the high school. October 1, 1939 enrollment figures show there are 121 in school 16 years of age! 77—17 years of age; and 20—18 years of age.

### Possible Solutions

A. The first consideration is that nothing at all be done in the hopes that perhaps a decline in enrollment will eliminate the over-crowded conditions, but reference to the following table shows that even without an increase in population there can be no relief expected from this source.

#### ENROLLMENT BY GRADES

	Grade	1939	1938	1937	1936	1935	1934	1933	1932

McNeill School	62	60	64	56	65	67	66	55
	<hr/> 1817	<hr/> 1830	<hr/> 1838	<hr/> 1797	<hr/> 1798	<hr/> 1802	<hr/> 1795	<hr/> 1720

\* Pupils removed to Prescott and Devine Schools.

B. Your committee has investigated the 2-platoon system as employed in some other towns. In Randolph under this system the actual class time would be cut from 5 hours 17 minutes per day to 4 hours 10 minutes, or a total loss of 201 hours, approximately 40 school days out of 180 total. The maintenance cost would be increased because of light, heat and janitor requirements. Extra-curricular activities would have to be curtailed and in many cases eliminated. Transportation costs would be increased, and therefore this solution is deemed inexpedient.

C. The 6-3-3 plan would not be practical because the Devine School has no room for the 9th grade. The Prescott School could accommodate two rooms of 40 each, if the Tower Hill School were used for lower grades, but it would only take 80 out of 100 that would have to be accommodated. Transportation costs would again be increased. Under the 6-3-3 plan the matter of teachers would be a serious problem as this system necessitates the teaching of languages, higher mathematics and science in the junior high school.

D. The question of a new building at a different location is ill advised because of the cost of land and a

## TOWN OF RANDOLPH, MASS.

new building, also the probable increased cost in transportation, which briefly stated is this: In its present location transportation is from one end of the town only, whereas, a school centrally located geographically would necessitate transportation from two directions.

E. The final solution to be considered is an addition to the present building.

### Recommendations

Your committee recommends that:

- A. 1. The Town of Randolph enter into a definite program of additions to the present high school, with the purpose in mind of eventually providing a school with facilities for 1,000 pupils, as shown in the accompanying diagrams.
- 2. By this your committee does not mean that this work be done at once, but as conditions, population, enrollment or finances permit.
- B. To meet the immediate needs we recommend the addition of 6 class rooms, boiler room, boy's and girl's toilet rooms on first and second floors, addition to auditorium and lunch-room facilities. This addition would cost \$150,000.
- C. Financing:
  - 1. Because the borrowing capacity of the town as of December 31, 1939 was \$120,606.61, inside the debt limit, that amount of itself would not be adequate to meet the cost of financing the building of an addition which would meet the present needs and also provide for reasonable future requirements.

ONE HUNDRED AND FOURTH ANNUAL REPORT

2. It would, therefore, be necessary to finance a project of this sort by borrowing outside the debt limit and permission would have to be obtained from the legislature which will not meet until 1941.
- D. We, therefore, recommend that a portion of that work be done to include: boiler room, 3 class rooms and necessary renovations, boy's toilet rooms on first and second floors, addition to lunch-room facilities, and all renovations necessary in the present building, include heating, plumbing, wiring and ventilation, which would cost approximately \$80,000.

TOWN OF RANDOLPH, MASS.

## Report of State Auditor

---

October 30, 1939.

To the Board of Selectmen

Mr. Theodore S. Luddington, Chairman  
Randolph, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Randolph for the period from January 1, 1938 to August 12, 1939, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,  
Director of Accounts.

TNW:O

Mr. Theodore N. Waddell  
Director of Accounts  
Department of Corporations and Taxation  
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the town of Randolph for the period from January 1, 1938, the date of the previous examination, to August 12, 1939, the following report being submitted thereon:

The records of the financial transactions of the several departments receiving or disbursing money for the town, or committing bills for collection, were examined,

## ONE HUNDRED AND FOURTH ANNUAL REPORT

checked, and verified by a comparison with the reports and records of the treasurer and of the town accountant.

**Town Accountant.**—The books and accounts in the office of the town accountant were examined, checked, and compared with the records of the several departments of the town and with the town treasurer's books. The receipts, as recorded, were compared with the town treasurer's record of receipts and were checked with the departmental records of payments to the treasurer, while the recorded payments were checked with the treasurer's record of disbursements and with the treasury warrants.

The ledger accounts were analyzed, the appropriations, loan orders, and transfers being checked with the town clerk's records of town meetings and with the records of the finance committee. The necessary adjusting and correcting entries resulting from the audit were made, and a balance sheet, showing the financial condition of the town on August 12, 1939, was prepared and is appended to this report.

In checking the charges against appropriations on the town accountant's ledger it was noted that transfers of funds from the appropriation for school salaries to school expenses have been made without a vote of the town. It was noted on the town clerk's records that a special town meeting was called to appropriate additional funds for "School Expenses" to be transferred from "School Salaries," but there was no action at the special town meeting called due to a quorum not being present. Whenever specific amounts are appropriated for several functions in one department by a vote of the town there is no authority to transfer funds within the department without a vote of the town.

**Treasurer.**—The records of the late treasurer were examined and checked in detail. The recorded receipts

## TOWN OF RANDOLPH, MASS.

were analyzed and checked with the town accountant's books, with the departmental records of payments to the treasurer, and with other sources from which money was paid into the town treasury, while the disbursements were checked with the treasury warrants.

The cash balance on August 12, 1939, was proved, and due to the death of the treasurer shortly after the beginning of the audit, the cash balance on August 23, 1939, was verified by actual count of the cash in the office and by a reconciliation of the bank balances with statements furnished by the banks of deposit.

The temporary treasurer, appointed by the selectmen, qualified on August 25, 1939, and the transfer of cash was made as of that date.

The payments on account of debt and interest were verified by a comparison with the cancelled bonds and coupons on file and with the amounts falling due.

The securities and savings bank books representing the trust fund investments in the custody of the town treasurer, the treasurer of the trustees of the Turner Library Funds, and the treasurer of the trustees of the Stetson School Funds were listed. The income was proved and the receipts and disbursements were verified.

The records of tax titles held by the town were examined. The taxes added to the tax title account were compared with the collector's records, the recorded redemptions, disclaimers, and foreclosures were verified, and the tax titles on hand were listed, reconciled with the town accountant's ledger, and checked with the records in the Registry of Deeds.

**Tax Collector.**—The books and accounts of the tax collector were examined and checked in detail. The taxes

## ONE HUNDRED AND FOURTH ANNUAL REPORT

outstanding at the time of the previous examination were audited, and all subsequent commitments were proved to the warrants issued for their collection. The recorded receipts were checked with the payments to the treasurer and with the town accountant's books, the abatements as recorded were compared with the assessors' records of abatements granted, and the outstanding accounts were listed and reconciled with the town accountant's ledger.

**Licenses and Permits.**—The records of licenses and permits issued by the selectmen, town clerk, and the health department were examined and checked, and the payments to the State and the town were verified.

**Departmental Accounts Receivable.** — The commitments of departmental accounts receivable were examined and checked. The recorded receipts were checked with the payments to the treasurer and with the town accountant's books, the abatements as recorded were compared with the records in the departments authorized to grant abatements, and the outstanding accounts were listed and reconciled with the town accountant's ledger.

**Water Accounts Receivable.**—The record of water accounts receivable were examined and checked in detail. The commitments were added, the recorded payments to the treasurer were compared with the treasurer's cash book, the abatements were verified, and the outstanding accounts were listed and reconciled with the town accountant's ledger.

**Outstanding and Overdue Accounts.**—Verification of the correctness of the outstanding tax, departmental, and water accounts was obtained by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

## TOWN OF RANDOLPH, MASS.

An examination of the outstanding departmental and water accounts indicates that many accounts are long overdue. A determined effort should be made at once to secure settlement of these outstanding accounts, and any of these accounts found to be uncollectible should be adjusted by the departments committing the accounts for collection.

**Surety Bonds.**—The surety bonds of the several town officials required by law to furnish them for the faithful performance of their duties were examined and found to be in proper form.

**Conclusion.**—It is recommended that a town vote be passed annually setting the salaries of all elective officers, in accordance with the provisions of Section 108, Chapter 41, General Laws, and in this connection attention is also called to the provisions of Section 4A, Chapter 41, General Laws, relative to a vote of the town being required to enable a town board to appoint any member thereof to another town office or position.

In addition to the accounts mentioned, the records of all other departments collecting money for the town or committing bills for collection were examined and checked in detail.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's cash, summaries of the tax, tax title, departmental, and water accounts, together with tables showing the condition and transactions of the various trust funds.

While engaged in making the audit, cooperation was received from the officials of the town, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,  
Assistant Director of Accounts.

HBD:O

## Report of School Committee

---

The School Committee submits the following report for the year 1939, together with the reports of the Superintendent of Schools, High School Principal and the various Supervisors, all of which are a part hereof.

### ACCOMPLISHMENTS

During the year 1939, many necessary repairs were made in the various school buildings throughout the town. The Belcher school was painted two coats which involved considerable expense.

Commercial education in the high school has been broadened by the purchase of a modern bookkeeping machine. This is the beginning of an office appliance department, which, when completed, will offer our commercial students a course comparable with those offered at private business colleges. Up to the present time our graduates were obliged to obtain this training elsewhere in order to meet the demands of the business world.

### RECOMMENDATIONS

The walks, driveways and school grounds throughout the town are greatly in need of permanent surfaces. This would reduce the number of minor accidents and also make the grounds of our school buildings accessible for playground activities. At the Tower Hill school, the land behind the school should be developed so that the children could have a playground suitable for athletics.

At this time we would call your attention to the fact that the State Inspector of public buildings has for the past four years denied both Prescott buildings a certificate, due to the poor ventilation in the small Prescott

## TOWN OF RANDOLPH, MASS.

and the lack of adequate fire protection, such as fireproof stairways and safe exits in both buildings. It is the recommendation of your committee that the necessary requirements be fulfilled, in order that such certificates may be issued. During the year 1935, in answer to a request of the State Department of Public Safety for proper toilets, ventilation and safe exits in these buildings, the School Committee requested of the town an appropriation to cover this work. This request was refused. It therefore became necessary for the committee to make a start to carry out this requirement by the State Department. Modern sanitary toilets were installed and paid for out of the school department's appropriation for operating expenses.

This year your school committee is sponsoring an article in the town warrant asking for an appropriation to resume the work. It is not our intention to complete the project but to do the most essential part now and to continue the work next year.

It is a serious responsibility and one that the committee feels most keenly, to be compelled to use buildings for the accommodation of school children which are not in conformity with the state laws and which are not certified by state authorities.

### ITEMS OF INTEREST

#### 1. Transportation

The State law requires that children living two miles or over shall be transported to and from school. Our ruling up to 1940 was more lenient and permitted children in the first eight grades who lived one and one-half miles or over to be transported.

In the South section of the town, the very small children living between one mile and one and one-half miles

## ONE HUNDRED AND FOURTH ANNUAL REPORT

were forced to walk on a very dangerous highly traveled State Road. This we felt endangered their lives and prompted us to make our ruling still more lenient, so that the present ruling is:—

- A. Children in the first six grades living over a mile from school are to be provided transportation.
- B. Children in grades seven and eight living over one and one-half mile are to be provided transportation.
- C. High School children living two miles or over are provided transportation.

### 2. Attendance

The enrollment of our schools has remained approximately the same as in 1938. We mention here the new state school law which requires children to remain in school until 16 years of age. This will have a tendency to keep the enrollment in our High School, as high if not a little higher than at present, and add seriously to the present overcrowded classroom conditions.

### 3. Chapin Hall Rules and Regulations

The use of Chapin Hall is reserved for regular and extra school activities at all times. Chapin Hall may be obtained for outside activities by applying to the principal of Stetson high school, subject to the following regulations:

- 1. Between the hours of 2.30 p. m. to 5.00 p. m. on school days the hall may be used for basketball and other such games. No audience or spectators permitted. Proper supervision required, but not police protection.

TOWN OF RANDOLPH, MASS.

- 2.a On Sundays and holidays and days when school is not in session, the hall is available between 2.00 p. m. and 5.00 p. m. and evenings after 7.00 p. m.
- b On school days, the hall may be obtained after 7.00 p. m.
3. The Janitor is required to be present at all times. Janitor's fee to be paid by group using the hall at the following rates:
  - (a) Sunday and holiday afternoons to 6:15 p. m., \$4.00.
  - (b) Evenings to 10.15 p. m., 3.00.
  - (c) Evenings to 12.00 p. m., \$5.00.
4. A police officer assigned by the Chief of Police will be required, same to be paid by group using the hall. Under certain conditions the Committee may require two police officers to be assigned to the hall.
5. A cash bond of \$20.00 will be required from any group using the hall for basketball or other such games. Deposit to be placed in the Randolph Trust Company in the name of the School Committee of Randolph and the amount maintained at the original sum throughout the effective period of the bond. This bond is intended to cover damage or injury to the building, hall or furniture. Damage, if any, is to be determined and certified to by the janitor, police officer and individual entrusted with responsibility for the group. Damage is to be repaired by the school committee and cost deducted from cash deposit. In case two or more groups are using the hall simultaneously, the cost of damage, if any, will be assessed equally between the groups so occupying the hall. All deposits or balance thereof are to be refunded to the groups at the expiration of the period for which the bond is posted.

## ONE HUNDRED AND FOURTH ANNUAL REPORT

6. When the hall is used solely by teams participating in practicing games or games for pure sport where no audience or spectators are permitted, regulations 4 and 5 will not be enforced. Proper supervision will be required at all times.
7. No smoking will be permitted in the hall or building at any time.

Ordered by :

THE SCHOOL COMMITTEE  
Randolph, Mass.

### PERMIT TO USE CHAPIN HALL

Chapin Hall to be used by .....

Between the hours of ..... Date .....

Above Rules Read and Responsibility Agreed to.

Signed .....

### CHARITABLE DRIVES

Collections for the different charitable drives have been prohibited from our schools. We recognize their value and the amount of good they do. However, the majority of these drives are carried into the homes and it invariably means a double contribution for the parents. There is also the danger of class room competition in order to arouse enthusiasm for a generous contribution, the less fortunate children and those in large families feel the embarrassment if they are unable to give as freely as the others.

Boxes for the "March of Dimes" fund for Infantile Paralysis are permitted to be placed in the schools, but no class room competition is permitted. The "March of Dimes" fund is used for the care and treatment of children afflicted with Infantile Paralysis. Occasionally it

## TOWN OF RANDOLPH, MASS.

is well to impress on our youth how fortunate they are to enjoy good health. One way to show their appreciation is by contributing to a cause which helps renew the health of their less fortunate school mates throughout the country.

### 4. Employees.

Our teaching force now comprises 62, and includes the principal of the High School, three district principals and two supervisors. In addition we have a superintendent, nurse, physician, seven janitors, an attendance officer, the services of two dentists and an office clerk.

### 5. Finances.

Randolph schools have been operated as economically as any in the state and have cost the citizens less per child in attendance than the majority of towns. The following table taken from the last published state report of 1938 proves the statement above.

Town	High	Grades	All Grades
Randolph	\$73.06	\$48.46	\$62.08
Holbrook	128.82	64.94	89.33
Avon	107.98	56.14	95.03
Hingham	115.97	84.14	100.91
Abington	105.47	70.84	85.56
Canton	109.41	101.26	119.85
Wareham	130.13	83.83	99.63
Whitman	89.73	67.79	89.80
Stoughton	76.36	64.29	71.96

It is very evident to those who know school conditions that with 85% of the cost of Education spent for salaries and only 15% for general expenses, there is very little opportunity for improvements. Out of this 15% must be bought such items as books and supplies, building and janitor's supplies, telephone costs, electricity and gas, medical supplies and many other incidentals.

# ONE HUNDRED AND FOURTH ANNUAL REPORT

## BUDGET

We hereby submit the annual budget of the School Department:

### COST OF INSTRUCTION

	Salaries	Expense	Total
Salaries of teachers, principals and supervisors	\$87,087.00		
Less Dean Fund	1,676.73		
	<hr/>		
	\$85,410.27		
Books and supplies and miscellaneous		\$6,185.00	\$91,595.27

### COST OF OPERATING SCHOOL PLANT

Janitors' salaries	\$5,875.00		
Janitors' supplies, telephones, and other expense		\$1,550.00	
Fuel		3,800.00	
Light and power		1,500.00	
	<hr/>	<hr/>	
Total	\$5,875.00	\$6,850.00	\$14,529.00

### AUXILIARY AGENCIES

School Nurse	\$1,350.00		
School Physician	700.00		
Transportation	3,825.00		
Trade School		\$1,000.00	
Medical Supplies		150.00	
	<hr/>	<hr/>	
Total	\$5,875.00	\$1,150.00	\$7,025.00

### COST OF MAINTAINING SCHOOL PLANT

Equipment		\$1,210.00	
Repairs, replacements and renewals		3,440.50	
Insurance		272.83	
		<hr/>	
Total			\$4,923.33

### GENERAL CONTROL

Superintendent	\$1,604.44		
Clerks	554.66		
Attendance Officer	250.00		
School Committee expense		\$100.00	

## TOWN OF RANDOLPH, MASS.

Miscellaneous office expense		50.00	
Superintendent's expense		175.00	
		<hr/>	
Total	\$2,409.10	\$325.00	\$2,734.10
Total Salaries	\$101,373.37		
Total Expense		\$19,433.33	
Less Coddington Fund	\$57.42		
Less Dog Tax	962.70		
	<hr/>	1,020.12	
		<hr/>	
Total Appropriation	\$101,373.37	\$18,413.21	\$119,786.58

### RECEIPTS FROM STATE AND OTHER SOURCES

General School Fund	\$19,915.14	
Tuition, State Wards	2,425.82	
Tuition, City Wards	2,187.75	
Continuation School	889.70	
Household Arts Supplies	231.84	
	<hr/>	
Total		\$25,650.25
Total cost of Schools from Local Taxation		\$94,136.33

## CONCLUSION

Each employee of the School Department has shown the finest spirit of cooperation and has done his work faithfully and well, thus rounding out a very successful and beneficial school year.

The school committee feels that advancement and improvement will be made as fast as finances will permit. Under no circumstances can we allow our public schools to lag or fail in their great work of educating all children, regardless of race, color or creed.

Respectfully submitted,

JOHN E. KELLEY, Chairman,  
EDMUND J. BRADY,  
MRS. GEORGE W. BREWSTER,  
GEORGE H. CHASE,  
WALTER J. FLANAGAN,

School Committee.

## Report of the Superintendent of Schools

---

To the School Committee, Randolph,

Mr. Chairman and Members;

I submit herewith my report for your examination and approval.

All who have, in any way, followed educational trends in this country the past few years know that our public schools are going through a critical period of existence. Fundamentally, it is a problem of economics or the relation of education to economics and social welfare. To be sure, schools can hardly be blamed for the wide-spread economic problems everywhere but they are keenly interested and deeply concerned in human welfare. They have expressed in the past the ideals and hopes of the common people who founded them and they will continue to serve them in their educational and patriotic objectives now and in the future.

It is true, however, education is changing. New conditions are compelling the American people to re-examine and re-evaluate the educational structure, its organization, administration, objectives and contents of curricula. Such a trend is progressive, natural and hopeful. It must necessarily be slow to avoid costly errors and pseudo ideals. It is likewise true that this transitional period is complex. It is extremely difficult for school administrators to conform or begin to conform to the newer appeals and service while there is a constant reminder that the schools cost too much. There is now, as there always have been, individuals and groups of citizens who believe

## TOWN OF RANDOLPH, MASS.

that the American people have been spending too much on education. In the light of needs today, a greater scope of vocational training, the needs of democracy and the education for that democracy, the cost may be even greater but should be borne by national wealth for a common good, very much as the vast sums of money now necessarily being spent on relief and old-age pensions. What happens to our schools will be largely determined by the courage and vision of our citizens today.

\* \* \* \*

The school enrolment by age, grade and schools is tabulated at the end of this report. There is little indication that we shall experience any noticeable drop for some years to come. Due to the extension of school age from fourteen years to sixteen there will be an extra demand on the high school for accommodations. The study, therefore, which the Committee of Citizens has made this year relative to an addition to the high school will come at an appropriate time. It is sincerely hoped that the citizens will act favorably on this study and give to the school the measure of relief it requires.

\* \* \* \*

In order to give a better meaning and usefulness to report cards sent home to parents, I have with the aid of teachers, set up a more comprehensive card which will give, we believe, a better interpretation of the pupil's true progress and achievements in school. Like the parents, we are concerned not only with the child's progress in school subjects but what desirable habits and attitudes for good citizenship he is developing as well.

Character training and citizenship, in so far as the school can give it, have greater values than being mere "smart" in academic scores. The school emphasizes such qualities as industry, honesty, courtesy, dependability, thrift, self-reliance and cooperation. These together with the pupil's regular religious training and attendance in

## ONE HUNDRED AND FOURTH ANNUAL REPORT

the church of their faith should stimulate and develop them to become better men and women.

The card is designed in the hope that recognition and credit may be given for achievements in these qualities heretofore unrecorded. This is true also of religious training, entered into voluntarily by the pupils, outside of school hours, but in cooperation with the church and the pupils' spiritual adviser.

\* \* \* \*

The school curriculum is based on and built largely on text books. Our books are selected from recognized lists of proven worth. They are up-to-date in subject matter and well graded. They provide the fundamental instruments of learning for the great majority of children. Unfortunately, however, we have also the non-book-minded children who fall by the wayside. These constitute a real problem and a challenge to school systems everywhere. Not all of these children can be classified as potential delinquents but failure to recognize them and to allow them drift in the classroom will not only develop real delinquents now but add just so many more to the social problem outside the school for which society pays well. Not all cases can be cured in school but much can be done by and through specific training. Greater provisions, therefore, should be provided to help these children become better adjusted according to their individual needs and abilities, without caste, stigma or injury to their personal pride and self-respect.

\* \* \* \*

The employment of Mr. Raymond Leach as band master for Stetson high school students interested in instrumental music has already produced results. Mr. Leach comes to us highly recommended and has entered upon his task with marked enthusiasm. In the short period of time he has been with us he has made a care-

## TOWN OF RANDOLPH, MASS.

ful survey of band talent in Randolph with the result two bands are now under instruction, one of twenty-five pieces in the high school and the other a junior band of thirty young musicians meeting in the Prescott school.

\* \* \* \*

The commendable spirit of work, loyalty and co-operation of teachers and pupils has been an outstanding feature of great merit during the past year. It is applied citizenship in school work. It accounts for the solution of many little problems appearing daily before parents, teachers and pupils. It is fitting that a statement should be made here of the many extra-curricula activities which teachers have conducted in the interest of pupils in order to "bring out" the best in them, motivate the work and develop the urge and instincts to play a part in this world and "make things."

The Hallowe'en activities conducted by principals and teachers in their respective schools—grades five to twelve inclusive—are worthy of special mention. This does not mean that the teachers have assumed or usurped all responsibilities for these children on that particular night but it does mean that they are willing to share them with the parents on whom the greatest responsibility must necessarily be placed. We believe that as long as our pupils are willing to confine their fun to wholesome in-door-sports, the observance should be continued. To date it speaks volumes of credit to our Randolph student body.

### Prescott School:

4-H Clubs. Grades 7 and 8. Miss Lyons, instructor.  
"Prescott News," School paper. Miss Mahady, instructor.

## ONE HUNDRED AND FOURTH ANNUAL REPORT

Baseball Team. Won Tri-Town baseball cup. Mr. Foley, coach.

School Band, thirty pupils. Mr. Leach, instructor.

Glee Club for Girls. Miss Sullivan, instructor.

### Devine School:

4-H Clubs, Grades 7 and 8. Girls, Miss Riley, instructor.

4-H Clubs, Grades 7 and 8. Boys, Mr. Heney, instructor.

School Paper, Miss Good, instructor.

Civics Club. Miss Good, instructor.

4-H Clubs, Grades 4, 5 and 6. Miss Sullivan; Mr. Mulvey.

Dramatics Club. Miss Lucey, instructor.

Glee Club. Miss McGerrigle, instructor.

Handcraft Club. Miss E. Doyle, instructor.

Book Club. Miss R. Doyle, instructor.

### Belcher School:

Current Events Club. Grade 7. Mr. Curran, instructor.

Handicraft Clubs. Grades 4, 5 and 6. Mrs. Chatfield, Miss Parshley, Miss Francis, instructors.

Press Club. Miss Gaynor.

Rhythm Orchestra. Grades 1, 2 and 3. Miss Wilbur and Miss O'Sullivan, teachers.

### Tower Hill School:

Dramatics Club. Grades 1 and 2. Mrs. Cormey, teacher.

### McNeill School:

Sewing Club. Grades 3 and 4. Mrs. Grant, teacher.

Handicraft Club. Miss Ginnetty, teacher.

## TOWN OF RANDOLPH, MASS.

### Pauline Street School:

Handicraft Club. Miss Tucker and Miss Fischer, teachers.

Dramatics Club. Miss Tucker, teacher.

The improvements already made in the basement of the Prescott school are accomplishments in the right direction towards helping our non-academic pupils. Here the boys and girls can find a newer meaning to education by correlating the hand work with that of their books. This work-laboratory, the first of its kind in Randolph, bids well to be a busy place. At present, the pupils in the Special Class are enrolled but will be developed to include others who need this type of training. We appreciate the interest of Mr. Dillon and his teachers in this project and to a former teacher, Miss Philbrook, who spoke the language of three-dimensions so easily understood by these children who want to work with their hands.

\* \* \* \*

Our school activities are always enriched and given new values when our efforts are augmented by interest and good will of parents and civic organizations in town. We are particularly grateful for this help and attention in the form of scholarships given by the Stetson High School Scholarship Committee, Parent-Teachers Association and to the American Legion Post and Auxiliary for awards and recognition for good work in citizenship.

### RECOMMENDATIONS

The construction of additional rooms, toilets, new heating and ventilation system and gymnasium-assembly hall to the high school to accommodate 1000 pupils. This construction could be done over a period of several years in order to allow the use of the building for regular school work.

## ONE HUNDRED AND FOURTH ANNUAL REPORT

A beginning should be made to re-surface school grounds.

Repairs and alterations to the Prescott school to meet the requirements of the Department of Public Safety.

Installation of an oil burner in the Devine school.

\* \* \* \*

The reports of the various department heads are given below. I wish to call to your attention the comprehensive report of the principal of the high school, Mr. Gilgan. He sets forth in his own words the conditions under which he and his teachers labor. This is not a new situation but one of long standing and one in which it is extremely difficult for him to conduct a school he so earnestly desires.

Whatever success our schools can humbly boast of this year can be attributed to an understanding and sympathetic School Committee who asks of each teacher and pupil cooperative work, loyalty and applied citizenship.

Respectfully submitted,

A. O. CHRISTIANSEN,  
Supt. of Schools.

TOWN OF RANDOLPH, MASS.

STETSON HIGH SCHOOL

Hubert F. Gilgan, Principal

The attendance at this school, recorded as of October 1, 1939, was 523. This was less than the number of pupils anticipated and was due to a number of different circumstances over which local school authorities have no control and cannot forecast. However, the drop in enrollment was so slight that it has made no difference, whatsoever, in the conditions discussed in my last report. We still put homeroom pupils in the laboratory, the lunchroom and the sewing room; these places are totally unfit for their use as homerooms. After all, the idea of using a homeroom as a place to check attendance or to hang up a coat is out-moded. The modern homeroom has many uses to which it may be put, such as educational or vocational guidance. It is a place where a teacher can get acquainted with a pupil, can make many effective adjustments to many problems in and out of school. In short, given the opportunity, a teacher can better know and understand pupils of a particular homeroom and thus a wise and friendly counselor. Obviously, this is all impossible without the proper room or place to be used for this purpose.

The laboratory and sewing rooms also have to be used for lunchrooms. The pupils should be complimented for their patience in this matter, because our lunchroom facilities are inadequate even with the use of the other two rooms. Many pupils still have to stand to eat their lunches and probably there are some who go without a hot lunch because there is no place to sit and each such a lunch.

Our science laboratory is still a three way room. It is used every period, every day for general science on one side of a temporary curtain, and on Thursday and Friday, every period, it is used for drawing on the other

## ONE HUNDRED AND FOURTH ANNUAL REPORT

side of the curtain. This room, which should be used exclusively for physics and chemistry experimental work can only be used for this work when the room is not being used for general science and drawing. This is a bad situation and should be remedied as soon as possible.

The auditorium is again used in double shifts. This is because the hall is licensed for 350 and we have over 500 in the school. There are times when two assemblies are possible and can be arranged, on other occasions when a single assembly only is practical or desirable it cannot be considered, obviously.

All of our classrooms are crowded; extra movable seats have been put into some rooms during the past year to make room wherever possible and wherever needed. With both study and recitation pupils in the same room, both types of pupils are at a decided disadvantage while the teacher has the double care of both study and recitation pupils.

The corridors of the old part of the building are not sufficient for the numbers we have in the school. When pupils converge at the narrow doors at either end of these corridors, a jam occurs which could have serious results.

We here in the high school see no relief in sight for our overcrowded conditions unless we are provided with more ample and modern quarters.

During the past year, students in the Stetson High School were given achievement tests, by name, the "Co-operative Achievement Tests". These tests were given in Elementary and Intermediate Algebra, Plane and Solid Geometry, Physics, Chemistry, American History, English, Elementary and Advanced French, and Elementary and Advanced Latin. Approximately six hundred eighty tests were taken by approximately three hundred students. These tests were carefully checked, corrected and scored by standard means supplied by the testing service.

## TOWN OF RANDOLPH, MASS.

The scores were then sent to the Cooperative Testing Service for interpretation. The results were good on the whole, although there was some evidence of places where bolstering is needed. To quote from the interpretation made, "The Cooperative Achievement Tests are very valuable in emphasizing the wide individual differences existing within classes. In fact, the main use of the tests is to determine the relative importance of individuals rather than groups." This is something we have been conscious of for some time—the idea of individual differences and the need of proper segregation and placement. We have done this as far as we are able but lack of room and time have made further segregation impossible. We have found these tests valuable aids in our work and heartily recommend that they be made annual affairs.

During the past year the "Activities Association" was organized and carried through to a successful conclusion. In former years, great difficulty had been experienced in trying to finance all school activities and because of this difficulty the association plan was adopted. This idea is used in many schools, so it is not original. It consists mainly in a contribution of ten cents a week by each member of the association for forty weeks. In return, each paid up member gets free admission to all school activities. For the year of 1939-1940 each association member, if paid up, will receive ten dollars and forty-five cents worth of activity value for his yearly contribution of four dollars. Following is a financial report for the "Activities Association" for 1938-1939:

## TOWN OF RANDOLPH, MASS.

Those items included in the classification "Activities Association" represent any expense or income that a school fund would cover if the Activities Association were not in existence.

Those items which are included in the term "General Fund" represent charges which were covered by cash deposited in the bank in the Activities Association account for the purpose of paying a bill by check.

For some time now, commercial departments of our public high schools have been expected to turn out pupils with a complete commercial education and fit them for skilled work in the business world in a limited time. Although schools do their best, they are handicapped by lack of time and so the pupil often starts to work still unfamiliar with office duties. The chief criticism from business men is that high school graduates are taken into their employ and then the employer must spend time and money to train these graduates to operate the various office machines and appliances with any degree of skill. The application of newer methods of teaching commercial subjects, particularly shorthand and typewriting, would shorten the time usually needed to complete these subjects and would therefore allow sufficient time for a complete course in office machine practice. We are pleased that a start has been made towards this goal by the addition to our equipment of a new bookkeeping machine. This is a step in the right direction, and it is hoped that in the near future this department will be augmented by other appliances such as an adding machine, a calculator, a hectograph and stencil duplicator, and a dictating machine. We would then be able to send out pupils who would be prepared to take their places immediately in the modern business office.

A good physical education course is not one which is strictly limited to setting-up drills and exercises but

## ONE HUNDRED AND FOURTH ANNUAL REPORT

one in which the complete physical welfare of each individual is carefully considered. Such games as are played should not be confined only to those who excel in the various sports so as to reflect credit on the school in competition with other schools, but should be available to all pupils who care to participate. Our experience with intra-mural basketball proves this point as dozens of youngsters, boys and girls, wish to take part in these activities, but, due to the limited size of the gym, cannot be accommodated. The idea of outside competition being eliminated has been considered but discarded, as we believe such contests have a wholesome affect on the school, so the other activities must be sandwiched in whenever possible. Towards the end that our course in physical education be made more complete and productive of individual results, we wish to recommend: (1) A thorough yearly examination of each pupil by the school doctor and follow up consultations with parents whenever needed; (2) Corrective gymnastics approved by the school doctor and nurse; and (3) One period a week of health education for each high school student during school time. Before attempting any health program or corrective work, it would be most helpful if something could be done about the locker and shower rooms; the locker rooms, particularly, are practically impossible to ventilate. We are handicapped in teaching health unless the youngsters live, work and play in healthful surroundings.

One other thing, before leaving this subject, we would like to touch upon. We do not know whether there is any reason for confining the dental clinic funds to the lower grades, but we believe there is much need of dental attention among the high school students, and therefore urge that some of this money be set aside for this purpose.

Under the direction of Mr. William J. Lynch of the faculty, a course in pre-driving education was instituted

## TOWN OF RANDOLPH, MASS.

during the school year. This is the course recommended by the Registry of Motor Vehicles. All questions relating to motor vehicle laws and the operation of automobiles are taken up by means of practical every-day situations. At the end of this course, an examination is given and all students receiving a specified grade will be given a certificate that will exempt the pupil from taking the oral test at the time of application for a driver's license. This work is supplemented by films and driver tests made available by the A. A. A. Although Mr. Lynch is doing excellent work, it is felt that the work being done at present is merely scratching the surface. To be more effective we wish to make a few recommendations: more classroom instruction; credit towards graduation; use of a dual-control car with adequate insurance for all concerned; definite minimum time for actual experience in and operating a car; definite amount of driving instruction for each student, and a very rigid examination at the end of the course. We realize that there are those who may feel that this work has no place in the school curriculum, but statistics show that the dangerous age for accidents is between sixteen and twenty-two years of age. These youngsters in high school are going to learn to drive anyway, so why not teach them adequately and properly, thus helping to cut down the terrific toll of death and injury caused by automobiles in this state.

The popularity and success which has been the lot of the state-aided Household Arts course since its inception gives ample proof that there is need of this type of work in the school. This year, in addition to the full time course, we had to start, by popular demand, two divisions of elective cooking, one for boys and one for girls. We believe in time this department will grow even more than it has to date.

We wish to recommend that consideration be given to the possibility of establishing some kind of vocational

## ONE HUNDRED AND FOURTH ANNUAL REPORT

work for boys, e. g. agriculture, under the same set-up as the household arts course is operated, or a manual arts course (wood working). This recommendation is made with the feeling that such a course will justify itself as soon as established.

We wish to join with the faculty in expressing the sincere appreciation of the whole hearted cooperation and support given to us by the superintendent and school committee and venture the wish that such relations will continue towards the end that the pupils will receive the ultimate benefits therefrom.

## TOWN OF RANDOLPH, MASS.

### ART INSTRUCTION

#### Gertrude Dodd, Supervisor

During this past year the primary aim of drawing has been to teach the student the joy of self-expression through the medium of the artist. This is most important. There must be a desire to express oneself, to create, or to tell a story before good drawings can be made. Secondly, the power of observation and a sense of proportion must be developed. Next, there should be a complete co-ordination of the mind with the muscles of hand and arm. Last of all, and perhaps most important, is to teach a love of beauty in the things around us. All these things I have tried to accomplish this year in my drawing program.

Before the child can really express himself, using his own imagination and creative powers, he must learn the fundamental language of drawing. For instance, he cannot be expected to draw a figure without first studying the figure and learning the method of procedure. There is a language to drawing as with everything else, and he must learn the vocabulary. I have tried to develop a course of study for each grade which will both develop the imagination and teach the language.

Each grade has a carefully organized course of study arranged according to the age and mentality of the child. The course changes as the child develops in skill and understanding. Holiday projects and small craft problems help in developing the skill of the hand.

In the High School the course includes as many subjects of an Art School curriculum as possible. Here, too, there are stages of advancement for each grade. New materials and subjects are introduced such as pastelle technique, tempera colors, posters, fashion illustrating, story illustration and advanced design.

## ONE HUNDRED AND FOURTH ANNUAL REPORT

Mechanical Drawing is an elective subject. The course starts with the elements of practical Geometry with a study of the instruments, and advances each year through orthographic projection to working drawings of actual things.

I am deeply grateful to all the teachers and principals, who have so willingly co-operated with me throughout the past year.

TOWN OF RANDOLPH, MASS.

M U S I C

Mary J. Leahy, Supervisor

The progress in music during the year has been, as a whole, very satisfactory.

In the lower grades the work has shown a steady improvement. To stimulate an interest, we have encouraged the grades to have several programs during the year. These were given in the Junior High building during the regular music periods.

Rhythmic orchestras have been established in Grades 1, 2 and 3 in the Belcher, Devine and Prescott Schools. The children have shown a keen delight and interest in this work. Before another year we hope to be able to buy instruments for the three smaller schools.

During the year the grade schools presented three concerts. The McNeill School presented "Mother Goose's Garden" at East Randolph; the Devine and Pauline Schools gave "The Golden Whistle" at North Randolph; and the Prescott School, assisted by dancers from the Tower Hill School, gave "A Toy Pageant" at Stetson Hall. These concerts entailed a great deal of work and could not have been given without the splendid cooperation of the principals and teachers of these schools. The parents of the children, too, are to be commended for their aid in making the costumes for these concerts.

Music in the High School has not been as satisfactory as one would like to have it. We have a Girls' Glee Club of ninety-eight voices and these girls are doing good work. Many other girls would like to join but we have neither the desired space nor the material for a larger group. Although we have not been able to establish a

## ONE HUNDRED AND FOURTH ANNUAL REPORT

Boys' Glee Club, partly from lack of interest on the part of the boys, and partly because they feel that their voices are not dependable, we hope to do so in the near future. Participation of boys in choral groups is always in demand and greatly appreciated.

I wish at this time to thank you, Mr. Christiansen, the principals and teachers for the support given me in my work.

TOWN OF RANDOLPH, MASS.

SCHOOL NURSE

Helen F. Conlon, Nurse

Following is a summary of my work in the schools for the year 1939:

Home calls	286
General inspections	8,294
Weighed and measured	3,569
First aids and dressings	374
Children taken to County Hospital	
for X-rays	18
Children taken home	87
Children taken to Dr. Higgins'	
office	59

Norfolk County School Clinics were held in January and December in grades 9 and 11.

Number given skin test in January, 157; in February, 126.

Number X-rayed in January, 68; in February, 90.

Number recommended for camp in January, 7; in February, 4.

Five children were able to go to Norfolk County Health Camp this summer for eight weeks, through the financial aid of the Christmas Seal Sale Fund and the Board of Health.

Our School Dentists, Dr. Maguire and Dr. Smith, had a busy year. 1286 children in grades one through eight were examined. 1127 children were found to be in need of dental care. Notifications of defects were sent to the parents. 219 children received treatments at the Dentists' offices.

## ONE HUNDRED AND FOURTH ANNUAL REPORT

The Taunton Traveling Clinic came to Randolph in March. Nine children having difficulty in maintaining the work of their grade were examined by Dr. Olga Steinicke, State Psychiatrist. Recommendations were made according to their ability.

In May the Diphtheria Immunization Clinic was conducted under the supervision of the Board of Health. 116 children between the ages of six months and twelve years were given three injections of Toxoid, by the School Physician, Dr. Higgins.

At this time I wish to thank the Red Cross and Dr. James J. Kelliher for providing so many of our needy children with glasses.

In closing my report I wish to thank and express my appreciation to all who have assisted me during the past year.

TOWN OF RANDOLPH, MASS.

SCHOOL PHYSICIAN

George V. Higgins, M. D.

As your school physician, making his yearly report, I am pleased with the conditions regarding the health of your children. No epidemic of a serious nature developed. We did have a large number of chicken-pox cases in the north part of the town, but no complications arose.

We had a very successful toxin-antitoxin clinic in June and a large number of parents availed themselves of added health protection for their children.

There has been a general decrease in pupil-teacher ratio in the lower grades which has made a much better classroom condition.

Our High School is over crowded and some reorganization must go into effect in the very near future.

Thanking Superintendent Adolph Christiansen, members of the School Committee and teachers for their loyal support, I remain.

GEORGE V. HIGGINS,  
School Physician.

## ONE HUNDRED AND FOURTH ANNUAL REPORT

### SCHOOL STATISTICS

Population, Randolph (U. S. Census 1939)	6,553
Valuation	\$6,008,375
School enrolment	1,827
Average membership	1,807

## SCHOOL CALENDAR, 1940-41

### All Schools, High School and Grades

Open Jan. 2, 1940.	Close Feb. 16, 1940.
Open Feb. 26, 1940.	Close April 12, 1940.
Open April 22, 1940.	Grades close June 14, 1940.
	High School closes June 21, 1940.

### Summer Vacation

Open Sept. 4, 1940.	Close Dec. 24, 1940.
Open Jan. 6, 1941.	Close Feb. 14, 1941.
Open Feb. 24, 1941.	Close April 18, 1941.
Open April 28, 1941.	Close June 13, 1941 (Grades).
	High School closes June 20, 1941.

Schools will close on the following days: Good Friday, March 22d; Memorial Day, May 30th; Armistice Day, Nov. 11th; and Thanksgiving Day and the day following, Nov. 28th and 29th.

TOWN OF RANDOLPH, MASS.

NO-SCHOOL SIGNALS

Three blows repeated at

7.15 A. M. No session for Senior and Junior High Schools.

8.15 A. M. No morning session for the first six grades.

12.30 P. M. No afternoon session for the first six grades.

By courtesy of the WNAC Broadcasting Station, no-school announcement will be given out over the radio as near to the local hours as is convenient and possible for the station announcer.

There will be days when schools are in session because weather conditions are not severe enough to cause complete shut-down of all activities. On such days, parents, as in former years, determine whether their children shall attend. No excuse will be required of pupils for absence on such days unless the parent so wishes. Consideration will be given pupils striving for perfect attendance.

## ONE HUNDRED AND FOURTH ANNUAL REPORT

Article 3. To see if the Town will vote to raise and appropriate money for Unpaid Bills of previous years in various departments.

Article 4. To see if the Town will vote to raise and appropriate money for the Reserve Fund for extraordinary or unforeseen emergencies as per Section 6, Chapter 40, General Laws.

Article 5. To see what action the Town will take in regard to raising and appropriating money for the employment of a District Nurse, as provided for by Section 5, Chapter 40, General Laws, as amended by Section 1, Chapter 371, Acts of 1921.

Article 6. To see what action the Town will take in regard to the pay of Town Laborers and others hired by the day or hour.

Article 7. To hear and act on the reports of Town Officers.

Article 8. To hear and act on the report of any Committee and choose any committee the Town may think proper.

Article 9. To see if the Town will instruct the Selectmen to appoint a Special Officer, or Officers, to enforce the laws.

Article 10. To see if the Town will authorize the Water Commissioners to appoint one of their members to another office or position under their control, and fix the salary of such person in accordance with the provisions of Chapter 36, Acts of 1929, or take any other action relative thereto.

TOWN OF RANDOLPH, MASS.

Article 11. To see if the Town will vote to authorize the Board of Selectmen to appoint one of their members to another office or position under their control and fix the salary of such person in accordance with the provisions of Chapter 36, Acts of 1929, or take any other action relative thereto.

Article 12. To see if the Town will raise and appropriate the sum of \$350.00 for Memorial Day expenses, to be expended under the direction of Lieut. William Palmer Camp, Sons of Union Veterans of the Civil War, as petitioned for.

Article 13. To see if the Town will appropriate the sum of \$20.00 for the maintenance and lighting of the clock in the tower of the First Congregational Church.

Article 14. To see if the Town will vote to raise and appropriate money for materials and expenses in connection with W. P. A. projects, as petitioned for by the Selectmen.

Article 15. To see if the Town will vote to amend the By-Laws as follows: No elected or appointed member of any Committee or Board in the Town of Randolph shall be awarded any contract, the value of which is in excess of \$100.00, and all contracts in excess of that amount shall be awarded by open competitive bidding.

Article 16. To see if the Town will vote to raise and appropriate the sum of \$750.00 to provide for the lease of quarters for the Lieut. Thomas W. Desmond Post No. 169, of the American Legion.

Article 17. To see if the Town will vote to raise and appropriate the sum of \$750.00 for lease and maintenance of quarters for the Lieut. John D. Crawford Post No. 3389, Veterans of Foreign Wars.

## ONE HUNDRED AND FOURTH ANNUAL REPORT

Article 18. To see if the town will vote to raise and appropriate money for materials and equipment to improve the Athletic field and to erect suitable stands on the Stetson High School grounds, and on adjacent town owned land, in conjunction with a W. P. A. project, as petitioned for.

Article 19. To see if the Town will vote to raise and appropriate money for an Employment Fund to provide work instead of Public Welfare, and that men eligible for welfare have preference over all others, and that this fund be under the direct control of the Board of Selectmen, as petitioned for.

Article 20. To see if the Town will vote to raise and appropriate the sum of \$2900.00 for the following purposes: to make a survey of the existing properties of the Weymouth Light and Power Company in Randolph, to determine their present value; to find the cost of installing a new lighting plant to be municipally owned with a Diesel generating unit; and to effect a rate study to determine the per kilowatt hour charges necessary to amortize the debt incurred in the event of the erection of a municipally owned plant or the purchase of the existing properties of the Weymouth Light and Power Company in Randolph.

Article 21. To see if the Town will vote to construct, purchase or lease, and maintain within its limits a plant for the manufacture and distribution of electricity for municipal use and for the use of its inhabitants, which plan may include suitable land, structures and machinery and other apparatus and appliances for manufacturing, using and distributing electricity for said purposes, in accordance with the provisions of Chapter 164 of the Massachusetts General Laws (Tercentenary Edition).

## TOWN OF RANDOLPH, MASS.

Article 22. To see if the Town will vote to have the Moderator appoint a committee of five citizens from Precinct 2, to investigate suitable locations for a playground in North Randolph and raise and appropriate the sum of \$7000.00 for the purchase of such land, and to authorize the Board of Selectmen to purchase such land as may be recommended by said committee, said purchase price not to exceed this appropriation, as petitioned for.

Article 23. To see if the Town will vote to elect a Committee of three citizens to investigate the Board of Assessors and the manner in which property is being assessed, and abatements granted, as petitioned for.

Article 24. To see if the Town will vote to provide for additional class rooms and necessary renovations to the High School, and raise and appropriate money therefor, as petitioned for.

Article 25. To see if the Town will vote to authorize the Sewer Committee to prepare and present to the next session of the General Court, a special bill to allow the Town to borrow outside the debt limit to an amount not exceeding \$450,000.00, for the purpose of purchasing land, laying out, constructing, maintaining and operating a system of drains and sewers for the Town of Randolph, and to see if the Town will vote to authorize the Sewer Committee to retain a consulting Engineer to make detailed construction plans and specifications for a sewerage system for the Town, and to raise and appropriate \$15,000.00 therefor, as petitioned for.

Article 26. To see if the Town will authorize the Treasurer to borrow a sum of money under authority of Chapter 72, Acts of 1939, to meet appropriations made for W. P. A. expenses.

Article 27. To see if the Town will vote to authorize the Treasurer with the approval of the Selectmen, to

## ONE HUNDRED AND FOURTH ANNUAL REPORT

borrow in accordance with the provisions of Chapter 49, Acts of 1933, as amended, for the purpose of providing funds to meet ordinary maintenance expenses and revenue loans.

Article 28. To see if the Town will vote to raise and appropriate a sum of money for proper ventilation at the Prescott Primary building and for repairs at the Prescott School, as petitioned for by the School Committee.

### STREET LAYOUTS

Article 29. To see if the Town will vote to instruct the Selectmen to lay out Forrest Street from Old Street to North Main Street, and raise and appropriate money therefor as petitioned for.

Article 30. To see if the Town will vote to instruct the Selectmen to lay out Vinton Street, as petitioned for.

Article 31. To see if the Town will vote to instruct the Selectmen to lay out Hills Street from a point 400 feet westerly from North Main Street, which has already been accepted to High Street for a distance of 1201 feet, and raise and appropriate money therefor as petitioned for.

### STREET ACCEPTANCES

Article 32. To see if the Town will vote to accept Junior Terrace as laid out by the Board of Selectmen, as petitioned for.

Article 33. To see if the Town will vote to accept Lancaster Road and Wyman Road, as laid out by the Selectmen, as petitioned for.

## TOWN OF RANDOLPH, MASS.

Article 34. To see if the Town will vote to accept Patterson Avenue, as laid out by the Selectmen for a distance of 500 feet from Center Street, as petitioned for.

Article 35. To see if the Town will vote to accept Forrest Street as laid out by the Selectmen, as petitioned for.

Article 36. To see if the Town will vote to accept Augusta-Rockerfeller Street as laid out by the Selectmen, as petitioned for.

Article 37. To see if the Town will vote to accept Oliver Street as laid out by the Selectmen and raise and appropriate money therefor, as petitioned for.

Article 38. To see if the Town will vote to accept the layout of Eugenia Street, as made by the Board of Selectmen, and raise and appropriate money therefor, as petitioned for.

## STREET CONSTRUCTION

Article 39. To see if the Town will vote to rebuild and resurface Hills Street, from North Main Street, and raise and appropriate money therefor, as petitioned for.

Article 40. To see if the Town will vote to raise and appropriate a sum of money to grade and surface High Street from Reed Street to Route 128, as petitioned for.

Article 41. To see if the Town will vote to raise and appropriate the sum of \$500.00 to build 500 feet of road on Patterson Avenue, as petitioned for.

Article 42. To see if the Town will vote to raise and appropriate money for the building of Castleton Avenue, a distance of 500 feet, as petitioned for.

## ONE HUNDRED AND FOURTH ANNUAL REPORT

Article 43. To see if the Town will vote to raise and appropriate the sum of \$6000.00 for materials and expenses for Town-wide Street Project, to be constructed by the Works Progress Administration.

### SIDEWALKS

Article 44. To see if the Town will vote to lay a sidewalk on the south side of Warren Street from the corner of North Main Street and Warren Street, extending as far as Highland Avenue, as petitioned for.

Article 45. To see if the Town will vote to raise and appropriate money for the completion of the sidewalk on Warren Street from Toomey's store to West Street, and from West Street on Lafayette Street, to High Street, as petitioned for.

Article 46. To see if the Town will vote to raise and appropriate the sum of \$3000.00 for the purpose of constructing a Bituminous sidewalk on the east side of Center Street, from a point at South Main Street, to a point at Union Street, near the Holbrook Depot. That the above mentioned amount be used for materials and other items pertaining to the proper construction of this project, and that all labor be furnished by the W. P. A. or other such Federal Agency Administration.

Article 47. To see if the Town will vote to raise and appropriate the sum of \$7000.00 for materials and expenses for sidewalks to be constructed by the Works Progress Administration on the following streets: Center, Cross, Fowler, Grove, Woodlawn, Fairmount, Lafayette, Allen Streets, Norfolk Road, Fairview Avenue, and Wales Avenue, as petitioned for.

### DRAINAGE

Article 48. To see if the Town will vote to raise and appropriate money to correct the inadequate drainage system on Hills Street, as petitioned for.

## TOWN OF RANDOLPH, MASS.

Article 49. To see if the Town will vote to raise and appropriate the sum of \$8000.00 for materials and expenses for Town wide drainage project to be constructed by W. P. A., as petitioned for.

### STREET LIGHTS

Article 50. To see if the Town will vote to raise and appropriate money to install additional electric lights on Hills Street, as petitioned for.

Article 51. To see if the Town will vote to raise and appropriate the sum of \$37.00 to erect and install two electric lights on Druid Hill Avenue, as petitioned for.

Article 52. To see if the Town will vote to raise and appropriate money to install two lights on Woodlawn Road, one at the corner of Woodlawn Road and Sherwood Avenue, and one at the corner of Oakwood Avenue and Woodlawn Road, as petitioned for.

Article 53. To see if the Town will vote to authorize the Board of Selectmen to place three street lights on Royal Street, as petitioned for.

Article 54. To see if the Town will vote to raise and appropriate money for the installation of one street light on Stacy Street, in front of Mr. Jacobson's residence, as petitioned for.

Article 55. To see if the Town will vote to raise and appropriate a sum of money for the installation of three more street lights on High Street, from Stacy Street to Eugenia Street, as petitioned for.

Article 56. To see if the Town will vote to install two electric lights on Tileston Road, and raise and appropriate money therefor, as petitioned for.

## ONE HUNDRED AND FOURTH ANNUAL REPORT

Article 57. To see if the Town will vote to install five more electric lights on Russ Street, as laid out by the Selectmen, as petitioned for.

### WATER MAINS

Article 58. To see if the Town will vote to raise and appropriate \$1600.00 for the installation of a water main on Eugenia Street, as petitioned for.

Article 59. To see if the Town will vote to raise and appropriate a sum of money to install water pipes on Wyman Road, from Fairfield Road to Lancaster Road, a distance of 240 feet, as petitioned for.

Article 60. To see if the Town will vote to raise and appropriate a sum of money to install water pipes on Fairfield Road from Mill Street to Wyman Road, a distance of 350 feet, as petitioned for.

Article 61. To see if the Town will appropriate the sum of \$3000.00 for a six inch water line, on Augusta-Rockerfeller Street, labor to be supplied by W. P. A. for a distance of 1600 feet from Pond Street to Ryan Street, as petitioned for.

Article 62. To see if the Town will vote to raise and appropriate money for the laying of water pipe on Vine Street, as petitioned for.

Article 63. To see if the Town will vote to raise and appropriate a sum of money to install water pipes on Lancaster Road from Wyman Road, a distance of 625 feet, as petitioned for.

### MISCELLANEOUS

Article 64. To see if the Town will vote to raise and appropriate the sum of \$358.75 for the purchase of an

TOWN OF RANDOLPH, MASS.

Elliott Addressing Machine as per agreement made by the Water Commissioners, as petitioned for.

Article 65. To see if the Town will vote to raise and appropriate a sum of money to renovate the G. A. R. Hall, this Hall to be set aside by the Trustees as a Grand Army Memorial Hall, as petitioned for by the Trustees of the Stetson School Fund.

Article 66. To see if the Town will vote to raise and appropriate the sum of \$1000.00 for materials and expenses for Town wide fence repair project, to be constructed by the Work Progress Administration, as petitioned for.

And you are directed to serve this Warrant by posting attested copies thereof at the Town Hall, at the Town Clerk's Office, at the Post Office, and at six other public places in the Town, seven days at least, before the day and hour for holding said Meeting.

Hereof, fail not, and make return of this Warrant, with your doings thereon, to the Town Clerk, on or before the day and hour appointed for holding said meeting.

Given under our hands at Randolph, this 2nd day of February A. D. 1940.

THEODORE S. LUDDINGTON,  
CHARLES H. McGRATH,  
CHARLES F. BLAKELY,  
Selectmen of Randolph.

A True Copy.

Attest:

Constable.

Attest:

MARION L. BAILEY,  
Town Clerk.

ADJOURNED ANNUAL TOWN MEETING

March 18, 1940

**Article 9. Voted:** That the Selectmen be instructed to appoint a Special Officer, or Officers, to enforce the laws, with the approval of the Chief of Police.

**Article 10. Voted:** That the Water Commissioners be authorized to appoint any of their members to another office or position under their control and fix the salary of each office or position in accordance with Chapter 36, Acts of 1929.

Superintendent	\$2,000.00
Meter Reader	300.00

all as appropriated under Article 2.

**Voted:** To reconsider Article 2.

**Voted:** That Article 2, under the heading Treasurer's Salary, be amended to read as follows: Treasurer, Salary (including all necessary clerical work in the Water Dept. and Collection of Water Rates), \$1,250.00.

**Article 11. Voted:** Indefinite postponement.

ONE HUNDRED AND FIFTH ANNUAL REPORT

**Article 12.** Appropriation made under Article 2.

**Article 13. Voted:** That the sum of \$20.00 be raised and appropriated for maintenance and lighting of the clock in the tower of the First Congregational Church.

**Article 14. Voted:** That the town raise and appropriate for materials, expenses and equipment in connection with W. P. A. projects, the sum of \$15,500.00, \$4,500.00 thereof be transferred to the Water Department for W. P. A. expenses and \$500.00 be expended for the purchase of spraying equipment for the Moth Department; all except the \$4,500.00 to be expended under the direction of the Board of Selectmen.

**Article 15. Voted:** That the Town amend the By-Laws as follows: No elected or appointed member of any Committee or Board in the Town of Randolph shall be awarded any contract to be exercised in the Town of Randolph, the value of which is in excess of \$100.00 (One Hundred Dollars), unless said contract was open to competitive bidding.

**Article 16. Voted:** That the sum of \$750.00 be raised and appropriated for the lease of quarters for the Lieut. Thomas W. Desmond Post, No. 169, of the American Legion.

**Article 17. Voted:** That the sum of \$750.00 be raised and appropriated for lease and maintenance of quarters for the Lieut, John D. Crawford Post, No. 3389, Veterans of Foreign Wars.

**Article 18. Voted:** That the sum of \$7,000.00 be raised and appropriated for materials and equipment to improve the athletic field on the Stetson High School grounds and on adjacent town owned land, in conjunc-

TOWN OF RANDOLPH, MASS.

tion with a W. P. A. Project; and that the money be expended under the direction of the School Committee.

**Article 19. Voted Unanimously:** That the Town raise and appropriate the sum of \$8,000.00 for an Employment Fund to provide work instead of Public Welfare, and that men eligible for welfare have preference over all others, and that this fund be under the direct control of the Board of Selectmen.

**Article 20. Defeated.**

A true record.

Attest: MARION L. BAILEY,  
Town Clerk.

ADJOURNED ANNUAL TOWN MEETING

March 27, 1940

**Article 21. No action taken.**

**Article 22. Voted:** That a Committee of five citizens from Precinct 2 be appointed by the Moderator to investigate suitable locations for a playground in North Randolph and report back at the Annual Town Meeting of 1941.

**Article 23. No action taken.**

**Article 24. Voted:** That this matter be referred to the committee for further study and bring in their recommendations at a special town meeting.

A true record.

Attest: MARION L. BAILEY,  
Town Clerk.

ONE HUNDRED AND FIFTH ANNUAL REPORT

ADJOURNED ANNUAL TOWN MEETING

April 8, 1940

**Article 25.** Defeated.

**Article 26. Voted:** Two hundred sixty-seven in the affirmative to thirteen in the negative that the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow, under authority of and in accordance with the provisions of Chapter 72 of the Acts of 1939, the sum of \$25,000.00 and to issue bonds or notes of the town therefor, said bonds or notes to be paid in not more than ten years from their dates as shall be fixed by the Emergency Finance Board named in Chapter 49 of the Acts of 1933. The proceeds of the loan are hereby appropriated for meeting appropriations made for W. P. A.

**Article 27. Voted:** Two hundred and fifty-three in the affirmative to ten in the negative that the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the sum of \$15,000.00 in accordance with the provisions of Chapter 49 of the Acts of 1933, as amended, for the purpose of providing funds to meet ordinary maintenance expenses and revenue loans, such borrowing in no event to exceed the amount of the tax titles held in excess of the amount owing to the Commonwealth for similar loans previously made.

**Article 28. Voted:** That the sum of \$1,275.00 be raised and appropriated for repairs at the Prescott School.

**Street Layouts**

**Article 29. Voted:** That the town instruct the Selectmen to lay out Forrest Street from Old Street to North Main Street, and raise and appropriate \$100.00 therefor.

## TOWN OF RANDOLPH, MASS.

**Article 30. Voted:** That the Town instruct the Selectmen to lay out Vinton Street and raise and appropriate \$85.00 therefor.

**Article 31. Voted:** That the Town instruct the Selectmen to lay out Hills Street from a point 400 feet westerly from North Main Street, which has already been accepted, to High Street for a distance of 1,201 feet, and raise and appropriate \$100.00 therefor.

### Street Acceptances

**Article 32. Voted:** That no action be taken on this article as this street was accepted under Article 34 in 1937.

**Article 33. Voted:** To accept Lancaster Road and Wyman Road, as laid out by the Selectmen.

**Article 34. Voted:** To accept Patterson Avenue, as laid out by the Selectmen, a distance of 500 feet from Centre Street.

**Article 35. Voted:** That no action be taken on this article as this street has not yet been laid out.

**Article 36. Voted:** To accept Augusta Rockefeller Street as laid out by the Selectmen.

**Voted:** To reconsider Article 2, the item of Cost and Claims only.

**Voted:** That of the sum of \$1,200.00 appropriated under Costs and Claims, the sum of \$250.00 be assigned to defraying the cost of land damages in connection with the extension of Oliver Street.

**Article 37.** No action taken.

## ONE HUNDRED AND FIFTH ANNUAL REPORT

**Article 38. Voted:** To accept the layout of Eugenia Street as made by the Board of Selectmen.

### Street Construction

**Article 39.** Taken care of under Article 43.

**Article 40.** Taken care of under Article 43.

**Article 41.** Taken care of under Article 43.

**Article 42.** Taken care of under Article 43.

**Article 43. Voted:** That the sum of \$6,000.00 be raised and appropriated for materials and expenses for a Town-wide Street Project to be constructed under the W. P. A. and that the subject matter of Article 39, 40, 41 and 42 be taken care of under this article.

### Sidewalks

**Article 44. Voted:** Indefinite postponement.

**Article 45. Voted:** That no action be taken on this article as that part from Toomey's Store to West Street and 1500 feet on Lafayette Street will be taken care of under Article 47.

**Article 46. Voted:** That no action be taken on this article as 1500 feet (starting at Union Street) will be taken care of under Article 47.

**Article 47. Voted:** That the sum of \$7,000.00 be raised and appropriated for materials and expenses for sidewalks to be constructed by the Works Progress Administration on the following streets: Center, Cross, Fowler, Grove, Woodlawn, Fairmount, Lafayette, Allen,

## TOWN OF RANDOLPH, MASS.

Warren Streets, Fairview Avenue and Wales Avenue; and that the Highway Surveyor be instructed to build the sidewalk on Center Street first.

### Drainage

**Article 48. Voted:** That no action be taken on this article as same will be taken care of under Article 49.

**Article 49. Voted:** That the sum of \$5,500.00 be raised and appropriated for materials and expenses for Town wide drainage project to be constructed by W. P. A., \$500.00 of which is allocated to drainage on Maple Street.

### Street Lights

**Article 50. Voted:** That the sum of \$16.24 be raised and appropriated to install one electric light on Hills Street.

**Article 51. Voted:** That the sum of \$32.48 be raised and appropriated for the installation of two electric lights on Druid Hill Avenue.

**Article 52. Voted:** That the sum of \$16.24 be raised and appropriated for the installation of one electric light at the corner of Woodlawn Road and Sherwood Avenue.

**Article 53. Voted:** That the sum of \$32.48 be raised and appropriated for the installation of two electric lights on Royal Street.

**Article 54. Voted:** That the sum of \$16.24 be raised and appropriated for the installation of one electric light on Stacy Street.

**Article 55. Voted:** That the sum of \$48.72 be raised and appropriated for the installation of three street lights on High Street, from Stacy Street to Eugenia Street.

## ONE HUNDRED AND FIFTH ANNUAL REPORT

**Article 56. Voted:** That the sum of \$32.48 be raised and appropriated for the installation of two electric lights on Tileston Road.

**Article 57. Voted:** That the sum of \$81.20 be raised and appropriated for the installation of five electric lights on Russ Street, as laid out by the Selectmen.

### Water Mains

**Article 58. Voted:** That the sum of \$1,030.00 be raised and appropriated for materials for the installation of a water main for approximately nine hundred (900) feet on Eugenia Street, labor to be furnished by the Employment Fund.

**Article 59. Voted:** That the sum of \$310.00 be raised and appropriated for materials for the installation of water pipes on Wyman Road, from Fairfield Road to Lancaster Road, a distance of 240 feet; labor to be supplied by the Employment Fund.

**Article 60. Voted:** That the sum of \$475.00 be raised and appropriated for materials for the installation of water pipes on Fairfield Road from Mill Street to Wyman Road, a distance of 350 feet; labor to be furnished by the Employment Fund.

**Article 61. Voted:** That the sum of \$2,000.00 be raised and appropriated for materials for a water line on Augusta-Rockefeller Street; labor to be supplied by the W. P. A.

**Article 62. Voted:** Indefinite postponement.

**Article 63. Voted:** That the sum of \$800.00 be raised and appropriated for materials for the installation of water pipes on Lancaster Road from Wyman Road, a distance of 425 feet; labor to be supplied by the Employment Fund.

## TOWN OF RANDOLPH, MASS.

**Article 64. Voted:** That the sum of \$358.75 be raised and appropriated for the purchase of an Elliott Addressing Machine for the Water Department.

**Article 65. Voted:** That the sum of \$750.00 be raised and appropriated to renovate the G. A. R. Hall, this Hall to be set aside by the Trustees as a Grand Army Memorial Hall, as petitioned for by the Trustees of the Stetson School Fund.

**Article 66. Voted:** That the sum of \$1,000.00 be raised and appropriated for materials and expenses for a Town wide fence repair project, to be constructed by the Works Progress Administration.

A true record.

Attest:           MARION L. BAILEY,  
                                Town Clerk.

## PRESIDENTIAL PRIMARY ELECTION, 1940

## ONE HUNDRED AND FIFTH ANNUAL REPORT

### NOTICE

The attention of parents is called to the law relating to the registering of births. The present requirement is as follows:

Chapter 29, Sec. 6, of the Revised Laws. Parents within forty days after the birth of a child . . . shall cause notice thereof to be given to the clerk of the town or city in which such child is born.

Section 8. A parent . . . who neglects to do so for ten days after the time limited therefor . . . shall forfeit not more than five dollars for each offense.

Attention of PHYSICIANS and MIDWIVES is called to Chapter 280, Section 1, Acts of 1912: Section 1. Physicians and midwives shall, within forty-eight hours after the birth of every child in cases of which they are in charge, mail or deliver to the clerk or registrar of the city or town in which the birth occurred, a notice stating the date and place of the birth, giving the street number, if any, the number of the ward in a city and the family name. Failure to mail or deliver the said notice shall be punished by a fine not exceeding twenty-five dollars for each offense.

In accordance with the provisions of the law, the Town Clerk is prepared to furnish to parents, physicians, and midwives applying therefor, blanks for return of births as required by law.

## Report of the Selectmen and Overseers of Public Welfare

---

The Board of Selectmen herewith submit their report for the year 1940.

As usual the greatest problem during the past year has been unemployment and welfare expense. However, during the past four months many from the relief rolls have returned to work. Conditions at the present time seem much improved, so much so, that the Board is asking for approximately \$11,000.00 less for Public Welfare.

The W. P. A. during the year employed a maximum of 327 men and 35 women. At the present time there are approximately 162 persons working on these projects. Of course it has been necessary to spend money on these programs to keep them in operation, otherwise the burden would have been on the welfare department.

The Old Age Assistance has been another problem which this Board has had to contend with. The average case load per month was 213 cases. One of the problems was the excessive cost for medical attention. On June 3, 1940 we voted to approve two physicians for Old Age Assistance cases, hoping that this would relieve the burden of excess cost. To date this has proven very satisfactory.

In closing, we extend our sincere thanks and appreciation to all Town officials who have given their cooperation at all times.

CHARLES F. BLAKELY,  
JAMES P. DUFFY,  
Selectmen of Randolph.

TOWN OF RANDOLPH, MASS.

## Assessor's Report, 1940

---

December 31st, 1940.

To the Honorable Board of Selectmen:

We herewith submit the report of this department for the year 1940.

On March 9th the Board organized with Mr. Frank F. Teed, Chairman; Mr. Raymond E. Lyons, Clerk; and Mr. James P. Duffy, Associate Member.

The tax rate for the year was computed on the following basis of expenses and receipts:

### Expenses

Town appropriations (Balance transferred  
at Town Meeting Oct. 4, 1939, author-  
ized by the Commissioner) \$14,950.00

Town appropriations, March 1940	437,726.44
Overlay deficit, 1934	64.60
Overlay deficit, 1935	70.38
Overlay deficit, 1936	96.05
Overlay deficit, 1937	4,787.57
Overlay deficit, 1938	4,961.29
Overlay deficit, 1939	4,304.58
Overlay current year	5,846.12
State tax, 1940	18,080.00
County tax, 1940	6,879.96
Parks and Reservations, 1940	295.97
State audit, 1940	657.21
	<hr/>
	\$498,720.17

# ONE HUNDRED AND FIFTH ANNUAL REPORT

## PUBLIC LIBRARY

---

To the Citizens of Randolph:

Pursuant to the provisions of Article 3 of the By-Laws of the Turner Free Library, this report, for the calendar year 1940 and being the sixty-fifth annual report, is submitted, showing the condition of the trust consisting of the building, library, and funds, together with the reports of the Librarian and Treasurer and so much of the reports submitted to the Trustees by the various committees as seems of general interest.

The Library Committee reports that the books, charts and furnishings are in good condition and that all books belonging to the library are accounted for by the Librarian.

The Building Committee reports that a substantial amount of work has been done during the year upon the Library's rental premises. These are now in excellent condition and satisfactorily rented, and it is hoped that the revenue from them will continue to be a steady addition to the Library's income which has suffered recently because of vacancies. No building can exist free of deterioration unless fairly constant repairs are made upon it, and it cannot be expected that 1941 will pass without the Library building requiring work of this nature. Therefore, in the light of experience as to the need of both ordinary and emergency repairs, the Trustees ask, for the current year, an appropriation of Five Hundred (\$500.00) Dollars to cover the cost of such repairs to the exterior and interior of the building and to the furnishings and fixtures as may from time to time be necessary.

## TOWN OF RANDOLPH, MASS.

The Librarian's report gives various details of the activities of the Library which it is believed will be found interesting. The Trustees again offer their thanks to Mr. Erskine H. Cox for his very valuable gift of magazines purchased with the income of the fund established by him in memory of Mrs. Ethelwyn M. C. Cox, and they desire to add their thanks to those of the Librarian for all books donated during the year.

Mrs. Mollie F. Howard resigned as Treasurer during the year and was succeeded in that office by Mr. Joseph D. Wales, who thus becomes both Secretary and Treasurer. Fortunately, Mrs. Howard continues as Trustee.

The Trustees record with deep sorrow, the death during 1940 of two of their associates, Mr. William H. Leavitt who died on February eleventh and Mr. Frank W. Belcher who died on December twentieth. Mr. Leavitt was elected Trustee June 5, 1899, and on November 5, 1900 became Secretary, which office he resigned December 5, 1932. Mr. Belcher was elected Trustee, November 13, 1915, and on May 20, 1926 became Treasurer, which office he resigned May 5, 1937. Both Mr. Leavitt and Mr. Belcher were unwavering in their interest in the Library and in their efforts in its behalf. They each gave unsparingly of their time and attention to its welfare. By the deaths of these two members in one year the Library and the Board have suffered a very heavy loss.

The Trustees again express their appreciation of the loyal services of the Librarian, Mrs. Eunice B. Martin, and of her assistants, Miss Pearl Massie and Miss Virginia Baker, and of the janitor, Mr. John T. Moore.

ONE HUNDRED AND FIFTH ANNUAL REPORT

A copy of each of the following reports is hereunto subjoined:

Report of the Librarian.

Report of the Treasurer showing the investment of the funds and the receipts and expenditures of the Library.

Report of the Finance Committee.

Respectfully submitted,

SETH T. CRAWFORD,  
President, Board of Trustees.

Randolph, Mass., January 15, 1941.

TOWN OF RANDOLPH, MASS.

**REPORT OF LIBRARIAN**

**of**

**TURNER FREE LIBRARY**

To the Trustees of the Turner Free Library:

I have the honor to submit the annual report of the Librarian for the year ending December 31, 1940.

Circulation of books for the year, 23,145.

Largest circulation for one month was in January when 2,808 books were given out.

Number of magazines loaned, 948.

Accession number, 35,240.

221 books having been added, 178 books purchased and 43 gifts.

Registration number is now 1760.

Cards issued in the past year, 579.

Among the gifts were books on the Civil War and records of G. A. R. Post 110, which add greatly to our collection which is considered one of the most complete in the State. The books were presented by Mr. Wilbur of the Sons of Veterans. Mr. Erskine H. Cox gave a timely book entitled "Smoke Screen" by Pettengill.

We take this time to thank all who have donated books and magazines during the past year.

The Librarian wishes to thank Miss Massie and Miss Baker for their help and faithfulness; also the Trustees for their advice and co-operation.

Respectfully submitted,

EUNICE B. MARTIN,

January 6, 1941

Librarian.

TOWN OF RANDOLPH, MASS.

REPORT OF FINANCE COMMITTEE

To the Trustees of the Turner Free Library:

Your Committee on Finance submits the following report:

The Committee has audited the accounts of the Treasurer for the year 1940 and found them correct. All moneys received have been accounted for and no moneys have been paid out except upon vouchers properly approved. The Committee has examined also the securities representing the investments of the funds of the Library and has found them to be intact and as represented.

We have made the following change in our investments by: Investing cash to our credit with Chas. A. Day & Co. also replacing \$2,000 Southern California Water Co., 4-1/2s of 1960, called for payment, in the purchase of:

30 Shs. Chemical Bank & Trust Co. of N. Y.

25 Shs. Commonwealth Edison Co.

10 Shs. Randolph Co-operative Bank

Respectfully submitted,

RAYMOND L. MASON,

January 12, 1941.

Chairman.

ONE HUNDRED AND FIFTH ANNUAL REPORT

# Report of the Board of Health

---

Randolph, Mass., January 13, 1941

Board of Selectmen,  
Randolph, Mass.

Gentlemen:

The Board of Health respectfully submits its report and the report of its respective agents for the year ending December 31, 1940.

The Board of Health has inspected all stores and places where food and other goods were distributed and found them clean and safe for the sale of goods. Sanitary conditions were up to the regulations of the Board.

The Chadwick Clinic work done at the Norfolk County Hospital was very successful. The Board would like to thank Miss Conlon, our School Nurse and Miss Scannell, and Miss Condon, the District Nurses, for their fine cooperation in selecting the children that received tests at this clinic.

Our Diphtheria Clinic was also a great success this year, which was so ably conducted by our School Physician Dr. Higgins, and assisted by Miss Conlon, Miss Scannell, and Miss Condon.

We wish to call the mothers' attention to this Clinic as it has more than proved its worth. For the last three years we have not had one case of this disease.

We have had a very good year in regards to Typhoid, as not one case has been reported.

The Dental Clinic is one of the most important Clinics we have and was conducted by Dr. Maguire and Dr. Smith. With the cooperation of our school nurse, Miss Conlon, examinations were made at all the various schools.

## TOWN OF RANDOLPH, MASS.

Permission may be obtained from Miss Conlon to visit the dentist.

We would like to remind the citizens again about dumping rubbish along the side streets as it is expensive to the town in removing it.

In closing we wish to express our thanks to the Board of Selectmen and all the other Town officials for their courtesy and for the assistance that they have given to this Board at all times during the year.

The following is a list of licenses granted during the year 1940:

Undertakers	4
Camp	1
Alcohol	8
Piggeries	5
Cesspool cleaning	3
Pasteurization	1

Communicable diseases for the year 1940 were as follows:

Chicken Pox	6
Dog Bite	27
German Measles	1
Measles	5
Mumps	1
Scarlet Fever	12
Pulmonary T. B.	4
All other kinds of T. B.	2
Whooping Cough	8
Dysentery (Bacillary)	2
Lobar Pneumonia	4
Trachoma	1
Streptococcus	1

GEORGE H. HENEY, Chairman  
FRED J. DRISCOLL, Secretary,  
WILLIAM E. BUCK, M. D.  
Board of Health

ONE HUNDRED AND FIFTH ANNUAL REPORT  
REPORT OF THE PLUMBING INSPECTOR

Randolph, Mass., January 16, 1941

To the Board of Selectmen,  
Town of Randolph:

I hereby submit my report as Plumbing Inspector  
for the year ending December 31, 1940.

Fifty-one permits have been issued and the following  
fixtures have been installed.

41 Water Closets  
37 Sinks  
26 Bath Tubs  
26 Wash Trays  
18 Pressure Boilers  
2 Shower baths  
1 Slop Sink  
Connected 1 Soda Fountain  
One Drinking Fountain  
One Electric Dish Washer  
One Refrigerator Connection.

Respectfully submitted,

THOMAS O'RILEY,  
Plumbing Inspector.

TOWN OF RANDOLPH, MASS.

REPORT OF THE INSPECTOR OF SLAUGHTERING

January 20, 1941

To the Board of Health of the Town of Randolph:

Dear Sirs:

I hereby submit my report for the year of 1940 as Inspector of Slaughtering.

Inspected	222 Head
Passed	218 Head
Condemned	4 Head
Hogs	191 Head
Goats	26 Head
Calves	9 Head
Cattle	6 Head

WESTON L. MANN,  
Inspector of Slaughtering.

ONE HUNDRED AND FIFTH ANNUAL REPORT  
REPORT OF ANIMAL INSPECTOR

Randolph, Mass., Jan. 13, 1941.

To the Honorable Board of Selectmen:

I herewith submit my report as Inspector of Animals for the year ending December 31st, 1940:

Cows	223
Swine	1,960
Goats	26

The stables housing these animals were inspected and found to be in satisfactory order.

There were 27 dogs quarantined by the department.

Respectfully submitted,

CHARLES H. TRUELSON,  
Inspector of Animals.

TOWN OF RANDOLPH, MASS.

REPORT OF INSPECTOR OF MILK

Randolph, Mass., Jan. 1, 1941.

To the Board of Health, Randolph, Mass.

Sirs:

I hereby submit my report as Milk Inspector for the year ending December 31, 1940.

Licenses issued were:

Milk Licenses	57
Milk Permits	10
Pasteurization Licenses	1
Oleomargarine Licenses	10

Average test on Milk—4.2% butterfat content.

Respectfully submitted,

HENRY MERRILL,  
Milk Inspector.

## TOWN OF RANDOLPH, MASS.

---

### RICHARD F. FORREST

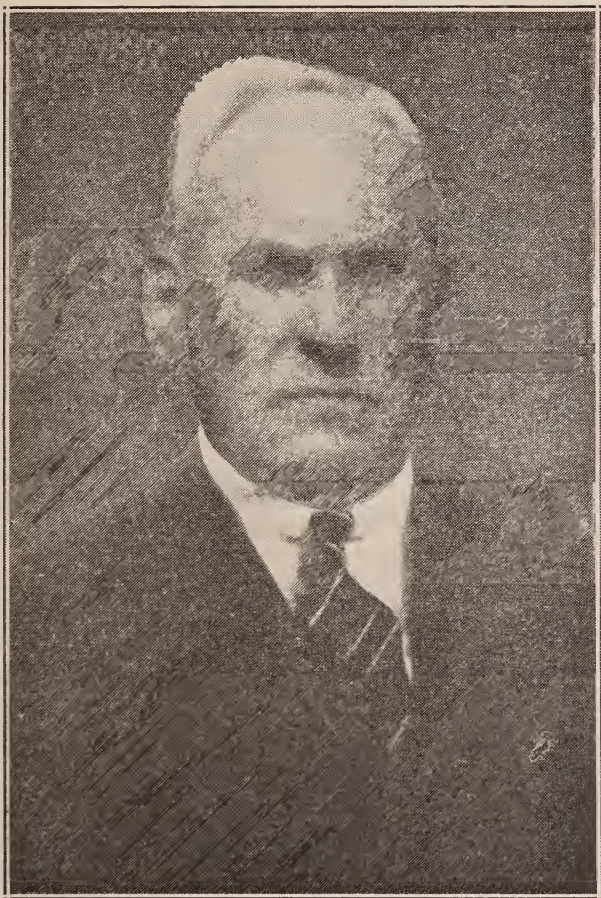

With the untimely death of Richard F. Forrest on March 30, 1940, another of Randolph's stalwarts has passed away.

He was born, a native of Randolph, November 26, 1873. He took an early interest in town affairs and in 1889 became associated with the Water Department.

In 1908 he was elected to the Board of Water Commissioners and in 1913 he took over the duties of Superintendent of this department. These positions he held until the time of his death. He also served as Selectman from 1921 to 1927.

Mr. Forrest, a man holding the high esteem and respect of his fellow townsmen, is sorely missed by all with whom he came in contact during his career as a public official. Throughout his life he was closely connected with, and took an active part in, every important measure in the furtherance of town betterment. His integrity, ability and wisdom is Randolph's loss.

---

RICHARD F. FORREST

## Report of Water Commissioners

---

To the Citizens of the Town of Randolph:

The fifty-fifth annual report of the Water Commissioners, covering the calendar year 1940, is herein submitted.

Organization of the Board was as follows:

Frederick D. Driscoll

Chairman and Meter Reader

William J. Almond . . . Superintendent

Richard F. Forrest . . . . . Associate

Marion L. Bailey . . . . . Collector

Since the untimely death of Mr. Forrest, the Water Board has functioned under the supervision of the remaining members.

During the year the Department received 44 applications for services, these have all been installed; 21 services were pumped and cleaned; 44 services metered; 49 leaks repaired; 12 services renewed with  $\frac{3}{4}$ " copper tubing from main to line; 4 main breaks and 2 joint leaks; 4 hydrant bases found leaking and repaired; 6 hydrants broken by automobiles; 14 service boxes found broken and filled, were repaired; 10 hydrants on the old 6" line on South Main Street were removed and 6 have been used on new work; 91 meters were removed for repairs at factory and all have been reset.

Work on the new 12" main on South Main Street which was started last year was completed this Spring. This section of the Town now has ample water supply for fire protection. Under a W. P. A. project, 8200 linear

## TOWN OF RANDOLPH, MASS.

feet of shoulder was made to replace that which was torn up by trenching when installing this 12" main.

In conjunction with sidewalk operations, some service boxes were raised to grade on North Main, Centre, Grove, Fowler and Cross Streets.

### NEW MAIN AND EXTENSIONS

#### Under W. P. A.

450' of 6", class #150, cast iron pipe, 2 gates, 1-6" tee, and 1 hydrant were installed on Woodland Parkway; 7 services were renewed with  $\frac{3}{4}$ " copper tubing and connected to new line; 956' of 8", class #150, cast iron pipe, 2-8" gates, 2-6" gates, 2 hydrants, and 3-6" tees were installed on Augusta - Rockefeller Street; 11 services were renewed with  $\frac{3}{4}$ " copper tubing and connected to new line.

#### Under Employment Fund

Fairfield Road: 350' of 6", class #150, cast iron pipe, 1 gate, and 2-6" tees were installed; 1 service was renewed and connected with  $\frac{3}{4}$ " copper tubing to new line.

Wyman Road: 250' of 6", class #150, cast iron pipe, 1 gate, 1 hydrant and 1-6" tee were installed; 1 service was renewed with  $\frac{3}{4}$ " copper tubing and connected to new line.

Lancaster Road: 450' of 6", class #150, cast iron pipe, 1 hydrant and 1-6" tee were installed; 1 service was renewed with  $\frac{3}{4}$ " copper tubing and connected to new line; services were installed to property line of all houses on this road but as yet no application for water has been received.

TOWN OF RANDOLPH, MASS.

The expenditures of the Water Department will be found in the Town Accountant's report.

Collections and outstanding water rates will be found in the report of the Water Collector.

March	20,387,800	657,671	61,145	1,972	2,572
April	17,806,800	593,560	56,435	1,881	2,243
May	18,473,200	595,909	53,710	1,732	2,126
June	19,525,600	650,853	58,985	1,966	2,394
July	24,000,600	774,213	71,330	2,301	2,944
August	29,832,700	962,345	82,160	2,650	3,486
September	18,154,200	605,140	55,985	1,866	2,143
October	18,182,700	586,539	56,755	1,831	2,444
November	15,714,100	523,803	52,955	1,765	2,425
December	17,242,300	556,203	58,165	1,876	2,540
Totals	237,415,800	648,208	721,665	1,971	30,008

The largest day's pumping was on August 16, 1940, when 1,350,600 gallons were pumped.

The largest week's pumping was the week ending August 17, 1940, when 8,150,700 gallons were pumped.

Respectfully submitted,

JOHN J. McNEIL, Engineer.

## TOWN OF RANDOLPH, MASS.

### RULES AND REGULATIONS

---

The following regulations, until further notice, shall be considered a part of the contract with every person who uses water:

1. All applications for use of water must be made at the office of the Water Commissioners, and state fully the purposes for which it is intended to be used. Water will not be introduced to premises except on the written application of the owner thereof, or by a duly authorized agent. The property will in all cases be held responsible for the water rates.

2. All persons taking water must keep their water pipes and fixtures in good repair and protected from the frost at their own expense. They will be held liable for all damages resulting from their failure to do so. They shall prevent all unnecessary waste, and water shall not be left running to prevent freezing. The Water Commissioners or their agents may, from time to time, ascertain the quantity of water used, the manner of its use, and whether there is unnecessary waste. They and their agents shall have free access to the premises supplied, to examine the apparatus, and if any fixtures are found not to be in good order, they shall direct them repaired, and if not repaired within two days the water shall be shut off and not let on again until such repairs are made, and the sum of two dollars paid for shutting off and turning on the water.

3. The occupant of any premises, when unnecessary waste of water occurs, shall be liable to a fine of two dollars for the first offense, and four dollars for the second offense during the same year, and shall be notified thereof in writing; and if such waste is not pre-

## ONE HUNDRED AND FIFTH ANNUAL REPORT

vented and the aforesaid fines paid within two days from the time when the said notice is given, the water shall be shut off the premises, and shall not be again let on for the same occupant until waste be stopped and the fine paid, together with an additional sum of two dollars for shutting off and letting on the water, and in case of a third or subsequent offense the water shall be shut off, and shall not again be let on except by a vote of the Water Commissioners and the payment of such fine, not exceeding ten dollars, as the Water Commissioners may impose.

4. Any person supplied with water shall not allow another to take water from his fixtures without the written permission of the Water Commissioners. If a tenant has no fixtures, he will be charged full rates for any use which he makes of the fixtures of another.

5. All parties using water and stables, for horses or other animals, will be charged scheduled rates for the same, whether it be carried by hand or through hose.

6. All persons using water for building purposes are required to obtain a permit from the Water Commissioners before taking water from any faucet or fixtures connected with the water works, and all water takers are warned not to let any party take water from their premises until they show a permit from the Water Commissioners. Any person furnishing water in violation of this section will be subject to a fine of not less than five nor more than twenty dollars, and if the same when levied is not paid within three days from the time when the notice thereof is given the water will be shut off from the premises and will not be let on again until such fine is paid.

7. All fixtures and water closets and urinals must be of a kind and quality approved by the Water Com-

## TOWN OF RANDOLPH, MASS.

missioners, also a vacuum valve must be installed on all pressure range boilers connected with the system.

8. No person shall in any case be allowed to open any fire hydrants except by a written permit from the Water Commissioners; but the Engineers of the Fire Department shall in all cases have control of hydrants at fires and for practice.

9. The Commissioners reserve the right to restrict the use of hose or fountain, to shut off the water in all cases when it becomes necessary to make extensions or repairs, or for violations of any of the regulations, or whenever they deem it expedient.

10. The regular rates for the use of water shall be payable in advance on the first days of January and July of each year, except where water is supplied to manufacturers by special agreement. In all cases of non-payment of the water rates within ten days after same is due as well as for violations of these rules and regulations, the supply will be shut off, and payment of the amount due, and payment of two dollars for shutting off and letting on the water, shall be made.

11. The Water Commissioners reserve the right to change the water rates at any time except in cases of dwelling houses and established special rates.

12. For business requiring large quantities of water, and all supplies not enumerated in the tariff of rates, special rates will be made.

13. Parties using water for manufacturing or domestic purposes can erect hydrants on their grounds or standpipes in their buildings to be used only as a protection against fire without additional charges for water.

## ONE HUNDRED AND FIFTH ANNUAL REPORT

14. All applicants for the introduction of service pipes to premises are required to make written application therefor at the office of the Water Commissioners.

And in no case will the main be tapped more than once for the same premises, unless the additional expense is borne by the owner.

Charged as follows:

The following water rates are established until further notice:

No connection made with the main for any purpose for less than	\$6.00
--	--------

### DWELLING HOUSES

Occupied by one family, for the first faucet	6.00
Each additional faucet to be used by the same family	2.00
Two or more families occupying one house, one faucet for all, each family	5.00
One faucet for each family	6.00
For first bathtub	5.00
If used by more than one family in same house, each family	4.00
Each additional bathtub	2.00
For first pan or self-acting water-closet	5.00
If used by more than one family in same house, each family	4.00
Each additional pan or self-acting water-closet	2.00
Where two faucets are used, one for hot and one for cold water, emptying into the same basin, only one charge will be made for both.	
Laundry tub	3.00

## TOWN OF RANDOLPH, MASS.

### HOSE

For sprinkling streets, washing windows and similar uses, 1/4-inch nozzle, to be used only on premises and street opposite, not exceeding two hours per day for six months in the year 5.00

For any use not herein enumerated, special rates will be made.

Meter Rates payable at Time of Reading.

For not over 133 cubic feet average per day, per 100 cubic feet .23

For over 133 cubic feet and not exceeding 266 cubic feet average per day, per 100 cubic feet .19

For over 266 cubic feet average per day .15

Provided that in no case where a meter is used shall the annual charge be less than \$7.00.

Meters may be supplied by the Water Commissioners for which annual rental will be charged as follows:

Size 5/8-in	\$1.00 per year
Size 3/4-inch	\$1.00 per year
Size 1-inch	\$4.00 per year
Size 2-inch	\$6.00 per year

All needed repairs, damages by frost and heat excepted, will be made at the expense of the town.

WILLIAM J. ALMOND,  
FRED D. DRISCOLL,  
Water Commissioners.

ONE HUNDRED AND FIFTH ANNUAL REPORT

## Report of the Tree Warden

---

Randolph, Mass., Jan. 1st, 1941.

To the Citizens of the Town of Randolph—

Greeting:

The shade trees of any city or town are a beauty and an asset to any community. Many of our beautiful trees are old and dying out for want of proper nourishment, owing to the cement roads and sidewalks. Each year more or less dead branches have to be removed.

I would recommend the planting of a few trees each year to try and take the place of many that have been removed.

I recommend starting a nursery where small trees could be planted to raise them to proper size for street planting. The cost would be a very small item.

Let our motto be: "Plan to plant another tree."

Respectfully submitted,

JOHN T. MOORE,  
Tree Warden.

TOWN OF RANDOLPH, MASS.

## Local Moth Superintendent

---

Randolph, Mass., Jan. 1st, 1941.

To the Citizens of Randolph—

Greeting:

The moth situation in the town the past year remains about the same. A W. P. A. project was carried on last winter and spring to cover all the woodlands, creosoting the egg clusters. Thirty men were employed.

The town purchased a new sprayer and more effective work was done. All streets were sprayed and some of the streets in outlying sections.

The elm tree beetle was a serious menace the past summer and we must do more spraying to try and hold this pest in check.

The tent caterpillar was not so bad last year, as many nests and wild cherry trees where they breed were destroyed.

No creosoting has been done this year.

The brown-tail moths were very few this year, also Fall web worms.

A little more money should be raised this year to enable us to buy more material.

Respectfully submitted,

JOHN T. MOORE,  
Local Moth Supt.

ONE HUNDRED AND FIFTH ANNUAL REPORT

# Report of Police Department

---

Randolph, Mass., January 13, 1941

To the Board of Selectmen,  
Randolph, Mass.

over and above expenses of prosecution \$279.87  
Fines taken in by District and Superior Courts \$2,076.00  
Total number of warnings on motor violations 1,523  
Total number of suspensions of licenses 54  
Total number of miles covered by Police Car 72,186  
Total number of miles covered by motorcycles 18,726

\*Some arrests and summonses were served for out of town police.

\*\*Of the 13 cases dismissed for want of prosecution the police were complainant on 6.

Respectfully submitted,

PATRICK T. McDONNELL,  
Chief of Police.

ONE HUNDRED AND FIFTH ANNUAL REPORT

## Report of Fire Department

---

Randolph, Mass., January 15, 1941

To the Honorable Board of Selectmen:

Gentlemen:

I respectfully submit the report of the Fire Department for the year ending December 31, 1940.

The department has responded to 345 calls during the year, classified as follows:

Building Fires	46
Automobile	10
False	7
Inhalator	2
Gas Leak	1
Auto Accident	1
Woman Locked in Building	1
Boy Fell Through Ice	1
Grass and Brush	96
American Legion Ambulance Calls	180
Feet of Hose used	13,250
Feet of Ladder used	600
Assessed Value of Property	\$93,650.00
Insurance on Property Damaged	\$70,075.00
Damage to Property	\$17,131.00
Insurance Paid on Damage	\$15,541.00
Loss not Covered	\$1,590.00

The personnel for the Fire Department consists of three permanent men and twenty call men.

## TOWN OF RANDOLPH, MASS.

The apparatus consists of :

- 1 La France Combination
- 1 Seagrave Cities Service Ladder Truck
- 1 Seagrave Pumping Engine, 1000 gals. capacity
- 1 Maxim Pumping Engine, 400 gals. capacity
- 1 Chevrolet Pumping Engine, 300 gals. capacity
- 1 Chevrolet Fire Alarm Truck

The above apparatus carries the necessary equipment to properly operate.

There is now under construction a Lighting Unit which will soon be put into operation. This will be mounted on the La France Combination.

The Fire Alarm consists of :

- 35 Street Boxes
- 15 Phantom Boxes or Telephone Locations
- 2 Private Boxes

With the Central Office equipment the three banks are also connected with the Fire Station to transmit burglar alarms, or alarms of fire in case the electric circuit is disturbed.

All of the apparatus has been inspected by an Automotive Engineer this past year and the repairs recommended by him have been made.

I would suggest the purchase of one street box each year until the town is brought up to the standard of the National Board of Fire Underwriters.

I wish to thank the Board of Selectmen and Citizens of the town for their hearty co-operation.

Respectfully submitted,

HAROLD L. BAILEY,  
Chief of Fire Department.

## Report of the Board of Appeals

---

Board of Selectmen, Randolph, Mass.

Gentlemen:

The Board of Appeals which was created under the zoning laws, adopted by the town, considered one case during the year. After a number of hearings a unanimous decision was rendered. Up to the present time the appellants have completely disregarded this decision. If the Zoning Laws are to mean anything the importance of enforcing strictly the decisions of the Board of Appeals should be apparent to all.

Respectfully submitted,

GEORGE N. WELCH, Chairman,  
JOHN E. KELLEY,  
DENNIS J. MURPHY,  
G. HENRY TANGEN,  
GEORGE F. TAYLOR,  
Zoning Appeal Board.

## Report of State Auditor

---

November 6, 1940.

To the Board of Selectmen,  
Mr. Charles F. Blakely, Chairman  
Randolph, Massachusetts.

Gentlemen :

I submit herewith my report of an audit of the books and accounts of the Town of Randolph for the period from August 13, 1939 to August 17, 1940, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,  
Director of Accounts.

TNW:FC

Mr. Theodore N. Waddell  
Director of Accounts  
Department of Corporations and Taxation  
State House, Boston

Sir :

In accordance with your instructions, I have made an audit of the books and accounts of the town of Randolph for the period from August 13, 1939, the date of the previous examination, to August 17, 1940, and submit the following report thereon :

## TOWN OF RANDOLPH, MASS.

The financial transactions as recorded on the books of the several departments receiving or disbursing money for the town, or committing bills for collection, were examined and reconciled with the records of the treasurer and of the town accountant.

TOWN ACCOUNTANT. The general ledger accounts were analyzed, the recorded receipts being checked with the treasurer's books and the payments being compared with the warrants authorizing them and with the treasurer's records of payments.

The appropriations and loan orders were checked with the town clerk's records of town meeting proceedings, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on August 17, 1940.

TREASURER.....The books and accounts of the treasurer were examined and checked. The receipts, as recorded, were analyzed and checked with the records of the several departments collecting money for the town and with other sources from which money was paid into the treasury, while the payments were compared with the selectmen's warrants authorizing the treasurer to disburse town funds. The cash book was added and the cash balance on August 17, 1940, was verified by actual count of the cash in the office and by a reconciliation of the bank balance with statements furnished by the banks of deposit.

Payments made for maturing debt and interest were compared with the cancelled securities and coupons on file and with the amounts falling due.

The securities and savings bank books representing the investment of the several trust funds in the custody of the town treasurer, the treasurer of the trustees of the

## ONE HUNDRED AND FIFTH ANNUAL REPORT

Turner Library Funds, and the Treasurer of the trustees of the Stetson School Funds were examined and listed. The income was proved and the receipts and payments were verified.

The records of tax titles held by the town were examined and reconciled with the collector's tax accounts and with the town accountant's ledger, being further verified by comparison with the records in the Registry of Deeds.

**TAX COLLECTOR.** The books and accounts of the tax collector were examined and checked in detail. The taxes outstanding according to the previous examination were audited and all subsequent commitments were compared with the assessors' warrants issued for their collection. The payments to the treasurer were verified, the recorded abatements were checked with the assessors' records, and the outstanding accounts were listed and proved.

**LICENSES AND PERMITS.** The records of licenses and permits issued by the selectmen, town clerk, and the health department were examined and checked, and the payments to the State and to the town treasurer were verified.

**DEPARTMENTAL ACCOUNTS RECEIVABLE.** The records of bills committed to the treasurer by the various departments were examined and checked. The recorded receipts were checked with the treasurer's cash book, the abatements were compared with the records in the departments authorized to grant them, and the outstanding accounts were listed and reconciled with the town accountant's ledger.

**WATER ACCOUNTS RECEIVABLE.** The water accounts committed for collection were examined and checked in detail. The commitments were added, the reported pay-

## TOWN OF RANDOLPH, MASS.

ments to the treasurer were compared with the treasurer's cash book, the abatements were verified, and the outstanding accounts were listed and proved.

OUTSTANDING ACCOUNTS. Verification of the outstanding tax, departmental, and water accounts was obtained by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received, it appears that the accounts, as listed, are correct.

SURETY BONDS. The surety bonds of the several town officials required by law to file them were examined and found to be in proper form.

CONCLUSION. In addition to the accounts mentioned, the records of all other departments collecting money or committing bills for collection were examined and reconciled with the treasurer's and town accountant's ledger.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's cash, summaries of the tax, tax title, departmental, and water accounts, as well as tables showing the trust fund transactions.

For the cooperation extended by the various town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE,  
Assistant Director of Accounts.

HBD:FC

# Report of the Highway Surveyor

---

January 24, 1941

To the Citizens of Randolph:

I respectfully submit the following report for the year ending December 31, 1940.

During the year of 1940 many improvements have been made on streets, sidewalks and drainage construction.

## GENERAL

Maintenance work consisted of the following:

Sweeping and cleaning streets, catch basins, gutters, drainage outlets and brooks.

Patching, gravelling, shoulder repairs, painting and repairing fences, gravelling and grading dirt roads and tar treatment on streets where necessary.

## CHAPTER 90

Chapter 90 maintenance work includes the following streets:

Union, Warren, Canton and Pond Streets.

Type of work consisted of cleaning basins, brush cutting, patching, asphalt resurfacing, colprovia honing treatment and fence repairs and painting.

## EMPLOYMENT FUND

The Highway Department completed much useful work through the assistance of the employment fund and I wish to thank the Board of Selectmen for their co-operation.

## TOWN OF RANDOLPH, MASS.

### W. P. A. CONSTRUCTION

Highways, sidewalks and drainage construction were completed with satisfactory results and a great many improvements were made.

Due to winter weather conditions State W. P. A. officials have temporarily suspended operations on sidewalk and street construction.

At the present time the W. P. A. drainage project is in operation on Liberty Street. This project is town-wide and includes surface drainage on many other streets in the town and will continue to operate until all work has been completed.

### SNOW REMOVAL

During the early part of 1941 we had more snow removal work than any year in the history of the Town due to the severe northeast storms. As a result of these extreme storms a great amount of plowing, shoveling, hauling and sanding was necessary.

I wish to thank the citizens and workers of the Town of Randolph for the splendid co-operation I received in overcoming these most unexpected heavy snow storms during the year 1940.

### CHAPTER 90 NEW CONSTRUCTION 1941

At a conference held by the County Commissioners, Norfolk County, Dedham, Mass., which included Selectmen, Highway Department Heads and State Public Works Commissioner, a program for the year 1941 was planned.

A recommendation was made to rebuild Liberty Street with a permanent construction. This work will be under the supervision of the Department of Public Works.

## ONE HUNDRED AND FIFTH ANNUAL REPORT

During the month of October, 1889, the relocation of Liberty Street was made by Frederick Endicott and as a result of this survey we are able to construct Liberty Street (Subject to a vote of the people at the annual town meeting) under the Chapter 90 program.

I wish to thank the Town Officials and the citizens for their co-operation and assistance during the past year.

Respectfully submitted,

JOHN A. FREDERICKSON,  
Highway Surveyor.

TOWN OF RANDOLPH, MASS.

# Report of the Sealer of Weights and Measures

---

Randolph, Mass., January 6, 1941.

To the Board of Selectmen, Randolph, Mass.

Gentlemen:

During the year 1940 I have sealed:

	<hr/>	
	\$210.00	
Appropriation	\$210.00	

Respectfully submitted,

DANIEL P. LYONS,

Sealer of Weights and Measures.

## Report of School Committee

---

The school committee herewith submits its annual report for the year 1940. We recommend that you read the report of the Superintendent of Schools, together with the reports of the various departments which are appended hereto and which are a part of this report.

At the annual Town Meeting in March 1940 this committee received a special appropriation of money to repair and make safe the roof construction and the piers and girders in the basement of the Prescott School. During the summer vacation the basement was completely renovated, new steel girders, columns and lighting fixtures were installed. It became necessary, however, for this committee to carry the work much farther than had been anticipated, because of the unsafe condition discovered in the process. A thorough and permanent repair job was affected, however, both as to the roof construction and the girders and piers in the basement, at considerable additional expense.

In the basement of this building a much needed assembly room has been added to the usable floor area of the building, accommodating lunch room, assembly hall, special class and 4-H work shop. This room has become a most necessary adjunct to the school building.

The school committee this year sponsors an article in the Town Warrant calling for an appropriation of money to provide fire-proof stairs and stair hall at the Prescott School building. We sincerely hope that favorable action will be taken on this article so that the Prescott School building may be modernized and made safe in progressive stages.

## TOWN OF RANDOLPH, MASS.

The overcrowded and generally unsatisfactory condition at the Stetson High School still exists as reported to you last year. This situation presents a serious problem, the solution of which requires integration of several points of view all in the best interests of the town as a whole.

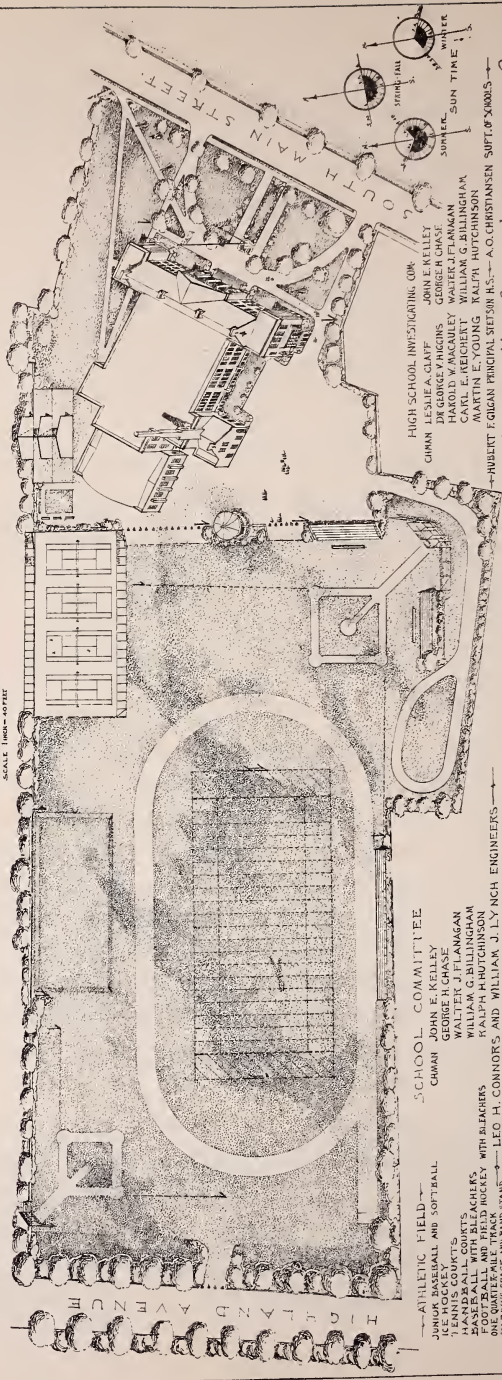

Looking at the problem solely from the point of view of the school system the ideal solution is, of course, a complete new High School building, built to provide for the present and predictable future educational requirements of the town, and embodying the best and most modern ideas. Such a building should be constructed in such a manner as to assure the best teaching facilities, the most economical operation and to provide adequately for the social, recreational, athletic and civic activities of the town. Such a building is excellent as an ideal, and should be cherished as such. Certainly not at present, and probably not in the near future, can the town hope to be able to afford the attainment of this ideal.

That Plan recommended to you last year and which called for a complete renovation of the present building, with addition to the present plant, so as to provide for further enlargement of the assembly room and the lunch room, with additional class rooms was advocated as a compromise, dictated by the need for economy. Your school committee still sincerely believes that this program, integrated with definite plans for future expansion and development,—while making use of our present plant,—and building according to our needs, from time to time, is the best practicable solution.

Looked at solely from the point of view of economy of operation, it would be of advantage to the town to have the plumbing system and electrical installation and most particularly the heating system completely renovated. The only proper manner to accomplish this demands the removal of the present systems and replacement with

## TOWN OF RANDOLPH, MASS.

modern, adequate and efficient equipment throughout. Were this to be done, the annual saving in operation cost, including presently excessive maintenance and repair, would return more than an adequate dividend on the capital investment.

However, these are not normal times and those individual citizens of your town, whom you have honored with election to your school committee regretfully, but forcefully recommend that at the present time no capital expenditures be made, other than for absolute necessities. The times call for sacrifice. The school system *can* operate without the above recommendations being effectuated. To postpone the attainment of these ideals is a sacrifice, but a sacrifice which we believe advisable in the national interest.

In support of the recommendations of this committee we ask you to read the report of the committee appointed by the town to investigate conditions at the Stetson High School, known as the "Stetson High School Investigating Committee".

Early in the year of 1940 a group of citizens gathered at the Stetson High School to discuss the possibility of securing a suitable athletic playground for the citizens of the town.

Under the leadership of Theodore S. Luddington at that time serving as W. P. A. Coordinator and Chairman of the Board of Selectmen an article was placed in the Town Warrant asking for an appropriation of money to be used for this purpose. The sum of \$7,000 was raised and appropriated to be used for materials and equipment in co-operation with a W. P. A. grant to compensate for labor. This being intended as a beginning of the development of the Stetson High School Athletic Field.

The plans for this field, as will be seen by the sketch printed in this report calls for the levelling, drainage and

## ONE HUNDRED AND FIFTH ANNUAL REPORT

grading of about 13 acres of land. When completed this recreational plant will include a football gridiron, baseball field, Junior baseball diamond which may be used for softball, bandstand, handball courts, tennis courts and a hockey rink. This field will afford the citizens of Randolph, both young and old, a suitable place for recreation and exercise all the year around.

Your committee is sponsoring an article in the Warrant for the Annal Town meeting asking for the continuance of this work and for an appropriation of money therefor. We sincerely hope for favorable action.

We hereby submit the annual Budget of the School Department for the year 1941.

## Report of the Superintendent of Schools

---

To the School Committee, Randolph.

Mr. Chairman and Members:

I submit herewith my annual report for your examination and approval.

Our national defense program with its impending problems has had its effect on our school work. It is natural that it should do so. Our public schools constitute a very definite part of the government itself and therefore recognize the obligation. They are deeply concerned in the welfare of the youth in all their activities, citizenship, loyalty, work and faith in the American way of life. No better words can express this thought than the tribute paid to teachers by the National Commander of the American Legion, Raymond J. Kelly, who said, "Much of the job falls to the schools — to the unsung men and women patriots who are on the firing line of the teaching profession."

Public school education has progressed but not fast enough to meet the demands of our day. Countless teachers today are on educational firing lines but find themselves inadequately equipped to cope with the new order of things. The analogy is much the same whether it is for war or for peace. The fact still remains that our youths are being taught much that belongs in a pre-machine age and not in what may be called a mass-productive period of today with its challenging social and economic problems.

## ONE HUNDRED AND FIFTH ANNUAL REPORT

What education does during the next few years will depend upon the faith and trust we place in it for the common good. Its estimated value is not challenged but its cost will be greater. In fairness to local taxpayers this burden of cost should and undoubtedly will be shared by State and Federal resources. Our State Department of Education is well aware of the school's need, and, is at present endeavoring to expand and enrich the program for vocational training so greatly needed throughout the state.

Our immediate task is to do our work well. Our vocational guidance program has been of help to our students but there is need of a special counselor who can talk the language of the business world in terms of the student job-seeker. The task, however, does not end at that point. The adolescent needs opportunities for work, constructive handling of tools, and materials in order to be better fitted for adult life. Such a work-program would do much in the way of solving some of the most urgent problems confronting our youth today.

The various 4-H Clubs have long been a source of inspiration and help to our boys and girls. It is the only training in our schools — save the girls' Household Arts course in the high school — that approaches the practical or vocational education. Under the skilled and sympathetic supervision of Miss Florence Cook and Mr. Huron Smith, agents of the Norfolk County 4-H Clubs, this work has long been an outstanding feature of real value to our pupils.

Under their direction the following leaders have volunteered their services:

Miss Phyllis Daly	Miss Bernice Francis
Miss Elizabeth Riley	Mrs. Marie Cormey
Mrs. Ethel Chatfield	Miss Mary Dunphy
Miss Veronica Gaynor	Miss Barbara Wells,
Miss Martha Parshley	<i>Junior Leader</i>

## TOWN OF RANDOLPH, MASS.

The improvements made in the basement of the Prescott school are commendable. Mr. Dillon reports that he now uses the room for assembly purposes, lunch periods, club work, game tournaments and handicraft classes of various kinds.

---

Our reading program will need further study. Although children vary widely in their reading abilities, it is most helpful to know to what degree they vary and where their difficulties lie. As the power to read is fundamentally the basic tool in all educational procedure, it is of the utmost importance that children shall be taught how to read and what they read. Failure in reading means discouragement and despair. It is a singular fact that as the academic achievement is, so is the degree or ability to read. A better reading program, therefore, is our objective. One built a little closer around the child's needs to enable him to read with assurance and enjoyment, both orally and silently, the many delightful stories of life which he so earnestly craves.

The new report cards, approved and accepted by you, were introduced this year. They differ from the old ones in that they do not emphasize mere "smartness" in academic subjects but a more composite picture of the pupil's real effort and worth. They recognize two primary features, first, that scholarship,—though greatly desired,—is not the only quality for character and citizenship but honesty, courtesy, industry, thrift, self-reliance, dependability and cooperation as well, and, secondly, the value of Religious Education given outside of school hours in the pupil's own church. This commendable study and training is not obligatory but when reported satisfactorily to the school by a church official, credit is given the child. It is most encouraging to report that these cards have been well received. They were intro-

## ONE HUNDRED AND FIFTH ANNUAL REPORT

duced in the interest of and for the child; to be used with discretion, sympathy and cooperation as a help to the child in his achievement and formation of good habits and attitudes and not as a critical, meaningless analysis of them.

The reports of the high school principal, supervisors, school physician and nurse are given below. They are worthy of our study and approval.

Although our national defense program will have much to do with our general activities, I cannot refrain from making an appeal to correct the accommodation facilities in the high school. The study and recommendations which you made were ideal but the town chose to postpone the construction. Nevertheless this condition and the construction of fire-proof stairs and entrances in the Prescott school should be given further study.

We lost by death this year, Ellen E. McLaughlin, a teacher for more than forty years in the local school system. Miss McLaughlin was a teacher of sterling character, kind disposition and always interested in the welfare and progress of her pupils. Her many pupils, friends and the teaching staff will miss her but the quality of her work and her devotion to public service will serve as a lasting inspiration to us all.

---

### IN MEMORIAM

ELLEN E. McLAUGHLIN  
Appointed teacher, 1900.  
Died August 31, 1940.

---

By resignations we lost Miss Mary L. Leahy, music supervisor of the local schools; Mrs. Esther Grant and Eileen M. Sheehan, principal and teacher of the McNeill

TOWN OF RANDOLPH, MASS.

and Tower Hill schools respectively. These teachers have given years of creditable service in public school education, many of which were spent in the local schools.

In this cooperative business of public school education I acknowledge with thanks the united effort and work of the teaching staff, student body, parents and the gifts of loyalty and devotion of the Stetson High School Scholarship Fund Committee and the American Legion Post.

The cooperation and many valuable suggestions of the School Committee are acknowledged with genuine appreciation.

Respectfully submitted,

A. O. CHRISTIANSEN,  
Superintendent of Schools.

ONE HUNDRED AND FIFTH ANNUAL REPORT

STETSON HIGH SCHOOL

HUBERT F. GILGAN, *Principal*

The enrollment of this school on October 1, 1940 was 506, but this figure is not permanent for the year, as enrollment figures will change from time to time, often as many as ten to twenty. Of the pupils who were members of this school last year some twenty-six did not return, fifteen of these moved out of town, one transferred to a parochial school, one to Norfolk County Agricultural School, one to Boston Trade School and the rest have gone to work. Of those who graduated from the junior high school in June, 1940, and were expected to register at the High School, thirty-two did not appear. Over half of these moved out of town and the rest are divided among parochial schools, trade schools, etc. To offset this transfer, only eight new registrations were made by pupils coming from other schools.

Stetson High School has received its regular communication from the New England College Entrance Certificate Board with the information that this school has been placed on the Board's approved list for four years more. This Board receives, examines and acts upon all applications of schools in New England that ask for the privilege of certification to colleges belonging to the Board. Its list of approved schools includes only those that send satisfactory students to the colleges on the Board. This year Stetson has sent its usual quota of graduates to college and other schools of higher learning.

We have our usual crowded conditions again this year and, if anything, the situation is worse now than it has been, due to the necessity of program changes. It was thought essential to give more time for chemistry and physics laboratory work, and, to provide the space, the drawing classes were removed to the town hall. All pupils in the physics and chemistry classes now have two

## TOWN OF RANDOLPH, MASS.

laboratory periods per week and more, if needed. Music classes, which were held in the assembly hall, were also sent to the town hall to make room for more physical education classes. This arrangement is particularly bad in cold or stormy weather, and the traffic hazard is dangerous as the pupils have to cross a heavily travelled road to and from the town hall. All of the crowded conditions reported in the 1939 report still exist and should be remedied.

For the June 1940 Graduation at the high school, a new type of program was presented. We became dissatisfied with the tiresome, routine type of program that had habitually been presented and felt it was time to pump some vitality into this important school activity. Accordingly, the "Commencement Congress" was presented by the graduates of 1940 and we feel sure that the innovation was found to be interesting and instructive. We hope to continue with this type of program in the future.

We have during the past year introduced the new report card and found it to be extremely helpful in relaying certain types of information to the parents which was not possible on the old cards. As you know, we now give school credit to all students who attend and satisfactorily complete the year's work of their respective Sunday schools. For some time it has been felt that there should be a definite tie binding the home to the church and the school to the church because all three agencies are working toward the same end and therefore, the school should give some recognition to the efforts of these other groups. We hope that this plan will be given sufficient trial to prove its worth.

The Safe Driving course which was begun last year is growing very rapidly. Last year we had but one group taking this course, this year we have two. This course

## ONE HUNDRED AND FIFTH ANNUAL REPORT

is now given in school time, comes once a week and one credit is given towards graduation. One has only to read the weekly report of the registrar of motor vehicles to realize how serious the automobile accident situation is, and we feel that the most important way of making traffic safe is by improving the quality of our drivers. This is the specific aim of the course we are giving at Stetson High and it is a pleasure to report that we now have sixty pupils enrolled in this course.

We are most appreciative of the generosity of the citizens in providing a dental clinic for the pupils of this school. The need of this work was most urgent and the assistance given us came just at the right time. Obviously, with so many pupils to take care of, and this clinic took care of only those who could not afford to seek dental attention, we could only take care of the most serious cases. We hope and most earnestly request that funds be provided that we may continue this important work. We call your attention to the report on this matter of the school nurse.

Health service is now recognized as a school responsibility and now more than ever before, the doctor, dentist, and nurse are working in close cooperation to do a good educational job. It would seem to us that to do a good job this health service should provide a wholesome community that will not harm the health of a child; it must provide a fit pupil because there is a definite tieup between a child's physical condition and his ability to do a good job with his books. Towards this end we feel three things to be necessary: (1) annual health examination; (2) periodic health inspections, and (3) correction of physical defects or violations of the fundamental laws of cleanliness. Next, health service should provide a healthful plant in which to work. We mentioned this in our last report, but unless one visited our school during the cold weather and could see how cold is the first

## TOWN OF RANDOLPH, MASS.

floor, he would not realize how conducive this condition is to colds and sickness. With our present heating arrangement not much can be done about it. Our toilets are another bad condition, our locker rooms with no ventilation, and other situations all bring home the fact that it is difficult to teach health to children unless we provide a healthful place for them in which to live.

Attention is called to the report of Mr. Raymond E. Leach, supervisor of instrumental music in all schools, and vocal music in the high school. Here is a phase of activity in which remarkable progress has been made in the short time Mr. Leach has been with us. We wish to compliment Mr. Leach most sincerely for the excellent work he has accomplished during his short stay with us. Our band now numbers thirty-five pieces, there is a group of forty more studying Saturday mornings and there is also a group of sixty girls learning how to be twirlers. Our band has made a number of successful appearances, both in and out of town, and has drawn much favorable comment and notice. Such an outfit is a decided asset to the town. Our biggest event was our participation in the American Legion Parade in Boston, last fall, and our thanks go to the Lieutenant Thomas W. Desmond Post, American Legion, for making this opportunity possible. Our thanks also are extended to the American Legion Auxiliary and the Randolph Democratic Town Committee for their donations to the band. These donations were most helpful, because now and during the next year with the advancement of those pupils from the Saturday classes to the band, we are going to need money for instruments and uniforms more than ever.

Chorus work in the high school is working out most satisfactorily. We now have a Girls' Glee Club of one hundred eighty voices and a Boys' Glee Club of forty-five voices.

## ONE HUNDRED AND FIFTH ANNUAL REPORT

During the past year a Rifle Club has been organized. Through the courtesy of Chief Patrick T. McDonnell, the use of the police rifle range has been given us one afternoon a week. Rifles are no longer furnished by the government, due to the national emergency, so all pupils on the team provide their own rifles, Chief McDonnell furnishes the targets and the ammunition is furnished by the Activities Association. This new sport is under the direct supervision of Mr. Crimmins of the faculty and there is always an officer at the range when the pupils are firing, in order to furnish strict and careful supervision of the pupils. Through the generosity of a public spirited gentleman, a very handsome trophy is to be awarded to the best rifle team at the end of the year. We now have three teams and we look forward to more as time goes on.

Another innovation is the formation of a Vocational Guidance Class under the direction of Mr. Daly of the faculty. The purpose of this group is to give the pupils an opportunity to study different vocations, the qualifications necessary, educational preparation needed, and all things in connection with a given vocation or occupation. Attention is also given to different schools and colleges where the desired type of training may be obtained and what the scholastic entrance requirements for these schools are. The response to this class is good and seems to improve week by week.

Ground work for a class in public speaking is now being laid with Mr. Hart as the director. We feel that a pupil who can express himself intelligently has a decided asset and as soon as plans are ready we expect to get under way.

Our views concerning the addition of a course in office appliances to our commercial department has been so often expressed that there is no need to go into that

TOWN OF RANDOLPH, MASS.

again. We would, however, request that permission to revise our commercial program be given. The old idea that all commercial subjects be taught all commercial students is out moded and in order to get away from that idea we propose the following program for your consideration:

SECRETARIAL

NINTH YEAR

Required

Junior Business Training

TENTH YEAR

Required

Business Arithmetic

Commercial Geography

Typewriting I

ELEVENTH YEAR

Required

Bookkeeping I

Typewriting II

Shorthand I

Selling (1st Semester;

$\frac{1}{2}$  yr.)

Electives — arranged in suggested order of importance:

Consumer Economics

Retailing ( $\frac{1}{2}$  yr.)

TWELFTH YEAR

Required

Shorthand II

Commercial Law (1st Semester;  $\frac{1}{2}$  yr.)

Secretarial Office Practice (2nd Semester;  $\frac{1}{2}$  yr.)

Business English

Electives:

Bookkeeping II

Business Organization and Management

GENERAL BUSINESS

NINTH YEAR

Required

Business Organization and Management (2nd Semester;  $\frac{1}{2}$  yr.)

Business English

Electives:

Shorthand II

Secretarial Office Practice

## ONE HUNDRED AND FIFTH ANNUAL REPORT

This program would require the purchase of some business machines. We now have a bookkeeping machine but others of different type would be needed.

We would also suggest the addition of the study of Spanish to our curriculum, as we believe that with the dawn of an era of better understanding of and cooperation with Spanish speaking people, that a knowledge of this language would be most helpful to one who had it.

May we take this opportunity to thank everyone who has helped during the year to make this past year so pleasant and so productive of good results.

HUBERT F. GILGAN,  
Principal.

TOWN OF RANDOLPH, MASS.

REPORT OF THE BAND MASTER AND CHORAL  
DIRECTOR

---

Mr. A. O. Christiansen,

During the past year our music students have been presented the opportunity of playing in either the Prescott School or Stetson High School Bands and, if only vocally inclined, the high school students have had the privilege of chorus work given once a week in the town hall.

Due to the impetus given the band program by the new uniforms and parade activities of the past year, the Senior and Junior High bands are fully attended to which fact the following figures will attest; Junior High Band of twenty members and the Senior High Band of thirty-eight.

Many pupils are taking their music seriously to the extent of extra study in classes conducted on Saturday mornings at the high school. These classes offer training in brass, wood, wind and percussion instruments with forty-two students participating. A number of students took advantage of the six-week trial plan offered by the School Department in conjunction with a reputable music instrument concern.

Miss Carolyn Lewis and Miss Dorothy Cox have assisted in the formation of a baton twirling corp. The present enrollment is approximately sixty pupils.

HIGH SCHOOL CHORUS

In choral music, after a definite schedule of testing voices was completed, the boys and girls chorus groups were organized with one hundred eighty girls and forty-

## ONE HUNDRED AND FIFTH ANNUAL REPORT

five boys spending one forty-minute period each week at the town hall.

Despite conditions necessitating the transfer of large groups of pupils from one building to another, these young people are enjoying both the singing and the small amount of music appreciation allowed in the limited time schedule.

Previous to the Christmas holidays, both choruses joined in singing a program of carols, for the pleasure and entertainment of the remainder of the high school body.

It is planned to establish an annual concert to be presented during May Music Week at which time the general public will have an opportunity to hear both the vocal and instrumental organizations engaged at the high school.

I cannot complete this report without remarking very favorably about the fine cooperation received throughout the school system, a fact which bodes well for the future of a music program in Randolph.

Respectfully submitted,

RAYMOND E. LEACH,  
Band Master and Choral Director,  
Stetson High School.

TOWN OF RANDOLPH, MASS.

REPORT OF THE DRAWING SUPERVISOR

---

I hereby submit my report of this year's work as Drawing Supervisor of the Randolph Schools.

During the past year we have taken several new steps in an effort to develop Art in the Randolph Schools. In addition to our already organized course of study, we have organized Art Clubs and Handicraft Clubs.

We have tried to bring out in each child what lies within—that creative power that must be awakened. When this creative impulse is aroused, the child begins to realize the joy derived from self-expression. He suddenly realizes that he can tell his own story in his own way by the use of graphic expression. He begins to observe things about him in order that he might portray them better. He begins to see color and beauty and joy in the every day things of life.

This year, as an added incentive, we showed the work of the schools in a large exhibition at Stetson Hall where all classes were represented. It entailed a great amount of work for everyone concerned, but it accomplished its purpose. It aroused the desire of the children to learn to draw, as well as some of the older and more talented students, and it created an interest in handicraft. In the making of little models the children learned what they were really capable of accomplishing by deep study, ingenuity, experimentation, and labor.

The handicraft work is of great practical value and would be even more successful if it could be worked into a regular classroom period, one day a week, as it is done in many school systems.

## ONE HUNDRED AND FIFTH ANNUAL REPORT

The High School classes are carried on in the Town Hall this year and the greatest disadvantage of this is the loss of time. The children must dress for out of doors, travel the distance to the Town Hall, and then leave early enough to be back in school in time for their regular classes. The amount of work completed has been noticeably smaller.

In addition to the usual High School medium, such as water color, pastelle, tempera, we have added some oils and Gesso. There is also an effort to create an interest in flower arrangement.

Mechanical Drawing classes are held on Friday, whereas the Freehand Drawing classes take place on Thursday. There seems to be a greater interest in the Mechanical Drawing this year—perhaps because of the opportunities offered in the defense program, to others who have a knowledge and a skill along these lines.

I am deeply grateful to all the teachers and principals who have so willingly co-operated with me throughout the past year.

Respectfully submitted,

GERTRUDE M. DODD.

TOWN OF RANDOLPH, MASS.

REPORT OF THE SCHOOL NURSE

---

Mr. A. O. Christiansen, Supt. of Schools:

Following is a summary of my work in the schools for 1940:

Number of home-visits	237
Number of inspections in grades 1 to 12	8,535
Number of children excluded with Pediculosis, Impetigo, Pink Eye, and Poison Ivy	117
Number of pupils weighed and meas- ured in grades 1 to 12	4,497
Number of children taken to School Physician's office for treatment of injuries received on school premises	47
Number of First-aid treatments and dressings applied	317

In October, Dr. Smith and Dr. Maguire, our school dentists, examined the teeth of 406 High School pupils, 428 of whom needed dental care. Parents were notified of defects found. In the High School, 58 pupils and 178 Primary Grade pupils received dental treatments at the school Dental Clinic which is conducted under the Supervision of the Board of Health.

Early in March, 13 children, who were having difficulty in doing the work of their grade, were examined by Dr. Olga Steinicke, State Psychiatrist. Adjustments were made in each case according to the ability of the child.

## ONE HUNDRED AND FIFTH ANNUAL REPORT

A very successful Diphtheria Prevention Clinic was held in May. Sixty-six pre-school children and 112 school children were given three injections of Toxoid by Dr. Higgins, the school physician. This year there were 62 more children immunized against Diphtheria at the clinic, than last year.

The Norfolk County Chest Clinic was held in October:

161 pupils in grades 9 to 11 were given the  
Tuberculin Skin tests.

32 pupils had a positive reaction.

68 High School pupils and 17 Primary  
school pupils were X-rayed.

21 Teachers also requested an X-ray.

3 Children were sent to the Norfolk  
County Health Camp through the finan-  
cial aid of the Christmas Seal Sale Fund  
and the Board of Health.

2 Children were recommended for sum-  
mer camps.

I wish to thank the Red Cross and Dr. James J. Kel-  
liher for their kindness in providing so many of our  
needy children with glasses again this year.

In closing my report I would like to thank Mr.  
Christiansen, the School Committee, the School Phy-  
sician, and all who have assisted me this year.

Respectfully submitted,

HELEN F. CONLON.

TOWN OF RANDOLPH, MASS.

REPORT OF SCHOOL PHYSICIAN

---

The year 1940 has not differed from previous years in regard to health of school children. Again no widespread epidemics of contagious diseases have occurred. There have been mild outbreaks of chickenpox and whooping cough, but at no time has it been necessary to close any room or school building in our town.

There also has been a lessening of the number of accidents in play yards, showing that teachers are constantly watching and stopping any unnecessary roughness. It would seem, after reading reports from other parts of Massachusetts, that our girls and boys are equal in character, sportsmanship, clean living, and are often above children in some other towns in this regard. During the school year I come in contact with hundreds of children, and in a majority of cases a "thank you, Doctor" is given in return for some slight favor. This shows that children are being taught at home and in school to be courteous and respectful to those in charge of school affairs.

I am deeply indebted to the School Committee, the Superintendent, the School Nurse, the Local Board of Health, and the teachers for many favors received by me during 1940. I also want to thank Dr. Charles E. Wells, who so ably performed my duties during my recent illness.

Very sincerely yours,

GEORGE V. HIGGINS, M.D.

## ONE HUNDRED AND FIFTH ANNUAL REPORT

### NO-SCHOOL SIGNALS

\*Three blows repeated at

7.15 A. M. No session for Senior and Junior High Schools.

8.15 A. M. No morning session for the first six grades.

12.30 P. M. No afternoon session for the first six grades.

By courtesy of the WNAC Broadcasting Station, no-school announcement will be given out over the radio as near to the local hours as is convenient and possible for the station announcer.

There will be days when schools are in session because weather conditions are not severe enough to cause complete shut-down of all activities. On such days, parents, as in former years, determine whether their children shall attend. No excuse will be required of pupils for absence on such days unless the parent so wishes. Consideration will be given pupils striving for perfect attendance.

It is essential that we keep in mind that State Law requires that the High school shall be in session at least 180 days of each school year, and for the grade schools, 160 days.

\* By courtesy of the local Fire Dept.

TOWN OF RANDOLPH, MASS.

## 1941 Town Meeting Warrant

---

Commonwealth of Massachusetts.

Norfolk, ss.

To Either of the Constables of the Town of Randolph,  
in said County, Greetings:

In the name of the Commonwealth of Massachusetts,  
you are hereby directed to notify and warn the inhabitants of the Town of Randolph, qualified to vote in elections therein, to meet at the polling places in their respective precincts, to wit:

Polling Place in Precinct No. 1

STETSON HALL, IN SAID TOWN

Polling Place in Precinct No. 2

NORTH RANDOLPH IMPROVEMENT ASSOCIATION

HALL, IN SAID TOWN

ON MONDAY, THE THIRD DAY OF MARCH, 1941

at 5.45 o'clock in the forenoon

then and there to bring in to the wardens of their respective precincts, their votes on the official ballot for a Town Clerk for one year, Town Treasurer for one year, Moderator for one year, three Selectmen and Overseers of the Public Welfare for one year, one Assessor for three years, one member of the School Committee for three years, one member of the Stetson Trust Fund for three years, one member of the Board of Health for three years, one Tax Collector for one year, one Water

## ONE HUNDRED AND FIFTH ANNUAL REPORT

Commissioner for three years, one Highway Surveyor for one year, one Tree Warden for one year, one member of the Planning Board for three years, and one member of the Planning Board for one year, and seven Constables for one year.

**THE POLLS WILL BE OPENED AT FIVE FORTY-FIVE O'CLOCK IN THE FORENOON AND WILL BE CLOSED AT FOUR O'CLOCK IN THE AFTERNOON.**

You are directed to notify and warn the inhabitants qualified to vote as aforesaid to meet at the Town Hall in said Randolph on Monday, the 10th day of March 1941, at 7.30 P. M., and then and there to act on the following articles:

Article 1. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1941, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 2. To see if the Town will vote to raise and appropriate money to defray the General Town Expenses for the current year, under the following headings:

Article 38. To see if the Town will vote to raise and appropriate money to install an electric light at the corner of South Main and Woodlawn Street, as petitioned for.

## ONE HUNDRED AND FIFTH ANNUAL REPORT

Article 39. To see if the Town will vote to install three street lights on Center Street, between the residences of John Marcille and Angus MacKenzie, as petitioned for.

### WATER MAINS

Article 40. To see if the Town will vote to raise and appropriate the sum of \$750.00 for materials and expenses to locate, record and index service shut-offs and gates of the Water distribution system, and prepare tracings and maps showing their locations. Work to be done under a W. P. A. project as petitioned for.

Article 41. To see if the Town will vote to raise and appropriate the sum of \$7000.00 for materials and expenses for the installation of water mains throughout the Town. Work to include Wilmarth Road, Amelian Road, Maitland Avenue, Ballard Street, and Pleasant Street. Work to be done under a W. P. A. project, as petitioned for.

Article 42. To see if the Town will vote to raise and appropriate money for materials and expenses for the installation of a water main and services on Amelian Road, for a distance of 1030 feet, work to be done under a W. P. A. Project, or Employment Fund, as petitioned for.

Article 43. To see if the Town will vote to raise and appropriate \$1500.00 for materials and expenses for the installation of a water main and services on Maitland Avenue, for a distance of 600 feet beyond the present dead end, work to be done under a W. P. A. project or Employment Fund, as petitioned for.

Article 44. To see if the Town will vote to raise and appropriate \$1900.00 for materials and expenses for

TOWN OF RANDOLPH, MASS.

the installation of a water main and services on Wilmarth Road, for a distance of 950 feet, work to be done under a W. P. A. project or Employment Fund, as petitioned for.

And you are directed to serve this Warrant by posting attested copies thereof at the Town Hall, at the Town Clerk's Office, at the Post Office, and at six other public places in the town, seven days at least, before the day and hour for holding said Meeting.

Hereof, fail not, and make return of this Warrant, with your doings thereon, to the Town Clerk, on or before the day and hour appointed for holding said meeting.

Given under our hands at Randolph, this 20th day of January A. D. 1941.

CHARLES F. BLAKELY,  
JAMES P. DUFFY,  
THEODORE S. LUDDINGTON,  
Selectmen of Randolph.

## ONE HUNDRED AND SIXTH ANNUAL REPORT

### N O T I C E

The attention of parents is called to the law relating to the registering of births. The present requirement is as follows:

Chapter 29, Sec. 6, of the Revised Laws. Parents within forty days after the birth of a child . . . shall cause notice thereof to be given to the clerk of the town or city in which such child is born.

Section 8. A parent . . . who neglects to do so for ten days after the time limited therefor . . . shall forfeit not more than five dollars for each offense.

Attention of PHYSICIANS and MIDWIVES is called to Chapter 280, Section 1, Acts of 1912: Section 1. Physicians and midwives shall, within forty-eight hours after the birth of every child in cases of which they are in charge, mail or deliver to the clerk or registrar of the city or town in which the birth occurred, a notice stating the date and place of the birth, giving the street number, if any, the number of the ward in a city and the family name. Failure to mail or deliver the said notice shall be punished by a fine not exceeding twenty-five dollars for each offense.

In accordance with the provisions of the law, the Town Clerk is prepared to furnish to parents, physicians, and midwives applying therefor, blanks for return of births as required by law.

## Report of the Selectmen and Overseers of Public Welfare

---

In submitting our report to the citizens of the Town of Randolph, your Board of Selectmen is pleased to report that savings have been made in appropriations within its control as compared with prior years.

Direct welfare relief expenditures were reduced from \$40,500.01 in 1940 to \$24,979.93 and, in addition, the latter figure includes payments to outside cities and towns for residents of other cities and towns having a settlement in Randolph. We were able to make these payments from current appropriation and for the first time in at least ten years your Board is able to go before the Town with no unpaid bills due other cities and towns which, in the past, have averaged \$7,000.00 annually. Increased industrial employment and a close check on persons aided have enabled this savings. We do notice, however, at the end of 1941, a slight increase in unemployment, but it is felt that this condition is temporary in view of promised further industrial and war construction in the vicinity of Randolph.

A marked saving in payment for medical attendance to recipients of Old Age Assistance is shown in payments for this service of \$7200.50 in 1939, \$6372.75 in 1940 and \$3488.57 in 1941.

An unlooked for and additional expense was forced upon us in June of last year when, in view of the imperative need of defense construction at Squantum and Hingham, all of our manual W.P.A. workers were assigned to these naval projects necessitating our hiring buses to transport the men to and from work. With the concurrence of the Finance Committee, departmental transfers of funds were made and transportation provided for. We are presently

## ONE HUNDRED AND SIXTH ANNUAL REPORT

transporting 57 men to Hingham, the only project now in operation to our men, at an estimated cost of \$7,000.00 for 1942. Inasmuch as no local manual projects will operate this year, appropriations of funds for supplies and material will not be necessary and it is felt that the gross expenditure for 1942 will be approximately 50% of the amount expended for W.P.A. activities last year.

In compliance with a request from the Adjutant General of the Commonwealth of Massachusetts, your Board authorized the enlistment of a State Guard Reserve Company in town, and Elmer J. Delorey was selected as its officer and approved by the Adjutant General. To date the Company is approaching its authorized strength of 45 men and those men who are eligible to join are urgently requested to do so.

As the result of numerous complaints of near accidents at the Railroad crossing on Union Street, which was unguarded for a period of approximately ten hours at night and early morning, we prepared a petition addressed to the Department of Public Utilities, in which we were joined by the Board of Selectmen of the Town of Holbrook. At the conclusion of a hearing held in July, based on our petition, the New Haven Railroad was ordered to provide a man at this crossing twenty-four hours daily for a stated period after which automatic signals and gate control devices are to be installed.

A petition by residents using the Holbrook Station for more and better train service was received during the year. In this we again were joined by the Selectmen of Holbrook and residents of that town. At an informal hearing before us in October, at which a representative of the railroad was present, a discussion of the issues seemed to show that sufficient additional revenue could not be assured the railroad to warrant additional stops or additional trains.

## TOWN OF RANDOLPH, MASS.

During the year this Board, with the concurrence of the Town Treasurer, sold several parcels of land acquired by the town through tax title foreclosure. There are many more similar parcels available for sale and, although most of them are unimproved land, a few have dwellings on them.

A 400 candle power light was installed October 27th on the northeast corner of the Theatre Building to cure a blind spot just north of Short Street, dangerous to foot traffic across North Main Street at that point; and two other lights of smaller candle power were installed at other dangerous spots, without extending existing installations.

We wish to call attention to the dog owners of this town, the notable increase in complaints which we receive as to personal injuries and annoyance by biting and barking dogs. Every week we received at least one such complaint, and they usually concern licensed dogs whose owners are known. These complaints are difficult to handle as they usually involve neighborhood difficulties and the owner generally will believe no evil of his pet. However, the law makes the position of the Selectmen clear, in that if we receive written complaint we are required to investigate, and if the complaint appears to be justified, to restrain the dog to the premises of its owner. Failure to abide by the restraining order can result in the destruction of the animal.

On December 8th a Public Works Reserve Agency was set up on request of the Federal Government. In short, this Agency is charged with the planning of necessary public works in the town to take up the slack in expected unemployment at the end of World War II. The members of this Agency are John A. Frederickson, Frederick D. Driscoll, Leslie A. Claff, Ralph H. Hutchinson, Eugene L. McAuliffe, Patrick T. McDonnell, Harold L. Bailey, Carl S. Wallin and Herman H. Smith. They were appointed by the Board of Selectmen on December 8th.

## ONE HUNDRED AND SIXTH ANNUAL REPORT

With the quickening of interest in Civilian Defense following Pearl Harbor, and the subsequent declaration of war, we appointed an Emergency War Board on December 29th for the purpose of co-ordinating war activities within our confines. This is in line with similar action taken in other cities and towns within the Commonwealth. The Board consists of Martin E. Young, Albert C. Wilde, Walter Good, George N. Welch, and James D. MacKinnon. Within this Board a Rationing Board was set up on January 5th of this year consisting of Messrs. Welch, Wilde and Young. The Rationing Board is actively functioning in the matter of automobile tires and tubes; sugar rationing is expected daily; and undoubtedly other items of human consumption, use and wear will come within their activities from time to time.

The Randolph Civilian Defense Committee, which had been conducting meetings throughout most of the year, was further stimulated to action following December 7th, and this Board co-operated with this Committee in every reasonable request. On December 15th we declared an emergency in the amount of \$5,000.00 for the purchase of fire hose and sirens. On December 22nd we declared an emergency in the amount of \$1,000.00 for the purchase of personal equipment, helmets, sticks, rope, etc., for the auxiliary police for defense duty. Being convinced of the necessity of an adequate Air Raid Report Center we also declared an emergency on December 29th in the amount of \$1,900.00 for the establishment of an Air Raid Report Center in the basement of the Turner Library.

In declaring these emergencies we required first that the emergency be proven and then limited the amount to that which we thought reasonable and proper, considering the lives and safety of our citizens. Large expenditures for equipment and those of a continuing nature were felt by this Board to be matters which ought to come before the

TOWN OF RANDOLPH, MASS.

body politic on the floor of the Town Hall for discussion. Again we feel that we have honored every reasonable request made of us for defense purposes.

In submitting our report we wish to thank all Department heads and officials with whom we have enjoyed a most co-operative year and to whom we extend our sincere appreciation and thanks.

CHARLES H. McGRATH,  
THEODORE S. LUDDINGTON,  
CHARLES F. BLAKELY,

Selectmen of Randolph.

## Report of the Assessors

---

Board of Selectmen, Randolph, Mass.

Gentlemen:

We herewith submit the report of this department for the year 1941.

On March 10th the Board organized with Raymond E. Lyons, Chairman; James P. Duffy, Clerk; and Frank F. Teed, Associate Member.

The tax rate for the year was computed on the following basis of expenses and receipts:

ONE HUNDRED AND SIXTH ANNUAL REPORT

Report of the  
Trustees of Turner Free Library

---

January 15, 1942.

Board of Selectmen  
Stetson Hall  
Randolph, Massachusetts

Dear Sirs:

I enclose herewith the annual report of the Trustees of the Turner Free Library to the citizens of the Town of Randolph for the calendar year 1941.

Yours very truly,

STC/o

SETH T. CRAWFORD

**Trustees, 1941**

Seth T. Crawford	. . . . .	President
Frederick E. Knebel	. . . . .	Vice-President
Joseph D. Wales	. . . . .	Secretary and Treasurer
Charles F. Blakely		Charles H. McGrath
Theodore S. Luddington		

(Selectmen of Randolph Ex-Officiis)

Mrs. Sallie W. Crawford	Arthur H. Holbrook
Benjamin P. Crowell	Mrs. Mollie F. Howard
Herman W. French	Roland H. Marden
Carl S. Gove	Raymond L. Mason
Albert C. Wilde	

TOWN OF RANDOLPH, MASS.

PUBLIC LIBRARY

To the Citizens of Randolph:

Pursuant to the provisions of Article 3 of the By-Laws of the Turner Free Library, this report, for the calendar year 1941 and being the sixty-sixth annual report, is submitted, showing the condition of the trust consisting of the building, library, and funds, together with the reports of the Librarian and Treasurer and so much of the reports submitted to the Trustees by the various committees as seems of general interest.

The Library Committee reports that the books, charts and furnishings are in good condition and that all books belonging to the library are accounted for by the Librarian.

The Building Committee reports that it was possible during 1941 to hold the repair bills down to the unusually small total of \$86.55, leaving an unexpended balance of \$413.45 of the Town's appropriation of \$500.00. It is very gratifying to have been able to save this sum of money for the Town. Nevertheless every building must be expected to require repairs every year, though the amounts may vary from year to year, and it would be over confidence to count in advance, for 1942 or for any future year upon as favorable a result as was achieved in 1941. In fact, the need of certain unexpected repairs has already come to light during the present month.

As a result of the universal shrinkage in the income from investments the Library finds itself severely handicapped in its general activities and restricted in its purchase of new books by a shortage of funds.

In the light of the foregoing the Trustees ask for the current year an appropriation of One Thousand (\$1000.00) Dollars to cover the cost of such repairs to the exterior and

## ONE HUNDRED AND SIXTH ANNUAL REPORT

interior of the building and to the furnishings and fixtures as may from time to time be necessary and for the general purposes of the Library.

As will be seen from the Librarian's report a new department, known as the Children's Corner, for the benefit of the younger readers has been installed during the year in charge of Miss Baker and has been proving a success.

The Trustees desire to add their thanks to those of the Librarian to the donors of books given to the Library during the year. They record with deep sorrow the death during the year of Mr. Erskine H. Cox whose gift of magazines purchased with the income of the fund which he established in memory of Mrs. Ethelwyn M. C. Cox has proved and will continue to prove a very valuable benefaction.

The Trustees express their thanks for the loyal and efficient services of the Librarian, Mrs. Eunice B. Martin, and of her assistants Miss Pearl Massie and Miss Virginia Baker, and of the janitor, Mr. John T. Moore.

A copy of each of the following reports is hereunto subjoined:

Report of the Librarian.

Report of the Treasurer showing the investment of the funds and the receipts and expenditures of the Library.

Report of the Finance Committee.

Respectfully submitted,

SETH T. CRAWFORD,

Randolph, Mass.  
January 15, 1942.

President, Board of Trustees.

TOWN OF RANDOLPH, MASS.

**REPORT OF LIBRARIAN OF  
TURNER FREE LIBRARY**

To the Trustees of the Turner Free Library:

I have the honor to submit the annual report of the Librarian for the year ending December 31, 1941.

The Library has been open to the public Monday, Wednesday and Saturday afternoons from 2.00 to 4.30, and every evening from 7.00 to 9.00 with the exception of Sundays and holidays.

There have been 159 books added this year, making the accession number 35,419. 134 books were purchased, and 25 were gifts.

Number of books loaned, 16,340; Fiction 11,659, Juvenile 2301, General 2380.

Number of magazines loaned, 690.

Registration number is now 2075, 315 cards having been issued in the past year.

The Children's Corner, under the supervision of Miss Baker, is proving a success. A collection of books for the use of the Junior High School pupils has been placed in this section.

The Librarian wishes to thank Miss Massie and Miss Baker for their faithful service during the year, also the Trustees for their advice and cooperation.

Respectfully submitted,

EUNICE B. MARTIN,

Librarian.

## REPORT OF FINANCE COMMITTEE

To the Trustees of the Turner Free Library:

Your Committee on finance submits the following report:

The Committee has audited the accounts of the treasurer for the year 1941 and found them correct. All moneys received have been accounted for and no moneys have been paid out except upon vouchers properly approved. The Committee has examined also the securities representing the investment of the funds of the Library and has found them to be intact and as represented.

We have made the following changes in our investments by replacing: \$1000 American Tel. & Tel. Co. 5½s. 1943, and \$3000 Philadelphia Co. 5s. 1967 (both called) \$2,000 Chicago Rock Island 4s. 1934, 13 shares New York Central Ry., 10 shs. Southern Railway Co., and 10 shs. Illinois Central Ry. Co. (all sold) in the purchase of: 10 shares American Tel. & Tel. Co., 3 shs. Randolph Co-operative Bank, 50 shs. Home Insurance Co. of New York, and 50 shs. Chase National Bank of New York.

Respectfully submitted,

R. L. MASON,  
Chairman.

January 11, 1942.

## Report of the Board of Health

---

To the Honorable Board of Selectmen:

The Board of Health respectfully submits its report and the report of its respective agents for the year ending December 31, 1941.

During the year the Board of Health has inspected all places where food and other goods were distributed and found them clean and safe for the sale of such goods.

We would like to thank our School Physician, Dr. Higgins, also Miss Conlon our School Nurse, and Miss Scannell and Mrs. Anna Fay our District Nurses for the way our Diphtheria Clinic was conducted. It was as usual a great success. For the last four years we have not had a single case of this disease which proves the worth of this clinic.

The Chadwick Clinic work at the Norfolk County Hospital must again be acknowledged and its importance recognized. Due to the efforts of District Nurses and School Nurse the children are receiving tests and attention that usually arrests tuberculosis at the onset.

The Dental Clinic was very ably conducted again this year through the efforts of Dr. Maguire and Dr. Smith. Examinations were made in the various schools, and a report sent to the parents of children needing attention.

During the year we have had many complaints regarding the dumping of rubbish, etc. on private property. You are paying for a town dump which we hope the people of the town will use. This will be greatly appreciated by your Board of Health.

## ONE HUNDRED AND SIXTH ANNUAL REPORT

In closing, we wish to thank the Honorable Board of Selectmen, Miss Drummond, Miss Conlon, Miss Scannell, Mrs. Fay and all the other town officials for the assistance and courtesy given this Board during the past year.

Communicable diseases for the year 1941 were as follows:

Chicken Pox	8
Dog Bite	16
Measles	16
Mumps	13
Scarlet Fever	7
Pulmonary T.B.	6
Tuberculosis (all other kinds)	1
Whooping Cough	9
Lobar Pneumonia	4
Spinal Menengitis	1
Trachoma	1

GEORGE H. HENEY,

Chairman.

TOWN OF RANDOLPH, MASS.

REPORT OF THE PLUMBING INSPECTOR

Board of Selectmen, Randolph, Mass.

Gentlemen:

I hereby submit my report as Plumbing Inspector for the year ending December 31, 1941.

The following fixtures have been installed in old and new buildings:

48 water closets  
45 sinks  
40 wash bowls  
38 bath tubs  
5 shower baths  
22 wash trays  
25 pressure boilers

The estimated cost is approximately \$5200.00.

Respectfully submitted,

THOMAS O'RILEY,

Plumbing Inspector.

ONE HUNDRED AND SIXTH ANNUAL REPORT

REPORT OF INSPECTOR OF MILK

Randolph, Mass., Jan. 12, 1942.

To the Board of Health,  
Randolph, Mass.

Dear Sirs:

I hereby submit my report as Milk Inspector for the year ending December 31, 1941.

Licenses issued:

Milk (dealer's)	26
Milk (stores)	30
Milk Permits	10
Pasteurization License	1
Oleomargarine	7

One bacteria test reported satisfactory.

Butter fat content test—all above average.

Respectfully submitted,

HENRY MERRILL,

Milk Inspector.

TOWN OF RANDOLPH, MASS.

REPORT OF ANIMAL INSPECTOR

I herewith submit my report as Inspector of Animals for the year ending December 31st, 1941:

Cows	214
Swine	1627
Goats	22

The stables housing these animals were found in satisfactory order.

There were 23 dogs quarantined.

Respectfully submitted,

CHARLES H. TRUELSON,  
Inspector of Animals.

ONE HUNDRED AND SIXTH ANNUAL REPORT  
REPORT OF THE INSPECTOR OF SLAUGHTERING

Randolph, Mass., Jan. 2, 1942.

To the Board of Health of Randolph:

I hereby submit my report as Inspector of Slaughtering for the official year of 1941 as follows:

Number of hogs inspected and passed	136
Number of calves inspected and passed	8
Number of neat cattle inspected and passed	5
Number of goats inspected and passed	32
Number of sheep inspected and passed	1
	<hr/>
Total passed	182

Number of head condemned (carcasses)	4
Number of livers condemned	6

Respectfully submitted,

WESTON L. MANN,

Inspector of Slaughtering.

## Report of Water Commissioners

---

To the Citizens of the Town of Randolph:

The fifty-sixth annual report of the Water Commissioners, covering the calendar year 1941, is herein submitted.

Organization of the Board was as follows:

Frederick D. Driscoll .....	Chairman
Dr. Wm. F. Maguire .....	Clerk
William J. Almond .....	Associate

### Appointments by Board

Marion L. Bailey .....	Collector
Frederick D. Driscoll .....	Meter Reader
William J. Almond .....	Superintendent

### DEPARTMENT MAINTENANCE

During the year the department installed, upon application, 30 new services; 21 services were pumped out and cleaned; 19 services were renewed from main to line with  $\frac{3}{4}$  type K copper tubing; 49 service leaks were repaired; 2 hydrants were found leaking and new bases were put in; 5 hydrants broken by automobiles were repaired; 3 hydrants were raised to grade and 2 hydrants relocated; 2 broken mains, 1 12-in. on South Main Street and 1 8-in. on North Street were also repaired; 5 new curb cocks were installed on old services; 12 road boxes were raised to grade. The Department installed 52 new meters on services and removed 74 meters for repairs at the factory and these have all been reset.

### W. P. A.

In the past year, due to W. P. A. project curtailment, this department installed but one new main. This was on Amelian Road.

## ONE HUNDRED AND SIXTH ANNUAL REPORT

1000 ft. of 6-in., class No. 150 Century (cement and asbestos) pipe was laid; 2 Chapman Hydrants; 5 6-in. gates, 4 6-in. tees and 2 6-in. plugs were installed.

In conjunction with this project, 11 services were renewed with  $\frac{3}{4}$  type K cooper tubing and connected to new main.

### PUMPING STATION AND EQUIPMENT

At the Pumping Station many repairs and alterations were made during the year.

At a joint meeting of the Board of Randolph and Holbrook Water Commissioners, attention was called to the very poor conditions of the existing retaining wall along the front of the Pumping Station. Through action of ice and water during the winter months, the wall was found to be completely undermined and distorted. The Board felt that prompt action in attending to this condition would save larger expenditures if put off until a later time.

Consequently plans were drawn up and bids were accepted. The contract was awarded a Randolph contractor on low bid.

Four hundred feet of Retaining Wall was built under the following specifications: A 20-in. footing, 18-in. depth; the wall approximating 4 ft. in height and 400 ft. in length; the wall to taper from 20-in. base to 10-in. top. At the same time a contract was given for a Wash Water Drain on the opposite side of Pond Street. 275 ft. of dry wall open drain, 8 ft. wide at the bottom; the wall 4 ft. high with an 18-in. slope.

This drain now eliminates the difficulty of disposing of wash water which the Engineer had because of silt and growing vegetation.

TOWN OF RANDOLPH, MASS.

The expenditures of the Water Department will be found in the Town Accountant's report.

Collections and outstanding water rates will be found in the report of the Water Collector.

## RULES AND REGULATIONS

---

The following regulations, until further notice, shall be considered a part of the contract with every person who uses water:

1. All applications for use of water must be made at the office of the Water Commissioners, and state fully the purposes for which it is intended to be used. Water will not be introduced to premises except on the written application of the owner thereof, or by a duly authorized agent. The property will in all cases be held responsible for the water rates.

2. All persons taking water must keep their water pipes and fixtures in good repair and protected from the frost at their own expense. They will be held liable for all damages resulting from their failure to do so. They shall prevent all unnecessary waste, and water shall not be left running to prevent freezing. The Water Commissioners or their agents may, from time to time, ascertain the quantity of water used, the manner of its use, and whether there is unnecessary waste. They and their agents shall have free access to the premises supplied, to examine the apparatus, and if any fixtures are found not to be in good order, they shall direct them repaired, and if not repaired within two days the water shall be shut off and not let on again until such repairs are made, and the sum of two dollars paid for shutting off and turning on the water.

3. The occupant of any premises, when unnecessary waste of water occurs, shall be liable to a fine of two dollars for the first offense, and four dollars for the second offense during the same year, and shall be notified thereof in writing; and if such waste is not prevented and the aforesaid fines paid within two days from the time when the said

## TOWN OF RANDOLPH, MASS.

notice is given, the water shall be shut off the premises, and shall not be again let on for the same occupant until waste be stopped and the fine paid, together with an additional sum of two dollars for shutting off and letting on the water, and in case of a third or subsequent offense, the water shall be shut off, and shall not again be let on except by a vote of the Water Commissioners and the payment of such fine, not exceeding ten dollars, as the Water Commissioners may impose.

4. Any person supplied with water shall not allow another to take water from his fixtures without the written permission of the Water Commissioners. If a tenant has no fixtures, he will be charged full rates for any use which he makes of the fixtures of another.

5. All parties using water and stables, for horses or other animals, will be charged scheduled rates for the same, whether it be carried by hand or through hose.

6. All persons using water for building purposes are required to obtain a permit from the Water Commissioners before taking water from any faucet or fixtures connected with the water works, and all water takers are warned not to let any party take water from their premises until they show a permit from the Water Commissioners. Any person furnishing water in violation of this section will be subject to a fine of not less than five nor more than twenty dollars, and if the same when levied is not paid within three days from the time when the notice thereof is given the water will be shut off from the premises and will not be let on again until such fine is paid.

7. All fixtures and water closets and urinals must be of a kind and quality approved by the Water Commissioners, also a vacuum valve must be installed on all pressure range boilers connected with the system.

ONE HUNDRED AND SIXTH ANNUAL REPORT

8. No person shall in any case be allowed to open any fire hydrants except by a written permit from the Water Commissioners; but the Engineers of the Fire Department shall in all cases have control of hydrants at fires and for practice.

9. The Commissioners reserve the right to restrict the use of hose or fountain, to shut off the water in all cases when it becomes necessary to make extensions or repairs, or for violations of any of the regulations, or when ever they deem it expedient.

10. The regular rates for the use of water shall be payable in advance on the first days of January and July of each year, except where water is supplied to manufacturers by special agreement. In all cases of non-payment of the water rates within ten days after same is due as well as for violations of these rules and regulations, the supply will be shut off, and payment of the amount due, and payment of two dollars for shutting off and letting on the water, shall be made.

11. The Water Commissioners reserve the right to change the water rates at any time except in cases of dwelling houses and established special rates.

12. For business requiring large quantities of water, and all supplies not enumerated in the tariff of rates, special rates will be made.

13. Parties using water for manufacturing or domestic purposes can erect hydrants on their grounds or stand-pipes in their buildings to be used only as a protection against fire without additional charges for water.

14. All applicants for the introduction of service pipes to premises are required to make written application therefor at the office of the Water Commissioners.

## TOWN OF RANDOLPH, MASS.

And in no case will the main be tapped more than once for the same premises, unless the additional expense is borne by the owner.

Charged as follows:

The following water rates are established until further notice:

No connection made with the main for any purpose for less than	\$6.00
---	--------

### Dwelling Houses

Occupied by one family, for the first faucet	6.00
Each additional faucet to be used by the same family	2.00
Two or more families occupying one house, one faucet for all, each family	5.00
One faucet for each family	6.00
For first bathtub	5.00
If used by more than one family in same house, each family	4.00
Each additional bathtub	2.00
For first pan or self-acting water-closet	5.00
If used by more than one family in same house, each family	4.00
Each additional pan or self-acting water-closet	2.00
Where two faucets are used, one for hot and one for cold water, emptying into the same basin, only one charge will be made for both.	
Laundry tub	3.00

### Hose

For sprinkling streets, washing windows and similar uses, 1/4-inch nozzle, to be used only on premises and street opposite, not exceeding two hours per day for six months in the year	5.00
--	------

## ONE HUNDRED AND SIXTH ANNUAL REPORT

For any use not herein enumerated, special rates will be made.

Meter Rates payable at Time of Reading.

For not over 133 cubic feet average per day, per 100 cubic feet	.23
For over 133 cubic feet and not exceeding 266 cubic feet average per day, per 100 cubic feet	.19
For over 266 cubic feet average per day	.15
Provided that in no case where a meter is used shall the annual charge be less than	7.00

Meters may be supplied by the Water Commissioners for which annual rental will be charged as follows:

Size $\frac{5}{8}$ -inch	\$1.00 per year
Size $\frac{3}{4}$ -inch	\$1.00 per year
Size 1-inch	\$4.00 per year
Size 2-inch	\$6.00 per year

All needed repairs, damages by frost and heat excepted, will be made at the expense of the town.

DR. WM. F. MAGUIRE,  
WILLIAM J. ALMOND,  
FRED D. DRISCOLL,  
Water Commissioners

TOWN OF RANDOLPH, MASS.

## Report of the Tree Warden

---

Randolph, Mass., Jan. 1st, 1942.

To the Citizens of the Town of Randolph—

### Greeting:

The shade trees of any city or town are a beauty and an asset to any community. Many of our beautiful trees are old and dying out for want of proper nourishment, owing to the cement roads and sidewalks. Each year more or less dead branches have to be removed.

Six new trees have been set out and are doing well.

I would recommend the planting of a few trees each year to try and take the place of many that have been removed.

I recommend starting a nursery where small trees could be planted to raise them to proper size for street planting. The cost would be a very small item.

Let our motto be: "Plan to plant another tree."

Respectfully submitted,

JOHN T. MOORE,

Tree Warden.

## Report of Moth Superintendent

---

Randolph, Mass., Jan. 1st, 1942.

To the Citizens of Randolph—

Greeting:

The moth situation in the town the past year remains about the same.

The town purchased a new sprayer and more effective work was done. All streets were sprayed and some of the streets in outlying sections.

The elm tree beetle was a serious menace the past summer and we must do more spraying to try and hold this pest in check.

The tent caterpillar was not so bad last year, as many nests and wild cherry trees where they breed were destroyed.

No creosoting has been done this year.

The brown-tail moths were very few this year, also Fall web worms.

A little more money should be raised this year to enable us to buy more material.

Respectfully submitted,

JOHN T. MOORE,

Local Moth Supt.

TOWN OF RANDOLPH, MASS.

## Report of Police Department

---

Randolph, Mass., Jan. 12, 1942.

To the Board of Selectmen,  
Randolph, Mass.

Gentlemen:

I herewith submit report of the work done by the Police Department of the Town of Randolph, for the year ending December 31, 1941.

Calls answered and investigations made	5,980
*Summonses served	359
*Arrests	195
Arraignments in Court	194
Bound over to Grand Jury	4
Pending in District Court	11
Found guilty in District Court	136
†Dismissed for want of Prosecution	26
Appealed to Superior Court	11
Found guilty in Superior Court	23
Nol-prossed	2
Acquitted	5
Filed	50
Probation	17
Fined	71
Released	5
Committed to House of Correction	11
Committed to State Hospital	3
Committed to Concord Reformatory	2
Committed to State Prison	3
Committed to State Farm	1
Put up for the night	1
Stolen Property Recovered	\$6,847.01

## ONE HUNDRED AND SIXTH ANNUAL REPORT

Notices Posted	126
Net returns paid to Town Treasurer from fines over and above expenses of prosecution	\$48.50
Fines taken in by District and Superior Courts	\$1,360.00
Total number of <b>warnings</b> on motor violations	1,486

Total number of miles covered by Police car	66,913
Total number of miles covered by motorcycles	19,510

\* Some arrests and summonses were served for out of town police.

† Of the 26 cases dismissed for want of prosecution, the police were complainant on 9.

Respectfully submitted,

PATRICK T. McDONNELL,

Chief of Police.

## Report of Fire Department

---

Randolph, Mass., January 1, 1942.

To the Board of Selectmen

Gentlemen:

I respectfully submit my report of the Fire Department for the year ending December 31, 1941.

This department responded to 508 calls during the year, classified as follows:

Bell alarms	186
Still alarms	142
Ambulance calls	170
Building fires	53
Wood and grass fires	247
Auto fires	17
False alarms	10
Inhalator	2
Aid calls	1
Miscellaneous	8
Feet of hose used	25,050
Feet of ladder used	254
Assessed value of property involved	\$48,350.00
Insurance on property	136,700.00
Insurance paid on loss	14,578.99
Damage to property	17,378.99
Loss not covered by insurance	2,791.00

The apparatus and property of the department are in good condition at the present time.

Two boxes have been added to the fire alarm system but I feel that ten more should be installed as soon as pos-

## ONE HUNDRED AND SIXTH ANNUAL REPORT

sible to properly cover the town. Owing to the increase in the number of fires as well as a major breakdown of one piece of apparatus caused an overdraft which was unavoidable.

Respectfully submitted,

HAROLD L. BAILEY, Chief.

---

# Zoning Appeal Board

Report for year 1941

---

The Zoning Appeal Board heard two cases during the past year. One appeal was denied and the other granted in part.

A third appeal was dismissed as improperly entered.

If the valuation of our property is to be maintained, our Zoning Laws must be fairly and strictly enforced.

The Board recommends also for the consideration of the Town, the early enactment of Building Laws which will conform with and supplement the existing Zoning Laws.

GEORGE N. WELCH, Chairman,  
HENRY TANGEN,  
JOHN KELLEY,  
GEORGE A. FRANKENBERGER,  
GEORGE F. TAYLOR,

Zoning Appeal Board.

## Report of State Auditor

---

May 28, 1941

To the Board of Selectmen

Mr. Charles Herman McGrath, Chairman  
Randolph, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Randolph for the period from August 18, 1940, to April 15, 1941, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,

TNW:MC

Director of Accounts.

Mr. Theodore N. Waddell  
Director of Accounts  
Department of Corporations and Taxation  
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the town of Randolph for the period from August 18, 1940, the date of the previous audit, to April 15, 1941, and report thereon as follows:

The books and accounts in the town accountant's office were examined, checked, and compared with the records of the several departments in which money is collected or bills are committed for collection, and with the records of the treasurer.

## TOWN OF RANDOLPH, MASS.

The general and appropriation accounts in the ledger were analyzed, the appropriations and loan authorizations being compared with the town clerk's record of financial votes passed in town meetings. A trial balance was taken off proving the accounts to be in balance, and a balance sheet, showing the financial condition of the town on April 15, 1941, was prepared and is appended to this report.

The books and accounts of the town treasurer were examined and checked in detail. The cash book was footed throughout, the recorded receipts were analyzed and compared with the departmental records of payment to the treasurer and with other sources from which money was paid into the town treasury, while the records of disbursements were compared with the accountant's books and with the treasury warrants.

The treasurer's cash balance, on April 15, 1941, was proved by reconciliation of the bank balances with statements furnished by the banks in which town funds are deposited and by actual count of the cash in the office.

The payments on account of debt and interest were verified by comparison with the amounts falling due and checked with the cancelled securities on file.

The securities and savings bank books representing the investment of the several trust funds in the custody of the town treasurer, the treasurer of the trustees of the Turner Library Funds, and the treasurer of the trustees of the Stetson School Funds were examined and listed. The income was proved, and the reported transactions were found to be correct.

The records of tax titles held by the town were examined and checked. The amounts added to the tax title account were checked with the collector's records, the recorded redemptions were compared with the treasurer's books, and the outstanding tax titles were listed and proved.

The books and accounts of the tax collector were examined and checked in detail. The accounts outstanding

## ONE HUNDRED AND SIXTH ANNUAL REPORT

according to the previous examination were audited, and all subsequent commitments of poll, personal property, real estate, and motor vehicle excise taxes were proved and compared with the assessors' warrants issued for their collection. The recorded payments to the treasurer were checked with the treasurer's cash book entries, the abatements as recorded were compared with the assessor's record of abatements granted, the taxes transferred to tax titles were checked to the treasurer's records, and the outstanding accounts were listed and reconciled with the accountant's books.

The commitments of departmental accounts receivable by the various departments were proved, the recorded receipts were checked with the treasurer's cash book, the abatements and disallowances were compared with the records in the departments authorized to grant such credits, and the outstanding accounts were listed and reconciled with the accountant's books.

The commitments of water accounts were examined, proved, and compared with the water commissioners' warrants issued for their collection. The recorded payments to the treasurer were checked to the treasurer's cash book, the abatements as recorded were checked with the water commissioners' record of abatements granted, and the outstanding accounts were listed and reconciled with the accountant's books.

The outstanding tax, departmental, and water accounts were verified by mailing notices to a large number of persons whose names appeared on the books and records as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The financial records of the town clerk were examined and checked in detail. The receipts from dog licenses issued on behalf of the county, and from sporting licenses, the proceeds of which are paid to the State, were checked

TOWN OF RANDOLPH, MASS.

and proved, and the recorded payments to the State and to the town treasurer were verified.

The records of licenses and permits issued by the selectmen and the health departments were examined and checked, and the payments to the town treasurer were verified.

The surety bonds of the financial officials bonded for the faithful performance of their duties were examined and found to be in proper form.

Overlay deficits aggregating \$8,171.07, as shown on the balance sheet, should be provided for by the assessors in accordance with the provisions of Section 23, Chapter 59, General Laws.

The records of the sealer of weights and measures and the town infirmary, as well as of all other departments collecting money for the town or committing bills for collection, were examined, checked, and reconciled with the treasurer's recorded receipts and the town accountant's books.

In addition to the balance sheet referred to, there are appended to this report tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the tax, tax title, departmental, and water accounts, together with tables showing the condition and transactions of the trust funds.

While engaged in making the audit, co-operation was received from the officials of the town, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director  
of Accounts.

# Report of Highway Surveyor

---

January 15, 1942

To the Citizens of the Town of Randolph:

I respectfully submit the following report as Highway Surveyor for the year ending December 31, 1941.

## GENERAL

The usual repair work caused by storms and frost was completed early in the spring. This work included sweeping, patching, grading, graveling and cleaning brooks, catch basins and manholes. Also a great many fences were repaired and painted.

The following streets were resurfaced, tar and asphalt were used.

Mill, West, Maple, High, Chestnut, Russ, Gold, Linden, Thomas, Grove, Liberty, Old, Allen, Fowler and Jane Streets and Vesey Road. Some of the above mentioned streets were in good condition and were resurfaced only in sections where necessary.

## CHAPTER 90 REPAIRS

The following work was accomplished under the Chapter 90 appropriation.

Drainage systems were all cleaned and repaired, patching, brush cutting, sweeping and fence repairing and painting were completed on the following streets: Union, Pond, Canton and Warren Streets.

## TOWN OF RANDOLPH, MASS.

Canton Street was resurfaced from High Street to Canton line, sand and asphalt was used.

Warren Street was resurfaced from railroad crossing to Lafayette Street. One half inch stone and chemical treated asphalt was used and proved to be very successful.

## SNOW REMOVAL

During the early part of 1941 we had a great deal of slippery weather which required a great amount of sanding. We also had heavy snowfalls during that period which had to be plowed and in many places hauled away.

I would like to take this opportunity to let the people of the Town of Randolph know that in the present emergency the Highway Department is prepared to cope with any emergency that might arise and ready to co-operate with officials and citizens.

I wish to thank the Town Officials and the Citizens for their co-operation and assistance during the past year.

Respectfully submitted,

JOHN A. FREDERICKSON,

B:

Highway Surveyor.

ONE HUNDRED AND SIXTH ANNUAL REPORT

Report of the  
Sealer of Weights and Measures

Randolph, Mass., January 6, 1942.

To the Board of Selectmen, Randolph, Mass.

Gentlemen:

During the year 1941 I have sealed:

Scales	123
Weights	83
Liquid Measures	81
Gasolene Pumps	55
Kerosene Pumps	9
Grease Pumps	20
Oil Measuring Pumps	46
Yard Sticks	19
Taxi Meters	7
Oil Jars	2
Resealed and tested gasolene pumps	20
Resealed and tested scales	18

Inspections made:

Pedlar's licenses	8
Pedlar's scales	8

Fees collected and turned over to the Town

Treasurer \$80.76

Salary of Sealer	\$150.00
Transporting of weights	50.95
Purchase of equipment	9.05

	\$210.00
Appropriation	\$210.00

Respectfully submitted,

DANIEL P. LYONS,  
Sealer of Wgts. and Meas.

## Report of the School Committee

---

The School Committee submits the following report for the year 1941, together with the reports of the Superintendent of Schools, Principal of the Stetson High School and the various Supervisors, all of which are a part hereof. It should be borne in mind that the function of the School Committee is to act as a board of directors for the public school system, with the Superintendent of Schools as the executive officer.

With the nation at war, and with the inevitable financial burdens which war entails, your Committee has decided to defer all major capital outlays and to limit expenditures strictly to those essentially necessary to maintain the physical plant and protect the capital already invested. It is the purpose of the Committee to plan ahead, in accordance with the national recommendations, and wisely to determine the additions, reconstructions and new buildings which will become necessary, and to defer their construction until that post war period which will be one of painful re-adjustment for us all.

Feeling strongly our responsibility for the safety of your children during school hours, we have made detailed plans for Air Raid Precautions. We append hereto a copy of our letter to all parents, as well as that to the faculty and employees of the school system. We strongly recommend that you study both of these, and feel certain that you will, with us, feel a deep sense of gratification that we are thus able so well to see to the safety of the school population.

RALPH H. HUTCHINSON, Chairman  
JOHN E. KELLEY,  
FRANK H. LINFIELD,

WILLIAM G. BILLINGHAM, Sec'y

ONE HUNDRED AND SIXTH ANNUAL REPORT

SCHOOL DEPARTMENT

Randolph, Mass.

REGULATIONS GOVERNING AIR RAID SHELTERS  
AND EVACUATION OF SCHOOL CHILDREN

*To Parents:*

In order to be of the greatest service to our school children in the event of an air raid, the School Committee after a study of school building construction and facilities, voted on January 21, 1942, that the matter of shelter or evacuation of school children shall be governed by the type of construction of the particular school in question, its fire resisting qualities, accommodations and size of enrollment.

Under this heading the following schools can fully shelter their pupils: Stetson High School, Tower Hill and the McNeill Schools. School buildings having a limited space for shelter include the Devine, Prescott Junior High and the Belcher, while the Prescott Primary and the Pauline Street Schools have no facilities for shelter and will, therefore be completely evacuated. To carry out this procedure for the Prescott Junior High, Devine and Belcher Schools, children living a short distance from these schools will be sent home under supervision to assure adequate space for shelter of pupils who are obliged to remain. There can be no bus or automobile transportation during periods of raids.

They who are required to remain in shelter will be under the supervision of teachers and principals who have been trained in first aid and defense emergencies. These shelters are protected by brick walls, cement ceilings and floors, two or more exits, windows taped and protected and with a sufficient amount of heat, light and ventilation for the maximum assembly. Each shelter, moreover, is provided with first aid equipment, blankets, food, water, etc., and a proposed program of songs, story-telling and quiet games.

## TOWN OF RANDOLPH, MASS.

Under this program your child will be

- a. Sent home
- b. Retained in school shelter

Irrespective of the above rules, if you should desire to have your child at home during an air raid, when he is required to remain in school, you will be obliged to report to the principal of the school who will release the child to you.

Please sign this notice and have it returned to the principal so that he may know that you read it.

Signed .....

(Signed) A. O. Christiansen

January 22, 1942

Superintendent of Schools

### SCHOOL DEPARTMENT Randolph, Mass.

#### AIR RAID DEFENSE INSTRUCTIONS FOR SCHOOLS

To Principals and Teachers :

The following instructions of the School Committee are based on general and accepted practices governing air raid defense procedures as found in the bulletin of the Mass. Commission on Public Safety together with the advice and cooperation of the local warden. Some changes in these procedures may be necessary from time to time as circumstances and experience may warrant.

Many, if not all of these observances have already been introduced. Your drills and procedures have reached a stage of efficiency most encouraging to all interested in public safety.

#### DUTIES OF PRINCIPALS

Fundamentally, principals are responsible for the safety of their pupils within their respective school buildings, up to and including the time pupils have been properly dismissed or turned over to the local police or a recog-

## ONE HUNDRED AND SIXTH ANNUAL REPORT

nized agency cooperating in the service of public safety. Because of his legal responsibility, he cannot be superseded by any other person or persons for fear of minimizing or confusing that responsibility. He shall cooperate with the local air raid warden, police and fire departments for the common good. He shall receive air raid signals from the office of the Superintendent of Schools to which office he will telephone or relay his report at the close of a raid or "all clear".

The principal shall organize within his school such air raid defense procedures as are adapted to his particular building and location and shall maintain discipline during drills and while in shelter and until children have been properly dismissed. He shall make provision for physically handicapped children, inspect building for stray pupils, receive and check attendance reports of teachers together with their class registers and record books for storage and safekeeping.

### DUTIES OF TEACHERS

Teachers shall remain with their pupils at all times and until such time as their pupils are properly dismissed. They will be responsible for a careful account of attendance during drills, filing, shelter periods and dismissals. They will take along their class registers and record books and submit them to the principal for storage. At the completion of their duties and responsibilities they shall report to and be dismissed by the principal before they leave for home. At the time of this writing most of our teachers have taken or are now taking first aid courses and defense work.

### DUTIES OF JANITORS

Full-time janitors shall report to their principals for duty on receipt of first signal. Part-time janitors, if temporarily out of the building, shall report immediately to their schools and principals. Upon the second signal or impending danger, the janitor shall bank his fires, be prepared to

## TOWN OF RANDOLPH, MASS.

shut off gas, oil, electricity and water at proper places and remain on duty in case of fires or other hazards until dismissed by the **principal**.

### ORGANIZATION OF CLASS FOR FILING

Upon signals given by the principal, pupils and teachers will put on their coats and hats, fully dressed, and file as directed by drills, to shelter or for supervised dismissals to homes. Permission of parents must be had in writing in order to station a pupil for junior safety service or traffic duty. Each teacher will lead her line to posts already assigned. She will be responsible for the conduct and general morale of her pupils. Teachers will check their attendance and report any missing children to the principal.

### ORGANIZATION OF SHELTERS

Shelters have been established in some schools because of their location and constructional equipment. Windows are to be taped and covered; two or more exits are kept free and unobstructed and sufficient heat, light and ventilation provided for the maximum assembly. Each shelter, moreover, is to be equipped with a first aid outfit, two stretchers, blankets, lanterns, food, water, sand, etc. All teachers in supervision will have completed their courses in air raid procedure and first aid emergency. Each class or group of children will be assigned a definite place or location within the shelter. For entertainment here, where active movements must be restricted, teachers may well introduce a program of songs, story-telling, short dramatic sketches, craft-stunts by boy and girl scouts and instrumental music. Such wholesome activities will do much to build up the morale of pupils and dispel the psychosis of fear. Proper dismissal of pupils after the "all clear" has been sounded is likewise important. Again, teachers are to report to and be dismissed by the principal.

A. O. CHRISTIANSEN,  
Superintendent of Schools.

## Report of the Superintendent of Schools

---

To the School Committee, Randolph.

Mr. Chairman and Members.

I submit herewith my annual report of the schools for your examination and approval.

Our schools are doing well under the stress of war. The innumerable problems and objectives of that war are of deep concern to us. They are a part of our school work. There are interruptions, to be sure, for drills, emergency work, etc., but the regular educational program is faithfully carried on. The morale is high. Teachers and pupils alike seem to realize that this is one of those periods in history when liberty, democracy and the American way of life is at stake. They cherish these principles. They are willing and loyal to defend them now; to do their part and to carry on in the very institutions, the public schools, the greatest gift of free men in a democracy. It is equally important to the citizens who pay for these institutions that they know their schools, become acquainted with them, their problems and needs. It is, in truth, the largest business concern in town. Its program of activities is educational. Its investment is sound for it invests in the lives and welfare of our children. Sound, too, because of the trust and confidence of free men who know that education is the first line of defense in this or any democracy. It is our common hope, therefore, that these schools shall represent the best in education, useful and practical, loyal and patriotic to the end that our children shall be better prepared to live in and develop their potential powers and abilities consistent with and for the best interest of our democratic society.

The national defense emergency has had its effect on our school enrolment and teaching personnel. Our total

## TOWN OF RANDOLPH, MASS.

enrolment fell from 1771 to 1748, October 1, 1941 as will be noted in the enrolment tables at the end of this report. A more serious situation, however, is that of teachers who leave the profession. Toward the end of the calendar year in December, eight teachers have resigned with four more to take effect within the next few weeks. This greatly handicaps our work particularly when resignations occur during the school year. These teachers moreover were experienced and were doing excellent work so that this loss is deeply felt. Under the list of appointments I wish to acknowledge the new teachers in whom we have the confidence that they will achieve success.

This year with your approval the Rinehart Functional Handwriting system was introduced into the schools from grade one to nine inclusive. The outstanding significance of this system is the personal instruction and evaluation of each child's work and achievement each month and at the end of the year. Mr. Rinehart's report is included herein and is worthy of careful reading.

I am grateful to the clergymen of the various churches in Randolph for their cooperation and interest in submitting to the schools the religious education rank of each child under their care and instruction. It is a wholesome sign in any community to have the united forces of education combine to mold the life and character of its children.

Under the heading of Air Raid Defense Instruction for Schools you will note the general scheme and organization set-up for each school. What these rules and regulations do not tell is the excellent and efficient way in which each principal has organized his school. Each school has its particular problem but each problem has been met. We do not know just what will happen in the event of an air raid but we do know that we have endeavored to conform to the best plans and recommendations available. Our preparation and equipment was made possible by your prompt approval and guidance.

## ONE HUNDRED AND SIXTH ANNUAL REPORT

May I call to your attention again that during the inspection of the school buildings this year there were two outstanding improvements greatly needed. First, in order, is the proposed fire-proof stair and stair hall in the Prescott School. The other, to install glass partitions and level the floor in the back gallery of the high school gymnasium for the Commercial Department to be used as a room for office appliance instruction. These two major improvements would do much to facilitate our work and make for greater safety and convenience.

Each year our schools are enriched by the interest and effort of loyal friends of education outside the classrooms. Included in that list are the Stetson High School Scholarship Fund Committee, the Junior Ladies' Library Association, American Legion and the National Society, Daughters of the American Revolution.

One hesitates in these days to refer to anything which would place an extra burden on the school budget yet at the same time our present national defense activities may well be served by offering evening school instruction to non-English speaking people in this community. There are several hundred such individuals in Randolph who would be greatly benefited by such classes. Instruction would be given in English, Current Events, state and national form of governments and the preparation for citizenship. This would be democracy at work in Randolph and a segment of that great line of first defense, education.

It is a genuine pleasure to report that whatever achievement we may rightfully boast of in this our public service, can be traced to your help and inspiration, and to the unstinted effort and service of the teaching staff, pupils and to the influence of the home.

Respectfully submitted,

A. O. CHRISTIANSEN,  
Superintendent of Schools.

TOWN OF RANDOLPH, MASS.

STETSON HIGH SCHOOL

HUBERT F. GILGAN, *Principal*

---

The influence of this period of national emergency has been reflected in the enrollment in this school just as it has in most schools in areas where no defense industries are being carried on. Most schools are reporting a drop in size and Stetson is not an exception. We have, as of October 1, an enrollment of 480, the lowest since 1936. The trend has been noticeable from the first of the year, when twenty-five pupils left between January and June. The reasons for leaving were varied, but the majority left to go to work or because parents had obtained employment and were moving near to their places of employment.

We lost four excellent teachers at the close of the last school year: Mr. Leach, our band master and choral director, resigned to accept a position in Wellesley; Miss Curtis, our Biology teacher, accepted a similar position at Lasall Junior College; Miss Boothby accepted a position in the Household Arts Department at North Quincy; and Miss Lowney resigned to be married. Their places have been filled by Mr. Myron B. Thomas, bandmaster and choral director for boys, and Miss Bernice Burdick, choral director for girls, Miss Ruth Jefferson, Miss Rosamond Henry, and Miss Anna Sullivan.

It is suggested that some consideration be given to the salary schedule so that good teachers may be kept in the Randolph schools and not go elsewhere because of salary question which we cannot reach because of budget limitations. It is our opinion that Randolph children are as deserving of the best as any other children and it is false economy to let these good teachers get away, if they can be kept in Randolph.

Stetson graduated a class of 117 pupils in 1941. The usual percentage of the graduates are continuing their education. Our graduates of last year represent the school in

## ONE HUNDRED AND SIXTH ANNUAL REPORT

the following institutions of higher learning—Kents Hill Junior College, Bridgewater Teachers College, Tufts, Boston University, Northeastern, Massachusetts State College, Chandler, Fisher, Burdett, Brockton Business College, Wentworth Institute. Others have enrolled in vocational schools, others have entered nursing schools, some have returned as post graduates, while others have enlisted in the armed service of our country.

Our school is doing its part in national defense work because every teacher is taking a course either in Red Cross, First Aid, or in the Air Raid Warden groups. We find some teachers have volunteered their services with Red Cross or Defense work outside of school hours. Our pupils are being prepared, as we have two groups of girls studying home nursing and two groups of about 30 girls taking first aid. One group of boys is studying first aid and another group of about sixty pupils are enrolled as an auxiliary fire department. This last group is under the supervision and instruction of fire Chief Bailey and Deputy Chief Tierney. The purpose of this course is to assist and carry on for our regular department in case of an emergency and to train the boys in the correct procedure of fire fighting under varying conditions.

We are pleased to report the addition of a dictaphone to our office appliance group. This will now enable us to put into the curriculum a full course in office machines. We expect now we can split our commercial course into the general business course and the secretarial course we mentioned in a previous report.

The public speaking club organized last year with Mr. Hart in charge is being continued. The highlight of this year is to be a visit of the Boston University Debating Team to the school for a discussion. Mr. Daly's Vocational Guidance work is continuing apace. During 1941, Mr. Daly interviewed 110 members of the ninth grade, and during their interviews information was secured on their desired

## TOWN OF RANDOLPH, MASS.

vocations and other necessary information. Advice was given to pupils in regard to their choice of career, and information bearing directly on each career is disseminated by reading material, lectures, and talks by specialists in the various fields of endeavor. A camera club is the latest addition to our extra curricular activities. This club is under the leadership of Miss Jefferson and has studied the history and chemistry of photography, the principle of the camera, the development of films, and contact printing. This club will have an important place in the life of the school.

The religious education program which Randolph was one of the few schools to pioneer, is being carried on again this year, and is being watched by many communities for results obtained. The State Department of Education is interested in it, and has sent Mr. Mack to this school for information concerning it. We believe Randolph has helped to start a movement which will spread very rapidly, so that soon many schools will incorporate religious training as part of their regular curriculum. After all, the educational system adopted in this country of ours is supposed to teach the American way of life in all its phases and our schools can lead the way toward this end by recognizing an important part of the individual's life, if not by a school sponsored Sunday School, then by a mutual aid program with Sunday Schools as they are now set up.

It is too bad that more parents do not visit the schools so that they may become more familiar with what is going on at school, and what is expected by the school from their children. Too many times the question is put to, "Why does not my son have home work to do?" The truth of the matter is that such pupils do have home work to do but, for one reason or other, do not take it home. The number of cases where parents permit their children to be absent from school for alleged illness without investigation is increasing at an alarming rate. Children who are ill are not expected to attend school, of course, but parents should be aware of

## ONE HUNDRED AND SIXTH ANNUAL REPORT

the fact that sometimes vague aches or pains are used to shirk school responsibility. Tardiness at school, especially if repeated again and again, means subnormal work and yet sometimes parents do not try to find out why their children are tardy. These are only a few of the things where a closer contact between the teacher and the parent cannot help but bring about better results.

This year we did not field a football team, and this was due partly because our field was not ready and partly because our material was so limited that it would have been detrimental to the physical well being of our boys to line them up against boys who were so much larger and more numerous than they. Our new athletic field will be ready for use in the spring, and it will be second to none in the district. The thanks of the pupils and all those who will use this field, goes to the taxpayers of the town, and to the sponsor, Mr. Theodore Luddington, for making such a field possible. We plan to make such use of the field as will give all boys and girls a chance to take part in some outdoor athletic contest, to offer an opportunity for participation for pupils other than those highly skilled individuals who would normally represent the school in interscholastic competition.

We cannot let this opportunity slip by without a brief comment on the Household Arts Department. The advantages offered to the girls of Stetson in this department are too numerous to list. Chief among them is the fact that a girl can select the Household Arts course the first two years, thereby receiving the benefit of this training. At the end of the second year she can immediately enter the commercial course for her last two years, thereby receiving the training of this type of work. Thus at the end of her four years, the girl has fulfilled all the obligations of both the Household Arts course, and the Commercial course. We believe this to be a marvelous opportunity, and many girls will take advantage of it when they understand this point.

TOWN OF RANDOLPH, MASS.

## REPORT OF THE MUSIC SUPERVISOR

BERNICE D. BURDICK, *Supervisor*

---

I hereby submit my report of the work as Music Supervisor of the Randolph Schools from February 1941 to date.

The progress in music has been as a whole satisfactory, especially when considered from the point of view of a slight break in the music program due to a change of supervisors and the period of getting acquainted. This period of transition, however, has been pleasant, for the cooperation of the former supervisor, Mrs. Mary Wren, together with that of teachers and pupils, have been most helpful and genuine.

The aim in the music program is to have the child enjoy good music and to instill a desire to learn more. It is important, therefore, to keep the instruction within the possibility of accomplishment. A child learns to do by doing, or, learns music by singing or playing an instrument. The procedure of teaching must keep the interest of the child at all ages, from kindergarten through adolescence. The only technical work that is given is the amount required to teach the student to read music and sing from the written page.

Music is foremost a cultural subject. It requires as much reasoning on the part of the child as for any other subject. The child must be able to recognize time value of notes, their accurate pitch, and be quick and alert, for much of the music is sight reading. This gives to the child much confidence and poise for he is trained to sing alone and in groups throughout the grades.

Last spring two music festivals were presented. One included the grades of the Prescott, Belcher, McNeill and

## ONE HUNDRED AND SIXTH ANNUAL REPORT

Tower Hill Schools, with approximately two hundred students participating. The other festival was held in North Randolph with approximately one hundred and fifty students taking part from the Devine and Pauline Street Schools.

This fall there was organized a Girls Glee Club consisting of one hundred girls from the Stetson High School. They meet for one fifty-five minute period per week. The aim here is to sing with good interpretation and appreciation the more difficult songs than those of the Junior High School. In this field there is a great deal of work yet to be done.

Previous to the Christmas Holiday a Girls Choir of Stetson High School presented a Christmas Cantata entitled "Bethlehem". Much credit is due these girls for their rehearsals and interest in music. The work was well done.

I wish at this time to thank Mr. Christiansen, principals and teachers who have so willingly cooperated with me.

TOWN OF RANDOLPH, MASS.

## REPORT OF THE DIRECTOR OF INSTRUMENTAL MUSIC

MYRON B. THOMAS, *Director*

---

I herewith submit my first report as Director of Instrumental Music in the Schools of Randolph.

The Stetson High School Band commenced its regular weekly rehearsals on Friday, September 5, 1941. At that time the band consisted of 21 pieces and a Twirling Corps of 20. At the present time it has increased to a membership of 30 students, but no addition has been made to the Twirling Corps, due to the fact that a 30-piece band is over-balanced by any more than 20 twirlers.

The Band has appeared publicly on several occasions, among them: Demonstration Night at the high school; the local State Guard Demonstration and Parade, and the Dedication Parade of the American Legion at Braintree in November.

Several new selections have been added to the Band's repertoire and the aptitude of the players in learning new music has improved greatly since the opening of school in September.

The High School Boys' Glee Club of 20 selected voices rehearses each Monday. Music appropriate to the Male Chorus of high school age is used.

On September 26, 1941, a Demonstration program was held at the High school, preceded by a marching exhibition by the Stetson High School Band through the town, to arouse the interest of the students and their parents and to acquaint them with the various band instruments. A representative of a Boston music concern was present with sev-

## ONE HUNDRED AND SIXTH ANNUAL REPORT

eral instruments to assist me in demonstrating and to answer any questions regarding renting or purchasing of instruments.

Saturday morning classes were begun at the High school immediately for those interested, under the instruction of Mr. George Leonard, instructor of reeds; Mr. Maurice Cates, percussion; and Mr. Donald Leach and myself, brass instruments. During the week I personally contact the members of these classes to check on their progress and assist them with any new problems.

The Junior Band holds its weekly rehearsals at the Prescott School on Thursday afternoon. In September the band consisted of 7 members. To date the enrollment has increased to 20. Since September the Junior Band has been rehearsed in two groups, one elementary and one advanced, but within another month the elementary group should have gained enough experience to practice with the advanced group.

Progress in the past four months has been rapid and with continued effort on the part of the music groups the next four months should show even greater improvement.

The cooperation of the School Department has been most helpful and is very much appreciated.

TOWN OF RANDOLPH, MASS.

REPORT OF THE SUPERVISOR OF HANDWRITING

WILLIAM L. RINEHART, *Supervisor*

---

Adolph O. Christiansen, Superintendent

I am pleased to submit the following report on the Handwriting program in the Randolph schools, grades 1 to 9, for the school year of 1941-42.

The Functional Handwriting program was started in your schools in November, 1941. During the month of November, handwriting pre-tests were administered to all pupils. These tests are now on file and will be matched with similar tests at the end of the school year to determine the improvement in handwriting. A survey of the problems of left-handed writers was also made, dexterity tests were administered to beginners, and a special effort is being made to remedy left-handed difficulties and to insure correct posture, pencil-holding, paper-placing, and writing movement.

An examination of the results of the first monthly tests show that there is considerable room for improvement in the hand-writing. A breakdown of the scores shows that 56% of the pupils wrote an unsatisfactory quality; 22% did excellent writing; 21% wrote a fairly satisfactory quality. By the end of the present school term we may reasonably expect 70% of the pupils to be writing a quality of excellent.

The operation of our program in your schools may be summarized as follows. We provide adequate instructional materials for pupils and teachers, also the necessary personal instruction to teachers in teachers' meetings and classroom visitation. The instructional materials include Teacher Handwriting Folders, Teacher Monthly Outlines,

## ONE HUNDRED AND SIXTH ANNUAL REPORT

Pupil Folder Outlines, Term Record Paper, Monthly Diagnostic Charts, Room Motivation Certificates and Seals, Monthly and Term Envelopes, etc. The personal services include teachers' meetings for instructional purposes as needed, classroom visitation each month for the purpose of placing master units on the blackboard, grading daily work, and general supervisory help. We diagnose and grade a formal test paper for each pupil each month and a detailed report on same is sent to the teacher. In addition to the formal test, we grade approximately four samples of daily-work papers monthly for each pupil.

Your pupils and teachers manifest excellent school morale and we appreciate the fine cooperation we have received to date.

### REPORT OF THE SUPERVISOR OF DRAWING

GERTRUDE M. DODD, *Supervisor*

---

I hereby submit my report of this year's work as Drawing Supervisor of the schools of Randolph.

During the past year there has been a very noticeable increase of enthusiasm and interest along artistic lines shown by the pupils in all the schools and in particular in the High school. This is probably because of the incentive of showing their work to the general public in the annual exhibition.

Most all children have a natural creative power, and it has been our aim during this past year to do everything possible to bring it to the surface, and prove to the child himself what he really can do. The child has no idea of

## TOWN OF RANDOLPH, MASS.

what he can do until he is guided, and by teaching fundamental lessons and rules he is given a basis on which to build. After he fully understands the essential elements of color, design, proportion, and anatomy his work becomes more individual. Too many static dictated lessons destroy his natural creative power.

A new method of teaching figure drawing was tried this year and proved to be very successful. It gave more enjoyment to the pupil and resulted in better understanding of the figure and better drawings.

The annual Exhibition of Art and Handicraft was held from March 31 through April 4 and attracted much attention in town. The register of visitors, kept during that week, showed that 4000 children, parents, and interested parties came to see the work done in the schools. Members of other school departments also came, and their comments made the teachers and pupils alike feel that their hard work had not been in vain.

Again I should like to suggest that if Club Work were included in the school curriculum for perhaps one period week, it would be of great benefit to the pupils.

I am deeply grateful to all the teachers and principals, who so willingly co-operated with me in the past year.

ONE HUNDRED AND SIXTH ANNUAL REPORT

REPORT OF THE SCHOOL PHYSICIAN

GEORGE V. HIGGINS, M. D.

---

The health of the school children in Randolph has remained about the average during 1941. We have had the usual run of minor contagious diseases, but no large number of children were absent at one time.

Due, no doubt, to the wide-spread inoculation with toxoid serum, no cases of diphtheria have occurred for the past few years.

We have had fewer accidents in the school yard during 1941. One thing I should like to eliminate in our school yards is the swing. Children during grade-school age have not developed the sense of fear, and when large numbers of children rush to use the swing in a given time, accidents have happened. It is almost impossible for a teacher to watch all groups in their various games.

Head lice, "like the poor", we have always with us. It is no crime for a child to contact lice, but it becomes one to keep them after they have been found in the hair.

We must have better accommodations at the Pauline Street School for children who become ill or injured. Only a week ago a child cut his forehead requiring my placing a stitch in the wound. The only couch for him to lie on was made with three very low chairs. We need a couch well up from the floor for sickness or accident work.

I wish to thank our efficient school nurse and teachers, school committee and our superintendent for their cooperation during the past year.

TOWN OF RANDOLPH, MASS.

REPORT OF THE SCHOOL NURSE

Helen F. Conlon, R. N.

---

Following is a report of my work in the Schools for the year 1941:

Number of inspections	9,321
Number of exclusions recommended	178
Number of pupils weighed and measured	4,794
Number of home calls made	319
Number of pupils taken to the School Physician's office for treatment of injuries received on school premises	48
Number of first aid treatments	419
Number of children taken to Norfolk County Hospital for X-rays	14
Number of children taken to Clinics for Psychiatric examinations	2

In January, 1,677 pupils in grades one through twelve were given a dental examination by school Dentists Dr. Maguire and Dr. Smith. Cards showing defects were sent to parents. 486 pupils received dental treatments at the Dentist's office during year.

In April, nine pupils were given a Psychiatric test by Dr. Olga Steinicke, State Psychiatrist.

Four children were recommended to repeat present grade.

Two children were recommended to continue in Special Class.

Three children were transferred to Special Class.

## ONE HUNDRED AND SIXTH ANNUAL REPORT

The Board of Health conducted the Diphtheria Immunization Clinic in May. 72 Pre-school children and 77 school children received three injections of Toxoid by the School Physician, Dr. Higgins.

The Norfolk County School Clinic was held in November. 175 request slips were sent to parents of pupils in grades 9 and 11 to be signed. 141 pupils were given the Tuberculin skin test. 67 children were X-rayed. 12 teachers requested X-rays.

Four children were able to go to the Norfolk County Health Camp for eight weeks in the summer through the aid of the Christmas Seal Sale Fund and the Board of Health.

One child was sent to camp for two weeks. Two children had tonsil and adenoid removal through the courtesy of the local Salvation Army Fund.

Students in the Household Arts department received a course in Home Nursing. This course is given under the supervision of the American National Red Cross by an authorized Red Cross Nurse. This course is given by the Red Cross as a phase of health education and is planned to give practical instruction in subjects relating to the health of the individual, and the Community. A Red Cross Certificate was given to thirteen pupils who completed the course.

In closing my report I wish to express my appreciation to you, Mr. Christiansen, and to all who have assisted me with my work during the past year.

## ONE HUNDRED AND SIXTH ANNUAL REPORT

### SCHOOL CALENDAR, 1942-43

Open Jan. 5, 1942.	Close Feb. 20, 1942.
Open Mar. 2, 1942.	Close Apr. 17, 1942.
Open Apr. 27, 1942.	Close June 12, 1942 for Grades.
	Close June 19, 1942 for H. S.

### SUMMER VACATION

Open Sept. 8, 1942.	Close Dec. 23, 1942.
Open Jan. 4, 1943.	Close Feb. 19, 1943.
Open Mar. 1, 1943.	Close Apr. 16, 1943.
Open Apr. 26, 1943.	Close June 11, 1943 for Grades.
	Close June 18, 1943 for H. S.

Schools will close on the following days: Good Friday, April 3rd; Columbus Day, Oct. 12th; Armistice Day, Nov. 11th, and Thanksgiving Day and the day following, Nov. 26th and 27th.

TOWN OF RANDOLPH, MASS.

NO-SCHOOL SIGNALS

\*Three blows repeated at

7.15 A.M. No session for Senior and Junior High Schools.

8.15 A.M. No morning session for the first six grades.

12.30 P.M. No afternoon session for the first six grades.

By courtesy of the WNAC Broadcasting Station, no-school announcement will be given out over the radio as near to the local hours as is convenient and possible for the station announcer.

There will be days when schools are in session because weather conditions are not severe enough to cause complete shut-down of all activities. On such days, parents, as in former years, determine whether their children shall attend. No excuse will be required of pupils for absence on such days unless the parent so wishes. Consideration will be given pupils striving for perfect attendance.

It is essential that we keep in mind that State Law requires that the High school shall be in session at least 180 days of each school year, and for the grade schools, 160 days.

## 1942 Town Meeting Warrant

---

Commonwealth of Massachusetts.

Norfolk, ss.

To Either of the Constables of the Town of Randolph, in  
said County, Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Randolph, qualified to vote in elections therein, to meet at the polling places in their respective precincts, to wit:

**Polling Place in Precinct No. 1**

**STETSON HALL, IN SAID TOWN**

**Polling Place in Precinct No. 2**

**NORTH RANDOLPH IMPROVEMENT ASSOCIATION  
HALL, IN SAID TOWN**

**ON MONDAY, THE SECOND DAY OF MARCH, 1942**

**at 5.45 o'clock in the forenoon**

then and there to bring in to the wardens of their respective precincts, their votes on the official ballot for a Town Clerk for one year, Town Treasurer for one year, Moderator for one year, three Selectmen and Overseers of the Public Welfare for one year, one Assessor for three years, two members of the School Committee for three years, one member of the Stetson Trust Fund for three years, one member of the Board of Health for three years, one Tax Collector for one year, one Water Commissioner for three years, one Highway Surveyor for one year, one Tree Warden for one year, two members of the Planning Board for three years, and seven Constables for one year.

## TOWN OF RANDOLPH, MASS.

**THE POLLS WILL BE OPENED AT FIVE FORTY-FIVE O'CLOCK IN THE FORENOON AND WILL BE CLOSED AT FOUR O'CLOCK IN THE AFTERNOON.**

You are directed to notify and warn the inhabitants qualified to vote as aforesaid to meet at the Town Hall in said Randolph on Monday, the 9th day of March 1942, at 7.30 P. M., and then and there to act on the following articles:

Article 1. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1942, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 3. To see if the Town will vote to raise and appropriate money for Unpaid Bills of previous years in various departments, as petitioned for.

Article 4. To see if the Town will vote to raise and appropriate a sum of money "not exceeding 5% of the last tax levy" to be known as the Reserve Fund, as provided in Section 6, Chapter 40, General Laws.

Article 5. To see what action the Town will take in regard to raising and appropriating money for the employment of district nurses, as provided for by Section 5, Chapter 40, General Laws, as amended by Section 1, Chapter 371, Acts of 1921, as petitioned for.

Article 6. To see what action the Town will take in regard to the pay of Town laborers and others hired by the day or hour.

Article 7. To hear and act on the reports of Town Officers.

Article 8. To hear and act on the report of any Committee and choose any committee the Town may think proper.

TOWN OF RANDOLPH, MASS.

Article 9. To see if the Town will instruct the Selectmen to appoint a Special Officer or Officers to enforce the laws.

Article 10. To see if the Town will authorize the Water Commissioners to appoint one of their members to another office or position under their control, and fix the salary of such person in accordance with the provisions of Chapter 36, Acts of 1929, or take any other action relative thereto.

Article 11. To see if the Town will raise and appropriate the sum of \$350.00 for Memorial Day expenses, to be expended under the direction of Lieut. William Palmer Camp, Sons of Union Veterans of the Civil War, as petitioned for.

Article 12. To see if the Town will appropriate the sum of \$20.00 for the maintenance and lighting of the clock in the tower of the First Congregational Church.

Article 13. To see if the Town will vote to raise and appropriate money for materials and expenses in connection with W. P. A. projects, as petitioned for by the Selectmen.

Article 14. To see if the Town will vote to raise and appropriate the sum of \$750.00 for lease and maintenance of quarters for the Lieut. John D. Crawford Post, No. 3389, Veterans of Foreign Wars.

Article 15. To see if the Town will vote to raise and appropriate the sum of \$350.00 for heating and lighting of the Lieut. Thomas W. Desmond Post, American Legion Building.

Article 16. To see if the Town will vote to instruct the Selectmen to appoint three additional Police Officers according to the Civil Service Rules and Regulations, and raise and appropriate money for the same, as petitioned for.

## ONE HUNDRED AND SIXTH ANNUAL REPORT

Article 17. To see if the Town will vote to raise and appropriate the sum of \$254.00 for the purpose of purchasing from the New York New Haven and Hartford Railroad a certain parcel of land at Warren and Depot Streets, as petitioned for by the Board of Selectmen.

Article 18. To see if the Town will raise and appropriate a certain sum of money to cover the expense of normal repairs of the Stetson Hall Building.

Article 19. To see if the Town will vote to construct and equip a fireproof vault adjoining the office of the Town Clerk and Treasurer as required by the Commonwealth of Massachusetts and raise and appropriate money therefor as petitioned for.

Article 20. To see if the Town will vote to accept a deed to a certain parcel of land lying at the Highland Avenue side of the Stetson High School property and raise and appropriate therefor the sum of One (1) Dollar to be paid the owner thereof, namely, Seth Turner Crawford, et al, as petitioned for.

Article 21. To see if the Town will vote to authorize the Town Clerk to execute a certain deed for and in the name of the Town of Randolph transferring a certain parcel of land on or near Highland Avenue and at the southwest corner of the Stetson High School property to Seth Turner Crawford, et al, for and in consideration of the sum of One (1) Dollar, as petitioned for.

Article 22. To see if the Town will vote to take some other appropriate action to effect a transfer of real estate, whereby the Town shall acquire for school purposes a certain lot or parcel of land between the west boundary of the Stetson High School property and the eastern boundary of Highland Avenue, and whereby the Town shall transfer to the owner of the above property and all as a part of the same

## TOWN OF RANDOLPH, MASS.

transaction, a certain parcel of land now owned by the said Town of Randolph and lying at the southwest corner of the said Stetson High School property in said Randolph, as petitioned for.

Article 23. To see if the Town will vote to raise and appropriate a sum of money for Administration expense, and Materials, and to provide a Medical Center, as petitioned for by the Randolph Committee on Public Safety.

Article 24. To see if the Town will vote to amend Article 1 of the By-Laws of the Town by striking out Section 1 thereof and substituting therefor the following: Section 1—The annual town meeting for the transaction of business shall be held on the evening of the first Monday of March at 7.30 P. M., and the annual meeting for election of officers shall be held on the second Monday of March at 5.45 A. M., and shall close at 4.00 P. M., as petitioned for.

Article 25. To see what action the townspeople wish to take in regards to earmarking the Town of Randolph's share of State Gasoline Tax moneys returned to the Town from the State to be used exclusively by the Highway Department for road building or maintenance of present streets, as petitioned for.

Article 26. To see what action the Townspeople want to take in regards to combining the office of the Tax Collector with that of Town Treasurer in the interest of economy, saving the Town approximately \$4000.00 per year, as petitioned for.

Article 27. To see if the Town will authorize the Treasurer to borrow a sum of money under authority of Chapter 72, Acts of 1939, to meet appropriations made for W. P. A. expenses.

Article 28. To see if the Town will vote to authorize the Treasurer with the approval of the Selectmen to borrow in accordance with the Provisions of Chapter 49, Acts of

## ONE HUNDRED AND SIXTH ANNUAL REPORT

1933 as amended, for the purpose of providing funds to meet ordinary maintenance expenses and revenue loans.

Article 29. To see if the Town will vote to accept the offer of the Legion Ambulance Corporation to give to the Town the ambulance and three hundred dollars (\$300.00) in cash, said ambulance to be administered under the jurisdiction of the Fire Department.

### STREET LAYOUTS

Article 30. To see if the Town will vote to instruct the Selectmen to lay out Desmond Avenue, from South Street, for a distance of 300 feet, as petitioned for.

### STREET ACCEPTANCES

Article 31. To see if the Town will vote to accept Desmond Avenue as laid out by the Selectmen, as petitioned for.

Article 32. To see if the Town will vote to accept State Street for the distance of 300 feet, as laid out by the Selectmen and petitioned for.

Article 33. To see if the Town will vote to accept Woodlawn Road from Sherwood Avenue to the Holbrook Line, as petitioned for.

Article 34. To see if the Town will vote to accept Ryan Street from the corner of Rockerfeller Street to the corner of Fitzgerald Street, a distance of 300 feet, as petitioned for.

Article 35. To see if the Town will vote to accept Forrest Street, North Randolph, as laid out by the Selectmen, and as petitioned for.

Article 36. To see if the Town will vote to accept Soren Street, as laid out by the Selectmen, and as petitioned for.

### STREET CONSTRUCTION

Article 37. To see if the Town will vote to raise and appropriate money for the building of Soren Street, as petitioned for.

## TOWN OF RANDOLPH, MASS.

Article 38. To see if the Town will vote to raise and appropriate money for the building of Augusta-Rockerfeller Street, 1500 feet, as petitioned for.

Article 39. To see what action the Townspeople wish to take to raise and appropriate the sum of \$2000.00 to grade and tar High Street from Chestnut Street to Canton Street, a distance of about one mile, or have it included in the Chapter 90 program, as petitioned for.

Article 40. To see if the Town will vote to raise and appropriate the sum of \$2000.00 to rebuild a certain part of Oak Street, commencing at the present end of the black road and extending east of North Street, a distance of about 4800 feet, same to have a tarvia or other suitable finish, as petitioned for.

Article 41. To see if the Town will vote to raise and appropriate a sum of money to complete the construction of Oliver Street.

Article 42. To see if the Town will vote to raise and appropriate money for the building of Forrest Street.

## DRAINAGE

Article 43. To see if the Town will raise and appropriate a sum of money to construct a drainage system on Hills Street, as petitioned for.

## STREET LIGHTS

Article 44. To see if the Town will vote to raise and appropriate money to install two electric lights on Rockerfeller Street, as petitioned for.

Article 45. To see if the Town will vote to raise and appropriate money to install one electric light on Patterson Avenue, as petitioned for.

## ONE HUNDRED AND SIXTH ANNUAL REPORT

Article 46. To see if the Town will raise and appropriate a sum of money to install two lights on Old Street, as petitioned for.

### WATER MAINS

Article 47. To see if the Town will vote to raise and appropriate a sum of money to install a six-inch water main on High Street, between Chestnut and Canton Street, to provide adequate domestic and fire protection for dwellings in this district, as petitioned for.

Article 48. To see if the Town will vote to install a six inch water main on Eugenia Street from North Main to High Street, as petitioned for.

And you are directed to serve this Warrant by posting attested copies thereof at the Town Hall, at the Town Clerk's Office, at the Post Office, and at six other public places in the Town, seven days at least, before the day and hour for holding said Meeting.

Hereof, fail not, and make return of this Warrant, with your doings thereon, to the Town Clerk, on or before the day and hour appointed for holding said meeting.

Given under our hands at Randolph, this 15th day of January A. D. 1942.

CHARLES H. McGRATH,  
THEODORE S. LUDDINGTON,  
CHARLES F. BLAKELY,

Selectmen of Randolph.

## ONE HUNDRED AND SEVENTH ANNUAL REPORT

**Voted unanimously:** Under Article 1, That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning Jan. 1, 1942, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

### ADJOURNED ANNUAL TOWN MEETING

Randolph, Mass., March 9, 1942.

**Voted:** That the Town amend Article 1 of the By-Laws of the Town by striking out Section 1 thereof and substituting therefor the following: Section 1—The annual town meeting for the transaction of business shall be held on the evening of the first Monday of March at 7.30 P. M., and the annual meeting for the election of officers shall be held on the second Monday of March at 8.00 A. M., and shall close at 8.00 P. M.

A true copy.

Attest:

MARION L. BAILEY,  
Town Clerk.

Boston, Mass., April 15, 1942.

The foregoing amendment to by-laws is hereby approved.

ROBERT T. BUSHNELL,  
Attorney General.

Randolph, Mass., May 8, 1942.

I hereby certify that the foregoing by-law was published in the Tri-Town Weekly on April 23, April 30 and May 7, 1942.

MARION L. BAILEY,  
Town Clerk.

FOURTH NORFOLK REPRESENTATIVE DISTRICT

Milton, November 13, 1942.

We, the undersigned Town Clerks of the Towns of Milton, Randolph and Holbrook, comprising Representative District Number Four in the County of Norfolk, hereby certify:

That at an election duly held in said towns upon the third day of November, A.D. 1942, for two candidates to represent said district at the next General Court, the following number of votes were given in for the persons hereinafter named, to wit:

	Josiah Babcock	Eliz. L. Dowling	Theodore S. Luddington	Roy C. Smith	Blanks	Number of Ballots Total
Milton	6082	3482	1363	3920	3507	9177
Randolph	929	762	1371	1120	980	2581
Holbrook	675	171	210	1072	710	1419
Totals	7686	4415	2944	6112	5197	13177

Josiah Babcock and Roy C. Smith were elected.  
(Milton) (Holbrook)

Given under our hands at Milton this thirteenth day of November, A.D. 1942.

G. FRANK KEMP,  
Town Clerk of Milton

MARION L. BAILEY  
Town Clerk of Randolph

EMILY T. McGAUGHEY,  
Town Clerk of Holbrook

TOWN OF RANDOLPH, MASS.

SPECIAL TOWN MEETING, 1942

---

Randolph, Mass., December 7, 1942.

VOTED: That the Town transfer the sum of \$1,500.00 from the Soldiers' Relief Expense Account and appropriate said sum of \$1,500.00 for the payment of present open accounts of the Civilian Defense Committee, and for the expenses of said Committee to and including the tenth day of March, 1943.

VOTED: That the sum of \$1,000.00 be transferred from the Soldiers' Relief Expense Account and appropriated for the purchase of files, office equipment, supplies, rental of quarters and employment of additional clerical help if necessary.

VOTED: That the sum of \$1500.00 be transferred from the W. P. A. Expense Account to widen and repair Vine Street, under the direction of the Highway Department.

VOTED: That the sum of \$100.00 be transferred from the W. P. A. Expense Account to the Heat and Light Expense Account.

VOTED: That Articles 5 and 6 be taken up together and that the sum of \$100.00 be transferred from the W. P. A. Expense Account to the Selectmen's Expense Account for the Laying Out of Saratoga and Harriman Streets.

VOTED: That the sum of \$17.50 be transferred from the W. P. A. Expense Account to the Selectmen's Expense Account for the Installation of one Street Light on Liberty Street.

## ONE HUNDRED AND SEVENTH ANNUAL REPORT

### NOTICE

The attention of parents is called to the law relating to the registering of births. The present requirement is as follows:

Chapter 29, Sec. 6, of the Revised Laws. Parents within forty days after the birth of a child . . . shall cause notice thereof to be given to the clerk of the town or city in which such child is born.

Section 8. A parent . . . who neglects to do so for ten days after the time limited therefor . . . shall forfeit not more than five dollars for each offense.

Attention of PHYSICIANS and MIDWIVES is called to Chapter 280, Section 1, Acts of 1912: Section 1. Physicians and midwives shall, within forty-eight hours after the birth of every child in cases of which they are in charge, mail or deliver to the clerk or registrar of the city or town in which the birth occurred, a notice stating the date and place of the birth, giving, the street number, if any the number of the ward in a city and the family name. Failure to mail or deliver the said notice shall be punished by a fine not exceeding twenty-five dollars for each offense.

In accordance with the provisions of the law, the Town Clerk is prepared to furnish parents, physicians, and midwives applying therefor, blanks for return of births as required by law.

Town Accountant

## Report of the Selectmen and Overseers of Public Welfare

---

Because of increased employment in defense plants and ship-yards, Welfare and W. P. A. problems have been decidedly decreased during the year, which will result in a decided reduction in the appropriations for these departments in 1943. Orders from the Federal government have been received that W. P. A. will terminate on March 1. It is expected that the few men and women now on W. P. A. projects will secure private employment.

On December 1, your Board closed the Town Infirmary and the few inmates have been taken care of under Old Age Assistance or by hospitalization. We take this opportunity to commend John A. Marcille who has been Superintendent of the Alms House for the past fifteen years, for his faithful, capable service to the Town.

On July 4th in conjunction with the School Committee Dedication Exercises of the Stetson High School Athletic Field your Board sponsored a parade and patriotic program which received the fullest cooperation from all Military, Civic, Civilian Defense and Red Cross Units.

Following considerable litigation in the Massachusetts Courts your Board has successfully completed securing the title for the Town of the garage and property at 146 South Main Street. At this time space has been rented to several individual car and truck owners until action may be taken at the 1943 Town Meeting relative to the disposal or retention by the Town of this property.

Many problems have confronted your board because of the war and we feel that we have extended every cooperation in the matters of Rationing, Civilian Defense, and the organization of the State Guard Unit.

## TOWN OF RANDOLPH, MASS.

The Board of Selectmen and the Town of Randolph are greatly indebted to Chairman C. Lloyd Claff for his competent leadership of the Civilian Defense Program and to his aides and all Citizens who have assisted in this program, we extend our appreciation.

The Randolph Rationing Board, Chairman George N. Welch, Martin E. Young, James D. MacKinnon, Albert C. Wilde, Edmund R. Flaherty, Walter J. Good, Edgar B. Cole, William S. Cole, Benjamin Crowell, Walter C. Kane, William J. Leahy, Timothy Lyons, Jr., Ernest C. Martin, Eugene L. McAuliffe and William J. McLaughlin have given unselfishly of their time without remuneration, to the difficult task of rationing.

They have been ably assisted by Superintendent of Schools Adolph O. Christiansen and the school teachers of the Primary and High Schools. We urge complete cooperation from all Citizens with this Board as they are governed entirely, not by local rules and regulations, but by Federal orders.

The Randolph Unit of the Massachusetts State Guard under the leadership of Captain Elmer J. Delorey have increased their enlistments so that Randolph has one of the outstanding Units in the Commonwealth.

The Randolph Red Cross Unit under the leadership of Chairman John M. Pero, Disaster Chairman Walter C. Kane, have conducted Red Cross activities in a most commendable manner. To these men and their assistants, Captain Charlotte Diauto of the Motor Corp, Mrs. Ralph E. MacLeod in charge of the knitting, Mrs. Harry Williamson, in charge of the sewing groups, Miss Viola J. Ruggles in charge of the Canteen Corp, Mrs. C. Lloyd Claff head of the Home Nursing, and Henry Corp in charge of First Aid Classes and to all Randolph men and women who have worked untiringly for the success of Red Cross activities in Randolph, the Town is greatly indebted.

## ONE HUNDRED AND SEVENTH ANNUAL REPORT

The Randolph Emergency War Board, Martin E. Young Chairman, Walter J. Good, James D. MacKinnon, George N. Welch, Albert C. Wilde, have given of their time and efforts in salvage activities and have assisted the War effort considerable during the past year.

Over 400 men and women of Randolph are serving in the Armed Services of their country and Randolph is exceedingly proud of each and every one of these Patriots. In the following pages a partial list of those serving in the defense of our country is printed. The Board is indebted to Murray A. Lewis who has worked untiringly in the compilation of this Honor Roll.

Randolph honors Flight Sergeant Robert Davis and Private Alfred Essiembre who were Randolph's first men to make the supreme sacrifice in World War II. We fervently hope and pray that Ensign Victor Lewis, Geoffrey L. Marconi, James Nelson and Thomas Fogo, who have been reported missing in action may soon be heard from and once again return to their native town.

We desire to thank all Department Heads and the Citizens of Randolph who have so splendidly cooperated with us during the past year.

CHARLES F. BLAKELY,  
RALPH H. HUTCHINSON,  
THEODORE S. LUDDINGTON,  
Selectmen of Randolph.

† Missing in Action.

This list was compiled through the efforts of Murray Lewis. As the information was obtained from various sources, the completeness of it cannot be warranted.

It is planned to establish this as an official Randolph Honor Roll and to publish it, with additions and corrections, periodically. Any information regarding men and women of Randolph entering the armed services should immediately be sent to Murray Lewis, Randolph Chamber of Commerce, Randolph, Mass.

### PUBLIC LIBRARY

To the Citizens of Randolph:

Pursuant to the provisions of Article 3 of the By-Laws of the Turner Free Library, this report, for the calendar year 1942 and being the sixty-seventh annual report, is submitted, showing the condition of the trust consisting of the building, library, and funds, together with the reports of the Librarian and Treasurer and so much of the reports submitted to the Trustees by the various committees as seems of general interest.

## TOWN OF RANDOLPH, MASS.

The Library Committee reports that the books, charts and furnishings are in good condition and that all books belonging to the library are accounted for by the Librarian.

The Building Committee reports that during 1942 various defense activities were installed in the building and are still located there. These are a Report Center in the basement, a Medical and Surgical Center above the Report Center and State Guard quarters in the third story. A very substantial amount of work was done to render the portions of the building occupied by the two units first above mentioned suitable for their use, the expense of which was borne by funds allocated to the use of those units and was not derived from the library's own resources or from the appropriation made by the Town for the use of the library.

The Building Committee further reports that in addition to the foregoing there have been a number of more or less routine repairs, including the painting of the wood trim on the outside of the building, which last is not completed and has had to be suspended because of weather conditions.

On December 22nd a little after 11 o'clock in the evening a fire occurred in the lower part of the building. Fortunately it was discovered by members of a civilian defense organization before it had time to assume large proportions. It was very promptly and efficiently extinguished by the Fire Department. The loss was comparatively small and is believed to be fully covered by insurance.

This fire occurred after some severely cold weather, during which a water pipe in the third story burst, so that after the ice had melted, water ran down through the building and collected on the ground floor. There were some electric wires under this floor and apparently the water,

## ONE HUNDRED AND SEVENTH ANNUAL REPORT

seeping through the floor, short-circuited these wires and started the blaze.

A couple of days before the fire and during the severe cold weather, there was considerable freezing of water in various parts of the plumbing other than the pipe above referred to and this caused a substantial amount of damage, which unfortunately is not covered by insurance.

In 1942 the Town, having in mind the universal shrinkage in income from investments which is still reflected in the Library's income and the further fact that defense units are occupying parts of the library building which in the past have been a source of rental income to the library and in view of the constant need of repairs which exists in the case of all buildings, appropriated \$1500 for the use of the library. The library used during the year only \$1,296.56 of the appropriation. The Trustees ask for the current year a similar appropriation of \$1500, to meet the need of general and special repairs to the exterior and interior of the building and to the furnishings and fixtures, as such repairs may from time to time be necessary, and for the general purposes of the library.

The Librarian reports a loss in circulation but, as she points out, such a loss is only natural in view of the extent to which people are now engaged in war work. She also deals in some detail with the work that the library has been doing for children. The success of this work has been most gratifying.

The Trustees take this opportunity to add their thanks to those of the Librarian to the donors of books given to the library and they further express their thanks for the loyal services of the Librarian, Mrs. Eunice B. Martin, and of her assistants, Miss Pearl Massie and Miss Virginia Baker, and of Miss Patricia Vogel, Miss Eleanor McNeil,

TOWN OF RANDOLPH, MASS.

and Miss Marguerite Taylor who have helped with the Children's Department. They also greatly appreciate the assistance given by the faculty and students of the Stetson High School to which the Librarian refers in her report.

A copy of each of the following reports is hereunto subjoined:

Report of the Librarian.

Report of the Treasurer, showing the investment of the funds and the receipts and expenditures of the library.

Report of the Finance Committee.

Respectfully submitted,

SETH T. CRAWFORD,  
President, Board of Trustees.

Randolph, Massachusetts  
January 15, 1943

# ONE HUNDRED AND SEVENTH ANNUAL REPORT

## REPORT OF LIBRARIAN OF TURNER FREE LIBRARY

To the Trustees of the Turner Free Library:

I have the honor to submit my report for the year ending December 31, 1942.

We have added 279 volumes to the library making the accession number 35,698, number of books purchased, 243, number of gifts, 36. The total circulation of books was 15,645. Practically all libraries are reporting losses in circulation due to so many people being engaged in war work. The number of unbound magazines loaned, 450.

On August 14 we started our renewal of borrowers' cards, the three year limit having expired. To date 195 cards have been renewed and 430 new cards issued.

The Victory Book Campaign has been a great success and we thank all who were so kind in donating the 1073 books and the many magazines which have been sent to the men in the service. We wish to thank the members of the Motor Corps who delivered the books to the Brockton Library for distribution.

On May 9 Miss Baker resigned to accept another position. Her resignation was accepted with regret as she had been a faithful and efficient helper in the main library and as the children's Librarian. We were fortunate in obtaining Miss Patricia Vogel who stayed with us until October. Miss Eleanor McNeil and Miss Marguerite Taylor have helped us since then.

During July and August Miss Vogel conducted a children's story hour on Saturday mornings. There were seven sessions, the first was July 11. On August 11, 51 children attended. The children's ages ranged from 3 to

## TOWN OF RANDOLPH, MASS.

11 years. All who could write signed their names and every one had a good time. We hope to continue the story hour in the near future.

This year our library observed National Book Week by having a children's book display. Under the direction of Miss Vogel and Miss McNeil, hand drawn posters and book exhibits were tastefully arranged. We had a table of old favorites and groups of fairy tales, history, hobby, nature and fun books. Saturday, November 21, Miss Vogel had a story hour which was well attended and enjoyed. Among our new books were two prize winners of 1942, "Make Way For The Ducklings" by McCloskey, and "The Matchlock Gun" by Edmunds. Adults as well as children seemed to be interested in the display.

We have a number of up-to-the-minute books on world affairs, technical subjects, home defense, first aid and cooking, also pamphlets on all subjects sent by the Government.

We wish to thank Mr. Gilgan, Miss Brennan and the pupils of Stetson High School who made it possible for us to have the bulletins typed of our new books each month for distribution to the public.

The Librarian expresses her thanks to her assistant and the Trustees for their support and interest in the library work.

Respectfully submitted,

EUNICE B. MARTIN,  
Librarian.

# ONE HUNDRED AND SEVENTH ANNUAL REPORT

## REPORT OF THE TREASURER

To the Trustees of the Turner Free Library:

In compliance with the requirements of the By-Laws, I hereby submit the annual report of the Treasurer of the Turner Free Library:

ONE HUNDRED AND SEVENTH ANNUAL REPORT

REPORT OF THE FINANCE COMMITTEE

To the Trustees of the Turner Free Library:

Your Committee on Finances submits the following report:

The Committee has audited the accounts of the Treasurer for the year 1942 and found them to be correct. All moneys received have been accounted for and no moneys have been paid out except upon vouchers properly approved. The Committee has examined also the securities representing the investment of the funds of the library and has found them to be intact and as represented.

There has been one change in our list of investments this year, namely the calling before maturity of \$2,000.00 Central Illinois Public Service 3¾% 1968. proceeds of which were deposited in the Randolph Savings Bank, for the account of the Royal W. Turner Fund.

Respectfully submitted,

RAYMOND L. MASON,  
Chairman.

January 9, 1943.

## Report of the Board of Health

---

Randolph, Mass., January 18, 1943.

To the Honorable Board of Selectmen:

The Board of Health respectfully submits its report and the report of its respective agents for the year ending December 31, 1942.

Our Diphtheria Clinic was conducted by Dr. Higgins assisted by Miss Conlon our school nurse, Miss Scannell and Miss Mahady, our district nurses and was again very successful. This clinic has proved its worth and we wish to thank all who helped and for the cooperation we received.

The Dental Clinic was under the supervision of Dr. Maguire and Dr. Smith, and Miss Conlon. Examinations were made at the various schools. Permission may be obtained from Miss Conlon, our school nurse, to visit the dentist. The board of health wishes to thank all who helped on this clinic.

Our clean-up weeks were a success, but we would like to remind the citizens of the town about dumping rubbish along the sides of the streets as it is expensive to the town in removing it.

In closing we wish to express our thanks to the Board of Selectmen and all the other Town Officials for their courtesy and for the assistance they have given to this board at all times during the past year.

GEORGE H. HENEY, Chairman  
FRED A. DIAUTO  
FRED J. DRISCOLL

ONE HUNDRED AND SEVENTH ANNUAL REPORT

REPORT OF THE PLUMBING INSPECTOR

January, 1943.

To the Board of Selectmen of Randolph:

I hereby submit my report for the year 1942.

The following fixtures were installed:

- 10 water closets
- 14 sinks
- 9 wash bowls
- 10 bath tubs
- 4 wash trays
- 3 slop sinks
- 5 pressure boilers

Owing to the fact that many fixtures are unable to be obtained on account of the war there has been a sharp decrease in plumbing in Randolph in 1942.

A number of families have not installed plumbing for that reason and also because most plumbers are engaged in defense work.

We cannot hope for better results until we are able to get the materials now being used for national defense.

Respectfully submitted,

THOMAS O'RILEY,  
Plumbing Inspector.

TOWN OF RANDOLPH, MASS.

REPORT OF INSPECTOR OF MILK

---

Randolph, Mass.

To the Board of Health,

Dear Sirs:

I hereby submit my report as Milk Inspector for the year ending December 31, 1942.

Licenses issued:

Milk	47
Milk Permits	11
Pasteurization	2
Oleomargarine	8

Respectfully submitted,

HENRY MERRILL,  
Milk Inspector.

ONE HUNDRED AND SEVENTH ANNUAL REPORT

REPORT OF ANIMAL INSPECTOR

---

Randolph, Mass., Jan. 19, 1943

To the Honorable Board of Selectmen:

I herewith submit my report as Inspector of Animals for the year ending December 31, 1942.

It has been customary for many years to have such inspections ordered and conducted during the late fall. This year, I regret to inform you, that due to war conditions which include the rationing of gasoline and tires, for that reason the Director of Animals James D. Normandie, called off such inspection for this year.

There have been 16 dogs quarantined by this department.

Respectfully submitted,

CHARLES H. TRUELSON,  
Inspector of Animals.

TOWN OF RANDOLPH, MASS.

REPORT OF INSPECTOR OF SLAUGHTERING

Randolph, January 2nd, 1943

To the Board of Health of the Town of Randolph:

Gentlemen:

I hereby submit my report for the year 1942.

Inspected 263 animals.

Hog condemned	1
Hogs	240
Cattle	10
Calves	12
	<hr/>
	263

The 263 animals were classified as above.

WESTON L. MANN  
Inspector of Slaughtering.

## Report of Water Commissioners

---

To the Citizens of the Town of Randolph:

The fifty-seventh annual report of the Water Commissioners, covering the calendar year 1942, is herein submitted.

Organization of the Board was as follows:

Frederick D. Driscoll .....	Chairman
Dr. Wm. F. Maguire .....	Clerk
Wm. J. Almond .....	Associate

### APPOINTMENTS BY BOARD

Marion L. Bailey .....	Collector
Frederick D. Driscoll .....	Meter Reader
William J. Almond .....	Superintendent

### DEPARTMENT MAINTENANCE

During the calendar year 1942 this department received applications for and installed twelve new services; twenty-one services were renewed from main to line with  $\frac{3}{4}$  inch type K copper tubing. Forty service leaks were repaired; twelve services were pumped out and cleaned; and fifteen new curb cocks were placed on old services.

Ninety-one meters were removed for repairs at the factory; of these thirty-eight were frozen and burst. Forty new meters were purchased and all have been placed in service. Twenty-nine service boxes, found broken and filled, were repaired and six Road boxes were raised to new street grade.

Five Hydrants were broken by automobiles and the Town has been reimbursed for the cost of most of them. All hydrants were painted and checked during the summer and three hydrants were found to be leaking and new bases were installed on these.

## TOWN OF RANDOLPH, MASS.

1/8 inch broken main on Pond Street was repaired and three blown joints on twelve inch main on South Main Street were also attended to. Two frozen services were thawed by electricity.

In conjunction with Highway work in grading and surfacing Soren Street, this department lowered 350 feet of main pipe three feet to the established five feet depth. Three house services also had to be lowered.

About sixteen hundred feet of "Johns-Manville" six inch pipe was laid to the new Munitions Factory in Canton under the supervision of this department. The total cost of installation was borne by the Company.

### JOINT ACCOUNT

Many small repairs and changes were made at the Pumping Station during the year.

A contract was awarded a local contractor for grading, seeding, and planting shrubbery around the Station. This has made a vast change in the appearance of the grounds. Only a part of the grounds was done this year, but the department expects to complete the work in 1943.

Early in October a contract was awarded for painting and hand caulking the Randolph Stand pipe to the Palfrey Co. of Riverside, R. I. Due to extenuating circumstances, over which neither party had control, the work could not be started. This work, because of weather conditions, has now been postponed until early spring, at which time the Holbrook Stand pipe will also be done.

Largest Day's Pumping:

June 13, 1942 — 1,551,500 gallons.

Largest Week's Pumping:

Week ending June 13, 1942 — 6,289,200 gallons.

Respectfully submitted,

THOMAS G. FOGO, Engineer.

## TOWN OF RANDOLPH, MASS.

### RULES AND REGULATIONS

The following regulations, until further notice, shall be considered a part of the contract with every person who uses water:

1. All applications for use of water must be made at the office of the Water Commissioners, and state fully the purposes for which it is intended to be used. Water will not be introduced to premises except on the written application of the owner thereof, or by a duly authorized agent. The property will in all cases be held responsible for the water rates.

2. All persons taking water must keep their water pipes and fixtures in good repair and protected from the frost at their own expense. They will be held liable for all damages resulting from their failure to do so. They shall prevent all unnecessary waste, and water shall not be left running to prevent freezing. The Water Commissioners or their agents may, from time to time, ascertain the quantity of water used, the manner of its use, and whether there is unnecessary waste. They and their agents shall have free access to the premises supplied, to examine the apparatus, and if any fixtures are found not to be in good order, they shall direct them repaired, and if not repaired within two days the water shall be shut off and not let on again until such repairs are made, and the sum of two dollars paid for shutting off and turning on the water.

3. The occupant of any premises, when unnecessary waste of water occurs, shall be liable to a fine of two dollars for the first offense, and four dollars for the second offense during the same year, and shall be notified thereof in writing; and if such waste is not prevented and the aforesaid fines paid within two days from the time when the said notice is given, the water shall be shut off the premises, and shall not be again let on for the same occupant until

## ONE HUNDRED AND SEVENTH ANNUAL REPORT

waste be stopped and the fine paid, together with an additional sum of two dollars for shutting off and letting on the water, and in case of a third or subsequent offense, the water shall be shut off, and shall not again be let on except by a vote of the Water Commissioners and the payment of such fine, not exceeding ten dollars, as the Water Commissioners may impose.

4. Any person supplied with water shall not allow another to take water from his fixtures without the written permission of the Water Commissioners. If a tenant has no fixtures, he will be charged full rates for any use which he makes of the fixtures of another.

5. All parties using water and stables, for horses or other animals, will be charged scheduled rates for the same, whether it be carried by hand or through hose.

6. All persons using water for building purposes are required to obtain a permit from the Water Commissioners before taking water from any faucet or fixtures connected with the water works, and all water takers are warned not to let any party take water from their premises until they show a permit from the Water Commissioners. Any person furnishing water in violation of this section will be subject to a fine of not less than five nor more than twenty dollars, and if the same when levied is not paid within three days from the time when the notice thereof is given the water will be shut off from the premises and will not be let on again until such fine is paid.

7. All fixtures and water closets and urinals must be of a kind and quality approved by the Water Commissioners, also a vacuum valve must be installed on all pressure range boilers connected with the system.

8. No person shall in any case be allowed to open any fire hydrants except by a written permit from the

## TOWN OF RANDOLPH, MASS.

Water Commissioners; but the Engineers of the Fire Department shall in all cases have control of hydrants at fires and for practice.

9. The Commissioners reserve the right to restrict the use of hose or fountain, to shut off the water in all cases when it becomes necessary to make extensions or repairs, or for violations of any of the regulations, or when ever they deem it expedient.

10. The regular rates for the use of water shall be payable in advance on the first days of January and July of each year, except where water is supplied to manufacturers by special agreement. In all cases of non-payment of the water rates within ten days after same is due as well as for violations of these rules and regulations, the supply will be shut off, and payment of the amount due, and payment of two dollars for shutting off and letting on the water, shall be made.

11. The Water Commissioners reserve the right to change the water rates at any time except in cases of dwelling houses and established special rates.

12. For business requiring large quantities of water, and all supplies not enumerated in the tariff of rates, special rates will be made.

13. Parties using water for manufacturing or domestic purposes can erect hydrants on their grounds or stand-pipes in their buildings to be used only as a protection against fire without additional charges for water.

14. All applicants for the introduction of service pipes to premises are required to make written application therefor at the office of the Water Commissioners.

And in no case will the main be tapped more than once for the same premises, unless the additional expense is borne by the owner.

## ONE HUNDRED AND SEVENTH ANNUAL REPORT

Charged as follows:

The following water rates are established until further notice:

No connection made with the main for any purpose for less than	\$6.00
---	--------

### DWELLING HOUSES

Occupied by one family, for the first faucet	6.00
Each additional faucet to be used by the same family	2.00
Two or more families occupying one house, one faucet for all, each family	5.00
One faucet for each family	6.00
For first bathtub	5.00
If used by more than one family in same house, each family	4.00
Each additional bathtub	2.00
For first pan or self-acting water-closet	5.00
If used by more than one family in same house, each family	4.00
Each additional pan or self-acting water-closet	2.00
Where two faucets are used, one for hot and one for cold water, emptying into the same basin, only one charge will be made for both.	
Laundry tub	3.00

### HOSE

For sprinkling streets, washing windows and sim- ilar uses, $\frac{1}{4}$ -inch nozzle, to be used only on prem- ises and street opposite, not exceeding two hours per day for six months in the year	5.00
For any use not herein enumerated, special rates will be made.	
Meter Rates payable at Time of Reading.	
For not over 133 cubic feet average per day, per 100 cubic feet	.23

TOWN OF RANDOLPH, MASS.

For over 133 cubic feet and not exceeding 266 cubic feet average per day, per 100 cubic feet .19

For over 266 cubic feet average per day .15

Provided that in no case where a meter is used shall the annual charge be less than 7.00

Meters may be supplied by the Water Commissioners for which annual rental will be charged as follows:

Size $\frac{5}{8}$ -inch	\$1.00 per year
Size $\frac{3}{4}$ -inch	\$1.00 per year
Size 1-inch	\$4.00 per year
Size 2-inch	\$6.00 per year

All needed repairs, damages by frost and heat excepted, will be made at the expense of the town.

DR. WM. F. MAGUIRE,  
WILLIAM J. ALMOND,  
FRED D. DRISCOLL,  
Water Commissioners

## Report of the Tree Warden

---

Randolph, Mass., Jan. 1st, 1943.

To the Citizens of the Town of Randolph—

Greeting:

The shade trees of any city or town are a beauty and an asset to any community. Many of our beautiful trees are old and dying out for want of proper nourishment, owing to the cement roads and sidewalks. Each year more or less dead branches have to be removed.

Six new trees have been set out and are doing well.

I would recommend the planting of a few trees each year to try and take the place of many that have been removed.

I recommend starting a nursery where small trees could be planted to raise them to proper size for street planting. The cost would be a very small item.

Let our motto be: "Plan to plant another tree."

Respectfully submitted,

JOHN T. MOORE,  
Tree Warden.

# Report of Police Department

---

Randolph, Mass., Jan. 15, 1943.

To the Board of Selectmen,  
Randolph, Mass.

Gentlemen:

I herewith submit report of the work done by the Police Department of the Town of Randolph, for the year ending December 31, 1942.

Calls answered and investigations made	5,951
*Summonses served	142
*Arrests	179
Arraignments in Court	160
Bound over to Grand Jury	1
Pending in District Court	12
Found guilty in District Court	134
†Dismissed for want of Prosecution	18
Appealed to Superior Court	2
Found guilty in Superior Court	3
Acquitted	9
Filed	48
Probation	24
Fined	43
Released	11
Committed to House of Correction	2
Committed to State Hospital	7
Committed to State Prison	1
Committed to State Farm	3
Put up for the Night	2
Stolen Property Recovered	\$6,209.35
Notices Posted	67

## ONE HUNDRED AND SEVENTH ANNUAL REPORT

Net returns paid to Town Treasurer from fines over and above expenses of prosecution	\$252.00
Fines taken in by District and Superior Courts	\$1,485.00
Total number of warnings on motor violations	675
Total number of suspensions of licenses	39
Total number of miles covered by Police car	63,839
Total number of miles covered by motorcycles	13,795

\* Some arrests and summonses were served for out of town police.

† Of the 18 cases dismissed for want of prosecution, the police were complainant on 7.

Respectfully submitted,

PATRICK T. McDONNELL,

Chief of Police.

---

### REPORT OF DOG OFFICER

January 15, 1943.

Town of Randolph:

I submit to you the following report as Dog Officer for the year ending December 31st, 1942.

Complaints answered	15
Dogs picked up as stray	35
Dogs recovered or reclaimed	11
Prosecutions	1
Convictions	1
Number of dogs licensed	611
Kennel license	1

Respectfully yours,

HERMAN H. BERTRAM,

Dog Officer.

## Report of Fire Department

---

Randolph, Mass., January 15, 1943

To the Honorable Board of Selectmen:

Gentlemen:

I respectfully submit the report of the Fire Department for the year ending December 31, 1942.

The department has responded to 254 calls during the year, classified as follows:

Building Fires	50
Automobile	14
False Alarms	4
Inhalator Calls	2
Air Raid Test Calls	6
Aid Calls Out of Town	1
Miscellaneous Calls	4
Brush and Grass Fires	173
American Legion Ambulance Calls	150

Feet of Hose Used	10,750
Feet of Ladder Used	583

Assessed Value of Property Damaged	\$350,725.00
Insurance on Property Damaged	348,070.00
Damage to Property	13,128.21
Insurance Paid on Damage	10,053.21
Loss Not Covered	3,075.00

Value of Contents involved	27,420.00
Insurance on Contents	9,050.00
Damage to Contents	3,992.00
Insurance Paid on Contents	532.00
Loss not Covered by Insurance	3,460.00

## ONE HUNDRED AND SEVENTH ANNUAL REPORT

The apparatus and equipment connected with this Department is in good condition at the present time. The Ladder Truck and Engine 3 have been painted this past year. All of the apparatus has been inspected by an Automotive Engineer and the repairs recommended by him have been made.

We have at the present time twenty-two (22) volunteer firemen serving without pay for the duration of the war and we have found their services very valuable as most of the regular call men are employed at various war plants.

I wish to thank the Board of Selectmen and Citizens of the town for their hearty co-operation.

Respectfully submitted,

HAROLD L. BAILEY,

Chief of Fire Department

ONE HUNDRED AND SEVENTH ANNUAL REPORT

# Report of State Auditor

---

## REPORT OF AN AUDIT OF THE ACCOUNTS OF THE TOWN OF RANDOLPH

For the Period from April 16, 1941 to May 7, 1942

---

Made in Accordance with the Provisions of  
Chapter 44, General Laws

July 14, 1942

To the Board of Selectmen  
Mr. Charles F. Blakely, Chairman  
Randolph, Massachusetts.

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the Town of Randolph for the period from April 15, 1941 to May 7, 1942, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,  
Director of Accounts.

TNW:CAH

TOWN OF RANDOLPH, MASS.

Mr. Theodore N. Waddell  
Director of Accounts  
Department of Corporations and Taxation  
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the Town of Randolph for the period from April 15, 1941, the date of the previous audit, to May 7, 1942, and submit the following report thereon:

The records of financial transactions of the several departments receiving or disbursing money for the town, or committing bills for collection, were examined, checked, and verified by comparison with the records of the town accountant

The books and accounts of the town accountant were examined and checked in detail. The recorded receipts were checked with the treasurer's records and with the records of other departments of the town collecting money or committing bills for collection, while the recorded payments were compared with the selectmen's warrants to the treasurer. The appropriations, as listed from the town clerk's record of financial votes by the town were checked with the ledger accounts.

The ledger accounts were analyzed, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on May 7, 1942.

The classification of receipts and payments was examined and checked to the ledger accounts, and the vouchers and pay-rolls posted to the classification book were examined and found to be properly approved.

It was noted that an appropriation was voted at the annual meeting of 1942 for unpaid bills, in which connection attention is called to Section 31, Chapter 44, General

## ONE HUNDRED AND SEVENTH ANNUAL REPORT

Laws, which prohibits the incurrence of liabilities in excess of appropriations voted by the town. Attention is also called to Chapter 179, Acts of 1941, relative to appropriations for unpaid bills of prior years.

Overlay deficits aggregating \$5,759.88, as shown on the balance sheet appended, should be raised by the assessors in the 1942 tax levy, as provided by Section 23, Chapter 59, General Laws.

The books and accounts of the town treasurer were examined and checked. The cash book footings were proved and the recorded receipts were analyzed and compared with the town accountant's books, with the records of the departments making payments to the treasurer, and with other sources from which money was paid to the town. The payments as recorded were checked with the warrants issued by the selectmen authorizing the treasurer to disburse town funds.

The cash balance, on May 7, 1942, was proved by reconciliation of the bank balances with statements furnished by the banks in which town funds are deposited and by verification of the cash in the office.

The recorded payments on account of maturing debt and interest were proved with the amounts falling due, being checked with the cancelled securities and coupons on file.

The securities and savings bank books representing the investment of the trust funds in custody of the town treasurer, the treasurer of the trustees of the Stetson School Funds, and the treasurer of the trustees of the Turner Library Funds, were examined and listed, the income being proved and disbursements verified.

The records of tax titles held by the town were examined and checked. The amounts added to the tax title account were compared with the collector's records, the re-

## TOWN OF RANDOLPH, MASS.

ported redemptions and foreclosures were checked, and the tax titles on hand were listed, reconciled to the accountant's ledger account, and checked to the records in the Registry of Deeds.

The books and accounts of the tax collectors were examined and checked in detail. The taxes outstanding at the time of the previous examination, and all subsequent commitments were audited and compared with the assessors' warrants issued for their collection. The recorded collections were checked with the payments to the treasurer as recorded in the treasurer's cash book, the abatements were checked with the assessors' records of abatements granted, the taxes transferred to tax titles were checked to the treasurer's records, and the outstanding accounts were listed and reconciled with the accountant's books.

Verification of the outstanding taxes was made by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received it appears that the accounts, as listed, are correct.

The computation of the 1941 levy by the assessors was examined and checked to the accountant's ledger accounts.

The books and accounts of the water department were examined and checked. The commitments were proved and compared with the water commissioners' warrants issued for their collection, the collections were compared with the payments to the treasurer, the recorded abatements were checked to the water commissioners' records of abatements granted, and the outstanding accounts were listed and reconciled with the accountant's books.

The records of licenses and permits issued by the selectmen were examined and payments to the treasurer were verified.

## ONE HUNDRED AND SEVENTH ANNUAL REPORT

The town clerk's records of hunting and fishing licenses issued for the State, and of dog licenses issued for the county, were examined, and the recorded payments to the State and to the town treasurer were verified.

It was found that the distribution of registration certificates for gasoline station renewals has been handled by the fire department, and it was stated that fees of fifty cents each have been collected and retained by a fireman who is not now a member of the department, in which connection it is recommended that in the future all such fees be turned into the town treasury in accordance with the provisions of Section 53, Chapter 44, General Laws.

In addition to the departments and accounts mentioned, the records of all other departments collecting money for the town or committing bills for collection were examined, checked, and verified, being reconciled with the treasurer's and the accountant's books.

The surety bonds for the faithful performance of their duties filed by the officials required by law to furnish them were examined and found to be in proper form.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's cash, summaries of the tax, tax title, tax title possessions, and departmental accounts, as well as tables showing the transactions and condition of the trust funds

While engaged in making the audit, cooperation was received from the several town officials, for which, on behalf of my assistants and for myself, I wish to express appreciation

Respectfully submitted,

HERMAN B. DINE,

Assistant Director

of Accounts.

HBD:CAH

# Report of Highway Surveyor

---

January 15, 1943

To the Citizens of Randolph:

I respectfully submit my report for the year ending December 31, 1942.

## GENERAL WORK

The maintenance work completed during the past year consisted of the following types:

Cleaning catch-basins, manholes, streets, gutters, sidewalks, brooks and drainage outlets, also patching, resurfacing with tar where necessary, gravelling shoulders, gravelling dirt roads, and repairing and painting fences.

## CHAPTER 90

Chapter 90 maintenance work was completed on North, Union, Warren, Pond and Canton Streets. Type of work consisted of treatment of tar and stone applied on Warren Street, and tar and sand applied on Pond Street and Canton Street, as well as cleaning basins, cutting brush, patching, and fence rebuilding, repairing and painting.

## SPECIAL APPROPRIATIONS

Forest, Hill and Soren Streets were completed as far as government regulations would allow. Due to restrictions placed on tar no resurfacing can be done on any new construction or rebuilding work for the duration. Permits for tar will only be granted for present surfaced highways, unless approved by the government.

## ONE HUNDRED AND SEVENTH ANNUAL REPORT

### SNOW REMOVAL

The year 1942 was not so severe as we have had in the past. Sanding, clearing, and plowing snow was completed without any great delay. Due to the shortage of men it will be impossible to cover the Town in the space of time we have in the past, but, I wish to assure you that I will do my best in case of any severe snow storm.

I wish to thank the Town Officials, and Citizens for the fine co-operation and assistance during these trying times, especially during snow storms and icy highways.

Respectfull submitted,

JOHN A. FREDRICKSON,  
Highway Surveyor.

## Report of the Sealer of Weights and Measures

---

Randolph, Mass., January 4, 1943

To the Board of Selectmen, Randolph, Mass.  
Gentlemen:

Resealed and Tested Scales	20

Inspections made:

Pedlar's Licenses	9
Pedlar's Scales	9

Fees collected and turned over to Town  
Treasurer

\$73.15

Salary of Sealer	\$200.00
Transporting Weights	50.00
Purchase of Equipment	10.00

---

Appropriation                      \$260.00

Respectfully submitted,

DANIEL P. LYONS,  
Sealer of Weights and Measures

## Report of the Committee on Public Safety

---

The Randolph Committee on Public Safety was not set up as a Town Committee. Therefore, it was necessary to obtain the approval of the Board of Selectmen for all contemplated expenditures of the committee before they were incurred. The Chairman of Civilian Defense wishes to thank publicly the Board of Selectmen for their cooperation and helpfulness throughout the year in dealing with all problems of Civilian Defense expenditures.

In 1942 your committee spent the sum of \$10,666.60. This money was made available from the following sources.

\$2,151.50 from Selectmen's Expense Fund  
8,500.00 by appropriation March 1942  
1,500.00 by transfer at Special Town Meeting  
Dec. 1942

---

\$12,151.50  
15.10 Refund

---

\$10,666.60

---

Balance \$1,300.08

### REPORT CENTER

The greater part of this money was spent for capital equipment and quarters necessary to meet state requirements. Of the amount spent only approximately \$1000 was spent for administrative items. A suitable place for the Report Center was located in the Turner Free Library Building, the only suitable granite structure in town. The cost of preparing the Report Center was \$2,151.50.

## TOWN OF RANDOLPH, MASS.

The Report Center has been in constant operation twenty-four hours a day since it was established except for a ten day period due to a fire. The men and women who have given so freely of their time in manning this station deserve public recognition of their services. There is an opportunity for more men and women of Randolph to show their desire to participate in the common war effort by volunteering to serve in this capacity. The Girl Scouts under Mrs. Elizabeth Merriken have taken care of the weekly cleaning of the Report Center quarters. The committee wishes to thank the trustees of the Turner Free Library for providing a space in the basement for the Report Center.

### SIREN SYSTEM

The Siren System operating from the Report Center was installed at a cost of \$2,382.73. This system has not given us complete coverage during the local "alerts" but is adequate coverage when several adjacent towns are "alerted" together with Randolph, — which would happen in case of an actual raid.

### MEDICAL CENTERS

Because the town has no hospital facilities it seemed advisable to establish two Medical Centers for first-aid treatment. One is located in the Turner Free Library Building, and one in the North Randolph Improvement Association Building. The work of preparing these centers cost \$2,128.75. Tables, chairs, miscellaneous supplies and two autoclaves for the sterilization of bandages were either donated or loaned for the duration by individuals. These saved the town considerable expense. Over a thousand bandages have been prepared by volunteers under the direction of District Nurse Miss Beatrice Scannell. These were sterilized under the direction of Mr. C. Lloyd Claff.

The Red Cross under the direction of Mr. Walter Kane, Disaster Chairman of the Red Cross, has cooperated with

## ONE HUNDRED AND SEVENTH ANNUAL REPORT

the Medical Officer, Dr. Charles E. Wells in providing motor transportation and first-aid workers. Mr. Henry Corp and Mr. Raymond E. Mason have been the instructors in charge of first-aid training for not only the Red Cross, but also the Civilian Defense Service.

### EQUIPMENT

Your committee has spent the following sums for equipment:

Air Raid Wardens	\$1,069.49
Auxiliary Police	552.41
Auxiliary Firemen	594.25
Canteen	47.45

The expenses of the Fourth of July parade were \$246.23. Identification of personnel as required by the State Department cost \$88.25.

Administration Expense cost the committee \$1,039.06.

The expense of training personnel consisted largely of janitor service \$510.80 and \$15.00 for motion picture hire. The instructors, teaching four nights a week, donated their services. Under the able instruction of Mrs. Loretta Murphy, Captain in the Women's Defense Corp, and a group of volunteer teachers, seven classes numbering 210 were trained in Air Raid Warden duties, two classes numbering 70 were conducted for training Auxiliary Policemen, and one class of Messengers numbered 10. The Chief of Police and the Chief of the Fire Department assisted in training their respective outfits. These classes included thirty hours of Air Raid Precaution study and twenty hours of Red Cross First Aid.

The members of Civilian Defense held numerous practice blackouts and mobilizations under State Department direction. At these times the personnel of the Women's Defense Corps numbering 40 members augmented the

## TOWN OF RANDOLPH, MASS.

Civilian Defense group. In addition to regular classes a number of group gatherings have been held to which the general public has been invited to learn what to do in case of enemy air attack.

Although a large number of people have been trained, losses in personnel in Civilian Defense have been heavy due to the draft, moving out of town, and inability to participate because of night defense work. Therefore, the committee respectfully calls attention to the fact that citizens of the town who have not already been trained, should do so at once so that the number of trained personnel will be adequate to cope with all emergencies which might arise. The activities of Civilian Defense are constantly changing to meet the constantly changing trend of events.

### INFORMATION CENTER

Your committee maintains an Information Center in the Medical Center, Turner Free Library Building, where you may volunteer for service, or get information concerning problems of "Dimout" or other phases of Civilian Defense. This is manned several hours a day by volunteers, members of the Massachusetts Women's Defense Corps. For information call: RANDOLPH 0758 M.

Your committee calls attention to the necessity of a pre-school Day Nursery to take care of children of mothers employed in Defense Work.

The committee has called to the attention of the State Department on Public Safety the fact that Randolph is in a Defense Area and has asked for a Federal Allotment of Defense Area Equipment.

It would take several pages more to outline in detail the work of the various branches of Civilian Defense such as Canteen, Evacuation, Decontamination, etc. The Chairman of Civilian Defense wishes to thank everyone who has contributed time and effort to this work, and especially

## ONE HUNDRED AND SEVENTH ANNUAL REPORT

Mr. Raymond Mason, Chief Air Raid Warden and Captain Loretta Murphy, Deputy Warden, for their outstanding contributions.

Thanks are also due to Mr. Raymond E. Lyons, Past Chief Air Raid Warden, Miss Margaret Donovan, Chairman Women's Division, Dr. William Sloane and Mr. William Lynch, Past Deputy Air Raid Warden, for their contribution to the work.

Following is a list of Departments of Civilian Defense and their chairmen and a detailed account of expenditures.

### CIVILIAN DEFENSE

DEPARTMENT	CHAIRMEN
Air Raid Wardens Service	Chief A. R. W. Raymond Mason

# DIMOUT REGULATIONS

EFFECTIVE NOVEMBER 30, 1942

The Headquarters First Service Command has issued the following revised and amended dimout regulations effective as of November 30, 1942.

For the purpose of providing proper information for those responsible for the enforcement of the regulations and for public information the following extracts of the order is issued.

### SECTION I

#### Purpose and Authorization

1. Regulations for the control of lighting in coastal and metropolitan areas are necessary to reduce permanently certain lighting, for the protection of the commerce of the United States and the United Nations from damage or destruction by enemy attack, for the prevention of enemy action against our shores, and for the control of lighting in critical areas so as to reduce the dangers from hostile air operations.

2. In furtherance of the above objectives and in compliance with the order of the Commanding General, Eastern Defense Command and First Army, dated November 13, 1942, the following revised regulations are hereby established for the control of lighting within the dimout areas hereinafter defined, effective November 30, 1942, from one-half hour after sunset each night until one-half hour before sunrise the following morning for the duration of the war or until such time as these regulations may be rescinded or amended. All persons entering or remaining in the dimout areas of the New England States as defined below must comply with these regulations.

### SECTION II

#### The Dimout Areas

3. All territory within the Town of Randolph.

### SECTION III

#### Requirements Within the Dimout Area

4. All lights of every nature and from whatever source, except automotive driving lights as provided for in Paragraph 14 below, and such other lights as are exempted by Paragraph 20 below, shall be permanently shielded, obscured or reduced in intensity so that no gleam or reflection therefrom shall be visible from any point on the sea-coast east and north of Old Saybrook, Connecticut, inclusive. If they cannot be shielded or controlled, they shall be extinguished.

5. All outdoor advertising and display signs of every nature and however illuminated shall be extinguished.

6. a. All exterior lights used for illumination of streets or guidance of traffic, except automotive driving lights, shall be reduced in wattage and number to the minimum consistent with their purpose, and those retained in use shall be permanently shielded in such a manner that the source of light will not be visible above a horizontal plane through that source.

b. Where traffic needs do not equal or exceed the conditions described in Article A-II, page 56, "Manual of Uniform Traffic Control Devices for Streets and Highways" (American Association of State Highway Officials Publication, November 1935), traffic signals shall be regarded as non-essential and shall be permanently extinguished.

7. All exterior lights used for outdoor manufacturing, in railroad yards, for repair work, shipbuilding, necessary handling or storage of raw or finished materials or for any type of construction work, shall be reduced in intensity and number to a minimum consistent with their purpose. Those retained in use shall be permanently shielded so that the cone of light is thrown directly downward and does not exceed ninety (90) degrees.

8. All exterior lights used for protective purposes shall be shielded so as to throw the light only where it is necessary to insure protection and in no case shall the source of light be visible above a horizontal plane through that source.

9. The illumination caused by fires, flashes or glow from industrial processes shall be shielded, obscured, reduced in intensity or otherwise treated to as great an extent as may be practicable in order to eliminate or reduce to a minimum the amount of light which is emitted upward.

TOWN OF RANDOLPH, MASS.

10. The outdoor illumination of areas such as parking lots, gasoline filling stations, public playgrounds, and places of amusement or entertainment shall be limited by the following provisions:

- a. No single light shall be used which exceeds the intensity of a 40-watt incandescent lamp.
- b. No such light shall be located nearer than twenty (20) feet to any other light.
- c. Every such light shall be permanently shielded so that the cone of light is directly downward and does not exceed ninety (90) degrees.

11. Lights in display or show windows of stores, restaurants, bars, commercial and industrial establishments shall be limited to one 15-watt incandescent lamp or the equivalent for each eight feet of horizontal linear opening or fraction thereof. All such lights shall be separated from each other by a distance of at least eight feet. All such windows shall be screened from the main part of the establishment by a light-proof backdrop or partition, except that in places which are required by state law to have the main part of the establishment visible from the street, a horizontal opening not in excess of one foot in height and at a height above the sidewalk between four and six feet will be left open for the entire horizontal width of the show window. In all cases where such openings are left as aforesaid, no lights shall be so placed in the display window and the interior lights in the establishment shall be so shaded or screened that no direct rays of light therefrom shall shine on the sidewalk in front of the establishment. In no case shall a source of light be visible out-of-doors above a horizontal plane through that source.

12. All windows, doors, or similar openings which have any light behind them and which are not specifically covered by provisions above, in buildings of any type whatever, shall be screened by curtains, shades, blinds, or paint for not less than the upper three-quarters of their open area, and in no case shall a source of light be visible out-of-doors above a horizontal plane through that source.

13. All skylights which have any light under them shall be shielded, painted or otherwise covered so as to be completely opaque, or all lights thereunder shall be regarded as exterior lights and conform to the provisions of paragraph 7 above.

14. All automotive vehicles shall conform to the following:

- a. The upper half of each headlight lens shall be completely obscured by black paint, tape or other opaque material.

ONE HUNDRED AND SEVENTH ANNUAL REPORT

- b. Automotive vehicles shall be operated at a speed not in excess of thirty miles per hour.
- c. In thickly settled communities the lowest beam in the headlight system should be used.
- d. All parked automotive vehicles shall have all lights, except parking and tail lights, extinguished.

15. Bonfires, brush fires, burning fields, and outdoor fireplaces shall be extinguished completely by one-half hour after sunset.

16. Railroad trains, street cars and busses, when standing or proceeding where they would be visible from any point on the sea-coast east and north of Old Saybrook, Connecticut, inclusive, shall have all interior lights so shielded that the source of these lights is not visible above a horizontal plane through that source; the headlights of locomotives and street cars shall also be dimmed.

17. All other out-of-door lights of whatever nature and from whatever source, not specifically covered by any of the foregoing provisions, and not exempted by Paragraph 20 below, shall not exceed the intensity of a 15-watt incandescent lamp, and shall be permanently shielded so that the cone of light is directly downward and does not exceed ninety (90) degrees.

18. Any light or reflection thereof visible from out-of-doors, except those specifically exempted in Paragraph 20 below, which cannot be extinguished, completely obscured, or reduced in intensity in accordance with standard War Department Specifications within five minutes of the sounding of the signal for a blackout, shall be permanently extinguished.

19. Because of the military necessity for obscuring the upper half of headlights of automotive vehicles within the dimout area, such vehicles will be permitted to operate with headlights so obscured at a speed not in excess of thirty miles per hour anywhere within the New England portion of the Eastern Military Area, as defined by Public Proclamation No. 1, Eastern Defense Command and First Army.

20. These regulations do not apply to the following classes of lights in New England:

- a. Official maritime or aerial navigation and obstruction lights.
- b. Railroad signal lights.

## SECTION IV

### Enforcement and Penalties

21. The authorized agencies of the several New England States, with their consent, are designated the principal agencies to assist in the enforcement of these regulations, including their application to all plants, installations, and establishments engaged in war production, except those owned by the Federal government and operated by Federal officials.

22. Plants, installations and establishments owned by the Federal government and operated by Federal officials will be given appropriate orders in conformity with these regulations by the respective departments of the Federal government. These orders will be enforced by the respective departments.

23. Any person who violates any regulation contained herein is subject to the penalties provided by Title 18, Section 97a, United States Code, and to immediate exclusion from the Eastern Military Area. In addition, if two or more persons conspire to violate said Section 97a, United States Code, and one or more persons do any act to effect the object of such conspiracy, each of said parties will be subject to the penalties provided by Title 18, Section 88, United States Code. In the case of an alien enemy, such person will, in addition, be subject to immediate apprehension and internment.

24. Effective November 30, 1942, these regulations supersede all previous regulations issued by this headquarters concerning the control of artificial lighting within coastal dimout areas.

SHERMAN MILES

*Major General, United States Army,  
Commanding the First Service Command.*

**The Executive Order of Governor Leverett Saltonstall,  
Governor of the Commonwealth of Massachusetts**

THE COMMONWEALTH OF MASSACHUSETTS

By His Excellency

LEVERETT SALTONSTALL

GOVERNOR

### EXECUTIVE ORDER NO. 40

*WHEREAS*, the protection of ships, cargoes and crews of the United Nations, the prevention of enemy action against our shores,

ONE HUNDRED AND SEVENTH ANNUAL REPORT

and the reduction of danger from hostile air operations are matters vital to the prosecution of the War and to the safety of the inhabitants of this Commonwealth; and

*WHEREAS*, lights in coastal and certain other areas render our shores more vulnerable to enemy action and endanger both the ships, cargoes and crews of the United Nations and the civilian population by contributing to the skyglow and thereby giving substantial assistance to enemy submarines and aircraft; and

*WHEREAS*, the Government of the United States, acting through the War Department, has taken measures to control, reduce or eliminate such lights; and

*WHEREAS*, the Government of the United States, acting through the War Department, has requested that similar measures be taken immediately by this Commonwealth to make more effective the action heretofore taken by the Government of the United States to control, reduce or eliminate such lights:

*NOW, THEREFORE*, I, Leverett Saltonstall, Governor of the Commonwealth of Massachusetts, acting under the provisions of Acts of 1941, chapter 719, sections 7 and 8 (a), Acts of 1942, chapter 13, sections 2 and 3, and all other authority vested in me, do hereby issue this order as a measure necessary and expedient for meeting the supreme emergency of the existing state of war between the United States and certain foreign countries.

1. During the period between one-half hour after sunset each day and one-half hour before sunrise the next day, the provisions of this order shall apply to:

(1) All that part of Massachusetts, including islands, lying east of the following highways, inclusive:

- (a) Unnumbered road joining N. H. Route 128 at the Massachusetts-New Hampshire border, thence running through Collinsville to Lowell by way of Mammouth Road.
- (b) Massachusetts Route 110 from Lowell to Chelmsford.
- (c) Massachusetts Route 27 from Chelmsford to Sudbury.
- (d) Unnumbered road from Sudbury through Nobscot and Framingham to South Framingham.
- (e) Massachusetts Route 126 from South Framingham to the Massachusetts-Rhode Island border.

(2) That part of all settled communities bordering on either side of said highways, which is provided with street or highway lights.

TOWN OF RANDOLPH, MASS.

(3) All territory which is within a radius of five miles of the City Hall of Worcester.

2. The following words as used in this order shall have the following meanings unless the context otherwise requires:

- (a) "Light source," the filament of an incandescent lamp; the mantle in a gas lamp; the flame in an oil lamp, arc lamp or candle; the tube in a fluorescent lamp; or the luminous arc in a mercury vapor lamp.
- (b) "Visible from any point on the seacoast," visible by any person facing inland from any point on the natural shores of the mainland and the islands of the Commonwealth, including all bays, harbors, coves, estuaries and indentations, except where there is a bridge across any tidal river or estuary, in which case it shall mean visible from the line of the bridge located nearest the sea, whether or not said bridge is located within the Commonwealth of Massachusetts.

3. All lights of every nature and from whatever source, except those lights referred to in paragraphs 14, 15, 18 and 21, shall be permanently shielded, obscured or reduced in intensity so that no gleam or reflection thereof shall be visible from any point on the seacoast. Any such light which cannot be shielded or controlled shall be extinguished.

4. All lights used for illuminating outdoor advertising and display signs, stationary or mobile, shall be extinguished.

5. All exterior lights used for the illumination of streets and highways shall be reduced in size and number as specified from time to time in writing by the First Service Command, United States Army, to the Massachusetts Committee on Public Safety, and those retained in use shall be permanently shielded in such a manner that the light source shall not be visible above a horizontal plane through the lower extremity of that source.

- 6. (a) Essential traffic signals shall be shielded in accordance with methods approved and designated by the Department of Public Works of the Commonwealth of Massachusetts.
- (b) Non-essential traffic signals shall be extinguished. A "non-essential traffic signal" is defined to be a signal located where traffic needs as certified by said Department of Public Works do not equal or exceed the con-

## ONE HUNDRED AND SEVENTH ANNUAL REPORT

ditions described in Article A II, page 56, *et seq.*, "Manual of Uniform Traffic Control Devices for Streets and Highways" (American Association of State Highway Officials, Edition November, 1935).

7. All exterior lights used for outdoor manufacturing, in railroad yards, for repair work, shipbuilding, necessary handling or storage of raw or finished materials, harvesting of crops or raising of poultry, or for any type of construction work, shall be reduced in size and number as specified from time to time in writing by the First Service Command, United States Army, to the Massachusetts Committee on Public Safety. Those retained in use shall be permanently shielded so that the light is thrown directly downward and is included within a ninety degree cone.

8. With the exception of those lights referred to in paragraphs 5 and 6 above, all exterior lights used for protective purposes, as specified from time to time in writing by the First Service Command, United States Army, to the Massachusetts Committee on Public Safety, shall be shielded so as to throw the light only where it is necessary to insure protection, and in no case shall the light source be visible above a horizontal plane through the lower extremity of that source.

9. The illumination caused by fires, flashes or glows from industrial processes shall be shielded, obscured, reduced in size or otherwise treated to as great an extent as may be practicable in order to eliminate or reduce to a minimum the amount of light which is emitted upward.

10. The outdoor illumination of areas such as parking lots, gasoline filling stations, public playgrounds and places of amusement or entertainment shall be limited by the following provisions:

- (a) No single light shall be used which exceeds the light output of a 40 watt incandescent lamp.
- (b) No light shall be located nearer than twenty feet to any other light within such an area.
- (c) Every light shall be permanently shielded so that the light is thrown directly downward and is included within a ninety degree cone.

11. Lights in display or show windows of stores, restaurants, bars, and places of commerce and industry shall be limited to one 15 watt incandescent lamp or its equivalent for each eight feet of horizontal linear opening or fraction thereof. All such lights shall

TOWN OF RANDOLPH, MASS.

be separated from each other by a distance of at least eight feet. All such windows, including transoms, shall be screened from the main part of the establishment by a lightproof backdrop or partition, except that in places which are required by state law to have the interior of the establishment visible from the street, an opening not in excess of one foot in height and at a height above the sidewalk of between four and six feet may be left open for the entire horizontal width of the window. In all cases where such openings are left as aforesaid, no lights shall be placed in windows and the interior lights in the establishment shall be so shaded or screened that no direct rays of light therefrom shall shine on the area adjacent to the establishment. In no case shall the source of light be visible out of doors above a horizontal plane through the lower extremity of that source.

12. In buildings of any type whatever, all windows, doors or similar openings from which light shines outward and which are not specifically covered by the provisions of paragraph 11 above shall be screened by curtains, shades, blinds or paint for not less than the upper three-fourths of their open area, and in no case shall a light source be visible out of doors above a horizontal plane through the lower extremity of that source.

13. All skylights which have any light under them shall be shielded, painted or otherwise covered so as to be completely opaque or all lights thereunder shall be regarded as exterior lights and conform to the provisions of paragraph 7 above.

14. Every motor vehicle, including busses and trackless trolleys, shall conform to the following requirements:

- (a) The upper half, but not more than the upper half, of each headlight lens shall be completely obscured by black paint, tape, opaque material, or by such other device as may be approved by the Registrar of Motor Vehicles.
- (b) Such motor vehicles shall be operated at a speed not in excess of thirty miles per hour.
- (c) In thickly settled communities the lowest beam in the headlight shall be used; the "lowest beam" as herein used shall not be construed to mean parking lights.

15. Motor vehicles which are parked in any public way shall have all lights extinguished, except parking lights and tail lights. Motor vehicles parked off any such way shall have all lights extinguished.

ONE HUNDRED AND SEVENTH ANNUAL REPORT

16. Motor vehicles with headlights obscured in the manner provided by paragraph 14 (a) of this order may be operated anywhere within the Commonwealth of Massachusetts, provided that the speed of operation of such motor vehicles does not exceed thirty miles per hour during the period between one-half hour after sunset and one-half hour before sunrise.

17. Refuse dumps, outdoor incinerators, bonfires, brush fires, burning fields and outdoor fireplaces shall be extinguished completely by one-half hour after sunset, and no such fire shall be ignited prior to one-half hour before sunrise.

18. Every locomotive, railroad train, street car, bus or trackless trolley, whether standing or moving where it would be visible from any point on the seacoast, shall have all interior lights so shielded that the light source is not visible above a horizontal plane through the lower extremity of such source; the headlights of any such locomotive, railroad train or street car shall be dimmed.

19. All other exterior lights of whatever nature and from whatever source not specifically covered by any of the foregoing provisions and not exempted by paragraph 21 below shall not exceed the light output of a 15 watt incandescent lamp, and shall be permanently shielded so that the light is thrown directly downward and is included within a ninety degree cone. The lights referred to in this paragraph shall not be nearer than twenty feet to each other.

20. Any light or reflection thereof visible from out of doors except those specifically exempted in paragraph 21 below, which cannot be extinguished, completely obscured or reduced in intensity in accordance with Standard War Department Specifications within five minutes of the sounding of a signal for a blackout shall be permanently extinguished.

21. This order shall not apply—

(a) To official maritime or aerial navigation and obstruction lights.

(b) To railroad signal lights.

22. The Massachusetts Committee on Public Safety is authorized to make any variation in the foregoing order, except as to paragraphs 14, 15, and 16 hereof, to conform to any future changes in the "Dimout Regulations for New England" as issued by the Headquarters, First Service Command, effective November 30, 1942.

TOWN OF RANDOLPH, MASS.

23. The provisions of this order shall not apply to any real or personal property owned by and under the control of the United States Government or any agency thereof. Violations of this order on said premises should be reported to the Massachusetts Committee on Public Safety.

24. The operation anywhere within the Commonwealth of Massachusetts of any motor vehicle equipped as provided in paragraph 14 (a) of this order, at any time subsequent to November 7, 1942, and prior to the effective date hereof, shall not be deemed unlawful, notwithstanding any statute, ordinance, by-law or departmental rule or regulation to the contrary.

25. Executive Order No. 31, issued on July 17, 1942, is repealed, revoked and annulled as of November 30, 1942, but such repeal, revocation and annulment shall not affect any prosecution hereunder pending on said date. The provisions of this order shall become effective November 30, 1942.

26. The provisions of any law, ordinance, by-law or departmental rule or regulation to the extent that such provisions are inconsistent with this order shall be inoperative during the effective period hereof.

27. Any person who violates any provisions of this order or any rule or regulation issued hereunder shall be punished therefor as provided by Acts of 1942, chapter 13, section 3.

GIVEN at the Executive Chamber in Boston, this twenty-seventh day of November, in the year of our Lord one thousand nine hundred and forty-two, and of the Independence of the United States of America, the one hundred and sixty-seventh.

LEVERETT SALTONSTALL.

by His Excellency the Governor,

PAUL D. HOWARD,

*Deputy Secretary of the Commonwealth.*

GOD SAVE THE COMMONWEALTH OF MASSACHUSETTS

COMMITTEE STATEMENT

Printed herewith is the dimout regulation order affecting our community issued by Sherman Miles, Major General, United

ONE HUNDRED AND SEVENTH ANNUAL REPORT

States Army, Commanding the First Service Command, and Executive Order No. 40 of the Commonwealth of Massachusetts issued by Governor Leverett Saltonstall for the purpose of bringing Massachusetts enforcement into harmony with the requirements of the army order.

It appears that these are clear and concise and require no elaboration or interpretation.

A copy of the regulation is included in the Town Report in order that you may understand what is required and you may know what your air raid warden or police officer is instructed to enforce.

C. LLOYD CLAFF,

*Chairman, Committee on Public Safety*

PATRICK T. McDONNELL,

*Blackout Officer.*

RAYMOND MASON,

*Chief Air Raid Warden.*

## Report of the Emergency War Board

---

Board of Selectmen.

Gentlemen:

We respectfully submit our report of 1942.

During the past year your Emergency War Board has co-operated with the Committee on Public Safety and the Randolph Unit of the Massachusetts State Guard in assisting in securing additional personnel. Many meetings of Randolph citizens were held on these matters and we furthered our efforts by co-operative direct mail to the individuals.

Chairman James D. McKinnon and Co-Chairman Elizabeth Merriken, assisted by Highway Surveyor John A. Frederickson and Stetson High School students, have been most active collecting Salvage for the War Effort. They have given untiringly of their time and efforts and are deserving of the highest praise. Over one-half a million pounds of rubber, paper, and metal have been collected and turned over to the proper Governmental Agencies.

There is still urgent need of Salvage for the War Effort, and we urge the co-operation of every citizen in the saving of tin, rubber, paper and metal. Periodic collections will be made in 1943, to be announced through the press.

We congratulate the Principals and Teachers and the students of both primary and high schools for their splendid purchases of War Bonds and Stamps, and we urge all citizens FOR VICTORY BUY WAR BONDS AND STAMPS.

Yours, truly

EMERGENCY WAR BOARD,

MARTIN E. YOUNG, Chairman

WALTER J. GOOD,

JAMES D. McKINNON,

GEORGE N. WELCH,

ALBERT C. WILDE.

## Report of the School Committee

---

The School Committee herewith submits its report for the year 1942.

All matters pertaining to school work are treated in detail in report of Superintendent of Schools and the reports of the various departments of the School System which are appended hereto and which are a part of this report.

We earnestly recommend that you read these reports that you may know what is being done for the school children of Randolph.

We wish at this time to express our sincere thanks to all members of the Randolph School System for their untiring efforts during the past year.

RALPH H. HUTCHINSON, Chairman

JOHN E. KELLEY,

FRANK H. LINFIELD,

WILLIAM G. BILLINGHAM,

PHILIP BOYLE, Secretary.

## Report of the Superintendent of Schools

---

To the School Committee of Randolph,  
Mr. Chairman and Members:

I submit herewith my annual report of the schools for your examination and approval.

One year of war has made our schools war conscious. They are effectively co-operating in every way with national and state war recommendations and with all the responsibilities and obligations which public school education entails. Our schools are in this work in earnest and, if so, it is because our teachers and pupils are in earnest, are faithful and loyal to duties, to our democratic form of government and our American way of life. "This is worth fighting for."

Normal procedures and school organizations in general have been greatly disrupted. This was to be expected in part but the loss of teachers for military service, war defense work and higher salaries has been serious if not tragic. This same situation was a recognized defect and fault during the first World War but the experiences then have evidently been forgotten or tabled for the same conditions prevail today, the same fumbling and the pulling of teachers from one school system to another in order to save the bottoms of each educational basket from falling out. War is a tremendous undertaking and must be pursued vigorously. It is not for a humble schoolman to tell how that war shall be conducted but it is in the realm of reason to believe that key-positions in the field of public school education, as in military and industrial service and in some institutions of higher learning, shall be listed and exempted from direct military enlistment on the basis of value and importance of that job as a contributory factor for war purposes. This could well include some form of Federal war subsidy or

# ONE HUNDRED AND SEVENTH ANNUAL REPORT

commission for purposes of stabilization, continuity and directed efficiency in the greatest, largest and most potential public institution in this or any country, the public schools.

Contribution to war activities by schools has been an outstanding feature. Our emphasis have included not only the purchase of defense stamps, bonds and the collection of vital metals but also upon the ideals and principles of our national existence, its form of government, how it functions, etc., and the duties and obligations of citizenship. These are enduring qualities. Recognition is here given to the Prescott school, Mr. Dillon, teachers and pupils for having received from the U. S. Treasury Dept. the first Minute Man Flag awarded in the state for a junior-elementary school for the high per cent. in the sale of stamps and bonds. A recent report from Miss Donovan states that the Devine school (including the Pauline Street school) has also received this honor. Her school at one period scored 100 per cent. These achievements are pleasant to report though we do not overlook nor discount the wholesome spirit of the student body whether the child purchases a ten cent stamp or a bond.

	Total Sale of Stamps and Bonds	Salvage *Metals	*Keys
Stetson High School	\$2,654.20	**	
Prescott School	5,018.50	3 Tons	25 Lbs.
Devine & Pauline School	3,011.85	5 Tons	15 Lbs.
Belcher School	1,775.85	8 Tons	15 Lbs.
McNeill School	189.85	1 Ton	5 Lbs.
Tower Hill School	294.58	2 Tons	5 Lbs.
Totals	\$12,944.83	19 Tons	65 Lbs.

\* Weight estimated.

\*\* Weight not known for the high school boys toured the town and collected metals on many occasions.

I am pleased to report the splendid cooperation of teachers and principals in the many extra duties which have

## TOWN OF RANDOLPH, MASS.

fallen to them during this war emergency. They have responded wholeheartedly to the organization of air raid drills and shelters in their respective schools. They have given of their time to community work including Civilian Defense, Air Raid Wardens, First Aid, Red Cross, Home Nursing and other activities. Mr. Gilgan, Principal of the Stetson high school, has given a most creditable account of what his school has done and is doing under the new war schedule which has fallen heavily on high schools throughout the country. The war rationing program, the greatest single piece of work done in our national history, was successfully completed on time by our teachers. We have reason to be justly proud of this performance; an exemplification of applied patriotism and loyalty to duty.

The shortage of labor here and elsewhere has greatly interfered with the completion of necessary school repairs. Special efforts will have to be taken to take care of needed repairs in the high school. The longer such deficiencies are allowed to go the greater will be the cost. We need every room in the building and cannot afford to send more pupils to attend classes in the town hall. Prescott and Pauline St. Schools will also have to be re-examined and inspected for necessary repairs.

We are most grateful to the Stetson High School Scholarship Fund Committee for their continued interest in providing two scholarships for deserving high school graduates and to the American Legion and the Daughters of the American Revolution for their practical contributions which so greatly enrich our educational efforts.

I wish to express to you my deep and sincere appreciation for your cooperation and guidance in this public service and to the teaching staff, pupils and homes for their valued collaboration.

Respectfully submitted,

ADOLPH O. CHRISTIANSEN,  
Superintendent of Schools.

## REPORT OF PRINCIPAL OF STETSON HIGH SCHOOL

Hubert F. Gilgan, Principal

I wish to submit my annual report of the activities of Stetson High School for the year 1942.

The opening day of school saw the expected faculty changes: Miss Jefferson of the Science Department was replaced by Mrs. Lois Hodgson; Miss Athena Rentoumis replaced Miss Dole; Miss Virginia Richardson has taken the position occupied by Miss Henry in the Household Arts department and Mr. William Foley filled the vacancy caused by the resignation of Mr. Hart.

Our enrollment, as of October 1, was 445. This is, as you can see, a decided drop. In times such as these, when work is so plentiful and the demand for workers in war industries so great, it is natural to expect that a great many pupils will drop out of school. This condition will, without doubt, continue for the duration. However, it would be wise for parents to consider that High School Students, whenever possible, should be encouraged to finish their education and obtain a diploma. The present emergency will end, we all hope, soon, and the necessity of boys and girls having at least a high school diploma will be as essential as it was before the war.

Our school continues to hold the high scholastic standing it has enjoyed for many years. Many of our graduates of last year have enrolled at various types of Vocational schools, and others of the class of 1942 are enrolled at Harvard University, Radcliffe, Simmons, Northeastern, Teachers College, and schools of nursing. About one-third of the boys of the class of 1942 are now in the service of our country.

This report will, of necessity, have a war time tinge to it. United States Commissioner of Education Studebaker at a recent convention said, in effect, that education as it has

been conducted in the past is "out" for the duration and that anything in the schools which is not definitely tied up with the war effort is to be curtailed or eliminated. The main thing for school officials to keep foremost in their minds is that there is a war to be won; that high schools are a potential source of trained man-power, not only for the armed services, but for the war production and essential community services. We will try to indicate briefly how we are trying to do the job asked of us.

We have enrolled this school in a nation-wide movement called the High School Victory Corps. This is an organization, voluntary in character, which has for its object the promotion of instruction and training for useful pursuits and services critically needed in wartime. It therefore utilizes the eagerness of high school youth to take an active part in the war effort. The objectives of the Victory Corps are: the training of youth for that war service that will come after the pupil leaves school; and the active participation of youth in the community's war effort while still in school. In this connection we have established the following activities: Army and Navy Office Routine; Collection of Books and Magazines for the U.S.O.; United Nations; Mail for Morale; War Stamps and Bonds; Camera; and Minute Men.

We have also established classes in Navigation; Meteorology; Blue Print; Model Airplane; Slide Rule; Airplane Spotting, Canteen and Nutrition; Junior Red Cross; First Aid (girls); Knitting; Military Hygiene (boys); Military Drill (boys and girls) and Home Nursing.

In September we introduced the subject of preflight training in Aeronautics, and at the present time we have two classes in operation. We have also begun an intensive course in basic Mathematics. This class is to be held twice a day daily for the rest of the school year and is intended for those boys who have no mathematics. This is but the

## ONE HUNDRED AND SEVENTH ANNUAL REPORT

beginning of what we must do to give the boys all the science, mathematics and physical training we can as recommended by Army and Navy Officials. In this connection, I wish to recommend classes in the Fundamentals of Machines and Fundamentals of Electricity, because the more of these subjects we can give to our pupils as a part of their pre-induction training, the better they will be equipped when their call to the colors comes.

In September we also introduced new courses in Commercial Law, Commercial Geography and Spanish. It may be however, that other subjects may have to give way at the beginning of a new year to more classes in mathematics and science. I recommend to you that some of our present teachers be given brush-up courses in these subjects so they may be available to teach these extra classes in mathematics and science.

In addition to their activities in the Victory Corps, Stetson pupils have exhibited a great interest in taking an active part in the war effort, in whatever way possible. They are taking part in air raid warden service, auxiliary fire department service, assisting in the care of children of mothers employed in war industries, assisting in the cultivation and harvesting of crops, providing messenger service for defense organizations, selling war stamps and bonds, assisting in community salvage drives; all this in addition to making contributions to salvage campaigns and the purchase of war stamps and bonds. We are pleased to report that during the year 1942, the pupils of Stetson have purchased stamps to the amount of \$2,654.20.

We wish to make a special mention of the Mail for Morale Club which is sponsored by Miss Foley and Miss Rentoumis. This club publishes a monthly news-letter which is sent to Randolph service men in all parts of the world. The response by the boys has been surprising, as we have had letters from many boys, not only thanking us

## TOWN OF RANDOLPH, MASS.

for the newspaper, but also making suggestions and asking for news of their friends in the service. We wish publicly to thank the Randolph Chamber of Commerce for this organization has financed the postage for "The Home Front".

The faculty of this school has been 100% back of the war effort. They have enrolled in classes covering all phases of civilian defense, so as to make themselves valuable to the pupils during school hours and to the community after school hours. In addition, they have acted as instructors in Home Nursing, Red Cross First Aid, Canteen and Nutrition, and Auxiliary Fire Department, among other things. Without exception our teachers volunteered for rationing work, sugar, oil, and as many as were needed for gasoline rationing. We feel that the teachers can be depended upon to offer their assistance wherever and whenever it is needed.

We wish to call your attention to the need of repair at the High School building; particularly leaks in the skylight over the assembly hall and also in the ventilator shaft leading to the sewing room. There are puddles of water on the floor after each rain storm and they seem to get worse the longer they remain neglected. The chairs in the assembly hall need either to be replaced or repaired.

We wish, on behalf of the students and teachers, to extend our thanks to you for your understanding, help, and guidance in these trying days when the youth of our schools are so bewildered by the world in which they find themselves; when they are so uncertain what the future has in store for them and what they should do about it. Because now, if ever, patience and understanding must be exhibited by parents as well as by teachers to the end that these young people, now in our charge, may see their way out of a difficult situation.

ONE HUNDRED AND SEVENTH ANNUAL REPORT

REPORT OF THE MUSIC SUPERVISOR

Bernice D. Burdick, Supervisor

Mr. Christiansen, Superintendent of Schools:

Some public performances of musical activities have had to be eliminated because of the war and the days needed for rationing. However, I feel that classroom work in music has been well done. Such teaching has consisted of first having the children enjoy good music, learning to read notes, and then the desire to learn more music and its appreciation.

Community singing has been conducted in some schools during the period of air raid drills. This is a practical use of music and has tended to relieve the strain on the children and kept up the morale of the schools.

At the request of Miss Ginnetty, at the McNeill School, the school children performed the operetta, "Hansel and Gretal". Many parents were present and enjoyed an excellent performance. Much credit for this success was due Miss Ginnetty and Miss Haley.

Graduation music was very successful. I was much pleased with the tone, quality, and the depth and strength of the voices of the students participating.

At the beginning of the school year, Mr. Thomas, the instrument director, and I consolidated our chorus groups so that with the combined voices of our boys and girls singing together, we are looking forward to a better and richer performance and a deeper appreciation.

The cooperation of the School Committee, Mr. Christiansen, principals, and teachers has been most helpful and appreciated.

TOWN OF RANDOLPH, MASS.

REPORT OF THE DIRECTOR OF INSTRUMENTAL  
MUSIC

Myron B. Thomas

Mr. Christiansen:

"The inspiration of great music can help to inspire a fervor for the spiritual values in our way of life; and thus to strengthen democracy against those forces which would subjugate and enthrall mankind.

"Because music knows no barriers of language; because it recognizes no impediments to free intercommunication; because it speaks a universal tongue, music can make us all more vividly aware of that common humanity which is ours, and which shall one day unite the nations of the world in one great brotherhood," are the words of our President, Franklin D. Roosevelt, in a recent statement to the Press.

Bands and other musical organizations connected with the public schools of America are endeavoring to contribute to the war effort by upholding the ideals expressed in the foregoing quotation.

The people of America today are affected tremendously by the interruption of civilian life to make way for the war program. Thus it affects the public schools as well.

From our High school Band of 36 members, we have lost six experienced players who have left school to go to work, or are working part-time in local enterprises. This is indeed a problem for the director to replace these players with new material.

There have been many absences from Band rehearsals this year due to sickness, but in spite of these conditions, we are continuing in excellent form and have learned so far several new selections.

This year an activity period has been added to the school program, thus extending the Band's rehearsal time. I have

## ONE HUNDRED AND SEVENTH ANNUAL REPORT

long been an advocate of this present system and can appreciate its advantages. The Stetson High school Band holds its weekly rehearsals at the Town Hall on Fridays from 12.30 to 2.00 P. M.

Last Spring the Band presented its first concert, which met with much success. This year, providing public gatherings are permitted, the Band is contemplating its second annual concert, and hope to have a larger audience than last season's. These concerts raise money for new instruments.

This Fall many students from the fifth grade through Junior High school were interviewed in regard to the purchasing of instruments. The response was not as gratifying as last year's but some success was met. The Junior High school Band has its rehearsals each Thursday afternoon from 1.45 to 3.00 P. M.

The time is spent in instructing the players in the proper manipulation of their instruments and in learning new music. The Junior Band has a membership of 21 players at present. The group made a fine appearance in the parade last Memorial Day—its first as a separate unit.

Class lessons are held in the High school on Saturday mornings and Thursday afternoons. It has been difficult to obtain teachers due to transportation changes, but we are fortunate in having three of our regular teachers with us this year. Our percussion teacher is unable to be present this year, and it has been impossible to fill his place at present. Instruction is given in cornet, trumpet, saxophone, clarinet, baritone, trombone, and bass.

Miss Burdick's Girls' chorus and the Boys' chorus have been combined and the results are most satisfactory. The harmony of the three parts produces a more complete result than separate organizations. This has also proven advantageous from a disciplinary standpoint.

The repertoire of the combined chorus at present includes American Folk music and light classics.

TOWN OF RANDOLPH, MASS.

REPORT OF THE SUPERVISOR OF HANDWRITING

William L. Rinehart, Supervisor

Mr. Christiansen:

I am pleased to submit the following report of the operation of the handwriting program in the Randolph Public Schools for the school year of 1941-42.

Our records show that in the initial handwriting tests administered in November, 1941, 22.1% pupils made a grade of "A" (Excellent); 22.4% made a grade of "B" (Good); and 55.5% received a score of less than "B". In the final tests administered in June 1942, 66.2% of the pupils made a grade of "A" (Excellent); 9.2% made "B" (Good); and 24.6% received a score of less than "B".

During the last school year, we graded approximately 14,000 formal and 42,000 informal samples of handwriting. Monthly tests were administered to all pupils, and a careful diagnostic report was sent to all the teachers indicating the remedial instruction necessary for each child.

We furnished the following supplies during the year:—monthly outlines for the teachers, pupil folder outlines, room motivation certificates, monthly and term envelopes, term testing paper, individual handwriting certificates for eighth grade pupils who qualified, diagnostic charts, seals, etc.

In conclusion, I should like to express my appreciation to you, your teachers, and your pupils for the fine cooperation we have received at all times.

## ONE HUNDRED AND SEVENTH ANNUAL REPORT

### ART SUPERVISOR

Marguerite Williams

Mr. A. O. Christiansen:

The need for art education was never more urgent and inspiring than it is today. The prevailing aim of art in general education is to enable the student to adjust himself more fully to his present environment and to prepare himself for his vital part in our democratic way of life.

The natural instinct to create is present in all children. Very seldom do we find a child to whom art work does not have a very special appeal. He may not be the best creative artist in his class or in his school, but he will be a better citizen for having developed an appreciation of art ideals.

From the first grade through the finishing years of high school, we try to develop a mastery of certain abilities. There is the ability to see things in the correct proportion, the ability to select pleasing color schemes, the ability to use art tools, the ability to visualize, the ability to organize, the ability to express ones ideas, and the ability to use the basic art principles. This growing art knowledge is a necessary part of our pupils' well-balanced education.

This year, exhibitions of the children's work were held in the individual schools; the High School exhibited theirs in Chapin Hall.

In Stetson High School, Freehand and Mechanical Drawing classes are elective. It is unfortunate that conditions necessitate the transfer of students from the High School to the Town Hall for their drawing classes. The total loss in drawing classes over a period of time is a definite loss to the senior students who have elected to take drawing.

This year our High School art classes enthusiastically designed and executed the scenery for the Senior Class play. This gave the students the opportunity to take pride in the constructive use of the principles they have learned.

I wish to take this opportunity to express my thanks for the whole-hearted support and co-operation which I have received throughout the school system during the past year.

## REPORT OF SCHOOL PHYSICIAN

The year 1942 was an upsetting one with the drafting of our young men, even at this time going into boys of high school age. During examinations for the services, a great many were disqualified because of teeth; the average percent of unfit being from twenty-five to thirty percent, but this did not pertain to Randolph and Milton alone, but was state-wide and also country-wide. Rejections in some of our states went as high as forty percent. In large cities and wealthy towns where physicians are employed full time, the same rate of rejections has been found. Randolph has furnished as fine a group of boys to the services of the United States as any district in New England. As a member of Selective Service Board No. 103, of Milton, I am in close contact with examinations conducted in Boston and at any time have access to findings of army doctors.

We have had the usual run of sickness in our town with many colds, whooping cough, chicken pox, only a few cases of scarlet fever, and practically no cases of diphtheria. One thing at least is to be regretted. There are too many youngsters being left in care of children, in some cases not any older than themselves, as both parents are working in defense plants. This I do not consider a good policy, since most husbands are earning enough to care for the home. Mothers, it would seem, can be doing just as much good by looking after their children rather than working most of the day away from home. Patriotism, like charity, begins at home, and children need parental care, for without good home life the child is lost.

During the year 1942 hundreds of children have lost many valuable days of school by neglecting to procure health certificates in order to return to school after an absence of three days. Children themselves are not really at fault, as they are young and have no responsibilities, but parents

## ONE HUNDRED AND SEVENTH ANNUAL REPORT

should remember and remind children to get them during my office hours. On Mondays there is a rush to secure certificates by those who had Saturday and Sunday to get them. This demand for certificates is a rule of the school board, not my own, but I am perfectly willing to have children call at my office during hours. Because of increased sicknesses and additional defense work, I am obliged to stop giving certificates in the morning before school.

I wish to thank Superintendent Adolph Christiansen, members of the School Committee, and teachers, for their loyal support.

GEORGE V. HIGGINS, M.D.,  
School Physician.

TOWN OF RANDOLPH, MASS.

REPORT OF SCHOOL NURSE

Helen F. Conlon, R.N.

Following is a report of my work in the school during the past year:

Schools visited	585
Classrooms visited	1,395
Inspections in all grades	8,612
Exclusions recommended for pediculosis, skin irritations and symptoms of com- municable disease	224
Home visits made	258
First-aid treatments	439
Number of children weighed and measured	4,634
Pupils in grades 1 - 8 were weighed 3 times.	
Pupils in High school were weighed twice.	
Children who had lost weight or had gained very little were weighed more often.	
Number of children taken to School Physician	73
Number of children referred to school dentists, Dr. Maguire and Dr. Smith	388
Number of children attending the Child Guid- and Clinic	3

A two-day clinic was held in May for children who were having difficulty in maintaining the work of their grade. Nine children were given Psychiatric tests by State Psychiatrists and four children who had been examined the previous year were re-tested.

Recommendations were:

Continue in Special Class	4
Transfer to Special Class	1
Repeat present grade	4
Transfer from Special Class to a grade	1
Transfer to a State school	1
Promote and give extra help in reading	1
Work shop class advised	1

## TOWN OF RANDOLPH, MASS.

The Board of Health held the Diphtheria Prevention clinic in the Prescott and Devine Schools on May 11, 18, 25. Parents were urged to have their children who had not already been immunized against Diphtheria attend the clinic. One hundred and eleven children between the ages of six months and twelve years were immunized by Dr. Higgins, the School Physician.

During the year eleven children were taken to the Norfolk County Hospital for Tuberculin tests and X-rays.

In December, twenty-four children who had been on the Norfolk County School Clinic follow-up lists were taken to the Norfolk County Hospital for X-rays and examinations. Reports have been sent to the parent or guardian of each child attending the clinic.

Two children enjoyed eight weeks at the Norfolk County Health Camp in Braintree this summer.

A course in Home Nursing under the direction of the American Red Cross was given in the High School.

This course consists of thirty hours of theory and practical work and is meant to help the student meet the personal and family health problems and know what to do when illness invades the home.

Thirty-five girls completed the course and received a certificate from the American Red Cross Headquarters in Washington.

In closing my report, I would like to express my appreciation to all those who so willingly aided me in any work throughout the year.

# ONE HUNDRED AND SEVENTH ANNUAL REPORT

## SCHOOL STATISTICS

State Report, June 30, 1942

Population, Randolph, 1940 Census	7,606
Valuation	\$7,028,150
School enrolment	1,770
Average membership	1,719
Average daily attendance	1,588
Average number of days in session, all schools	173
Cost per pupil, grades 1 to 8, average membership	\$53.65
Cost per pupil, high school, average membership	\$104.65
Non-resident pupils, one-half year or more in attendance	100
Number of teachers and principals	62
Number of supervisors (full-time 2, part time 1)	3

## ENTERING AGE TO GRADE ONE

Entering age to grade one, five years and five months on or before Sept. 1, 1943. Vaccination and birth certificates required.

## HEALTH CERTIFICATE

Children absent from school, three or more days, must obtain a health certificate from the School Physician before they are allowed to return to school.

## RECEIPTS FROM STATE AND OTHER SOURCES

General School Fund, Part 1	\$19,014.33
Tuition, State Wards	2,250.51
Tuition, City Wards	3,035.92

## NO-SCHOOL SIGNALS

\*Three blows repeated at

7.15 A. M. No session for Senior and Junior High Schools.

8.15 A. M. No morning session for the first six grades.

12.30 P. M. No afternoon session for the first six grades.

By courtesy of the WNAC Broadcasting Station, no-school announcement will be given by radio as near to the local hours as is convenient and possible for the station announcer.

There will be days when schools are in session because weather conditions are not severe enough to cause complete shut-down of all activities. On such day, parents, as in former years, determine whether their children shall attend. No excuse will be required of pupils for absence on such days unless the parent so wishes. Consideration will be given pupils striving for perfect attendance.

It is essential that we keep in mind that State Law requires that the High school shall be in session at least 180 days of each school year, and for the grade schools, 160 days.

\* By courtesy of the local Fire Dept.

MARION L. BAILEY,  
Town Clerk.

All of the appropriations made may be found in the Town Accountant's Report taken from an attested list made by the Town Clerk.

Voted unanimously: That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1943, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of

TOWN OF RANDOLPH, MASS.

less than one year in accordance with Section 17, Chapter 44, General Laws.

Randolph, Mass., March 16, 1943

The Board of Registrars of Randolph met this day at 7:30 o'clock P. M., in G. A. R. Room, to recount the ballots cast for the office of Assessor, three year term.

The Envelopes were opened, ballots counted and the result declared:

## ONE HUNDRED AND EIGHTH ANNUAL REPORT

### NOTICE

The attention of parents is called to the law relating to the registering of births. The present requirement is as follows:

Chapter 29, Sec. 6, of the Revised Laws. Parents within forty days after the birth of a child . . . shall cause notice thereof to be given to the clerk of the town or city in which such child is born.

Section 8. A parent . . . who neglects to do so for ten days after the time limited therefor . . . shall forfeit not more than five dollars for each offense.

Attention of PHYSICIANS and MIDWIVES is called to Chapter 280, Section 1, Acts of 1912: Section 1. Physicians and midwives shall, within forty-eight hours after the birth of every child in cases of which they are in charge, mail or deliver to the clerk or registrar of the city or town in which the birth occurred, a notice stating the date and place of the birth, giving, the street number, if any the number of the ward in a city and the family name. Failure to mail or deliver the said notice shall be punished by a fine not exceeding twenty-five dollars for each offense.

In accordance with the provisions of the law, the Town Clerk is prepared to furnish parents, physicians, and midwives applying therefor, blanks for return of births as required by law.

## Report of the Selectmen and Overseers of Public Welfare

---

Every effort has been made by your Board in extending every co-operation to the various war efforts during the year. The members of the Rationing Board, Civilian Defense Units, Red Cross, State Guard Randolph Unit, Victory Committee, War Savings Committee, Salvage Committee, Emergency War Board, Boy and Girl Scouts, Community Chest and War Fund Committee and other organizations have given untiringly of their time and efforts in the various home-front activities.

On October 16th the One Hundred and Fiftieth Anniversary of the incorporation of our Town was held with a parade and suitable exercises to commemorate the occasion. Mr. Walter F. Stephens ably headed the committee and much credit is due him and his most efficient committee for the success of the occasion.

The impressive Honor Roll sponsored by the Victory Committee was dedicated in conjunction with the Anniversary Exercises.

Over 800 of Randolph's finest men and women are now serving in defense of the Four Freedoms and we sincerely pray that this year will bring an end to the terrible conflict and that they may return safely to their home town. The Veterans Rehabilitation Committee has been appointed to aid in every way possible the returning veterans and their families.

Because of the physical condition of the building, which would necessitate heavy expense to the Town, the garage on South Main Street owned under Tax Title was sold to the highest bidder on Dec. 8, for the sum of \$3025.00.

We urge the purchase of MORE WAR BONDS and the continued support of all of our citizens in the war effort.

## ONE HUNDRED AND EIGHTH ANNUAL REPORT

We wish to thank all committees and department heads and officials for their splendid co-operation during the year.

CHARLES F. BLAKELY,  
RALPH H. HUTCHINSON,  
THEODORE S. LUDDINGTON,  
Selectmen of Randolph

---

## Report of Victory Committee

---

To the Board of Selectmen:

The Randolph Victory Committee, a war committee, was organized in September 1942, by a group of Randolph citizens. The purpose of the committee is to help the morale of the hundreds of servicemen and women of Randolph. At the Town meeting in March, 1943, the Randolph Victory Committee was voted as a regular town committee.

There can be no doubt that the purpose of this Committee is being carried out successfully, when one observes the hundreds of appreciative letters received from servicemen and women, stationed in all parts of the world.

We will not attempt to list all of the work done by the Committee during 1943, but will report on the highlights.

Shortly following the Second War Loan in 1943, the Committee undertook the sponsorship of selling \$100,000.00 in War Bonds for the purchase of a U. S. Army Air Force Fighter Plane. A total of \$123,000.00 in Bonds were sold during the campaign. The plane was purchased and named the "Spirit of Randolph, Massachusetts." A photograph of the plane, in postcard form, was mailed to each Randolph person in the service. The Committee extends their thanks and appreciation to the hundreds of students and their teachers, in the schools of Randolph for the success of the fighter plane campaign.

## TOWN OF RANDOLPH, MASS.

The Randolph Victory Committee planned and arranged for the erection of the stately Honor Roll that is now situated on the High School lawn. Dedicated October 17, 1943, with impressive ceremonies, the Committee, modestly claim that our Honor Roll, with its attractive shrubbery, its flagstone approach and its commanding location, is a most inspiring tribute to the servicemen and women. Frequent visits to the Honor Roll by servicemen, home on furloughs and leaves, attest the morale building qualities of that project. To quote one young soldier, returned from the Pacific area, "Sir, this is thrilling, it sends those funny kind of goose-pimples through my body."

As in 1942, the Committee, during the Christmas season of 1943, sent a two-pound box of chocolates to each Randolph serviceman and woman. Space will not permit us to go into detail of the popularity of this undertaking. The thanks of the entire Committee is hereby expressed to Mrs. Bertha Soule and Murray Lewis for their untiring efforts in arranging the details for mailing this gift.

As always, those at home in Randolph, have been most generous in their contributions to defray the cost of these gifts. While this war continues and so long as there are Randolph men and women stationed far from their home and loved ones, the Randolph Victory Committee will live up to its adopted slogan "Always remembering the Boys and Girls in the Service."

Sincerely,

THEODORE S. LUDDINGTON, Chairman,  
TIMOTHY LYONS, JR., Vice-Chairman,  
MARY S. O'RILEY, Secretary,  
MARTIN E. YOUNG, Treasurer,  
VIRGINIA HARKINS, Ass't Treasurer

Complete list of Victory Committee will be found on page 7.

## Report of Historian WORLD WAR II

---

To the Board of Selectmen:

On the following pages of this Annual Report, there is recorded the names of the men and women of Randolph who have dedicated themselves to fight for their country in the terrible war which engulfed the entire world on December 7, 1941.

The deeds and sacrifices made by these men and women must remain an inspiration for all time. Proper documentation and chronicling of their service, their deeds and sacrifices should exist in the permanent records of the Town of Randolph.

This is the task we have set out to accomplish.

\* \* \*

While this report, as Historian of World War II Activities, may appear statistical in nature, there are some figures and facts that will prove interesting to the citizens of the town.

On February 1st, 1944, there were 801 men and women of Randolph who have entered the armed services.

Out of each one hundred men in the service, fifty-nine wear the uniform of the Army, thirty-five are in the Navy or Coast Guard, the Marine Hymn is the theme song for five, and one battles to deliver the goods for the Maritime Service.

We have six Randolph women serving with the WAC's, eight serving with the WAVES, one woman Marine, two Canadian WACs, one WAFS, known as the Ferry Command, two Navy Nurses and two Army Nurses.

## TOWN OF RANDOLPH, MASS.

There are eighty-nine pairs of brothers in the service, eighteen sets of three brothers, three sets of four brothers and one family with five brothers in the service. We have five fathers serving with their sons, and one father who has three sons serving along with him (with a fourth son ready to enter the service on his seventeenth birthday). We are proud to record a father and daughter serving in the Army.

More than one-half of the Randolph women who are in the service have a good family reason to don the uniform. Four of these girls have one brother serving, four have two brothers and two sisters wear the Navy blues.

The average age of all the Randolph men and women in the service on Jan. 1, 1944 was 23 years and 11 months. And on that same date the eldest person in active service was 57 years and 2 months.

Nine Sullivans (including one O'Sullivan) is the "fight-iest" name on the list, with eight Andersons next on the list.

Twenty-eight percent of those in the service were born in Randolph, while New England as a whole claims the birth-place of ninety-one percent. Six percent are foreign born while the remaining three percent were born in the United States outside of New England.

Approximately ten percent of the Town's entire population has entered the armed forces.

Our record shows that thirty-three persons have been honorably discharged from the service, during this war.

In the Town Report of 1942, published last year, we gravely recorded six casualties occurring during that year, Maurice Robert Davis, Victor Alan Lewis, Adrian George Essiembre, James Nelson, Thomas Robert Fogo and Geoffrey Marconi made the supreme sacrifice. In 1943 the shadows of war were cast heavily upon us, on five occasions. Henry D. Sanborn, died in Australia in March, James E. Markle was

## ONE HUNDRED AND EIGHTH ANNUAL REPORT

killed in action during June, Robert Almond gave his life in true Navy tradition in June, Robert H. McAuliffe, killed in service, Sept. 28th and John J. Flanagan reported missing in October.

No words of ours can express the full measure of their sublime courage.

\* \* \*

As the information we have obtained is gathered from various sources, the completeness of the Honor Roll and the many factors attending it, cannot be warranted.

We wish to express our appreciation to the many, many families who under trying conditions, furnished the information requested. The spirit of co-operation evidences itself when more than eighty-five percent of the requests made, were returned.

It is our fervent prayer that the continuous task of compiling this information terminates in the very near future. That day means Victory is ours.

Sincerely,

MURRAY LEWIS,  
Historian World War II Activities.

## Honor Roll

*"the last full measure of devotion"*

To these gallant sons of Randolph who have given their lives in keeping with the highest traditions of the United States Armed Forces, we, the members of the Board of Selectmen, pay special tribute. Their deeds and sacrifices shall be remembered forever by a grateful people.

## PUBLIC LIBRARY

To the Citizens of Randolph:

Pursuant to the provisions of Article 3 of the By-Laws of the Turner Free Library, this report, for the calendar year 1943, and being the sixty-eighth annual report, is submitted, showing the condition of the trust consisting of the building, library and funds, together with the reports of the Librarian and Treasurer and so much of the reports submitted to the Trustees by the various committees as seem to be of general interest.

## ONE HUNDRED AND EIGHTH ANNUAL REPORT

The Library Committee reports that the books, charts and furnishings are in good condition and that all books owned by the library are accounted for by the Librarian.

The Building Committee reports that some of the various defense activities which were installed in the building during 1942, curtailed some of their operations during the year. This applied particularly to the Report Center in the basement and the Medical and Surgical Center on the floor above. The State Guard continue to use their quarters on the third floor. The income from rentals, in connection with the dentist's office, has been measurably reduced due to Dr. Hickey's joining the armed forces. Considerable alterations would have been required to make the premises desirable for any prospective tenant, other than a dentist, provided such a tenant could be obtained. The Trustees compromised the matter by a mutual agreement for a reduced rental to hold the premises for the duration.

Considerable repairs were made in connection with the building during the year. The roof was entirely gone over and with pointing and leading on the stone work and windows, cost approximately \$600. Painting of wood trim on windows and doors was completed at a cost of about \$120. Repairs to the main door, together with new double action hinges came to approximately \$100. This latter item calling for the doors to open outward was a requirement of the State Fire Inspector. Window shades in all windows of the library proper, reading and reference rooms came to \$45.00. In addition to the foregoing, the State Fire Inspection Department requires a fire escape to be installed from the second story. Due to the shortage of skilled labor, our efforts to have this work done have not been successful to date. Certain other repairs including the redecorating of the walls of the front entry and corridor are demanding attention.

The Trustees requested the sum of \$1500 from the Town for necessary repairs during the year. This amount was subsequently increased by \$200 made necessary when the

## TOWN OF RANDOLPH, MASS.

extent of the roof repairs became known. All but \$.55 of the appropriation was used. The Trustees again request a similar appropriation of \$1500 to meet the need of general and special repairs to the exterior and interior of the building and to the furnishings and fixtures, as such repairs may from time to time be necessary, and for the general purposes of the library.

The Librarian again reports a loss in circulation, but to a lesser degree than that of a year ago. This condition is nation-wide and is no doubt due to the general conditions incidental to the war, long working hours, travel restrictions and dimout regulations.

It is with deep regret that the Trustees refer to the death of Mr. Seth T. Crawford, President of the Trustees from 1927 to the date of his death, September 16, 1943. At the October meeting of the Trustees, a Resolution was adopted to set aside a page in the Minute Book of the Turner Free Library and to place on record therein a tribute to his memory. The Resolution adopted is as follows:

“The Trustees of the Turner Free Library desire to place upon record their tribute to the memory of their late associate Seth Turner Crawford who died September 16, 1943.

Mr. Crawford, a grandson of one of the founders of the library was born in Randolph and while he had two places of residence, his voting residence was his native Randolph and his interest in town affairs was great.

Elected as a library trustee February 6, 1911, he became President November 7, 1927.

He was an Attorney and Banker and brought to the affairs of the library a legal mind, a spirit of service, fertile ideas, great interest and energy which tended to increase the efficiency and prosperity of the library.

## ONE HUNDRED AND EIGHTH ANNUAL REPORT

He was always ready to assume duties and accept responsibilities.

His death is a bereavement to the town of which he was so honored a citizen."

Mr. Frederick E. Knebel, Vice President, was elected as President. Mr. Benjamin P. Crowell was elected as Vice President at the October meeting. Mr. John M. Pero was elected a Trustee at the December meeting.

The Trustees join with the Librarian in adding their thanks to the donors of books given to the library as well as to those given in connection with the Victory Book Campaign. In like manner, they express their thanks for the loyal services of the Librarian, Mrs. Eunice B. Martin and of the cooperation and generous assistance of Miss Pearl Massie, Miss Mary Joan Rose and Miss Nancy Dow. They also greatly appreciate the assistance given by the faculty and students of the Stetson High School to which the Librarian refers in her report.

A copy of each of the following reports is hereunto submitted: Report of the Librarian, Report of the Treasurer showing receipts and expenditures of the library, and Report of the Finance Committee.

Respectfully submitted,

FREDERICK E. KNEBEL,

President, Board of Trustees.

Randolph, Massachusetts  
January 15, 1944

TOWN OF RANDOLPH, MASS.

**REPORT OF THE LIBRARIAN OF TURNER  
FREE LIBRARY**

To the Trustees of the Turner Free Library:

I hereby submit the annual report of the Librarian for the year ending December 31, 1943.

The Library has been open to the public each Monday, Wednesday and Saturday afternoon from 2:00 to 4 P. M., and every week-day evening from 7:00 to 9:00 P. M., with the exception of holidays.

Books added during the year totalled 238 as against 279 in 1942; of the 238, 10 were gifts and the remainder were purchased; of the 1942 acquisition, 36 were gifts, with the balance purchased; with the 238 for 1943, the accession number is now 35,936. Circulation for 1943 totalled 13,781 as against 15,465 for the previous year. Magazines loaned, 399, as against 450 for 1942. Borrower's cards issued, 439, comprising 264 renewals and 175 new applicants.

The Victory Book Campaign, which closed in October, resulted in the receipt by us of 1,177 books. Inasmuch as these books and magazines were forwarded to the men in the armed service, and the magazines to the American Merchant Marine, and as acknowledgment could not be made by the recipients, we wish to express our appreciation and thanks to the donors for their kindness. Incidentally, books and magazines are still in demand and further contributions would be welcomed.

Miss Mary Joan Rose assisted materially in the Children's Department until June, when she resigned. Miss Nancy Dow joined the staff in July and is evidencing a keen interest in the work. Conditions were such that it became necessary to discontinue our weekly Children's Story Hour. It is hoped that this popular and instructive innovation may again be resumed in the near future.

## ONE HUNDRED AND EIGHTH ANNUAL REPORT

We have been kept moderately busy with the regular routine work and have been happy to co-operate with the requirements of the schools relative to the outside reading and reference work sought by the scholars. Miss Galvin and Miss Foley of the Stetson High School staff have revised their reading lists and added a goodly number of the current books of fiction, travel and biography.

Our new book additions, pertaining to the several phases of world events are much in demand and largely circulated. The younger people's interest in reading matter appears to be toward stories having to do with the war and its several branches of air-service, submarines, doctors and nurses.

We extend an invitation to the people of the Town, both adults and children, to visit the Library and make known to us their desires, in order that we may assist them in obtaining such books as may be wanted. The Reading Room carries nearly all of the current magazines.

I wish to take this opportunity to thank the Trustees for their counsel and suggestions, and Miss Massie and Miss Dow for their faithful service and cooperation.

Respectfully submitted,

EUNICE B. MARTIN, Librarian.

January 3, 1944

TOWN OF RANDOLPH, MASS.

### REPORT OF THE FINANCE COMMITTEE

To the Trustees of the Turner Free Library:

Your committee on finances submits the following report:

The Committee has audited the accounts of the Treasurer for the year 1943 and found them to be correct. All moneys received have been accounted for any no moneys have been paid out except upon vouchers properly approved. The committee has examined also the securities representing the investment of the funds of the library and has found them to be intact and as represented.

There has been no change in our list of investments this year.

Respectfully submitted,

RAYMOND L. MASON, Chairman.

January 11, 1944.

## Report of the Board of Health

---

Randolph, Mass., January 18, 1944.

To the Honorable Board of Selectmen:

The Board of Health respectfully submits the annual report of the board and the report of its respective agents for the year ending December 31, 1943.

The Diphtheria Clinic was conducted by Dr. Higgins, assisted by Miss Conlon, our school nurse, Miss Scannel and Miss Mahady, our district nurses, and was very successful. For the last six years we have not had a single case of this disease, which proves the worth of this clinic.

The Dental Clinic was under the supervision of Dr. Smith, Dr. Maguire and Miss Conlon. Examinations were made in all the various schools. The Board of Health wishes to thank all who helped in this work. Permission will be obtained from Miss Conlon, our school nurse, to visit the dentist.

During the year the Board of Health has inspected all places where food and other goods were distributed and in most cases, found them clean and safe for sale of such goods.

Our Clean Up weeks were a success, but still many complaints regarding the dumping of rubbish, etc., on side streets and on private property are coming in to this board. They would appreciate it very much if the citizens would co-operate and use the town dump, which is paid for by the town. Let us all try and be fair in this regard and have a cleaner town.

## ONE HUNDRED AND EIGHTH ANNUAL REPORT

In closing, the board would like to thank the Honorable Board of Selectmen and all the other town officials for the assistance and courtesy given this Board during the past year.

Communicable diseases for year 1943 were as follows:

Dog bites 32, measles 32, chicken pox 17, scarlet fever 21, mumps 9, malaria 1, poliomyelitis 1, meningitis 1, pulmonary tuberculosis 9, whooping cough 1.

GEORGE H. HENEY, Chairman.  
FRED A. DIAUTO,  
FREDERICK DRISCOLL.

Goat	1
Sheep	1
	<hr/>
	449

Cow condemned T. B.	1
Hogs condemned	3

WESTON L. MANN  
Inspector of Slaughtering

# Report of Water Commissioners

---

To the Citizens of the Town of Randolph:

The fifty-eighth annual report of the Water Commissioners is herewith submitted for the year ending December 31, 1943.

Organization of the Board was as follows:

Frederick D. Driscoll .....	Chairman
Richard F. Smith .....	Clerk
Dr. Wm. F. Maguire .....	Associate

## APPOINTMENTS BY BOARD

Marion L. Bailey .....	Collector
Frederick D. Driscoll .....	Meter Reader
Richard F. Smith .....	Superintendent

## DEPARTMENT MAINTENANCE

During the year 1943 the Water Department installed eight new services; nineteen services were renewed from main to line, and twenty-five services were repaired. There were ten service gate boxes and two main gat boxes found to be broken which have been renewed and reset to grade.

Fifty-seven meters were sent to the factory to be repaired, thirty-six of these were frozen and broken, and 21 were not registering. Most of these have been returned and reset, while a few are still awaiting new parts which cannot be obtained due to war restrictions.

There were two large main breaks during the year, one being a 12-inch main on South Main Street on the Avon line, the other being an 8-inch main on Pond Lane, both being replaced with new pipe of their respective size.

TOWN OF RANDOLPH, MASS.

JOINT ACCOUNT

Both the Randolph and Holbrook Standpipes have been painted and caulked. This contract was awarded to the Palfrey Co. of Riverside, Rhode Island, in 1942. Due to war orders it was not done until 1943.

The base of the standpipe was reinforced and cemented by one of our local contractors.

During the Spring and Summer of 1944 it is hoped that the grading and planting of shrubbery around the Pumping Station may be finished so as to make it one of the most beautiful in the State.

Respectfully submitted,

RICHARD F. SMITH,

Clerk and Superintendent.

December	22,584,300	728,525	71,110	2,293

Largest day's pumping:

June 26, 1943 — 1,745,800 gallons.

Largest week's pumping:

Week ending July 18, 1943 — 9,564,200 gallons.

Respectfully submitted,

THOMAS G. FOGO, Engineer.

## TOWN OF RANDOLPH, MASS.

### RULES AND REGULATIONS

---

The following regulations, until further notice, shall be considered a part of the contract with every person who uses water:

1. All applications for use of water must be made at the office of the Water Commissioners, and state fully the purposes for which it is intended to be used. Water will not be introduced to premises except on the written application of the owner thereof, or by a duly authorized agent. The property will in all cases be held responsible for the water rates.

2. All persons taking water must keep their water pipes and fixtures in good repair and protected from the frost at their own expense. They will be held liable for all damages resulting from their failure to do so. They shall prevent all unnecessary waste, and water shall not be left running to prevent freezing. The Water Commissioners or their agents may, from time to time, ascertain the quantity of water used, the manner of its use, and whether there is unnecessary waste. They and their agents shall have free access to the premises supplied, to examine the apparatus, and if any fixtures are found not to be in good order, they shall direct them repaired, and if not repaired within two days the water shall be shut off and not let on again until such repairs are made, and the sum of two dollars paid for shutting off and turning on the water.

3. The occupant of any premises, when unnecessary waste of water occurs, shall be liable to a fine of two dollars for the first offense, and four dollars for the second offense during the same year, and shall be notified thereof in writing; and if such waste is not prevented and the aforesaid fines paid within two days from the time when the said notice is given, the water shall be shut off the premises.

## ONE HUNDRED AND EIGHTH ANNUAL REPORT

and shall not be again let on for the same occupant until waste be stopped and the fine paid, together with an additional sum of two dollars for shutting off and letting on the water, and in case of a third or subsequent offense, the water shall be shut off, and shall not again be let on except by a vote of the Water Commissioners and the payment of such fine, not exceeding ten dollars, as the Water Commissioners may impose.

4. Any person supplied with water shall not allow another to take water from his fixtures without the written permission of the Water Commissioners. If a tenant has no fixtures, he will be charged full rates for any use which he makes of the fixtures of another.

5. All parties using water and stables, for horses or other animals, will be charged scheduled rates for the same, whether it be carried by hand or through hose.

6. All persons using water for building purposes are required to obtain a permit from the Water Commissioners before taking water from any faucet or fixtures connected with the water works, and all water takers are warned not to let any party take water from their premises until they show a permit from the Water Commissioners. Any person furnishing water in violation of this section will be subject to a fine of not less than five nor more than twenty dollars, and if the same when levied is not paid within three days from the time when the notice thereof is given the water will be shut off from the premises and will not be let on again until such fine is paid.

7. All fixtures and water closets and urinals must be of a kind and quality approved by the Water Commissioners, also a vacuum valve must be installed on all pressure range boilers connected with the system.

8. No person shall in any case be allowed to open any fire hydrants except by a written permit from the

TOWN OF RANDOLPH, MASS.

Water Commissioners; but the Engineers of the Fire Department shall in all cases have control of hydrants at fires and for practice.

9. The Commissioners reserve the right to restrict the use of hose or fountain, to shut off the water in all cases when it becomes necessary to make extensions or repairs, or for violations of any of the regulations, or whenever they deem it expedient.

10. The regular rates for the use of water shall be payable in advance on the first days of January and July of each year, except where water is supplied to manufacturers by special agreement. In all cases of non-payment of the water rates within ten days after same is due as well as for violations of these rules and regulations, the supply will be shut off, and payment of the amount due, and payment of two dollars for shutting off and letting on the water, shall be made.

11. The Water Commissioners reserve the right to change the water rates at any time except in cases of dwelling houses and established special rates.

12. For business requiring large quantities of water, and all supplies not enumerated in the tariff of rates, special rates will be made.

13. Parties using water for manufacturing or domestic purposes can erect hydrants on their grounds or standpipes in their buildings to be used only as a protection against fire without additional charges for water.

14. All applicants for the introduction of service pipes to premises are required to make written application therefor at the office of the Water Commissioners.

## ONE HUNDRED AND EIGHTH ANNUAL REPORT

And in no case will the main be tapped more than once for the same premises, unless the additional expense is borne by the owner.

Charged as follows:

The following water rates are established until further notice:

No connection made with the main for any purpose for less than	\$6.00
--	--------

### DWELLING HOUSES

Occupied by one family, for the first faucet	6.00
Each additional faucet to be used by the same family	2.00
Two or more families occupying one house, one faucet for all, each family	5.00
One faucet for each family	6.00
For first bathtub	5.00
If used by more than one family in same house, each family	4.00
Each additional bathtub	2.00
For first pan or self-acting water-closet	5.00
If used by more than one family in same house, each family	4.00
Each additional pan or self-acting water-closet	2.00
Where two faucets are used, one for hot and one for cold water, emptying into the same basin, only one charge will be made for both.	
Laundry tub	3.00

### HOSE

For sprinkling streets, washing windows and similar uses, 1/4-inch nozzle, to be used only on premises and street opposite, not exceeding two hours per day for six months in the year	5.00
--	------

TOWN OF RANDOLPH, MASS.

For any use not herein enumerated, special rates will be made.

Meter Rates payable at Time of Reading.

For not over 133 cubic feet average per day, per 100 cubic feet	.23
For over 133 cubic feet and not exceeding 266 cubic feet average per day, per 100 cubic feet	.19
For over 266 cubic feet average per day	.15
Provided that in no case where a meter is used shall the annual charge be less than	7.00

Meters may be supplied by the Water Commissioners for which annual rental will be charged as follows:

Size $\frac{5}{8}$ -inch	\$1.00 per year
Size $\frac{3}{4}$ -inch	\$1.00 per year
Size 1-inch	\$4.00 per year
Size 2-inch	\$6.00 per year

All needed repairs, damages by frost and heat excepted, will be made at the expense of the town.

FREDERICK D. DRISCOLL,  
RICHARD F. SMITH,  
DR. WM. F. MAGUIRE,  
Water Commissioners.

## Report of the Tree Warden

---

Jan. 16, 1944.

To the Honorable Board of Selectmen,

Greetings.

Due to the shortage of labor last year not so much work was done as should have been.

The most dangerous limbs and branches were removed.

Brush cutting was done on some of the worst corners.

There is much work to be done this year as a number of large trees will have to be removed.

The Dutch Elm Disease has been found in this State and it is a serious menace to all the elms.

Some new trees should be set out this year.

A nursery should be started in the town, plenty of chance at the Town Farm.

Truly yours,

JOHN T. MOORE,  
Tree Warden.

TOWN OF RANDOLPH, MASS.

## Report of the Local Moth Superintendent

---

Jan. 16, 1944.

To the Honorable Board of Selectmen:

Greetings.

The moth situation in the town remains about the same.

Spraying was done in all parts of the town.

The Elm Leaf Beetle was bad and spraying was done on all of the elm trees.

The Tent Caterpillar situation was about the same as other years and many were destroyed.

The Fall Web Worms were not as bad as they were last year.

The past year material was very hard to obtain, also labor.

The spraying machine was drained and stored in the Town Barn.

Truly yours,

JOHN T. MOORE,  
Moth Superintendent.

## Report of Police Department

---

Randolph, Mass., January 22, 1944

To the Board of Selectmen:  
Randolph, Mass.

Gentlemen:

Total number of miles covered by Motorcycles	8,765

\* Some arrests and summonses were served for out of town police.

\*\* Of the 7 cases dismissed for want of prosecution, the police were complainant on 1.

At this time I wish to take the opportunity to thank the Town Officials, the Finance Committee and citizens of the town for their assistance and cooperation during the past year. I wish to express by appreciation to the members of the regular police department and the Auxiliary Police Force for their fine work and cooperation in the affairs of the department.

Respectfully submitted,

PATRICK. T. McDONNELL,  
Chief of Police

## Report of Fire Department

---

Randolph, Mass., January 25, 1944

To the Honorable Board of Selectmen:

Gentlemen:

I respectfully submit my report of the Fire Department for the year ending December 31, 1943.

The department has responded to 287 calls during the year, classified as follows:

Building	51
Automobiles	12
False Alarms	2
Inhalator	1
Air Raid Tests	8
Aid Calls Out of Town	0
Miscellaneous	7
Brush and Grass	206
American Legion Ambulance Calls	175

Value of Contents Involved	28,550.00
Insurance on Contents	26,500.00
Damage to Contents	2,519.40
Insurance Paid on Contents	1,104.40
Loss not Covered	1,415.00

TOWN OF RANDOLPH, MASS.

The apparatus and equipment connected with the Department is in good condition at the present time. The apparatus has been inspected and passed by an Auto-Motive Engineer.

I wish to thank the officials and citizens who have assisted the Department in any way throughout the year.

Respectfully submitted,

HAROLD L. BAILEY,  
Chief of Department.

TOWN OF RANDOLPH, MASS.

# Report of State Auditor

---

## REPORT OF AN AUDIT OF THE ACCOUNTS OF THE TOWN OF RANDOLPH

For the Period from May 8, 1942 to Sept. 27, 1943

---

Made in Accordance with the Provisions of  
Chapter 44, General Laws

December 2, 1943

To the Board of Selectmen:  
Mr. Charles F. Blakely, Chairman,  
Randolph, Massachusetts.

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Randolph for the period from May 8, 1942, to September 27, 1943, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,

Director of Accounts.

TNW:MMH

## ONE HUNDRED AND EIGHTH ANNUAL REPORT

Mr. Theodore N. Waddell,  
Director of Accounts,  
Department of Corporations and Taxation,  
State House, Boston.  
Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Randolph for the period from May 8, 1942, the date of the previous examination, to September 27, 1943, and report thereon as follows:

The books and accounts in the town accountant's office were examined, checked, and compared with the records of the several departments in which money is collected or bills are committed for collection, and with the records of the town treasurer.

The general and appropriation accounts in the ledger were analyzed, the appropriations being compared with the town clerk's record of financial votes passed in town meetings. A trial balance was taken off proving the accounts to be in balance, and a balance sheet, showing the financial condition of the town on September 27, 1943, was prepared and is appended to this report.

In checking the town clerk's records of appropriations voted at the annual town meeting in 1943 with the town accountant's ledger, it was noted that certain appropriations are not set up in the town accountant's ledger in the same detail as indicated by the town clerk's records. For example, the appropriations for the school department appear in the town clerk's record of town meetings as a segregated budget of sixteen accounts, but are consolidated in two items in the town accountant's ledger. Under the provisions of Section 15A, Chapter 41, General Laws, the town clerk certifies to the town accountant each appropriation in detail and it is incumbent on the town accountant to set up the appropriations in his ledger as certified to him by the town clerk.

It was also noted that under Article 12 of the warrant for the 1943 annual meeting calling for an appropriation for the lease and maintenance of quarters for the Veterans of Foreign Wars post, it was voted to raise and appropriate \$750, of which

## TOWN OF RANDOLPH, MASS.

amount \$600 was to be used to pay off the mortgage on the building owned by the post and the balance of the appropriation to be paid to the above organization. Attention in this connection is called to the fact that the above appropriation is not for a purpose for which public funds may be appropriated or expended.

The computation of the tax rate by the assessors for 1943 was checked, and it was noted that an appropriation of \$1,800 from available funds voted at the annual meeting in 1943 was not included in the determination of the 1943 tax rate, as required by the provisions of Section 23, Chapter 59, General Laws.

The books and accounts of the town treasurer were examined and checked in detail. The cash book was footed throughout, the recorded receipts were analyzed and compared with the departmental records of payments to the treasurer and with other sources from which money was paid into the town treasury, while the records of disbursements were compared with the accountant's books and the treasury warrants.

The treasurer's cash balance on September 27, 1943, was proved by actual count of the cash in the office and by reconciliation of the bank balances with statements received from the banks in which town funds are deposited.

The recorded payments on account of the maturing debt and interest were checked with the amounts falling due and with the cancelled securities on file.

The securities and savings bank books representing the investment of the trust funds in the custody of the town treasurer, the treasurer of the trustees of the Stetson School Funds, and the treasurer of the trustees of the Turner Library Funds, were examined and listed. The income was proved and the transfers to the town and the disbursements were verified.

The tax title deeds held by the town were examined and listed. The amounts transferred to the tax title account were compared with the tax books, the recorded redemptions were verified, and the tax titles on hand were listed and reconciled with the accountant's ledger .

## ONE HUNDRED AND EIGHTH ANNUAL REPORT

The books and accounts of the tax collector were examined and checked. The taxes outstanding according to the previous examination, and all subsequent commitments, were audited and compared with the assessor's warrants issued for their collection. The payments to the treasurer were checked to the treasurer's cash book, the recorded abatements were compared with the assessor's records of abatements granted, the transfers to the tax title account were checked, and the outstanding accounts were listed and reconciled with the respective ledger accounts.

The records of departmental accounts receivable were examined and checked in detail. The recorded payments to the treasurer were compared with the treasurer's cash book, the abatements were verified, and the outstanding accounts were listed and proved.

The books and accounts of the water department were examined and checked. The water accounts outstanding according to the previous examination, and all subsequent commitments, were audited and compared with the water commissioner's warrants issued for their collection. The payments to the treasurer were checked to the treasurer's cash book, the recorded abatements were compared with the water commissioner's records of abatements granted, and the outstanding accounts were listed and reconciled with the accountant's ledger.

It is recommended that action be taken at once to secure prompt settlement of the delinquent water accounts which are, in many instances, long overdue. The town voted in 1924 to accept the water lien act and this action by the town was recorded in the Registry of Deeds, but apparently no advantage has been taken by the water department of the provisions of the act. Attention is called to Section 42A, Chapter 40, General Laws, as amended by Chapter 380, Acts of 1941, which states that notwithstanding the authority to establish a lien upon real estate, overdue water rates and charges may be collected through any legal means which may be deemed advisable, including the shutting off of water.

Verification of the correctness of the outstanding tax, departmental, and water accounts was obtained by mailing notices to

## TOWN OF RANDOLPH, MASS.

a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The records of the selectmen, town clerk, plumbing inspector, and the health department for licenses and permits issued were examined and checked. The payments to the State were compared with the receipts on file and the payments to the town treasurer were checked to the treasurer's cash book.

The surety bonds of the financial officials bonded for the faithful performance of their duties were examined and found to be in proper form.

The records of all other departments collecting money for the town or committing bills for collection were examined and reconciled with the town treasurer's and the town accountant's records.

There are appended to this report, in addition to the balance sheet, tables showing a reconciliation of the treasurer's cash, summaries of the tax, tax title, departmental, and water accounts, together with tables showing the condition and transactions of the several trust funds.

While engaged in making the audit, cooperation was received from the officials of the town, for which, on behalf of my assistants, and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,  
Assistant Director of Accounts.

HBD:MMH

## Report of Highway Surveyor

---

To the Citizens of the Town of Randolph:

I respectfully submit the following report as Highway Surveyor for the year ending December 31, 1943.

### GENERAL

The usual repair work caused by storms and frost was completed early in the spring. This work included sweeping, patching, grading, graveling and cleaning brooks, catch basins and manholes. Also a great many fences were repaired and painted.

### CHAPTER 90 REPAIRS

The following work was accomplished under the Chapter 90 appropriation.

Drainage systems were all cleaned and repaired, patching, brush cutting, sweeping and fence repairing and painting were completed on the following streets: Union, Pond, Canton, and Warren Streets.

Canton Street was resurfaced from Old to High St. Union Street was resurfaced the greater part of the street. One half inch stone and tar was used and proved to be very successful.

### SNOW REMOVAL

With our Nation at war, the Highway Surveyor takes on new burdens of responsibility. His first responsibility is to SEE THAT THE ARTERIES OF TRANSPORTATION ARE FREE AND CLEAR—whatever the weather conditions. Military and industrial personnel and supplies must move freely to war plants and arsenals . . . embarkation points . . . Army and Navy camps and bases.

TOWN OF RANDOLPH, MASS.

At the same time—as a public official he is responsible for making every effort to KEEP DOWN THE WINTER TRAFFIC ACCIDENT TOLL. Losses of life and property cannot be ignored, especially in war time, because they retard the war effort generally, war production specifically.

It is with these facts in mind that the Highway Surveyor has published this report on winter road and street maintenance.

During the early part of 1943 we had a great deal of slippery weather which requires a great amount of sanding. We also had heavy snowfalls during that period which had to be plowed and in many places hauled away.

I would like to take this opportunity to let the people of the Town of Randolph know that in the present emergency the Highway Department is prepared to cope with any emergency that might arise and ready to co-operate with officials and citizens.

I wish to thank the Town Officials and the Citizens for their co-operation and assistance during the past year.

Respectfully submitted,

JOHN A. FREDERICKSON,  
Highway Surveyor.

ONE HUNDRED AND EIGHTH ANNUAL REPORT

# Report of the Sealer of Weights and Measures

---

To the Board of Selectmen, Randolph, Mass.

Gentlemen:

During the year 1943, I have sealed:

Scales	86
Weights	67
Liquid Measures	73
Gasolene Pumps	41
Kerosene Pumps	5
Oil Measuring Pumps	67
Grease Pumps	18
Yard Sticks	19
Gasolene Meter Systems	2
Vehicle Tank Meter Systems	5
Oil Jars	6
Resealed and tested gasolene pumps	14
Resealed and tested scales	25

Inspections made:

Pedlar's licenses	10
Pedlar's scales	10

Fees collected and turned over to the

Town Treasurer		\$69.10
Salary of Sealer	\$250.00	
Transporting of weights	50.64	
Purchase of equipment	9.36	
Appropriation	\$310.00	

Respectfully submitted,

DANIEL P. LYONS,  
Sealer of Weights and Measures.

TOWN OF RANDOLPH, MASS.

Report of the  
Committee on Public Safety

---

Jan. 15, 1944.

To the Citizens of Randolph:

I respectfully submit the following report covering the expenses and activities of the Randolph Committee on Public Safety for 1943.

March Appropriation	\$4,060.00
Transferred to other departments—Special Town Meeting	1,500.00
Balance	<u>\$2,560.00</u>
Balance from previous year	1,308.00
Total	<u>\$3,868.00</u>
Expenditures—1943	2,499.52
Balance	<u>\$1,368.48</u>

**Expenditures:**

Administration	\$1,247.96
Civilian Defense Center	669.86
Auxiliary Police	162.35
Medical	322.95
Warden Service	49.60
Auxiliary Firemen	25.37
Canteen	21.43
Total	<u>\$2,499.52</u>

ONE HUNDRED AND EIGHTH ANNUAL REPORT

## DETAILED EXPENDITURES

### Administration:

Clerical Hire	\$1,047.25
Stationery	34.77
Postage	76.01
Supplies	13.60
Moving	3.09
Repair Typewriter	15.00
Subscription—Civilian	
Defense Magazine	18.24
Rental Films	14.00
Janitor Service	11.00
Decorations 150th	
Anniversary	15.00

\$1,247.96

### Civilian Defense Center:

Fuel	\$15.96
Light	206.77
Telephone	357.40
Repairs	34.66
Supplies	42.64
Laundry	7.14
Insurance	5.00
Tools	.29

\$669.86

**Medical:**

Supplies	\$48.41
Laundry	2.90
Surgical Appliances	117.58
Gas	5.31
Repairs to Building to conform to State Laws	148.75

**Fire Dept.:**

Extinguishers	\$25.37
---------------	---------

**Police Dept.:**

Janitor Services	\$111.00
Rental Films	25.25
Hats	9.00
Badges	17.10

\$162.35

**Canteen:**

Paint	\$2.25
Food	19.18

21.43

### Air Raid Warden Service:

The members of Civilian Defense participated in all State Blackouts and Training Tests. A remarkably large percentage of members turned out for all "Alerts." During the "Dim Out" period the Wardens gave generously of their time assisting the "Blackout" Officer in keeping the Town dimmed out. The Town passed with high marks two surprise visits of officers of the First Area Command with reference to "dim out."

## TOWN OF RANDOLPH, MASS.

### **Canteen:**

The Canteen served hot meals during several "alerts."

### **Headquarters:**

The Civilian Defense Headquarters and Medical Center in the Turner Library Building have proved their worth. Not only does Headquarters serve Civilian Defense but it has been used weekly by Red Cross First Aid Classes, Red Cross Home Nursing Classes, Women's Defense Corps, and Non-Commissioned Officers' School State Guard. All these organizations are using these quarters at present without contributing to the expenses, which are all charged to the Civilian Defense Appropriation.

### **Auxiliary Police:**

The work of the Auxiliary Police deserves special attention. There are about fifty members in this department. They hold weekly drills in Riot Squad Work, Military Drill, and Rifle Practice. They have had instruction in Red Cross First Aid, Gas, and Protective Work. They also donated their time augmenting the Regular Police Force on 4th of July, Hallowe'en and on other occasions during the year when necessary.

### **Auxiliary Firemen:**

There are about twenty members in this department. They have been drilled in Fire Protection and Red Cross First Aid. All members have responded to actual fires.

We have received from the Federal Government one Howe Centrifugal Trailer Pump, capable of pumping 500 gallons per minute at 200 lbs. pressure. We expect additional equipment shortly.

### **Special Activities:**

The Social Service Committee under Rev. Harry Butman sponsored and operated a Child Care Center for a short period of time. Because of small enrollment it was

## ONE HUNDRED AND EIGHTH ANNUAL REPORT

not considered feasible to continue this project. The Committee then suggested that two organized playground projects be sponsored. These, operated under the School Committee, proved of great value during the summer months. They should be continued another year.

I regret to announce the resignation of Chief Air Raid Warden Raymond L. Mason who devoted hours of time to the formation and operation of Civilian Defense. He deserves public recognition for his splendid work. Mr. James V. Donovan, former Deputy Air Raid Warden, is now Chief Air Raid Warden.

### Department Heads:

DEPARTMENT	CHAIRMAN
Air Raid Wardens Service	Chief A. R. W. James V. Donovan
Auxiliary Policemen .....	Chief Patrick T. McDonnell
Auxiliary Firemen .....	Chief Harold Bailey
Blackout Officer .....	Chief Patrick T. McDonnell
Communications .....	Mr. Henry J. Kiley
Evacuation Officer .....	Mr. Walter Good
Medical Department .....	Dr. Charles E. Wells
Service and Supplies .....	Board of Selectmen
Fuel .....	Mr. Michael J. Diauto
Decontamination .....	Dr. Herman N. Smith
Public Relation Division .....	Mr. Murray Lewis
Social Service .....	Rev. Harry R. Butman
Bomb Reconnaissance .....	Mr. John Fredrickson

The training and formation period is over. Randolph Civilian Defense stands ready to cope intelligently with the problems of Civilian Defense.

I want to thank all members of Civilian Defense for their generous sacrifice of time and energy. I have found each and every member ready and willing to co-operate at all times.

Respectfully submitted,

C. LLOYD CLAFF, Chairman,  
Randolph Committee on Public Safety.

## Report of Rationing Board

---

Board of Selectmen,  
Town Hall,  
Randolph, Mass.

Gentlemen:

I wish to submit herewith for incorporation in the forthcoming Town Report, the report of the activities of the War Price and Rationing Board for this town during the past year.

It is quite difficult to chronicle with any degree of accuracy all the various and sundry activities of the Rationing Board. Most of these activities are so generally known, however, that it is unnecessary to enumerate them in any great detail.

The Rationing Board in this town has been particularly fortunate in its choice of personnel and also in its choice of employees. We have fifteen members on the board who receive no remuneration for their services; also four full-time employees who are paid for their services by the United States Government.

We have also been particularly fortunate in the co-operation and assistance which we have received from the Superintendent of Schools and all the teachers in the School Department. The Board also desires to express its appreciation for the very valuable assistance which has been rendered by the local Police Department.

We have completed the Second Anniversary of our services as members of the War Price and Rationing Board, and the townspeople, almost without exception, have been co-operative and helpful in carrying out this great work.

## ONE HUNDRED AND EIGHTH ANNUAL REPORT

It is not anticipated that the demands on the Rationing Board and its personnel will diminish for any considerable time, and it is our hope and expectation that the townspeople will continue to be as generous in the future in appropriating funds necessary to furnish and maintain the quarters which are now occupied by the Board. It is obvious that if we are to serve the people of Randolph adequately during the War Emergency, we must have convenient office quarters to accomplish this end.

The quarters which we now occupy in the McCarthy Building are very satisfactory and in the past we have received a great deal of commendation from the State Office for the manner in which the local office has been set up.

Respectfully submitted,

GEORGE N. WELCH, Chairman,  
EDGAR B. COLE,  
WILLIAM S. COLE,  
BENJAMIN CROWELL,  
EDMUND R. FLAHERTY,  
WALTER J. GOOD,  
WALTER C. KANE,  
WILLIAM J. LEAHY,  
TIMOTHY LYONS, JR.,  
ERNEST C. MARTIN,  
EUGENE L. McAULIFFE,  
JAMES D. MacKINNON,  
WILLIAM J. McLAUGHLIN,  
ALBERT C. WILDE,  
MARTIN E. YOUNG.

## Report of the School Committee

---

To the Citizens of the Town of Randolph :

Because of the scarcity of competent help and proper materials, it has been impossible to adequately maintain school property since the beginning of the present war. Furniture replacements and all work of a similar character have been cut to the bare necessities.

All details pertaining to health and safety, however, have been carefully supervised and have been kept in proper working order, beyond this, it has been difficult to proceed. Except for the work of the janitors in the various buildings, little has been done. The strictest economy has been maintained in the purchase of books and supplies, with no attempt made to curtail the use of these essentials.

Your committee requested an appropriation for the conversion of oil to coal burning boilers. Because of the disturbance in the coal mining industry and the uncertain outlook for an adequate supply of this fuel for the winter of 1943 and 1944, it was thought best to delay the job of conversion to the latest possible date. This precautionary measure was justified when it became apparent that the supply of fuel oil might be more available for the coming season. Your committee felt safe then in permitting the transfer of this appropriation for the reduction of taxes at the last special town meeting.

The immediate post-war period must of necessity demand increased expenditures for furniture renewals and for the proper repairs, painting and modernization of school property.

Serious thought should be given to the beginning of a program of improvements in the High School; such as new heating system, lighting system, gymnasium, lunch room, and many other needed improvements, as recommended by this committee in previous reports.

## ONE HUNDRED AND EIGHTH ANNUAL REPORT

The Prescott Junior High School is badly in need of new fireproof stairways, as recommended by this committee many times in the past; also properly located lunch rooms, office accommodations and many other improvements. Together with these improvements of the Prescott School buildings should be the proper development of play areas.

The development of an athletic field in the vicinity of the Devine School in North Randolph is a project which must not be too long deferred. The playgrounds at the Belcher School, Tower Hill and McNeil Schools should be properly surfaced to provide recreation areas for the children attending these schools.

The completion of the Stetson High School Athletic field, with proper areas to be flooded for skating, ice hockey, etc., and a wading pool for summer recreation are worth while projects which must not be lost sight of in the immediate after-the-war program of expansion and modernization.

The problem of transportation is one which returns again and again to the attention of the school officials. The State law requires that the town furnish free transportation for all pupils living two miles or more from their schools.

It has been the policy of the school department for many years to furnish free transportation for all children in the first six grades living one mile or more from the school. For the children in the next two grades, the junior high grades, free transportation to all pupils living one and one-half miles or more from the school, and free transportation for high school pupils living two miles or more from the school.

Because of the necessity of conserving gas, rubber, etc., it has been necessary to modify this program for the duration. Your committee is compelled to restrict transportation in obedience to an O. D. T. ruling on the matter.

## TOWN OF RANDOLPH, MASS.

The new schedule offers free transportation to all children of the first eight grades living one and one-half miles or more from their schools, and for all high school pupils living two miles or more from the high school.

Wherever it is possible this free transportation must be provided in conveyances operated by the Eastern Massachusetts Street Railway, or other public service corporations. Whether transportation is by school or by public service company bus, the school children are required to meet such a bus at the appointed stop. The bus is not permitted to make long trips on side streets, except where absolutely necessary or where these streets may be on a direct route to the school bus.

It is to be regretted that this new schedule may be less serviceable for some of the younger children. It is our purpose, however, to insure equal treatment to all sections of the town and to all of the pupils of the school system.

It has been the policy of this department for many years to employ a school physician, assisted by a school nurse, who shall be answerable to this committee for the health of the school population and for the prevention of the spread of contagious diseases. This policy has been justified by the many years which our schools have enjoyed freedom from epidemics or serious contagion of any kind.

The Committee rules pertaining to health adopted many years ago and still in effect, with the additions recommended from time to time by the State Board of Health, provide among other requirements, that a child absent from school for any cause for periods of three days or more shall be returned to the class room only when certified by the school physician.

It is not the fault of the class room teacher or principal of the building that your child, therefore, is compelled to procure a certificate from the school physician upon his return, after an absence of three days or more. The teacher

## ONE HUNDRED AND EIGHTH ANNUAL REPORT

is carrying out orders and it would be considered a serious breach of discipline on her part if she failed to require such certificate.

Much pressure from thoughtless persons have been brought to bear upon the school committee in the past years to modify or change this rule. The committee, however, has always returned to the original proposition as being the method best calculated to maintain and preserve the health of the children in the class room and to prevent contagion.

The hours of the school physician are such that he can be reached at any reasonable time. It is part of the duties of the school physician to issue such certificates and no charge is made to the parent for the service.

It is the policy of this committee to appoint a substitute physician who shall be in charge during the absence of the regular physician, but only in the absence of the school physician and only when notified by this department, so to act.

These simple health rules are intended to protect the health and safety of the school children. It is the sincere hope of this committee that each one will do his part that the whole group may be best served.

This department is compelled to maintain space in the class room, provide and maintain books, supplies, equipments and teaching services for each child of school age living in the town. On the basis of the accommodations, so provided, the cost of operating the school plant is determined and the bill is handed to the tax-payers of the town for payment.

It is, therefore, with much concern, that the school department faces the problem of absenteeism. The wayward and delinquent pupils can be handled through the truant officer and the machinery of the law set up to cope with these difficulties.

## TOWN OF RANDOLPH, MASS.

Pupils absent for short periods of time are a more difficult problem. A fifteen per cent. absence in the school attendance is definitely a fifteen per cent. waste in the money appropriated for school operating purposes. Viewed solely from the angle of school finance the problem of absenteeism is serious.

How much more important and serious is the problem when considered from the standpoint of pupil and teacher morale, the careless and wayward habits formed and the days and weeks of time lost to the pupil which cannot be replaced. The parents should read thoughtfully the comments on this subject by the school officials and agencies, whose reports are printed immediately following the report of the school committee.

The problem cannot be solved by the efforts of the school officials and teachers alone. They must have the sincere co-operation of the parents. It is true that in many homes, both parents are engaged in important war work. This, however, does not relieve them of their more serious responsibilities for "what is a man profited if he shall gain the whole world and lose his own soul?"

The school department has been called upon to grant leaves of absence for the duration to some of our more serious minded young teachers who have entered the armed services. Their loss to the department is regretted. Other teachers have left the school system for reasons not so laudable and have taken positions elsewhere, necessitating the employment of many new teachers and duration substitutes.

The committee wishes sincerely to thank the teaching staff, principals and superintendent who have given so unsparingly of their time to the various rationing projects and other extra work which has been forced upon them by the necessity of the times. The preparation of the school pageant parade for the town's one hundred fiftieth anniversary and dedication of the service memorial demanded a great

## ONE HUNDRED AND EIGHTH ANNUAL REPORT

amount of time and hard work. The success of the project exceeded by far the greatest hopes of the committee in charge of the anniversary celebration and reflected great credit on the teachers and pupils taking part in the work. We wish to thank them for their effort in behalf of so worthy a civic activity.

At a special town meeting in June the sum of \$600.00 was transferred to the school department account to be used for children's summer playground activities. The project was hurriedly organized and started to operate somewhat late in the season. Two playgrounds were activated, one at the Devine School and the other at the Stetson High School Athletic field. A young woman supervisor was appointed to each field with a man who divided his time between the two playgrounds.

A great many children took advantage of the opportunities offered, with the interest of the children fluctuating from time to time. Considering the slight handicap at the beginning, the venture was a success, especially at the Devine School area where a greater enthusiasm seemed to dominate the work.

It would be folly to assume that the worth of these playground activities to the town could be properly evaluated in one season. Your committee therefore has included in the school budget for the year 1944 a sum of money to continue this work. We believe there is a serious need for such continuance, at least for the duration of the present war emergency.

Respectfully submitted,

JOHN EDMUND KELLEY, Chairman  
RALPH H. HUTCHINSON,  
FRANK H. LINFIELD,  
WILLIAM G. BILLINGHAM,  
PHILIP L. BOYLE.

*Randolph School Committee.*

## Report of the Superintendent of Schools

---

Mr. Chairman and Members of the School Committee, Randolph:

I submit for your approval my report of the schools for 1943 including the reports of the high school principal, supervisors, school physician and nurse.

Under the stress of war, the story of our schools the past year is undoubtedly like the story of any other segment of our community life during the same period, namely, the stewardship of unquestioned loyalty to our government, its ideals and objectives; the purchase of bonds and stamps and the joy of working as free men in this gigantic undertaking to win the war and peace and at the same time, teach school.

When that story is written, its theme will be in terms of highest tribute to teachers, men and women, who, of their own volition and patriotic duties, took their places in the classrooms to carry on in the greatest public institution conceived by man, the public schools.

During the last twelve or thirteen months there have been no less than thirty-five resignations in the district including seven teachers on leave of absence. This constitutes about 36 per cent. turn-over of teacher personnel. According to each town, the resignations were as follows:

Town	No. of Class- room Teachers	No. of Resignations	No. on Leave of Absence
Randolph	57	15	3
Holbrook	23	6	2
Avon	17	7	2
	<hr/>	<hr/>	<hr/>
Totals	97	28	7

It goes without saying that this high percent of teacher-change had its negative effect on our schools. We have

done well, however, in filling these vacancies with the best teachers obtainable within our budget set-up. The early decision on the part of the Committee to employ married women teachers for the duration of the war made it possible for us to select and employ the best of these teachers living in town or elsewhere. Their employment was wise. It eliminated the possibility or the necessity of closing some classrooms or their absorption into other rooms or grades resulting in maladjustment.

The school enrolment, as you will note, is smaller. This was to be expected with the lowering of the draft age and the change in the employment of minors to offset the labor shortage. This with the enticing wages offered the students cut deeply into school enrolment and attendance.

In accordance with the general practices observed to assist in the war effort and our own endeavor to help worthwhile cases in after-school employment, a new problem of absenteeism crept in. This became and still is a serious school problem. We cannot lose sight of the fact that school attendance is of the first importance. In the light of training for citizenship it is distinctly a part of the war program, so interpreted by both State and Federal sources. Its value and significance must be instilled. Academic failures are invariably due to poor attendance, work lost, poorly made up or not at all. It is sincerely hoped that parents will make a special effort at this time to remedy this evil in the true interest of the pupils for whom we all serve.

It is fitting to report here in connection with the attendance laws that we owe a great deal to our attendance officer, Mr. Stephen J. Hart, who, with his matured insight and understanding of boys and girls, has done much to keep this problem of absenteeism in check. He is a real friend to all pupils. His technique is simple; he has the interest, sympathy and well being of every child in or out of school.

For purposes of record it is of interest to note something of the war activities which our schools have observed.

## TOWN OF RANDOLPH, MASS.

One might well ask, "With all this extra work, when do you teach school?" In reply to this it is fair to say that our schools are naturally keyed to the war program. In this we have much to do. Loyalty, service, citizenship and the American way of life must have their places and emphases in the public school program. These qualities and ideals are interwoven in every subject. It is the school returning its gratitude to the community and country which have made such schools possible, yet much of the war work has been done outside of school hours. Principals, teachers and pupils and even parents, take the credit.

### Total Sale of War Bonds and Stamps

Stetson High School	\$6,420.85
Prescott School	10,564.80
Devine School	20,784.00
Belcher School	5,951.70
Tower Hill School	990.00
McNeill School	610.95
Pauline St. School	1,528.08
<hr/>	
Total	\$46,850.38

In addition to the above, pupils have salvaged tons of metals, paper and fats for war use. It is fitting to mention here the excellent and commendable war work accomplished by the local units of Boy and Girl Scouts. In a recent single drive supervised by that outstanding Scout worker, Mrs. Elizabeth Merriken, four tons of paper, 2800 lbs. of tin cans and 800 lbs. of fats were collected in one week. This is one illustration of the youth activities sponsored by various organizations in our community and why we take our places with them in this character building program.

If we have expressed pride in the purchase of war saving stamps we believe we must share it with our local post-office officials who have taken on this extra office load with patience and the finest kind of co-operation for teachers and pupils alike.

## ONE HUNDRED AND EIGHTH ANNUAL REPORT

It is not too early to give some thought to post-war problems. They are already here. They constitute a part of our immediate study and concern. Four outstanding subjects are briefly stated below:

1. The re-enrolment of many young people who have been lured from school by the prospects of large wages. This enrolment may well include a portion of service men and adult education whether it be in day or evening classes.

2. Our American way of life will be greatly enriched by a further and deeper understanding of tolerance and fair play. Racial and religious prejudices cannot thrive in a democracy nor can a democracy thrive with them. The ideals sought can more hopefully be established by a complete co-operation of every kind of organization in a community to the end that when democracy can thus function in every human activity, there happiness, trust and real fellowship will be found.

3. Rational adjustment of salaries and wages to meet general price increases.

4. Program of needed repairs, alteration or additions to present school buildings. The excellent beginning started on the high school athletic field and school play grounds should be completed. This should include the summer vacation playground activities sponsored by you last year and which gave signs that such an opportunity for directed play and hand work were appreciated.

Due to the increasing labor shortage which effects repair jobs and the purchase of building materials we have endeavored to carry on despite annoying conditions in some of the schools. Books and supplies are obtainable but likewise show the earmarks of war conditions. We have added a new spelling book for all pupils in Grades 3 to 8 inclusive.

TOWN OF RANDOLPH, MASS.

We expect to complete also a much needed English text-book for the same grades together with a better edition of U. S. History for grades 5 and 6.

We offer once more our thanks and appreciation to the Stetson High School Scholarship Fund Committee for their gifts of two scholarships and to the American Legion and Daughters of the American Revolution for their awards of merit to deserving pupils.

Accept my sincere thanks for your undivided co-operation and interest.

Respectfully submitted,

A. O. CHRISTIANSEN,  
Superintendent of Schools.

ONE HUNDRED AND EIGHTH ANNUAL REPORT  
REPORT OF PRINCIPAL OF STETSON HIGH SCHOOL

Hubert F. Gilgan, Principal

Mr. A. O. Christiansen,  
Superintendent of Schools, Randolph:

Changes in teachers in two important subjects were recorded this year. Mr. Lynch of the Mathematics Department was succeeded by Mr. Paul Lehtinen. Mr. Crimmins of the Science Department who joined the colors during the past year was followed by Mr. John Stella who stayed with us only a short time before going to Braintree schools. However, the Science position is now capably filled by Mr. Donald Randall.

In these days, when business has increased and the amount of help available has decreased, Stetson has tried to help out the war effort by enabling some of its pupils to fill part-time jobs and thus relieve the labor shortage. By so arranging the programs of such pupils, it is possible to free them earlier than the usual closing time and, yet, they miss no classes. If, however, such privileges interfere in any way with their class work, the privileges are withdrawn. It is not our intention to conduct an employment agency at the school, but through this method we have been able to be of mutual help to the employer and student.

The usual proportion of our graduates of 1943 continued with their education at the University of Pennsylvania, Northeastern, as well as Teachers Colleges, Business Schools and Nursing Schools. Unfortunately what boys went on to college were not permitted to stay long before they received their service call. Of thirty-one boys in last year's class twenty-seven are now in the service. Many of our graduates are in college under Army and Navy supervision and are doing very well in their studies. It is interesting to note, furthermore, that Randolph boys in the service have progressed in the matter of earning promotions and commissions.

## TOWN OF RANDOLPH, MASS.

We have had frequent queries from boys in the service who did not graduate from High School asking if Stetson would grant credit toward a diploma for courses taken and satisfactorily completed under the supervision of the Army institute. This Institute was established by the War Department and offers courses itself and has arranged with many universities and colleges for more courses. I have already suggested to you that credit for certain types of work be credited to the accounts of these boys so that, some day, they may have enough credits for a diploma. We are pleased to know that you are in accord with this idea and we therefore are taking steps to outline a definite procedure to use on such applications as they are received.

For some time now we have had a phase of Vocational Guidance in operation under the direction of Mr. Daly of the faculty. This has been worked out quite well but because of limitations in information we have at our disposal it has been difficult to put the guidance program to complete usage. We believe that for a school guidance program to be of real service, the school system should know where it is going. We are, generally speaking, supposed to get the student to work up to his capacity in the course of study best suited to his interests and aptitudes. This cannot be done adequately by "guess and by golly" methods and it doesn't seem to be economical, particularly where there are available today highly valid and reliable Measurement Tests for intellectual and scholastic capacity for aptitudes and interests. Young men going into the service should have a clear idea as to their interests and aptitudes, not only while they are in the service, but when the war is over. School officials should know which students should go on to college or professional school, what program they should follow or into which line of work they should be directed. This program should be for both boys and girls. We, therefore, recommend that a battery of Vocational Guidance tests be used with the end in mind; of eliminating the trial and error method in achieving our educational and vocational goals.

## ONE HUNDRED AND EIGHTH ANNUAL REPORT

We wish, at this time, to thank Mr. and Mrs. Eugene L. McAuliffe for presenting a beautiful American flag to the school in memory of the late Staff Sergeant Richard McAuliffe, Class of 1936, who was killed in the performance of his duties. This flag will be cherished by the pupils and teachers alike.

Stetson has done its best to keep apace in the war effort; our youngsters continue to buy a goodly amount of war stamps and bonds; boys help on salvage collections; girls of the commercial classes help out, when called on by the rationing board, Victory committee and other similar war time agencies; we have continued with much of the club work started last year. The publication of the monthly letter to the service men, "The Home Front," sponsored by Miss Foley, continues to be a feature of this club work. We have received letters from boys and girls all over the world expressing their appreciation of the home town news and we feel gratified to know that we are contributing, in our small way, to keeping up the morale of our boys, wherever they may be. We are grateful to the Victory Committee for the postage for the Home Front, for this financial assistance makes it possible to continue with this work. We have continued with the pre-induction courses . . . Basic Mathematics and Aeronautics . . . introduced last year, and have added to that a half year of Fundamentals of Machines and a half year of Fundamentals of Electricity. Our purpose in including all of these subjects, in addition to our regular course subjects, is to give the boys as much Mathematics and Science as possible before their induction into military service. We have received many letters from service men and they invariably say that their knowledge of these subjects has helped them immeasurably to advance while in the service. Since this training is what they need most, this is what we try to give them.

TOWN OF RANDOLPH, MASS.

REPORT OF THE MUSIC SUPERVISOR

Bernice D. Burdick, Supervisor

Mr. A. O. Christiansen,  
Superintendent of Schools, Randolph.

Music of to-day is not only a recreation but is essential in war plants and is an inspiration in all branches of the armed forces. It has been proved that people will do better work if they can hear music of a strong rhythmic quality. It is an army regulation when a number of men are marching from one place of duty to another that they sing.

The United States Government sees the need to inspire the school children to buy more war stamps and bonds as they send out pamphlets of songs pertaining to this subject.

This era of "the world of music" is plainly seen in our public schools. There is an increasing amount of interest and enjoyment on the part of the student both in the vocal and instrumental department. Therefore our aim is not one of a theoretic grind of the rudiments of music but as using this as a means to an end.

This year, since public gatherings were permitted, a Christmas Program and an Operetta, "The Toys That Had To Wait" was presented by the children of Devine and Pauline Street Schools. About one hundred and fifty children participated. The small children of the Pauline Street School sang songs which they had learned in the music period. The elementary grades at the Devine School presented the operetta and the junior high school students sang a group of Christmas carols.

I appreciated the efforts and co-operation of the parents, principals, teachers and students in making this program successful.

## ONE HUNDRED AND EIGHTH ANNUAL REPORT

In the spring a music festival will be presented by the other schools of Randolph.

I wish to take this opportunity to express my thanks for the support and co-operation which I have received during the past year.

---

### REPORT OF THE ART SUPERVISOR

Marguerite Williams

Mr. A. O. Christiansen,  
Superintendent of Schools, Randolph.

It has been said, "Not by its conquests does a nation live, but by its art." Equally true were the words of former President Coolidge who said, "If we surround ourselves with forms of beauty, the evil things of life would tend to disappear."

Art education has become more than the "drawing" lesson. Temporarily, our art lessons can release the minds of our boys and girls from the tension and unrest of today. Throughout the grades we are developing a growing knowledge of the basic art principles which will help our students to build a better tomorrow.

Today the importance of art is recognized and it is correlated with practically all other school subjects and activities.

One of our activities was the designing and construction of stage scenery for the Junior Class play. A more comprehensive example of correlation was well represented by the participation in the parade of all our schools in the recent celebration of Randolph's one hundred and fiftieth anniversary.

Again I wish to take this opportunity to express my thanks for the whole-hearted support and co-operation which I have received throughout the school system.

TOWN OF RANDOLPH, MASS.

REPORT OF THE DIRECTOR OF INSTRUMENTAL  
MUSIC

Myron B. Thomas

Mr. A. O. Christiansen,  
Superintendent of Schools, Randolph.

I herewith submit my third annual report as Director of Music.

The Stetson High school band holds its rehearsals on Friday afternoons at 12:30 to 2 P. M. We have lost a few of our players to the war industries and to part time enterprises but in spite of these losses are continuing to make and train better young musicians.

Last Spring the High school and Prescott school bands gave a most successful concert. It marked the second annual concert for the High school band and the first for the Prescott school band. It was most gratifying to give a portion of this program to the young bandsmen who rightly deserved this recognition.

On Memorial Day last, both bands gave an excellent account of themselves, contributing their bit to the day's success.

Graduation marches of both the senior and junior high schools were led by the music of their respective bands.

This Fall at the town's anniversary celebration, both school bands participated, and the Stetson High school band was the official band at the Avon Honor Roll dedication.

During the year at various municipal gatherings, the Stetson High school band has furnished music for the occasion.

In a musical survey conducted in the grade schools this Fall, the attempt to discover new band material has brought to light many new players of promise.

## ONE HUNDRED AND EIGHTH ANNUAL REPORT

The Prescott school band holds the weekly rehearsals on Thursday afternoon. Group and individual study is attained.

The Twirling Classes are instructed this year by the Drum Major and Head Twirler of the Stetson High school band.

The High school chorus rehearses on Tuesday afternoon. Music suited to and arranged for high school chorus work is used as material. The chorus participated in the Graduation Exercises last June.

The music department looks forward to the continued success of all organizations, despite a few difficulties necessarily encountered in war time.

TOWN OF RANDOLPH, MASS.

REPORT OF THE SUPERVISOR OF HANDWRITING

William L. Rinehart, Director

Mr. A. O. Christiansen,

Superintendent of Schools, Randolph:

I am pleased to submit the following report on the operation of the handwriting program in the Randolph schools for the school term of 1942-43.

In the initial handwriting tests administered in September, 1940, 21% of the pupils made a score of "A" (Excellent); 22% made a grade of "B" (Good); and 56% made grades below "B". In the tests administered in June, 1943, 73.1% of the pupils made grades of "A" (Excellent); 9.4% made grades of "B" (Good); and 17.4% made grades below "B". These scores indicate that excellent progress was made and I wish to compliment the pupils and teachers for their achievement.

During the school term, we grade approximately 10,810 formal and 32,430 informal samples of handwriting. A test was administered at monthly intervals; a detailed report was sent to each teacher monthly giving a diagnosis of the handwriting of each pupil. This report was made the basis for remedial instruction. Our supervisors visited each classroom monthly for the purpose of placing master copies of the assignment on the black-board; also, to give general help.

We furnished the following materials:—monthly teacher outlines, pupil folder outlines, monthly diagnostic charts, term testing paper, monthly and yearly envelopes, room motivation certificates, individual handwriting certificates for ninth grade pupils who qualified, seals, etc.

I appreciate the fine cooperation we have received from your pupils and teachers.

## REPORT OF THE DIRECTOR OF VOCATIONAL GUIDANCE

Joseph W. Daly

Mr. A. O. Christiansen,  
Superintendent of Schools, Randolph.

Our Vocational Guidance Program this year is the most comprehensive and extensive yet undertaken here. This program is built around the Pupil Ward Inventory Plan as established by the Massachusetts Board of Guidance. This plan has five distinct objectives—counseling, inventory, occupational information, training facilities, and of necessity to a very limited extent and in cooperation with the office of the principal, placement.

At the end of the present scholastic year we hope to have on file complete information as required by this plan for all students. This information includes name, age, height, weight, vision, course in high school, subjects liked and disliked, grades in essential subjects, job experience, and availability for part time, summer, or permanent work. There are many other points of vital knowledge concerning the students discovered during their personal interviews. Pupils are advised and referred to the proper source of information for all occupations, whether military or civilian. This information is frequently given to selected groups in the form of lectures. The necessity of this aid in the present era of change and confusion is recognized by all the educational world today.

Our program is now and will continue to be dedicated to the purpose of directing pupils to the occupation in which they may best serve their God, their country, and their own interests. At the present time the Director of Guidance is taking courses at Boston University as an added background for the successful completion of this work.

I wish to thank all who by their cooperation, encouragement, or assistance have aided me directly or indirectly in my work.

## TOWN OF RANDOLPH, MASS.

### REPORT OF SCHOOL PHYSICIAN

Mr. Adolph O. Christiansen,

Superintendent of Schools, Randolph, Mass.

The school year just past has been a very upsetting one with war still raging and our boys being drafted into service in large numbers. Several older children especially those in high school seem to wish to take part in our national emergency, so boys and girls are both entering defense plants. This is not too good for the future. We have found that once having been away from classroom work, it is nearly impossible to return to take up serious study again.

Again I am protesting in regard to mothers of small children working in war plants. During 1943 several women writers have changed their opinions in regard to mothers working while their children of the young age are running the streets. These women now feel that for the good of our future citizens, home is the proper place.

We have had a large number of chicken pox cases in our schools. This past winter there has been much absence due to influenza colds. This infection at present is not too serious in regard to fatal cases, but children should be kept at home rather than congregating in large numbers in schools or in movie houses and spreading contagion to others. The school committee made a ruling some years back that any school child absent three days or more would have to get a health certificate issued by the school physician. I am happy to say that most parents are being very co-operative in this matter. A very few citizens seem to be against this rule, made for the protection of the majority, because it necessitates a little extra effort on their part in these trying times.

I was very sorry to be forced to give up school work during a few months in 1943. Dr. Russell Thompson was very kind to assist me and the work went on about normal.

## ONE HUNDRED AND EIGHTH ANNUAL REPORT

I wish to thank Superintendent Adolph Christiansen, members of the school committee, school nurse, and teachers for their loyal support.

GEORGE V. HIGGINS, M.D.,  
School Physician.

---

### REPORT OF THE SCHOOL NURSE

Helen F. Conlon, R. N.

Mr. A. O. Christiansen,

Superintendent of Schools, Randolph.

I hereby submit a report of my work in the schools during the year 1943.

Schools visited	528
Classrooms visited	1,261
Classroom inspections	272
Individual inspections	543
Children excluded with symptoms of a Communicable disease, impetigo or pediculosis	171
Referred to, or transported to School Physician's office	63
Referred to School Dentist's office	270
First aid treatment for minor injuries	190
Home calls made	218

High school pupils were weighed and measured twice and pupils in grades one through eight were weighed and measured three times during year.

The Norfolk County School clinic did not come to Randolph this year. Thirty-six children were transported to the Norfolk County Hospital for chest X-rays. These children were contact or follow-up cases.

## TOWN OF RANDOLPH, MASS.

The Board of Health conducted the Diphtheria Immunization clinic in May. Eighty-five children between the ages of six months and ten years were given three injections of Toxoid by School Physician Dr. Higgins. The children who missed one treatment through illness were contacted and advised to return to the clinic or their family physician for the third inoculation.

Five children attended the Taunton Traveling Clinic when it came to Randolph in April. These children were given tests and recommendations were made by the Psychiatrist according to the ability of each child.

Arrangements were made for two children to attend the Child Guidance Clinic held each week at the Brockton School Department.

The course in Home Nursing under the direction of the American National Red Cross was again given in the Senior High School. Eighteen girls completed the course of thirty hours and received their certificates from National Headquarters in Washington.

In closing my report I wish to express my sincere appreciation to all members of the School Department for their assistance during the past year.

# ONE HUNDRED AND EIGHTH ANNUAL REPORT

## SCHOOL STATISTICS

State Report, June 30, 1943

Population, Randolph, 1940 Census	7,606
Valuation	\$7,028,150
School enrolment	1,699
Average membership	1,598
Average daily attendance	1,403
Average number of days in session, all schools	165
Cost per pupil, grades 1 to 8, average membership	\$60.38
Cost per pupil, high school, average membership	\$127.28
Non-resident pupils, one-half year or more in attendance	76
Number of teachers and principals	62
Number of supervisors (full time 2, part time 1)	3

## ENTERING AGE TO GRADE ONE

Entering age to grade one, five years and five months on or before Sept. 1, 1944. Vaccination and birth certificates required.

## HEALTH CERTIFICATE

Children absent from school, three or more days, must obtain a health certificate from the School Physician before they are allowed to return to school.

## RECEIPTS FROM STATE AND OTHER SOURCES

General School Fund, Part 1	\$18,854.50
Tuition, State Wards	1,984.78

TOWN OF RANDOLPH, MASS.

NO-SCHOOL SIGNALS

\*Three blows repeated at

7.15 A. M. No session for Senior and Junior High Schools.

8.15 A. M. No morning session for the first six grades.

12.30 P. M. No afternoon session for the first six grades.

By courtesy of the WNAC Broadcasting Station, no-school announcement will be given by radio as near to the local hours as is convenient and possible for the station announcer.

There will be days when schools are in session because weather conditions are not severe enough to cause complete shut-down of all activities. On such day, parents, as in former years, determine whether their children shall attend. No excuse will be required of pupils for absence on such days unless the parent so wishes. Consideration will be given pupils striving for perfect attendance.

It is essential that we keep in mind that State Law requires that the High school shall be in session at least 180 days of each school year, and for the grade schools, 160 days.

\* By courtesy of the local Fire Dept.
